SLOVENIAN MORNING NEWSPAPER

VESTI IZ SLOVENIJE

OKRAJNI KMETIJSKI PLANI. — Novi gospodarji Slovenije se trudijo, da bi celo kmetijstvo preusmerili. Njih končni namen, ki ga nič ne taje, je socializirati slovensko vas in upeljati skupno gospodarstvo pod popolno državno kontrolo.

Ena izmed poti do tega cilja, ki se ga seveda ne da brez noč doseči, so dalje tudi takimenovani okrajni plani, ki jih sedaj izdelujejo po raznih okrajih v Sloveniji. Kmeti hočejo pripraviti do tega, da bi gojili in pridelali tiste stvari, ki so po tem planu priporočene ali ukazane, opustil pa druge kmetijske panoge.

Ta misel ima gotovo tudi vsi kmetje, ki se na njegovi

zemlji slabo obnesejo, če pa se druge bolje. Očitno pa je, da postane tako kmet bo j odvisen od drugih ljudi, od trga in od oblasti. Ravno to, da je kmet skušal pridelati vsake stvari čim več doma, mu je dajalo veliko samostojnost.

KAKO SI ZAMISLJAJO TAK PLAN? — Tako beremo v "Lj. pr." 28. sept., da bo za celjsko okolico takle plan, ki ga hočejo v prihodnjih petih letih izpeljati:

Prvi okraj bo hmeljarski okraj. Sem bodo spadali kraji, kjer hmelj najbolje uspeva: St. Peter v Savinjski dolini, Gomilsko, Gotovlje, Zalec, Polzela, Prarovče, Braslovče, Letuš in drugi. Poleg hmelja bi bili stranski panogi predvsem krompir in gojitev živine. Že prihodnje pomlad mislijo povečati v teh krajih hmeljske nasade tako, da bo ena tretjina njiv zasajenih s hmeljem.

Drugi okraj bo mešan: hmeljarski in živinorejski. To so kraji: Vojnik, Nova cerkev, št. Jurij itd. Tu hočejo izboljšati živinorejo in gojiti perutnino. Hmelj bo v krajih, kjer se obnese.

Tretji okraj vinogradiški in sadjarski: Dramlje, Slivnica, Kalobje, Sv. Stefan, št. Vid, Prevorje Kozje, Lesično, Bače.

Četrti okraj bo planinski, (Daleč na 3. strani)

Slovensko življenje v Argentini

Naši v Tucumanu

Mesto ima 700.000 prebivalcev, je menda najsevernejše argentinsko mesto, v katerem so se naselili slov. protikom, emigranti. Silna vročina je najbrže vzrok, da se jih je dosedaj še tako malo zateklo v to področje. Tuk. slov. kolonija namreč šteje dosedaj samo še 9 članov. Domačini so povečini kriolci z malo izjemo belcev.

Vsa delovna sila je v glavnem osredotočena v industriji sladkorja, ki ga izdelujejo iz sladkornega trsa. V mestu je poleg sladkorne industrije še nekaj mizarjskih in mehaničnih delavnic. Klimatske razmere so spremenljive: zjutraj miraz, vročina čez dan, noči so pa tople in soparne. Vreme je nagnjeno. Deževja ni bilo že leto dni. Klima in večkratni napadi kobilic ovirajo razvoj poljedeljstva. Zato je draginja večja kot v Buenos Airesu. Posebno zelenjava je draga. Pereč je tudi stanovanjski problem. Oblasti ga rešujejo z zidanjem novih stanovanjskih hiš. Slovenski naseljenci so se dobro vželi.

Tri na dan

Upamo, da bo novi kongres nekaj ukrenil, da se ustavi delovanje 5. kolone v Ameriki. Po pravcu: pometaj najprej pred svojim pragom.

Slišimo, da bodo inštalirali v vsako pisarno ameriškega senatorja električno ledenico. Najbrže bodo senatorji spravljali tje svoje kampanjske obljube.

Vsak, ki se na to razume, hvale našega predsednika Trumana, kako izvirno da zna igrati na klavir. Svetovali bi Mr. Deweyu, naj se gre učiti k njemu.

Španijo je treba sprejeti v zapadno Evropo

New York. — Bivši predsednik demokratske stranke Farley se je vrnil iz Španije in dal večjo politično izjavo. V tej izjavi pravi, da mora USA voditi Združene narode ali pa jih ne bo. Smatra, da je sedaj nemški problem najvažnejši in da je treba čimprej najti njegovo rešitev. Dalje je povdaril, da je nujno potrebno, da USA naveže popolno sodelovanje s Španijo, pa naj bodo notranje politične razmere v Španiji kakršne koli. Španija mora biti sprejeta v vsako zapadno - evropsko zvezo. Vedeti moramo, da se bomo morali z Rusijo spopasti ali pa ji pustiti, da nas izpodrine v svetu, je dejal, in mi moramo proti mednarodnemu komunizmu zbrati vse, ki se hočejo boriti proti njemu. Španijo prepustiti samo sebi v času, ko se tako borimo, da bi pridobili Nemce, je neumno.

Truman odobrava predloge Hooverove komisije

Washington. — Predsednik Truman je z najpohvalnejšimi besedami sprejel poročilo komisije za izboljšanje ameriške uprave, ki ji predseduje bivši predsednik Herbert Hoover. Komisija je predlagala razne spremembe, da bi se federalna in državna uprava izboljšala, napravila bolj učinkovito, hitro in ekonomično. Predsednik je obljubil, da bo se nadalje v vsakem sprejemal predloge komisije in jih izvajal v največji meri možnosti.

Kitajska apelira na Trumana

Key West, Fla. — Predsednik Truman je dobil od predsednika kitajske republike nujen apel in prošnjo naj Zedinjene države pomagajo Kitajski v sedanjih stiski. Kitajska predvsem rabi moralne pomoči. Kitajska vojska mora biti prepričana, da je močna Amerika na njeni strani, kitajsko ljudstvo potrebuje zavesti, da ni zapuščen in da se mu ni treba na milost in nemilost prepustiti rdečemu terorju, pravi prošnja. Seveda potem kitajski predsednik želi tudi materialne pomoči za svoje vojske.

Spor v stranki krščanskih demokratov v Italiji

Rim. — Nepričakovano je nastal spor v vladajoči krščansko demokratski stranki gospoda De Gasperi. Vodja levega kraka, Vam navajamo nekaj splošnih podatkov. Plače: Po dekretu "Aumento de jornales, autorizado por la Delegacion de la Secretaria de Trabajo y Prevision," ki je stopil v veljavo s 1. junijem t. l. in se nanaša samo na provinco. Mendoza in le na delavce v gradbeni stroki, bo površna do sedanjaja plača za 30 odstotkov, kar znaša dnevno za navadnega delavca \$11, za medio oficijala \$13,50, za oficijala \$15,00. Torej mesečno od \$300 do \$450. Pri družinah eventualno dodajajo še mesečno po \$5 na osebo kot družinsko doklado. Za stavbne delavce štejejo vse, ki so v kakršnikoli zvezi z gradbeno stroko, tudi mehanike in kovače. Nadure znašajo povprečno 50 odstotkov osnovne plače. Privatniki in konkurenci plačujejo oficijalnom tudi \$1 in še več.

Ostale zaposlitve. — Oskrbniki na večjih posestvih dobivajo mesečno po \$200 in 20 odstotkov vsega pridelka. Zraven seveda tudi stanovanje in za hrano, kar si pridelajo. Mnogi si sami zgrade hiše, tudi zelo lične, moderne, na preprost način iz materiala, ki je tam na razpolago. Kupna cena za zemljo na periferiji mesta je \$30 za kv. meter, 20 do 30 km izven mesta pa \$1000 za en ha. Zemljo je mogoče dobiti tudi na 30. letno odplačevanje. Prilik za nakup je veliko, ker oblast sili posestnike velikih kompleksov, da sparcelirajo zemljo in jo stavijo kupcem na razpolago.

