## UREDNIKOVA POŠTA

### Odločitev v letu 1942

Leto 1942 bo leto zmage, ali pa usodepolno leto poraza. — Vendar je pa le malo upanja, da bi bilo vojskovkanje ali miltariistične operacije končane do 31. decembra tega leta.

Klub temu bomo pa do tega časa doznali, katera stran bo izumljena zmagovita in če so fašistične sile dovolj močne za nadvlado in porušenje civilizacije celega sveta, ali so pa na potu velikanskega poloma v bližnji bodočnosti.

Usoda celega sveta je odvisna od hrabre Ruske armade; tako pravi bivši francoski zračni minister Pierre Cot.

Vojna bo izgubljena, brezobzirno izgubljena na osišče, ako se fašističnim silam ne posreči premagati in uničiti hrabre sovjetske (ljudske) armade.

— Ne Japanska, niti fašistične sile nimajo nikakvega upanja v zmagu, dokler niti uničena ta ogromna sovjetska sila iz razlogov, ker sovjetska armada postaja dnevno močnejša, med tem, ko so fašistične armade dosegle vrhunce svoje moči in pričeli polagoma a gotovo pešati.

Na drugi strani pa, ako je sovjetska armada klub svojih hrabrosti in briljantnemu vodstvu poražena, tedaj bi pa bilanca te armade bila prav povoljna skupno po sovražniku, ki bi jim bil prvi najbolj na potu. Tedaj bi uničile posamezno enega za drugim. Najprej Arij, potem Afriko nato Avstralijo in latinsko Ameriko, nato bi postali mojstri in vladarji celega sveta.

Skoraj bi si bilo nemogoče predstavljati, da bi zamogla naša dežela Združene države zbrati v tem času armado, ki bi bila močnejša od sedanje Sovjetske sile. In ako bi sploh organizirali to velikansko armado, bi bilo vprašanje, kako jo poslati v Evropo, ki bi jo že popolnoma kontrolirala Nemčija.

Resnica je, da Združene države pripravljajo velikansko zračno silo, ki bi lahko obvladovala ali zasenčila celo Evropo. Vendar pa doseganje tehnično znanje še ni doseglo točke v zračni sili, da bi mogla prevladati evropsko ozračje iz naših tri tisoč milj oddaljenih zračnih pristanišč.

Poleg tega pa tudi naša industrija bi se ne mogla primerjati z evropsko, poleg fašistične sile z rusko industrijijo, in njeni neizčrpljivimi zakladi. Vse to je moglo opraviti našega poskusnega napada na Evropo.

Resnica je le ta: Mi bomo izmagali v tej vojni, ako bo sovjetska armada kos svoji nalogi, ako vzdrži in odbije vse napade skupnih fašističnih sil, to je Nemčije in Japonske.

Ako pa Sovjetska sila podlete, tedaj je še edino upanje zaveznikov, da nastane v fašističnih deželah revolucija, ki bi očistila Evropo fašističnih krovov.

Toda to bi bila dolga zmešnjjava in končem tega bi postal svet zopet zrel za barbarizem.

Vprašanje, ako bo Sovjetska sila vzdržala proti fašističnim silam, ni vprašanje Rusije same, ampak je vprašanje vseh zavezniških sil, to je vprašanje naših vseh!

Nikakršnega dvoma ni več o hrabrosti ruskih bojevnikov, niti ni dvoma o izvrstnem vodstvu njihovih vođiteljev, niti ne

## O slikah v soboto

Cleveland, Ohio. — Želim dodati pojaznilo k slikam, ki se jih bo kazalo 30. maja v Knausovi dvoranji.

De se vrši predstava ta večer je navječi vzrok ta, ker bo pokazanih več slik, ki so bile posnete na Spominski dan in imajo pomen tega dneva. Slike so bile posnete na pokopališčih, kjer so legionarji imeli svoje obrede in parade.

Druž del slike bo važna nova slika generala D. MacArthurja, ki je nova. Videli bomo vse doživljaje in odlikovanja. Že samo ta slika je veliko vredna.

Dodatno k temu pa bomo videli, kako se bore Rusi z Nemci na bojnih poljih in v gozdovih za življenje in smrt.

Potem preide na malo večeljske dogodke: Naj vidimo veše poreke zadnjih dni.

Ta večer bomo videli tudi Dobropoljsko pokrajino in kako je Mr. John Germ igral harmoniko v svojem rojstnem kraju v veseli družbi domačih vaščanov in faranov leta 1931.

