

## Sen. Taft ob strani gen. Eisenhowerja v Clevelandu, O.

Nastop sen. Tafta naj simbolizira pokop bojne sekire med obema možema zaradi Taftovega poraza v Chicagu.

CLEVELAND. — V torek zvečer bo nastopil v Public Hallu kot govornik ob strani generala Eisenhowerja senator R. A. Taft, s čemer naj bo simboliziran konec grenkosti, ki je zavlada med Taftovimi pristaši proti Eisenhowerju zaradi Taftovega poraza na konvenciji v Chicagu.

Taftov načrt za nastop v Clevelandu je naznanil v sredo G. H. Bender, okrajni predsednik republikancev, ki je izjavil, da bo dramatisiran pokop bojne sekire med obema možema, ko bo Taft osebno predstavil Eisenhowerja občinstvu.

## BESTIALNI 'BEJZBOL' YANKEEJEV

Ameriški baseball ni nič drugega ko perverzija stare ruske vaške igre 'lapta', pravi Moskva.

MOSKVA. Publikacija "Smena" je pod naslovom "Bejzbol" pojasnila svojim bralcem, da je ameriška narodna igra Baseball "bestialna bitka in krvav boj, čigar posledica so pohabljenosti in umori ljudi" ter da ni prav za prav nič drugega ko yankeejska perverzija starodavne ruske vaške igre "lapte".

Publikacija opisuje dalje baseball kot surovo in nevarno igro, ki se čisto konča s pohabljenjem in celo smrtjo igralcev. V dokaz svojih trditev, kako divjaška je ta igra, navaja publikacija prevode iz ameriških listov: "Gianti" so pobili ali uničili (slaughtered, annihilated) 'Cardinals', dočim so dan poprej 'Cardinals' razmesarili (united) moštvo skupine 'Gianti'. — Nadaljni dokaz brutalnosti in divjosti te igre so imena, ki jih imajo skupine igralcev: Tigers, Pirates (tigri, piratje) itd.

Kadar se ne brigate za opozorila, dokler ni prepozno, ste krivi svoje nesreče sami.

## EISENHOWER NA A. F. L. KONVENCIJI

Konvencija s hladnostjo vzela na znanje njegove nazore o Taft-Hartleyjevem zakonu.

NEW YORK. — V sredo je nastopil na konvenciji Ameriške delavske federacije republ. kandidat Eisenhower, ki je povedal delegatom, da je proti preklicu Taft - Hartleyjevega zakona, je pa za njegovo amandiranje.

Delegatje so mu ploskali ob njegovem vstopu v dvorano, — prav tako, ko je odšel iz nje, in trinajstkrat so s ploskanjem prekinili njegov govor, niso mu pa ploskali, ko je govoril o Taft-Hartleyjevem zakonu, glede katerega je zavzel stališče, ki je direktno nasprotno stališču demokrata Stevensona.

Preje v tem tednu so delegatje navdušeno ploskali administracijskim uradnikom, ki so napadali Taft-Hartleyjev zakon.

Prihodnji torek bo konvencija indorsirala predsedniškega kandidata, kar bo prvkrat v zgodovini AFL. — Z gotovostjo se lahko reče, da bo indorsirala Stevensona.

## Predvidevan konec iz- delovanja atomskega orožja v Zdr. državah

Z izdelovanjem se bo končalo, ko bo tega orožja toliko, da se bo z njim lahko uničilo vsakega agresorja.

SAN FRANCISCO. — Gordon Dean, predsednik Komisije za atomsko energijo, je izjavil, da bo prišel čas, ko bo Amerika prenehala izdelovati atomsko orožje, ker za to ne imela dovolj, "da bo z njim popolnoma uničila sovražno moč za vojskovanje". Toda medtem pa morajo Zdr. države pospešiti izdelovanje tega orožja, dokler ne dosežejo maksimalne atomske moči.

Mr. Dean je dalje dejal, da bo napočil dan, ko bomo imeli toliko atomskega orožja, — "da nam bo možno z njim uničiti ne samo industrijsko moč sovražnika, temveč tudi njegove čete na bojišču."

V vsem tem času pa si bo Komisija prizadevala, pospeševati načrte za proizvodnjo atomske energije za miroljubne svrhe.

## STEVENSON O KOMPROMISU S SOVJETIJO

GOVERNOR STEVENSON je v svojem govoru v San Franciscu med drugim rekel, da je na ljubo svetovnega miru pripravljen pogajati se s Sovjetsko zvezo, da je pripravljen celo na kompromis z njo, nikoli pa ne na "apizanje."

Ta njegova izjava je razveseljiva in vse pohvale vredna, upamo le, da se v polni meri zaveda pomena besed, ki jih je izrekel. Glede kompromisov imamo namreč žalostne izkušnje.

Po Websterjevem besednjaku pomeni kompromis sporazum, ki temelji na vzajemnih ali obojestranskih koncesijah! Ne prezrite: Na vzajemnih in obojestranskih!

"Appease" ali "apizanje", katere beseda se je udomačila med ameriški Slovenci in ki se je pojavila s prvimi poizkusi apizanja nacistov v Monakovem, pa pomeni na podlagi istega besednjaka — **žrtvovanje moralnih principov, da se odvrne in prepreči agresijo!**

Prizadevanja za kompromis s komunisti nas privedejo nazaj k besedi "vzajemno". Vsa zgodovina poizkusov, sporazumeti se s Sovjetijo namreč dokazuje, da nima slednja nikakega razumevanja za pomen resnične vzajemnosti. Kompromis pomeni Sovjetiji vsaka poteza, ki je njej v prid in v škodo države, s katero se pogaja.