Stanovala je na 6620 St. Clair Ave. Rojena je bila v vasi Rudnik pri Kamniku odkoder je prišla v Cleveland pred 39 leti. Pred 35 leti sta začela s soprogom Ignac prvo slovensko cvetličarsko podjetje, katero sta uspešno vodila v naselbin. Bila je članica sledečih društev: Oltarni društvo pri sv. Vidu, dr. Lausche za pospeševanje zidanja stanovanj

Columbus. — Izvoljeni guverner za Ohio Frank J. Lausche je tu izjavil, da mora Ohio dobiti federalno pomoč, da bi se olajšala stanovanjska beda in zlasti pomanjkanje manjših stanovanj. Sedanja zakonodaja je taka, da Ohio ne bi bil deležen dobrot programa za pospeševanje graditve stanovanjskih hiš. Potrebno je odstraniti to oviro in zasigurati, da bodo lokalne uprave mogle dobiti potrebna zemljišča za stanovanjske hiše in poslopja.

Tito ima novo čast

Belgrad. — Ljubljanska akademija znanosti in umetnosti je izvolila Tita za svojega častnega člana. Pri tej priliki je Tito imel govor, v katerem je zopet napadel Kominformo. Istočasno je seveda napadel tudi reakcijo in kapitalističen svet. Zahteval je take medsebojne odnose med "socialističnimi narodi in državami," da bo svet videl, da je ta vladni sistem najboljša in edina sigurna garancija stalnega miru in naprednega gospodarstva. Sedaj pa, je rekel Tito, "zavzemajo nekatere socialistične države napram Jugoslaviji bolj sovražno stališče kot napram kapitalističnim narodom."

Razne najnovejše svetovne vesti

PARIZ. — Predsednik Truman je postavil delegata Dullesa za šefa delegacije Združenih držav pri Zvezi narodov v Parizu. Za namestnika delegata je postavil Benjamina Cohena. Delegat Dulles je govoril v odboru Zveze narodov in povdaril, da Amerikanci hočejo močno in združeno zapadno Evropo, ki bo zmožna stati na svojih lastnih nogah. Če bo ostala Evropa slaba in razdeljena, potem ji Amerika ne more pomagati in bo tudi zapadna Evropa prej ali slej prišla pod vpliv vzhoda. Amerika noče vezati svoje usode za nedogledno bodočnost z razprto in slabo zapadno Evropo. Nasprotno, hoče, da je Evropa politično tako močna, da nobena veselisa izven Evrope ne bo mogla uporabljati tega kontinenta za cilje, ki ne bi bili koristni za Evropo samo. "Mi hočemo, da Evropa zopet gospodarsko napreduje, da spoštuje svobodo človeka, da je demokratično urejena in da bo zmožna zopet dati svetu sadove svoje kulture v književnosti, glasbi in umetnosti, kakor tudi velikih verskih gibanjih, s kakršnimi je v zgodovini že obogatela svet."

PARIZ. — Predsednik komisije za umetnost in zgodovino pri Zvezi narodov, kitajski vseučiliški profesor Dr. Lin Yu-Tang je poslal svetu svoj osebni apel naj se vsi demokrati vzdrāmijo sprčo silne nevarnosti, ki grozi demokratični Kitajski. Posebej apelira na ameriški narod, naj se zaveda, da bo komunistična Kitajska večja nevarnost za Ameriko kot je Japonska kdajkoli bila. Ostro je zavrnil tiste, ki kitajske komuniste označujejo za gibanje, ki hoče samo agrarno reformo in zatrdil in zagotovil, da so to komunistične sile organizirane iz Moskve po načrtu, ki naj objame ves svet in v celem svetu izvede revolucijo. Amerika in zapadne veselise so krive, da je Mandžurijo dobila komunistična oblast. To se je zgodilo v Jalti. Za zahvalo je Rusija izročila kitajskim komunistom najboljše orožje, ki ga je zaplenila na Japonskem in od Japoncev. Sedaj so komunisti tako močni, da lahko preprečijo njihova artilerija strelja na kitajska mesta po 72 ur. Nihče drug kot Sovjeti, so preskrbeli to orožje in Sovjeti so naučili kitajske komuniste, kako se orožje uporablja. Ameriški narod, je doslej bil zapeljevan glede Kitajske. Danes je sicer strašna kazen nad kitajskim narodom samim, a lahko se hitro približa dan, ko bo ista kazen prišla tudi nad Amerikance, če sedaj ne bodo hoteli rešiti Kitajske, je rekel profesor.

Rusi pripravljajo razkosanje Avstrije

V sovjetski coni Avstrije so Rusi odredili, da se morajo zapreti avstrijske šole za žandarmerijo. Sovjetske okupacijske oblasti vedno bolj in bolj zanemarjajo in prezirajo organe avstrijske vlade in vladajo kot popolni gospodarji Avstrije. Ob enem je sovjetska okupacijska vojska začela mobilizirati posebno ljudsko stražo po vseh mestih in vaseh, pri vseh javnih poslopih in važnejših industrijah, pri mostovih, železniških progah in predorih, vodovodih, električnih centralah in pri količkaj pomembnejših podjetjih. Avstrijska vlada se boji, da Rusi pripravljajo podobno svojo policijsko moč kot so jo organizirali v Nemčiji. Ta policija ni več policija, ampak vojska, ki jo Rusi uporabljajo kot svojo oboroženo moč in pomoč svojim lastnim okupacijskim četam.

Vse to kaže, da sedaj Rusi v Avstriji hočejo tako stanje kakoršno je v sovjetski coni Nemčije. Lepega dne bodo razgnali komunisti avstrijske uradnike in jih pozaprli. Sovjetske in avstrijske komunistične oblasti bodo prevzele vse javne urade in vzhodni del Avstrije bo odtrgan od skupne avstrijske uprave ter postal del sovjetskega imperija.

Da Rusi res to pripravljajo, se vidi iz njihovega časopisa, ki je začelo stalno pisati o tem, da se v ameriški coni avstrijska žandarmerija in policija vezbati v uporabi ameriškega orožja. S tem pripravljajo sovjeti javnosti na to, da bodo opravičili prevrat s tem, da so morali to storiti, ker so imeli Amerikanci svoje "imperijalistične" načrte, ki da jih je bilo treba prehiteti.

Zadnji čas so sovjetski listi začeli kar odkrito napadati Amerikance, češ da skrivajo v svojih policijskih edinicah v zapadnem delu Avstrije, same fašistične elemente. Tudi sovjetski zastopnik v svetu štiri okupacijskih sil na Dunaju je ponovil to laž.

V zadnjem času smo brali več vesti, da so ruski vojaki pobili ali odvedli nasilno uradnike avstrijske vlade. Ti so potem izginiti brez sledu. Sedaj je dokazano, da ruska tajna policija zasleduje vsakega uradnika avstrijske vlade, ki po nalogu svojih predstojnikov opravi kakeršnikoli uradni posel, ki Rusom ni po volji. Vsak tak je v smrtni nevarnosti.

Sovjetska vojaška okupacijska oblast z vsemi sredstvi skuša onemogočiti delovanje avstrijskih vladnih organov in je samo vprašanje časa kdaj bodo sovjeti poskušali sploh odstraniti vse organe avstrijske vlade in bodo sami prevzeli celo upravo Avstrije v svoji coni. Vsak avstrijski uradnik, ki ga sovjeti smatrajo sebi nasprotnim, je obdožen špijonaže proti sovjetskim oblastem. Tudi samo vlado napada i komunistično časopisje i sovjetski zastopnik v svetu zavzevnikov na Dunaju. V zadnjem času je bila avstrijska vlada v celoti označena kot ameriški in angleški špijon.