Obenem se bo video še: Novo mesto, Ambrus, Velike Lašče in Mala Slinica.

Vsa ta predstava bo vzel dve ure časa in bo vseskozi namenjena otrokom, spremljana z domačim glasbo, da se bo lahko vsak zamisli v čase in kraje, kjer so bile slike posnete.

THAT FIGHTING BLOOD IN YOUR VEINS CAN  
SAVE A LIFE AT THE FRONT

Red Cross Now Accepting New Blood Donors

American Red Cross clerk takes application of a Blood Donor

Loyal Americans who can't fight in this war themselves can send their blood to fight for them—in the veins of soldiers, sailors, or marines whose lives might otherwise be lost. It is a matter of record that hundreds of men in our armed forces, wounded at Pearl Harbor or since then, are alive today because more than a hundred thousand patriotic people have become blood donors.

The American Red Cross has shouldered the responsibility of providing a million pints of blood to the Army and Navy. There is now an opportunity to enlist a pint of your blood in their great life-saving mission. You'll never miss it—but it may be the deciding factor in saving a soldier's or sailor's life in far-off Australia, somewhere in Libya, on the road to Russia, in Ireland, Iceland or along our own coast. You'll never know the man you help keep alive—but you'll never know a greater feeling of satisfaction, a greater sense of having done something specific and vital for the war effort.

It's important and commendable these days to work harder, to put your full strength and energy behind war production, to buy every war bond and stamp you possibly can—but in donating blood, you're donating a part of your very self.

The process of making a blood donation is exceedingly simple. The first thing to do is to fill out the blank at the end of this article and send it to the editor of this publication. Men and women alike are eligible if they are between the ages of 18 and 60, and have no serious physical ailments. After mailing the blank, you will shortly receive

Donors' blood is not preserved in its natural state. All the corpuscles are removed from it and the remaining plasma is frozen, then dried in a vacuum. It becomes a flaky, yellow powder which lasts indefinitely and which is ready for transfusions when dissolved in sterile water.

All blood donors are given inconspicuous little buttons inscribed "American Red Cross—Blood Donor." America is proud of those who wear this insignia—and still more proud of those who wear the silver button, which is granted to those who have made three blood donations.

# A Central European Federation

By MILAN HODZA

(Editor's Note: The writer of this article, Milan Hodza, was the last Prime Minister of Czechoslovakia before that republic was sold down the river at Munich in September 1938. After the conquest of Czechoslovakia by the Nazis he was deposed from his post as professor of history at Comenius University in Bratislava. He is a member of the Czechoslovak State Council in London. Now he is in this country).

was represented by Stresemann — "I had to wear the mask of peace" — or by Hitler, Europe has witnessed enough to know the foolishness of presuming that the end of German imperialism will come automatically with military defeat in this war.

In no forceful people's life can there fail to be a nationalistic period. France had to pass through the era of the Bourbons and of Napoleon. Great Britain experienced a similar development from the time of the Spanish wars to Waterloo. When British imperialism had slowed down its violent course, German nationalism was just beginning its career, Bismarck's wars were among its manifestations but were not its climax. That was to come with Wilhelm II's bid for a dominating German position in the world. The bid was defeated — temporarily, at any rate — and German nationalism eventually expressed itself in the animalistic outburst of Hitlerism.

(To be continued.)

## The American's Creed

"Breathe there a man with soul so dead who never to himself hath said, this is my own, my native land."

SCOTT

I believe in the United States of America, as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed, a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag, and to defend it against all enemies.

The American's Creed, by William Tyler Page, was adopted by an Act of Congress, April 6, 1918.

Cedar Point-on-Lake Erie Opens June 13

With the vacation travel picture blurring at several points along the eastern seaboard, few summer resort areas in America enjoy the strategic location of Cedar Point-on-Lake Erie, which opens its 1942 season on Saturday, June 13th.

Situated on the southern shores of Lake Erie on a long peninsular finger, the resort is within easy access of Detroit, Toledo and Cleveland, as well as a host of "inland" cities of the rich and populous industrial section of America. This, coupled with complete entertainment and resort facilities make Cedar Point a most desirable vacation spot within convenient distance of Pittsburgh, Cincinnati, Indianapolis and score of other inland cities and towns.

Cedar Point also boasts one of the largest and most unique resort hotels in the Middle West. Hotel Breakers with 1000 outside rooms, affording a delightful view of the wooded groves and parks surrounding the hotel.

Cedar Point is already receiving reservations from vacationists planning their trips to start with the opening day June 13th.
