## AN EASTER MESSAGE

TO ALL THE PEOPLE OF PEGGEZ CAMP.  
=====

On behalf of myself, my Staff, and the great international organization, U.N.R.R.A., that we represent, I would like to give you this Greeting for Easter.

May the coming years bring you happiness and comfort and an end to the sufferings and uncertainty which have been your lot for so long.

U.N.R.R.A.'s mission is to help bring Relief and Rehabilitation to those in need, and that means helping you to help yourselves.

The situation regarding food is serious throughout the world, and it may become even worse before it is better.

The countries of the British Empire and United States of America - the greatest contributors to U.N.R.R.A. - have made, and are still making, great efforts to send food where it is most needed, but they cannot possibly find enough to feed all the people as they should be fed.

Easter brings us a message - a message of Hope - and I ask you, one and all, to answer that message by being patient and doing yourselves all that is possible to produce food and other needed commodities, and thus yourselves help U.N.R.R.A. to help you and others in need.

Do not try to take more than your share, for if you do, someone else will suffer.

Let us in their future try to be more understanding and helpful towards others, like Him whose anniversary we celebrate at Easter.

May God bless you all.

### VELIKONOČNO VOŠČILO =====

vsem prebivalcem taborišča Peggez.

Za veliko noč Vam pošiljam v svojem imenu, kakor tudi v imenu svojega osebja in velike mednarodne organizacije UNRRE sledeče voščilo:

Naj bi Vam bodoča leta prinesla srečo, ugodje in konec trpljenja ter negotovosti, katere že tako dolgo prenaša.

Poslanstvo UNRRE je pomagati prinesiti pomoč in obnovo onim, ki so v težavah, in to pomeni pomagati

Van, da si pomagata sami.

Kar se tiče prehrane je položaj po celem svetu resen, in mogoče bo postal celo slabši, preden se bo zboljšal.

Državi Anglija in Zedinjene Ameriške Države -- največji podpornici UNRRE - sta se zelo trudili in se še trudita, da bi poslali hrano tja, kjer je najbolj potrebna, kljub temu ne moreta najti dovolj hrane, da bi zadoščala za vse.

Velika noč nam prinaša oznanilo Upanja, in prosim Vas vse, da se odzovete temu oznanilu s potrpežljivostjo in s tem, da sami storite vse, kar morete, da bi pomagali proizvajati hrano in druge potrebščine, in s tem tudi pomagali UNRRI, da bi ona pomagala Vam in drugim v pomanjkanju.

Nikar ne poskušajte vzeti več, kar je Vaš delež, ker če bi tako delali, bo kdo drug moral stradati.

Poskusimo v bodoče bolje razumeti in pomagati bližnjim, posnemajoč Omega, katerega obletnico smrti in Vstajenja praznujemo o Veliki noči!

Naj Vas vse blagoslovi Bog!