Sovjeti so doslej smatrali avstrijsko vprašanje za manj važno. Zato so dogodki v Avstriji tekli bolj mirno kot v Nemčiji in Berlinu. Sedaj, ko gre za to, da bi se berlinska kriza rešila mirnim potom in ko sovjeti ne morejo lahko prenašati sodbe in obsodbe svetovnega javnega mnenja, skušajo položaj komplicirati s tem, da napravijo novo zmedo v Avstriji in pritisnejo zapadne zaveznike, da se bodo morali braniti tudi na Dunaju in v Avstriji.

Poleg berlinske napovedujejo v kratkem dunajsko in poleg nemške še avstrijsko krizo. Istočasno pa vsa komunistična propaganda po svetu mora po nalogu Moskve prav te dni na vso moč pisati o miroljubnih namerah sovjetske Rusije in o napadalni in osvojevalni politiki Amerike in Anglije.

Sovjetska Rusija je dobila trdno stopnjo v Čehoslovaški, osvaja Madžarsko, sedaj hoče dobiti popolno oblast vsaj na tistem delu Avstrije, v katerem je njena okupacijska vojska, da bi imela solidno skupno in zaokrajeno bazo ob Donavi v sredini Evrope.

Razumljivo je, da pri takem obnašanju sovjetske Rusije nima in ne more imeti noben predlog za mirno rešitev sporov med zapadnimi silami in komunističnim vzhodom nikakega uspeha. Zato pravilno ravna Marshall, ki odklanja posredovanja in pravi, da je bilo razgovorov s sovjeti dovolj in preveč. Če hočejo sovjeti, da se stvari uredijo, imajo priliko, da to store takoj tudi glede Avstrije. Vse sile so proglasile Avstrijo za samostojno državo, ki mora dobiti čim preje po vojski svojo neodvisnost. Sovjeti so doslej

stalno preprečevali sklenitev mirovne pogodbe z Avstrijo in izkoristili ta čas, da tam utrdijo svojo komunistično oblast kot trajno vlado. Hočejo, da Avstrija sploh nikoli ne postane samostojna, razen če v celoti pride pod sovjetski vpliv in se pridruži satelitom Moskve po vzorcu Madžarske in Čehoslovaške. To se z drugimi besedami pravi, da sovjetski apetiti po novih zemljah v Evropi še niso nasičeni in ne bodo. Ovirati in zaustaviti jih more samo moč in sila. Pričakujemo, da bomo kmalu imeli novo avstrijsko krizo in da bo Amerika zopet tam poklicana da zaustavi sovjetsko prodiranje v zapadno Evropo. Med tem pa bodo komunistične sile v Italiji in Franciji poskušale, da Amerikancem na Dunaju — za hrbotom — delajo čim več težav v cilju, da bi z združenimi močmi prisilili Amerikance, da se z Dunaja umaknejo.

Ja, danes se prične naš bazar. Mar li ne veste, da je to za "Novo mesto," po domače, Newburgh, velikanske važnosti? Pa je, in je. Danes popoldne so vabljivi posebno otrocici vseh šol in narodov. Drevo pa naj pridejo vsi taki, ki žele imeti gorke odejo skozi zimo in pa, ki bi radi imeli debelega in okusnega purana na dlci za Zahvalni dan prihodnji teden. Čemu bi drugje plačevali pet ali šest dolarjev za purana, če ga pri nas lahko dobite za deset centov? Čemu, vas vprašam? Bazar se bo nadaljeval tudi jutri večer. V nedeljo bomo pa odprli takoj po dveh popoldne in zaključili zvečer takole okrog polnoči. Le pridite vsi iz celega Clevelanda in bodite deležni teh velikih dobrot.

Zdaj pa le poslušajte, da vam nekaj novega povem. 1. maja leta 1922 sta prišla v cerkev sv. Lovrenca, ki je bila takrat še (kakor so nekateri govorili) v kevdru, dva mlada človeka, Charles Hočever ličen in krepak slovenski fant, doma iz Hriš na Dolini, in njegova žena nevesta Marija Novak, k poroči. Kdo bi bil takrat mislil, da bosta že danes prišla njih sin, Charles Hočever Jr. in pa Francka Skebe, hčerka Gregorja in Marije Skebe, da skleneta celoživljensko vez? In vendar se je prav tako zgodilo zadnjo soboto. Kakor nalašč so se prilegale besede Ivana Zormana, ki je zapel jima tisto njegovo:

"Krščanska ženin in nevesta, lepi novi par, peljala vaj ljubezen zvesta, je danes pred oltar."

Ta ljubezen zvesta naj ju vodi skozi celo njuno življenje, da bosta kot dobra krščanski mož in žena si lajšala vse težoke in težave, ki se bodo neobhodno vmešavale med veselje in srečo, ki so jima voščili številni prijatelji in znanci obeh družin. Naše čestitke in Bog z vama.

Frank Strmec in Martin Hrovat iz Corletta sta nam poslala za bazar cel duca belih jagnet, narejenih iz cimenta in pobarvanih, da izgledajo, kot bi bili živi. Prav lepa hvala za to. — Jagneta bodo oddana na bazarju. Položite jih pod božična drevesca poleti pa na trato pred hišo.

To je pa tudi nekaj novega; Pri Joseph Rusu in Mariji, rojeni Turk, so dobili hlapca, kateremu so dali ime Gregory. George Singer in Florence Turk sta mu botra.

Joseph in Mary Uhlir sta pa spremlila h krstu Charlesa Baronsky, ki je sinko Charlesa in pa Josephine rojene Modic. Krasno ime ima mala Rose Anne Podojil. Mati se po očetu piše Adler, botra pa sta ji Frank in Frances Skufca.

Pa tudi po drugi strani napredujemo. Tony Ferfolia nas vabi, da si ogledamo njegovo prenovljeno trgovino z moško opravo tam gor na Union in E. 93 St. Odkar je tam začela nova banka, North American Bank, se je tisti "kornor" precej pnenovil in zboljšal. Stara poslopja so bila prenovljena in nova postavljena. Zdaj nam ničesar ni treba iskati doli v mestu, vse lahko dobimo v naši sredini.

Ko so vprašali neko črno učiteljico doli na jugu, kako uči, da pride do izvrstnih uspehov, je odgovorila: "Najprej jim povem, kaj jim mislim povedati. Potem jim pa povem, kar sem imela povedati. Za tem pa jim povem, kaj sem jim povedala." To ni slaba metoda. To so vedli že stari Rimani. Zato se rekli "repetitio est mater studiorum."

Dolgo ga že nisem videl v naši našeljni. Koga? Jerne Strojina, ki je bil prejšnje čase tudi naš vaščan. Jerry je bil dober igravec na odru v tistih časih, ko so naši slovenski igravci pod vodstvom Father Gnidovca, se postopili vsake igre, pa naj je bila še tako težka. Glad to see you Jerry.

Če hočete spraviti ateista (brezbožna) v zadrego, ga vprašajte po kakem dobrem obedu, če veruje, da je kuharica v kuhnji. Lahko ga tudi vprašate, če je še tako nespameten, da veruje, da je imel roditelje.

Našega jentorja, John Keglovica skrbite te dni, kam bo dejal vseh 50 puranov, ki jih danes pripeljejo za bazar. Nič skrbi. Saj jih bodo prav kmalu pobrali razni srečni ljudje. Po 10 centov bodo šli vsi.

He, he, heh. Tako se mi pa more dat Zakaj bi se mi pa ne, če sem pa v enem tednu postal kar dvakrat "Stari stric." Tudi tukaj se bo kmalu lahko pisalo "iz rodu Šimnovnega dvanajst tisoč zaznamovanih."

Kadar je bogastvo zgubljeno, ni nič zgubljeneja. Kdar je zdravje zgubljeno, je nekaj zgubljeneja. Kdar pa je dobro ime zgubljeno, je vse zgubljeno.

