

UREDNIKOVA POŠTA

(Nadaljevanje z 2. strani)
bor. Vabljeni pa so vsi peveci in in starši, da se malo pozabavijo med nami.

Ob tej priliki naj mi bo dovoljeno, da opišem kako in kaj se imamo pri Mladinskemu pevskemu zboru. Zbor obstoja že od leta 1932. Od začetka je bil pod vodstvom dirigenta Louis Semeta in je bil eden izmed 9 skupnih zborov, kateri so vsi prenehali. Stel je takrat 250 pevcev, njih prvi predsednik pa je bil naš kulturno zavedni Slovenec Mr. Jos. Zela. Za njim pa je prevzel Mr. John Terlep, ki še do sedaj lepo in uspešno vodi naprej, tako da je res red in napredek. Seveda so težave zaradi števila pevcev, ki žal prehitro odrastejo in jih je težko v zboru nadomestiti.

To je nepristranska ustanova, ki se ukvarja le z gojenjem slovenske pesmi in govoric, z zbiranjem poštene in vesele družbe. Vsak, ki je star od 10 do 18 let lahko postane član, brez da bi plačeval članarino, ali pa imel kakšne stroške. Od začetka pa do konca se je zbor vedno trudil da delal v korist pevcev in članov.

Ob raznih prilikah smo pevec nagradili za njih požrtvovalno delo, z raznimi Christmas party, pikniki v zeleni naravi, slaščicami na vajah in z več drugimi dobrotami. Letošnje leto smo najeli lepi novi "bus" clevelandskega "Transit", da je pripeljal pevec v Nelson Ledges, to je v park 45 miljev iz Clevelanda. "Bus" je bil poln pevcev, ki so peli in se veselili. Doris Pakjova jih je spremljala na

harmoniko, da je vse šlo bolj gladko. Za jestvine in druga okrepčila je skrbel odbor, katerega je z svojim "trukom" pripeljal Jos. Siskovic, ki ima grocerijo. Hvala Ti, Joe!

Da je pa to vse združeno, je treba veliko truda in požrtvovalnosti od strani staršev. Da so v resnici požrtvovalni v to ni treba dvomiti. Vsa čast našim dobrim članicam Mrs. Romik, Mrs. Milnar, Mrs. Menart, Mrs. Terlep, ki vedno skrbijo za red v kuhinji, Mrs. Pauli, Mrs. Zabukeyev in drugim pa, ki skrbijo, da gre v točilnici vse v redu.

Imamo učitelja in pianistino, katera učita pevce petje in slovensko govoric. Imeli smo dirigenta v osebi Mr. Semeta, ki je delil vso svojo dobro voljo in zmožnosti med to mladino, potem smo imeli Alice Artelj-Ceh, ki je tudi mnogo prispevala za slovensko pesem. Tudi Mrs. Vadal se je veliko trudila. Sedaj pa poučuje zbor znani pevovalca Mr. Frank Vauter. Da so bili vsi uspešni, je razvidno iz koncertov, ki so bili podani to pomlad in jesen.

Učiti ameriško mladino slovensko govoric ni nikakšna igrača. To lahko najbolj pove sam naš režiser Mr. John Steblaj, ki se trudi in uči to mladino igre, a pred tem jih mora pa učiti slovenske besede in raztolmačiti v angleščini kaj vse pomeni. Potem se le se lahko gre naprej z predstavo. Toda ki so peli in se veselili. Doris Pakjova jih je spremljala na

kar mora vse prenesti za njega velika težkoča.

Seveda smo imeli dobre talente, ki jih sedaj ni več ker so odrasli mladinski zbor. Nekateri so že "mamic" in "atki", drugi so šli v svet, da si poiščejo sreče. Naj omenim tudi imena nekkih, ki so bili najbolj aktivni: Eleanor Pavli, Betty Cerjan, Doris Pike, Ester Nagode, Vida, Betty in Marian Kapelj, Vilma Glažar, Dolores Cergol, Matt Zabukeyev, Fritz in Albert Hribar, Johnie in Eddie

What is a safe speed limit for driving—60 miles an hour? Fifty? Thirty-five? The Cleveland Safety Council and the National Safety Council points out that any speed may be excessive and dangerous, if it is too high for the condition of your car, for the condition of the roads, for weather conditions or for your own ability as a driver. Don't exceed your sound judgment!

Telenews Theatre

"Operation Underground" the actual film documentary of French resistance movement's activities during the Nazi occupation, begins a week's run at Telenews Theater.

This unique story of French underground dactivity during the war boldly filmed by French cameramen under the noses of the Gestapo, was brought to this country by Telenews Productions and prepared for American showing with the assistance of the editors of Newsweek Magazine.

Highlight newreel scenes of the week on the new program will be scenes of the nation's worst hotel disaster in Atlanta; the end of the coal strike; Admira! Eyrd leaving with his 13 ship task force for the South Pole and many other worldwide news events.

Another Iron Curtain

Seventeen visitors to the United States from Slavic countries, including 11 citizens of various Soviet republics, have been notified by the Department of Justice that they must register as agents of a foreign principal. When it became clear that the Department of Justice was determined to press the case, with the tacit approval of the State Department, the visitors cancelled all further public appearances and requested a return to their homes.

The repercussions of this affair may prove quite serious and serve to prejudice future cultural exchanges between Slavic countries and the United States. Among the individuals involved are two opera singers, a poet, a professor of law, a journalist and a playwright, for whom a number of appearances before American audiences had been arranged.

Although the Department of Justice insists that there is no invidious intent in the registration act, the fact is that few foreign visitors will wish to come to the United States if they must appear as agents of a foreign principal.

At this point when every possible friendly and informational interchange between the United States and particularly the Soviet Union in a steadily-increasing two-way traffic is so greatly needed, the application of this act to individuals whose main mission was in the cultural field may well prove disastrous.

It will stifle all those cultural contacts which can do so much to interpret the common interests as well as the differences of peoples who must live together in the "one world" of the future. —Reprint from the "Reporter."
