Vol. 7, No. 1: 59-67

**A CHECKLIST OF THE CHINESE SPECIES OF THE FAMILY
PERLIDAE (PLECOPTERA: PERLOIDEA) ***

DU Yuzhou¹, Ignac SIVEC² and HE Junhua¹

E-mail: ignac.sivec@guest.arnes.si

Abstract - Examination of numerous collections and published records has resulted in a checklist of the family Perlidae from China. A total of 165 species representing two subfamilies and twenty genera is found in China. Eight new combinations, one synonym and seven species *incertae sedis* are proposed in this checklist.

KEY WORDS: Plecoptera, Perlidae, checklist, China.

Izvleček - SEZNAM KITAJSKIH VRST DRUŽINE PERLIDAE (PLECOPTERA: PERLOIDEA)

Seznam vrst iz družine Perlidae za območje Kitajske je rezultat pregleda številnih zbirk in objavljenih podatkov. Na območju Kitajske je ugotovljenih 165 vrst, zastopnic dveh poddružin in dvajsetih rodov. Predlagamo osem novih kombinacij, en nov sinonim, sedem vrst pa uvrščamo med vrste *incertae sedis*.

KLJUČNE BESEDE: Plecoptera, Perlidae, seznam vrst, Kitajska.