Temu bi se lahko pridedali: Kadar je pa duša zgubljena, je vse zgubljeno na veke zgubljeno!

Ko je neki govornik razlagal katoliško vero in Cerkev, je ho-

tel neki bigot osramotiti govornika s tem, da je vprašal: "Koliko katoličanov je v Sing Sing?" to je državna jetnišnica v New Yorku. (Velikokrat se predbaciva nam, da je po zapornih večji procent katolikov, kot pa drugih.) Govornik je pa odgovoril: "Tvoje vprašanje bi se moralo glasiti, koliko dobrih po veri živečih katolikov je v Sing Sing? Na to ti prav lahko odgovorim, NOBENEGA!" To je resnica. Vsak dober po veri živeči katoličan spoštuje državne postavbe prav tako kot božje. Med dobrimi katoliki ni zločincev.

Charles Scott-Murray je bil protestant, pa je pozneje vstopil v katoliško Cerkev. Zanimivo je, kako je sploh prišel na to, da je začel misliti na prestop.

Charles je šel nekega dne v cerkev sv. Petra, da se sam prepriča, če so spovednice res tako izdelane, da se rabijo v nemoralne namene; kot so nekateri protestanti trdili o njih. Med tem, ko je spovednico pregledoval, je postavil svojo marlo v kot in jo, seveda, tam pozabil.

Marelo je neki duhovnik našel in jo prinesel v hišo, da jo bodo končno vrnili komur spada. Charles Scott je torej moral v farovž po svojo marelo. Tresoč se od strahu, kajti še nikoli ni govoril s kakim katoliškim duhovnikom, o katerih je slišal in bral tako strašne reči, je šel in pozvonil pri vratih. Sprejet je bil tako vljudno, da je ostal dlje časa v pogovoru. Začel se je zanimati za katoliški nauk in končno postal sam katolik. Bog najde čudna pota, da privede tega ali onega v svojo čredo. Ali ni res to?

Deklice našega Junior Sodality so imele važne volitve in so izvolile sledeče uradnice: Prefect je Alice Oberstar, Vice-prefect Patsy Cesar, tajnica Mary Ann Paulin, blagajničarka pa je Dolores Blatnik. 6. 7. decembra bodo duhovne vaje za oba oddelka skupaj in takrat bo sprejem novih članic tudi v oba oddelka.

Huda bolezen je napadla Matt Papesha na 82. cesti. Upamo, da jo prenese in v ta namen hočemo tudi prositi Boga in Marijo zdravje bolnikov.

Leta 1891 je bilo. Dvanajst let stara pa slepa Hanna Sullivan je šla, kakor po navadi vsako sredo v cerkev Matere božje v Robury, Massachusetts, da bi ne prelomila devetdnevničke, katero je opravljala k Materi božji vedne pomoči. Ko je duhovnik dal blagoslov, se je Hanea stresla in z nekakim strahom veselo zakričala: "V-D-I-M!" Ljudstvo se je zganilo in Father Corduke, ki je ravno mislil iti v spovednico, se je pridrenjal do deklice in jo spraveval: "Povej nam kaj vidiš?"

"Vidim lepo Gospo, ki drži otroka v naročju in angele tudi vidim."

"In kaj še drugega vidiš?" "Vidim, da se je detetu en sandal odvezal. O vse je tako krasno. Vse vidim!"

Vsa cerkev se je zganila. Nekateri so na glas jokali, drugi molili in hvalili Marijo, ki se je usmilila slepe deklice. Da, Marija je dobra mati, ki rada pomaga.

Tudi zadnje čase Marija še zadržuje božjo roko, da ne udari svet, ki je tako splošno pozabil Boga. Zdi se, da še potem,

Torej tistole je pa Neapelj, sem si rekel, ko sem slonej na ograji ladje in zrl na slavno napolitansko mesto pred seboj. Ni napačno, kakor so pristaniška mesta. Italijani imajo menda pregovor: Vedere, Napoli e mori... kar bi rekli po naše: Neapelj videti in umreti. Pa ne vem, če hočejo s tem reči, da se vsak vleže in umre, kdor zagleda Neapelj, ali bi pomenilo, da če človek enkrat vidi Neapelj, si ne želi ničesar več na tem svetu in lahko odlazi na oni svet.

Naj bo temu že tako ali tako, jaz sem si Neapelj ogledal od enega konca do drugega z morskimi stranmi, vse tje do podnožja starega občaka Vezuva, ki ima skoro neprestano živček v ustih in spušta oblake dima pod vedro nebo, pa si vseeno nisem želel še smrti. Po mojem skromnem mnenju bi dobil prvo nagrado naš Trst, če bi ga postavil ob Neapelj in ju primerjal. Neapelj je lep po svoje, naš Trst pa po svoje. Neapelj varneje stari Vezuv, naš Trst pa varneje Zlatorog v naših planinah in kralj Matjaž, ki spi pod neko goro v Bohinju in čaka, kdaj bo prišel njegov dan, ki ga bo zdramil in njegove vojščake, da se bodo dvignili in planili, da otmo slovensko zemljo in slovenski Trst ter ju dajo za vselej osvobojenemu slovenskemu narodu v roke.

Napolitanci so priveslali v malih čolnicah k ladji in nam ponujali razno sadje. Kupovali smo ga in ga uživali. Tudi drugi naši sopotniki so segali po sadju, zlasti ženske, ki so morale prvič imele take sladčice v ustih. K naši ladji so pripeljali v malih barkah velike zaboje sadja, ki so ga nalagali, kakor so to delali v Patrasu. Sam nisem vedel, če je imel naš parnik še vedno za svojo glavno vlogo prevažanje tovora in je potnike samo mimogrede peljal v Kanado.

ko je pravični Sodnik že odločil kazni, Marija, kot dobra mati še vedno skuša zadržati pravično kazni. To je ljubezen matere božje, ki presega vse meje. Zato se na Zahvalni dan iskreno zahvalimo tudi naši nebeski Materi, ko bomo hvaležno povzdignili svoj glas k Bogu.

Slovenske farmerje v Ameriki prosimo, da sprejmejo čimveč beguncev in begunskih družin pod streho in jim dajo delo. S tem ne prevzamejo nobene druge odgovornosti. Javite koliko oseb sprejmete.

Grizlo in skrbelo ga je

Ona (snubcu, ki sedi na divanu): "Zdi se mi, da vas nekaj muči?"

On: "Da... grize me... Samo ne vem, ali sedim na velikem klobuku vaše gospe matere ali na malem piščku vaše gospe stare matere."

Naša četvorica je vprašala enega izmed častnikov na ladji, če nas bodo pustili na ogled mesta. Da ne, je rekel, pa ni povedal vzroka. Nad vse rad bi se bil povzpел na Vezuv in pljunil v njegovo žrelo. Morda bi se mu zaletelo in bi pokazal, kaj zna. V takem slučaju, seveda, bi tudi moje noge pokazale, kaj znajo.

Drugi dan so naravnali našo barko po Sredozemskem morju. Zvedeli smo, da se bomo zglasili še v Lizboni na Portugalskem, potem pa nikjer več. Ko smo jo rezali proti Portugalski, smo imeli nekaj domače zabave. Morski bog Neptun nam je nekoliko razdražil morje, da smo se par dni zares prekucovali po morju in na vse mile viže strmeli preko goraje v morje. To se pravi, kdor je imel toliko moči, da se je privlekel na krov. Mi štirje smo bili vsi tam, pa nekaj krepkejših Rusov. Drugo je pa vse ležalo v medkrovju in delalo oporoke. Pa ko ni bilo nič posebnega. Če bi bilo zares hudo, bi nas ne pustili ven na krov. Me ni bilo drugega, kot da sem opoldne jezo kahal in nisem hotel po menažo. Bom ob svojem, sem rekel. Vrhnčan mi je rekel, da imam lepo barvo na obrazu. Nekakšno tako, kot zid pod klopio. Pa tudi on se ni mogel posebno postavljati za barvo zdravega slovenskega fanta. Sicer se je držal pri nas na krovu, vendar se mu je videlo, da bi nekaj dal, če bi se zdajle znašel doma za pečjo, pa naj bi rekel oče, kar bi hoteli zastran prodanih konj, voza in žaganca.

