

The Bells of St. Mary's

JR. SODALITY MEETING

Girls in the age group — 8th grade up to 17 years — are invited to attend the Jr. Sodality meeting which will be held on Tuesday, March 27th at 7:30 p. m. in the Study Club Room.

"The Angelus"
Three times a day all Christendom bursts forth in the praises of God, in gratitude for the profound Mystery of the Incarnation of the Eternal Word and the virginal maternity of the Blessed Virgin. The Angelus is a fervent salutation to Mary, ever reminding her of the blessed hour when she became the Mother of God. It is an unceasing act of thanksgiving to God for the Mystery of the Incarnation.

St. Bonaventure, that zealous venerator of the Blessed Virgin, in the general chapter of his Order held at Pisa in 1262, directed his brethren to ring the bell every evening, thereby to remind the faithful to venerate the incarnation of the Son of God and to salute Mary. Different Popes have since recommended this pious custom. Now the bell peals forth from every church steeple three times a day, and every loving heart should then pay homage to the Savior become flesh in the bosom of a Virgin.

It should be our holy ambition to pray the Angelus devoutly. At the sound of the bell, let us pause in our work, if possible, and reflect a little on the profound Mystery of the Incarnation: the abasement of the Son of the God and the dignity of the Virgin Mother. St. Charles Borromeo, though a Cardinal, was accustomed to alight from his carriage at the sound of the Angelus and kneel to recite it in the street or wherever he chanced to be. St. Francis de Sales

\$1,000,000 Campaign for Ice

Milwaukee, Wis., March 14. — A \$1,000,000 campaign to promote sales of ice was announced today by Guy Jacobs of Washington, D. C., secretary-treasurer of National Ice Public Relations, Inc., at the closing session of the convention of the Wisconsin Association of Ice Industries.

Attention will be directed principally toward selling all persons identified with the handling of vegetables the idea that packing vegetables in ice is productive of health and economy.

If a poor man cannot always get meat he is no worse off than the rich man who cannot always digest it.