Dva dni in dve noči smo plesali čardaš po Sredozemskem morju, potem je pa prenehalo in zopet smo imeli krasno vreme in lepo vožnjo. Zopet smo sedeli ob steni na krovu, se greli kot martinčki na skalci ter igrali špano.

Pluli smo mimo veličastnega Gibraltarja, kjer smo obdudovali silno pečino, ki se vzpenja z morja navpično v nebo. Tukaj je stara angleška trdnjava in angleški topovi čuvajo prehod iz Sredozemskega morja na Atlantik. Ozrl sem se na drugo stran in v daljavi videl nekaj suhe zemlje. Tam je pa Afrika. Od Gibraltarja, ki je južni konec Evrope, pa do severnega obsežju Afrike je menda komaj 19 milj širok morski preliv. Po vodi se tukaj ne zmuzne nobena ladja pazljivemu očesu angleških topničarjev, toda podmornica pa že. Ko smo pustili za seboj Gibraltar, smo zapeljali na Atlantik in po njem na desno proti Lizboni.

Nedolgo zatem smo se ustavili v pristanišču Lizbone, pa tudi tam nismo pristali pri kraju, ampak proč od obrežja. Tudi tukaj so naložili precej tovora na našo ladjo. Lizbona mi je bila veliko bolj všeč kot Neapelj. Zaledje, polno zelenja, je napravilo name zelo ugoden vtis. V Neaplju se mi je zdelo vse pretoplo, dočim je bilo v Lizboni toplo, pa ne vroče. Slovenec ne prenese prehude vročine.

FANT S KRESINJA

IVAN MATIČIĆ

"Nu, ko opraviš šolo."
 "Nič nisem razmišljal."
 "Nu, kakor veš; mislil sem, si mar že komu kaj povedal?"
 "Ne, nikomur."
 "Kar molči, jeseni pojdeš nazaj — in vse bo dobro."
 da si se že kaj določil. Sicer se ti pa še ne mudi."
 Fantu je pričelo to izmikavanje in izmotavanje le že presedati, pa si trdno zastavi nogo in blekne: "Da, odločil sem se."

"No vidiš, sem le uganil," reče oče in hvaležno pogleda sina. "Kako si se odločil, kam boš krenil: v lemenat ali za dohtarja?"
 "Nikomur, doma ostanem!" izusti fant s bridkim glasom, se za korak umakne in s strahom gleda očeta.

Poljanec se zgane, kakor bi

ga kdo s kolom česnil čez pleča. Nekaj časa bulji v sina, potem ga ošine: "Kaj blebečeš, te!"

Fant zbere vse svoje notranje moči in prizna očetu z drhtečim glasom bridko resnico: "Oče, jaz ne morem več v šolo, ker sem padel..."

Poljanec izbulji oči: "Padel? Kako padel?"

"Nu, zdelal nisem..."
 "Zdelal nisi?" Poljanec se stemni čelo, oči pa se mu razširijo, kakor bi zazijal prepada pred njim. Fant se v strahu odmakne za korak. "Ja, kako pa je to, kako to gre, kaj bo zdaj, če nisi zdelal?" besedo za besedo lovi, kakor bi se potapljal; glas mu je malone jokav. Prehudo ga je zadelo in še tako nepričakovano.

Po kratkem molku povese fant glavo in izpove skesano: "Ne morem pomagati, učil sem se, kolikor sem se mogel, prizadeval si na vse načine, a bilo je kakor zakleto, profesor mi je pritisnil dvojko — in konec."

"Kaj bo pa zdaj?"
 "Nič, vsega je konec..."
 Poljanec zmajuje z glavo, kakor da so vse to le sanje, kar mu sin pripoveduje, ki pa nikakor ne morejo biti resnične. Potem sede na klop zraven velike javorove mize, si podpre glavo s komolcem ob mizo in grunta v tla. Pred kratkimi trenutki še čvrst in živahen, zdaj pa utrujen. Njivo detelje je danes pokosil, a mu ni bilo nič; nekoč na manevrih se je ves ljubi dan preganjal, a se je zvečer čil postavil pred stotnika ter gnal past njegovega konja. Zdaj ga je pa ena sama sinova beseda zlomila. "Ha, padel je, padel..." je ponavljal brez uma.

Sin stoji poklapan sredi hiše in sam ne ve, naj še čaka ali naj pobegne. Saj je prav za prav že vse povedal, nič več ni ma pripomniti.

"Stoj, čakaj!" zavpije Poljanec, kakor bi se predramil iz sna. Z roko si grebe v glavo in išče rešitve iz težke zamotnosti. — "Kaj nastane prav za prav iz tega, če nisi zdelal? Boš mar zato za vse večne čase zgubljen? Kaj se ne more ta reč na noben način popraviti, pouk obnoviti, plačati kazen ali kar koli? Res ni nobenega hudiča na svetu, ki bi mogel to

reč kako naprej speljati?"
 "O, seveda! Kdor ne zdelal, razred ponavlja, za eno leto pač zaostane." Tako mu pojasni Vid popolnoma mirno. Poljanec se zdaj mahoma razjasni čelo. "No, vidiš, saj sem vedel, da mora iti. Za eno leto zaostaneš, kaj bi tisto. Četudi ponavljaš dve leti, da le končno kam prideš. Če bo treba plačati kakšno kazen ali kar koli, vse plačam, da se le naprej preriješ."

"Toda oče, nikar me ne silite, če pa nimam veselja!"

Stari znova obstane. Obupano pogleda sina in iztisne skoz zobe: "Za veselje te ne vprašam, čampovec! Tu ne gre samo zate, gre za hišo, za grunt, za dobro ime, razumeš! Če propadeš ti s svojo šolo, propadejo vsi naši upi." Stari sopiha na klopi, vstaja in zopet seda. "Nazadnje pa še ta sramota: vse bo kazalo s prstom na našo hišo." Končno vstane, stegne roko proti sinu ter reče ukazovalno: "Ne, ne, ti pojdeš jeseni nazaj, izlepa ali zgrda! Privežem te na voz in te odpeljem. Naj velja, kar velja, četudi gre pol grunta za tabo!"

"Ne, ne morem —"
 Oče nato proseče: "Vid, bodi pameten, ubogaj me, nikar mi

ne delaj sramote! Nič ti ne očitam; če nisi zdelal, pač nisi, Bog se usmili, zato se ne bo grunt podrl, a če ne greš, se podere. Zato ubogaj, a nikomur nič ne pravi, da ne zvedo. Si mar že komu kaj povedal?"

"Ne, nikomur."

"Kar molči, jeseni pojdeš nazaj — in vse bo dobro."

Fants e medtem bori sam s seboj, kaj naj napravi: ali naj uboga očeta ali naj se upre, ali pa naj odloži odločitev na jesen, kar bi bilo nazadnje najbolje. Pa ga je le zopet spak zmotil, da je znova otrsel z glavo: "Ne maram več v šolo — pa ne maram!"

Stari je kar zastokal: "Fant, kaj pa blebečeš? Si ob pamet ra:

ali te je hudič preotil? Saj vendar veš, da nimaš doma kaj početi. Za kmeta nisi več, si se že toliko spridil, hočem reči odvadil v mestu kmetijske dela. Hočeš mar postopati doma, vsej vasi v spotiko in pohujšanje?"

Napetost se stopnjuje. Poljančeva beseda postaja vse glasnejša in trša, mulec je pa svojeglav in se trmasto izmotava.

"Zadosti mi je tega!" odseka stari. "Jeseni pojdeš nazaj, pravim, naj velja kar hoče, čeprav pol grunta!" Tako ukazuje Poljanec, kakor bi pribijal besede na skalo. Kdo naj se njegovi silovitosti ustavlja! Vid trepeče, komaj se drži pokonci, a vendar se mulec upi:

AMERIŠKA DOMOVINA

AMERICAN HOME
SLOVENIAN MORNING NEWSPAPER

Stored on the Hoof

Dr. Karl F. Butler, president of the American Institute of Cooperation, recently touched on a vitally important yet little recognized phase of the meat and animal industry.

"Nations with large livestock herds," he said, "have an automatic cushion between the people and the harvests. They simply represent stored food on the hoof." In other words, the grain, grass and other fodder the animals consume is turned into meat. It is ready to be used when needed. And, on top of that, the natural fertilization of the land which results from the raising of livestock is a vitally important element in maintaining and increasing the humus content of our soils.

Countries which depend entirely on their harvests to support the people are periodically plagued with famines. China and India are prime examples of this. These countries have no animal industry of consequence. They must live on their rice and their grain in the form in which it is produced. A series of poor crops may result in the death by starvation of hundreds of thousands of people. In the United States, where we can rely on livestock as a dietary cushion in years of sub-normal harvests, the food supply is always adequate.

Furthermore, a very substantial percentage of all livestock is raised on grass, forage and other foods which are not suited for human consumption. But, when converted into meat, they provide much of the nation's sustenance.

This country is fortunate in its progressive, growing livestock industry — and in the thousands of packing plants which compete for the meat supply, and send it through the channels which bring it finally to the dinner table in the most edible form.

"Oh!"
"Uh-huh. It's the St. Mary's Church Bazaar."
"Shy, they haven't had one of those since before the war."
"I know, and this is going to be just like old times, with a special day for the kids, and the stands, and fish pond, of course, and the turkeys."
"Turkeys, too?"
"Sure. Come on up, and win one of them."
"What do they look like?"
"I've seen them a couple of times, when they brought them in, and when I was helping out there. They are big fat birds. Not really fat, you know what I mean, lots of meat."
"Well, I guess I'll come."
"Sure. Be seeing you there."
"So long!"
"Bye!"

THE WEEKLY WASH AS IT HANGS ON THE LINE

Svetek Undertakers buried Dave's shoes by taking three games. Paced by the surprise package of the evening, the Svetek five broke the tie and went into the lead, holding it by a slim margin of one game. Bob Wintersteiler came through with a dazzling 565 to lead the Sveteks in the clean sweep. His high for the evening was 226. Joe Ferra, Jr. the team captain, also did his share winding up the evening with a 529. His single high game was 193. The first game was decided in favor of the Svetek five by a margin of three pins. After the first game the Sveteks broke away into the lead, so much so that the Dave's shoes could not catch up with them after that.

The losers were represented again by reliable Ed Zagor. His total series for the day was 526 with a high game of 196. We welcome back into this group Vince Fortuna who now bowls with the Dave's quintet.

The three game loss dropped the Dave's Shoes into fourth place. Holmes Avenue Market came back into the limelight to take two games from the Waterloo Beverage gang. John Jenovik just kept on where he left off last week, and his 558 looked mighty big. His high game was 190.

There wasn't much on the losers' side. They all bowled about the same. We are looking for this gang to open up one of these nights and surprise the league. George Achin, Sr. and Stan Rohlinich both had scores that don't do their averages any good. It was just one of those off nights, and they and the team will be back strong next time. At least, that's what we predict. (Ed's Note: Pins are always wrong! Look at Gallup, after what Harry did.)

V.O.V.'s Dance Saturday, Nov. 20th

The Veterans of Victory will sponsor a Thanksgiving Dance, on Saturday evening, Nov. 20th, at Slovenian Home on Holmes Ave. starting at 8 p. m.

There are two reasons why this will be the best dance ever sponsored by this Club. One is that there will be turkeys for some jucky couple or stag. Two is due to having that ever popular, Johnny Vadal and his radio-recording orchestra, as well as that much talked about Slovenian cooking which is always present at a VOV's dance.

Mark down the date, Nov. 20th., and remember to join in the fun with all your friends at the Holmes Ave. Slovenian Hall.

St. Ignatius High Money Magician

When it comes to pulling rabbits out of a mixer, just let Frank Grdina, president and chief money-maker of the I.A.A. help. Frank is an accomplished magician — he needed the skill many an early morning and last afternoon to settle his accounts and balance his ledger.

Frank joined the Athletic Association in the Fall of his Sophomore year and in his third year he resigned under George Hammer as vice-president. His congenial knack of handling money won him the presidency in his senior year.

Back in sophomore year Frank merited the Harlequin key as a member of the business staff. Last year however, cashing in on his showman ability he gained a part in the production, "What a Life." Many added rounds of applause pointed to his excellent portrayal of the principal's secretary.

First year saw Frank pocket highest honors by leading his class. In with the sophs Frank merited first honors, while, again, in his junior year he led his class despite the rigors of the Classical Course. Around gnafius he participated in the many events of the Sodality. His three-year zeal for Sodality projects found him an officer in his senior year. During that summer Frank attended the Summer School for Catholic Action in Chicago with the other officers.

But one thing really notable about Frank is the enthusiasm he displays in anything he undertakes. Besides his work in the I.A.A., Harlequins, and Sodality, Frank is one of the foremost members of the "Straw Hat Brigade." To lead a group is comparatively easy if the group is made up of men as willing to cooperate as Frank Grdina.

The First Thanksgiving in the New World

As Thanksgiving comes near, we think of roast turkey, cranberry sauce, pumpkin pie, and other good things to eat. This feast may be traced back to the Pilgrims of Plymouth, who were the first to hold any celebration of the kind on this continent. There had been harvest feasts in Europe long before, but the Pilgrims started the Thanksgiving custom on this side of the Atlantic.

The Pilgrims were few in number, but they held a large place in American history. Think how brave they were to settle in a wild place on the Massachusetts coast, hundreds of miles from the homes of any other white people!

There was no telling but that the little settlement would be wiped out by an attack of Indians. Any day there might come a band of savages covered with war paint and armed with tomahawks and bows and arrows. Perhaps the little houses of the whites would be set on fire with torches or flaming arrows.

LET us give thanks to God upon Thanksgiving Day. Nature is beautiful and fellowmen are dear, and duty is close beside us. We want to trust Him with a fuller trust, and so it last come to that high life where we shall "be careful for nothing, but in everything, by prayer and supplication, with thanksgiving, let our request be made known unto God"—for that, and that alone, is peace.

Hoping to defend themselves as well as might be, the Pilgrims mounted two cannon outside their village. This was in the spring of the year 1621, after their first bitter winter in the New World had brought death to almost half their number.

One day an Indian warrior was seen approaching. He carried a bow and two arrows, but he did not seem to be on a war-like errand. When he came within hearing distance, he called out, "Welcome!"

Amazed that their visitor could speak English, several men stepped forward to meet him. He told them that his name was Samoset, and that he had learned a little from some Jewish sailors who had landed on the coast farther north. The sailors were in a fishing trip and the Indian had been a friend to them.

The Pilgrims spread a dinner before Samoset. He was treated to biscuits and butter, juck meat and heese, with a pudding as well. Then he became an overnight guest, lodging in one of the huts.

Far better was it for the Pilgrims to be kind to Samoset than to have greeted him with shots from muskets! He became their true friend. After he had left the village the next morning, he returned with five other warriors. This little group of Indians entertained the settlers with singing and dancing. The Pilgrims watched with interest; but they felt that there was something wrong about the dancing because it was performed on Sunday.

Samoset later brought another Indian, named Squanto, to Plymouth. Squanto was to win fame in history for teaching the whites how to plant maize, or Indian corn. Samoset told the Pilgrims that Chief Massasoit and 80 of his men were on the way to make a visit. When the chief arrived, Edward Winslow, one of the colonists, gave him two knives and a copper chain.

Massasoit called on the governor of the colony, and a treaty of peace was made. The Pilgrims promised help for the chief's tribe in case of attack by another tribe. The Indian leader, in his turn, said that he would help the Pilgrims if they were attacked.

During the summer months that followed, the Pilgrims carried on trade with the Indians near the settlement. The Indians brought in furs and corn and exchanged them for knives and beads. Several Pilgrims visited Indian villages, and one of them made this note about the native "medicine men":

"Certain of the Indians are Pow-wows. They pretend to cure the sick by calling on one of their gods. The Pow-wow is a fan with a fierce-looking face. He talks and waves his hands over sick persons. He says that if the god will cure, he will give him presents."

The homes in Plymouth had thatched roofs, and the windowpanes were of oiled paper instead of glass. The settlers lived a rough life, but they were pleased that summer when they found that their crops were growing well. The corn harvest was especially good, and there was talk of doing something to celebrate the good fortune.

At last the Pilgrims agreed upon a feast. In writing about the event,

The Slovene Floridian Club

On Sunday, November 1, 1948, "The Slovene Floridian Club" held a masquerade party in the beautifully decorated Rathskeller of Kuncic-Perrotti Cafe, 990 E. 156 St.

It was a festive occasion. All the members were masked and to begin to draw a word picture of the various costumes would be truly beyond description. Suffice it is to say that they were the prettiest, funniest, and most ingenious, a riot of colors, shape, and beauty. Those in attendance must be complimented for their imagination and good taste.

A grand march was held with all present joining in and then community singing, old-style Slovenian and American dances. Music was furnished by Molly (Recher) Golie.

Following the entertainment portion of the program, we all sat down at appropriately-decorated tables. To say that we were served from soup to nuts would be an understatement and an attempt to enumerate the kind, quality, and quantity of the food would be difficult. It was all served in triple servings and our every desire was taken care of in a most liberal manner. Eat! Drink! Smoke! Music!

We are all gratefully indebted to our hosts, Mr. Joseph Kuncic and Mr. and Mrs. John Perrotti. Memories of this great day will live with us always. Truly it was a party to end all parties. Again to our hosts—Thanko!

Those in attendance were: Mr. and Mrs. John Drenik Mr. and Mrs. Daniel Stakich Mr. and Mrs. Frank Race Mr. and Mrs. John Bukovnik Mr. and Mrs. Joseph Birk Mr. and Mrs. Frank Kramer Mr. and Mrs. John Ferrotti Mr. and Mrs. Joseph Kosan Mr. and Mrs. Albert Glicker Mr. and Mrs. Frank Zakrajsek Mr. and Mrs. William Sallee Mr. and Mrs. Harold Demshar Mr. and Mrs. Joseph Demshar Miss Carolyn Budan Miss Lottie Smitykias Mr. Matt Grdina Mrs. Millie Filipic Mrs. Alice Lazar Mr. Joseph Kuncic Mrs. Bertha Cernigoj Mr. and Mrs. John Morrison Mr. and Mrs. Rudolph Gregorich Mr. and Mrs. Frank Glinsek Mr. and Mrs. Willard Schult Mr. and Mrs. Harvey Boston

St. Lawrence PTA

The St. Lawrence PTA is having a busy time preparing for the "Ham and Bacon" stand at the annual St. Lawrence Bazaar, beginning Nov. 19th through Nov. 21st.

Mrs. Louis Cerk, chairman of the committee in charge, is being ably assisted by Mrs. A. Suhadolnik, Mrs. John Pclin, Mrs. S. Novak, Mrs. Cernik, and a score of other women.

Along with this activity there is a membership drive and a great many new members have been added to the existing group. All members, their friends and families, are cordially invited to attend the bazaar and make it a success and a financial benefit to the church.

Edward Winslow said: "Our corn did prove well, and . . . our harvest being gathered in, our governor sent four men on fowling, so we might after a special manner rejoice together after we had gathered the fruits of our labors."

Chief Massasoit and 80 of his Indians came to Plymouth to take part in the feasting. Many of them went out to the woods to help the Pilgrim men shoot wild fowl and deer. There were wild turkeys in New England at that time, and these were welcome on the Pilgrim tables. The feasting lasted for three days on that "First Thanksgiving."

Another Thanksgiving was celebrated less than two years later — on July 30, 1623 — to mark the coming of a new boatload of men and women to the colony. In the years that followed, there were other Thanksgivings, and at length it became a feast held every year.

Now I want you to meet some of our officers. Our president, Bob Mulle; vice-pres., Rob Radel; sec'y., Joseph Bokar; treas., Joseph Motic and last, but certainly not least, Bill Sader, our Sgt.-of-arms.

The boys on stage are working away diligently at their dance steps and songs, so you can expect a well-polished show.

Our opening number is a dandy, so look for something different this year! Joe Motic and John Muniza will put on a skit tuned to the song "Hello, My Baby" — a very eye-catching act.

Oh, look at those lovelies on the stage . . . BOYS! This is the "surprise" act, so we won't go into detail about it.

Well, Mr. Public, we'll be with you again next week, when we visit the show rehearsal again.

ST. VITUS PARISH BOWLING LEAGUE

It was all or nothing at all in the St. Vitus Parish Bowling League on November 11. Six teams swept their series from the opposing teams with the most important sweep being the four point victory won by the Orazem Confectionery over the Jimmy Slapnik five. This win put the Orazem team back in first place in the standings.

Team honors were also taken over by the Malensek team with their 2662 series which included a 962 game. Joe Vidmar of the Malensek team also took high single game honors for the night with his terrific 245 game while individual series honors went to Tony Brodnick of the Norwood Applance team who banged out a scizzling 622 series made up of the following scores: 200, 251, 192. Tony's swell bowling coupled with Ed Kubel's 225, 568 meant a 4-point loss to the Kollander Agency team which has been in the cellar of the league since the first night of the bowling. Top bowler of the Agency team was Al Kodramaz who came thru with a 498 series for his team.

The Golden Gophers hopped on the A. Grdina Sons team to take their four points for the night. Tony Cvelbar 211, 212, 878 and Frank Cvelbar 202, 559, teamed up to lead the Gophers to their sweep while Frank Skolar's 503 series wasn't enough for the Grdina team which bowled with only three men.

Cimperman Market fell victim to the hot and cold Clover Dairy team. The Dairymen were led by Al Meglich who had a 554 series with a 213 game. Bernie Schultz 526 and Hank Szymanski 511 failed to provide the punch which the Marketeers needed to win a game.

The Malensek Brothers team blasted the Arctic Air Refrigeration team as they too walked away with four points. The Malensek team's 2662 series was high for the night as was their high 962 game. Joe Vidmar 245, 588, Bob Koening 566, Frank Usnik 519, Vic Melle 506 and Stan Stokel 214, 499 were all hot for the Malensek team while Del Albert was top man for the Arctic Air team with a 498 series.

The Norwood Men's Shop team also got hot and came through with four 500 series as they took four points from the Brodnick Brothers team. Willie Kovacic 222, 560, Ed Kovacic 508, Al Koporc 543 and Tony Urbas 517 teamed up to take four points while Ray Golobic was top man for the Brodnick team with 481.

The Jimmy Slapnik five were knocked off the top spot in the league standings by Orazem Confectionery which took over the league lead. Fred Sernic came through with a 507 series for Orazem's team while Carl Kukacka was 500 man for the Florists with a 499 effort. The Orazem team now holds a half-point lead over the Malensek Brothers in the league standings. League standings to date are:

Smells Roast, Loses 13 Cows

Stuart, Fla. — A dairy hand investigating a smell of roasting meat at the Bennock plantation on pastures near here found 12,000 pounds of it smoldering in a heap.

Lloyd Mincer, manager of the dairy, which has one of the finest Jersey herds in Florida, said 13 of his pedigree cows — each about to calve — apparently walked into, or were attracted by sparks of a 2,300-volt power line which fell into the pasture.

All were found piled together being cooked electrically.

This and That from Washington

By Congressman Frances P. Bolton

THE incoming Senate makes an interesting study. Curiously enough there is comparatively little change in the background, according to late information, the Senate of the 81st Congress comes from the following professions and occupations: law 64; business, real estate, insurance, 11; agriculture 6; politics and Civil Service 6; journalism and publishing 4; teachers, 2; bankers, 1; dentist, 1 actor. Of these one is listed under both agriculture and public utility, and another under both law and business.

A study of their ages is interesting: 3 are in the thirties, 21 in the forties, 39 in the fifties, 20 in the sixties, 12 in the seventies and 1 in the eighties. The probability is that Chairman of Committees will be at least 66 years old.

RECENTLY the Bureau of Internal Revenue began a change in its auditing methods with a view to simplification. A test is being made in Washington, D. C., and Maryland, of a form combining Social Security and the Withholding Tax. If this proves successful it will be used nationally.

THE Treasury Department has issued the 1948 Corporation Income Tax Return form for general availability towards the end of this month. It is substantially the same as that of 1947. Its number is Form 1120.

MOTION pictures as educational media are being used increasingly by government and non-government organizations. A new aviation "March of Time" film has just been released to all larger theaters. It is intended as a way of giving the public a chance to see the latest United States planes which are to be constructed as part of the program for strengthening our air power.

The Labor Relations Council has a series of informational films in the Labor Relations Field produced

by the United States Office of Education. One of these is called "Placing the Right Man in the Right Place." Another film similar in usefulness is "52 Pay Checks" in which the Nunn-Bush Company explains its "continuous wage plan." Few methods of education are more useful than those of the movie screen.

MR. A. G. BRYANT, the retiring President of the National Machine Tool Builders' Association, has recently made a point which it would be well for more of us to appreciate and to emphasize. When he says that a majority of American manufacturers are engaged in producing items that are not needed in large quantities, he suggests that too many people at home and abroad think of us as a nation of streamlined plants, making long runs on identical parts. Granted that this "mass production" plays a vital part in our economy, the fact is that our development of interchangeable parts, which is applied to small lots as well as to mass production. Never was America's genius, in no matter what direction it may be found, so greatly needed as now.

THE first International Red Cross Conference held since the war, took place recently in Stockholm. It was somewhat clouded by the fact that only 56 nations attended. When one remembers that the Red Cross is the badge of those pledged to relieve suffering wherever it may be found, one cannot but regret deeply that at some of the Balkan States refused to attend, and that the Russians were not on the floor of the Conference but in the gallery, in spite of a unanimously carried resolution offered by the French Government delegate, urging them to state their grievances in open session and let the Conference judge.

BRITISH are making history. Chosen from 100 volunteers, four nursing "Sisters" have formed an R.A.F. Parachute Medical Team, the nucleus of a new airborne unit designed to bring aid not only to military, but also to civil air crash victims.

June," by K. L. King, was directed by Mr. Lester Novak, who was the original director and the founder of the Band, and who taught many of the boys to play.

During the second half of the program, Mr. Frank Zidar presented Mr. Opalk with a bouquet of autumn flowers in appreciation for his efforts in keeping the Band at work.

"The Steel King—March" was dedicated to Mr. Frank Supanic, of Supanic Beverages, who kept the boys from getting thirsty these last few weeks, when they were practicing two nights a week.

Anthony Trojan made a hit with the audience with his cornet solo on the Columbia Fantasia Polka, by T. H. Rollinson. Also much enjoyed was the "Minstrel Jubilee," a medley of minstrel songs, which was not originally on the program.

A new Slovenian piece was featured. It was just brought over from Yugoslavia a few years ago, and is called "V Zarji jutranji". Actually it is a medley of Slovenian songs with the theme of dawn, or morning running through the entire song.

One of the audience really enjoyed the program, for she kept calling "More, Daddy, more!" This was the little daughter of Tony Cernel, who was up on the stage with his clarinet, tooting away. No wonder she was calling for encores.

There was also a small boy, who came to the front of the hall, and in his tiny fist was a bag of potato chips that was so large he could hardly carry it. As the band finished a number Junior put his free hand up on the rim of the stage and called "Daddy!" Then, as the band started again, apparently satisfied, he went back to the rear of the hall. Unfortunately, your scribbler couldn't find out who he belonged to, so we have no idea. He was a cute little fellow, though.

Attendance for the concert certainly surpassed all hopes of the members of the band, and they hope that it will be as good next year.

One note of regret, and a hint for the future: This writer can't help feeling sorry that the descriptive piece of the Adriatic Sea, "Jadransko Morje" was not repeated this year. That certainly is a musical piece that could well rank with some of the greatest music ever written.

ST. MARY'S NEWS

Nottingham Cleaners took two from the Church Council. Tony Colnar continues to stay in the five hundred club. He just made it last Sunday with a 500. These two victories put the Cleaners in third place.

The Zaller Service Station is all prepared for winter driving. They came through with three big ones which they added to the win column. When the three guns exploded, Frank Moulina led the big noise with a 547 series, and a high game of 190. Mattie Dolence followed: 534 series, high of 216. A score of 506 broke Fred Morgan into the column, and his high game was 190.

The Home Equipment never had a chance. The big stick of the big three edged them completely. This triple victory keeps the Zaller Service Station close on the heels of the Undertakers, who seem to have undertaken to win the hard way. If they win, that is! Anyway, Zaller's boys are only one game out of first place which makes it a pretty close race.

No new records were established. The individual high game still belongs to Ed Zagore whose record is 247. Dave's Shoes 925 gives them the Team High, and the individual three high games goes to Joe Ferris, Jr. with his 625. Sole proprietors of the team three high games are the Svetek Funeral Home with their 2594. Tony Colnar still leads the league with the individual high average of 171.

The 500 Club:

LADIES AUXILIARY SPEAKS

It was an eventful and memorable meeting. His honor, Governor Frank J. Lausche was present. He made a humble entrance but what an ovation he received from the ladies. The club presented him with a white carnation boutonniere with a red, white and blue ribbon bow inserted thru the middle. We were very sorry that the first lady of Ohio, Mrs. Jane Lausche, was not present, because a lovely corsage awaited her. It had white roses inserted in flame colored gladioli framed by some colored net and tied with red, white and blue ribbon. The flowers were done up by Mrs. Marie Starc.

The new officers installed for the coming year are: Mrs. Johanna Mervar, pres.; Mrs. Josie Poach, vice-pres.; Mrs. Emma Gregorich, secy.; Mrs. Florence Mohar, treas.; and Mrs. Agn's Vargo, sgt.-at-arms.

Meeting dispensed with the ladies adjourning to the Legion Hall to wish Governor Frank J. Lausche a happy birthday. A large cake was presented with five candles adorning it.

After extending birthday greetings to our new presy, Mrs. Johanna Mervar, we all sat down to a hearty luncheon consisting of relishes and cheese, apple and cherry strudel, polka, raisin bread all made by the la-

"MUSIC AS YOU LIKE IT" PRESENTED LAST SUNDAY BY ST. JOSEPH'S BAND

Feature of a Concert presented last Sunday at the Slovenian Home on Holmes Ave. was a Vocal Quartet composed of Director Louis Opalek, Charles Tettec, Joseph Novak, and John Zaller.

The quartet sang some of the old Slovenian favorites, much to the delight of the entire audience. As Mr. Opalek put it later, "We sort of got lost on the 'škrjančki', but otherwise —" No one minded.

One of the numbers, "A Night in