Noben inteligenten in odgovoren Amerikanec ne želi vojne, kar velja za obe stranki: demokrate in republikance. Zato še enkrat poudarjamo, da upamo, da se je gov. Stevenson v polni meri zavedal pomena teh besed in da bo sklepal s Sovjetijo — če sploh pride do tega — kompromise, ki bodo res vzajemni ali obojestranski!

## NA PRAGU NOVE GROZE IN MORDA TRAJNEGA MIRU

Iz daljave kontrolirano letalo brez pilota je poneslo dva tisoč funtov težko bombo v Koreji na tarčo, ki je bila oddaljena 150 milj. — Televizijska kamera na letalu brez pilota je posnela in oddajala ves polet in svoj lastni konec.

S KROVA ameriške letalonoladiji in na glavni komandi v silke BOXER so v sredo izstrelili vodilni izstrelak na tarčo, ki je bila oddaljena 15 milj. — S tem smo stopili na prag nove vojne groze, pa tudi naše lastne varnosti in večje možnosti miru.

Ta vodilni izstrelak je bilo letalo brez pilota, ki je neslo 2 tisoč funtov težko bombo. Letalo so izstrelili na ladji s posebno pripravo, ki je poglala letalo v zrak. Ko je v zraku doseglo zadostno višino, pa je prevzelo njegovo kontrolo drugo letalo s pilotom, ki je letel za brezpilotnim letalom in tisoč čevljev nad njim. Na brezpilotnem letalu je bila nameščena TV kamera, ki je posnela celotni polet ter zadnje trenutke ob eksploziji na tarči. Ta kamera je oddajala posnetke nazaj na prizorišča ali "screens" televizijskih aparatov, nameščenih

na ladji in na glavni komandi v Tokiju. Ko je iz daljave kontrolirano letalo priletelo nad svojo tarčo — komunistično vojaško koncentracijo v neki dolini med dvema hriboma — se je v trenutku obrnilo s "kljunom" proti zemlji ter se poglalo z veliko naglico navpično navzdol na tarčo. Prizorišče na televizijskih aparatih se je zatemnilo, tuljenje padajočega letala je utihnulo, letalo je treščilo na tarčo ter se dobesedno razletelo v "sončni prah."

Vsi prisotni na ladji so stali s pridržano sapo ter spremljali ta zgodovinski potek. Vsi so se namreč zavedali, da vojna s poljubno kontroliranimi izstrelki ni več fantazija bodočnosti, — marveč da je dejansko tu in da so bili pravkar priča njenemu prvemu dejanju.

## Taft-Hartley zakon

V Združenih državah je zaposlenih okrog 61 milijonov oseb. Ti predstavljajo večino volilcev v državi, kar naravno igra veliko vlogo v naši notranji politiki, posebno ob priliki volitve predsednika.

Nekako jabolko spora in predmet političnih debat ob vsakih volitvah tvori zadnja leta znani Taft-Hartley zakon. Ta je bil sprejet leta 1947., ko so imeli republikanci večino v senatu, proti ugovoru predsednika Trumana.

Zakon je nekako posredno napravljen proti delavstvu in delavskim unijam, ker določa, da mora po neuspešnih pogajanjih med delodajalci in zastopniki delavstva preteči vsaj 80 dni, predno sme delavstvo pričeti s štrajkom. Ta nekaj ohlajevalni termin kaj lahko vzame delavstvu iz rok močno orožje. V 80 dneh se namreč v industriji, kjer vlada mezdnji spor, razmere kaj lahko spremenijo v škodo delavstva, da postane štrajk lahko nemogoč ali vsaj ne tako učinkovit. Štrajk je namreč le takat usrpešen, če prične ob času, ko je podjetniku najbolj neprijeten. Tekom 80 dni pa se podjetnik kaj lahko pripravi na štrajk. Radi tega je razumljivo, da je vse delavstvo v državi proti temu zakonu.

Delavske unije so se pa tudi bale, da je ta zakon napravljen proti njim, da hoče oslabil njihovo moč. Tekom petih let pa se je pokazalo, da se to ni zgodilo. Ni se uresničil strah delavstva, pa mogoče tudi ne želje onih krogov, ki so si želeli ta zakon. Vsled zunanjepolitičnega položaja so se razmere v naši industriji zboljšale, zaposlitev je narasla radi obnovitve vojne industrije. V tem času je bilo v interesu podjetnikov in delavstva, da se čim več producira. V takih časih konjunktura pa mine veselje delavstvu za štrajke in delodajalcu, da bi se upiral delavskim zahtevam. Tako se v praksi še ni pokazalo, kake posledice bi nastale, če bi se dejansko uporabil ta zakon.

Ob priliki zadnjega jeklarskega štrajka, je predsednik Truman ta zakon, ki ga ne mara, obšel naravnost mojsterko. Delavstvo je vsekakor na željo predsednika prostovoljno odložilo štrajk za več kot za 80 dni. Republikanci so v senatu vedno glasno klicali, da naj predsednik uporabi najprej Taft-Hartley zakon, potem šele druga sredstva, toda Truman se je temu upiral na vso moč in je — v veliko zadovoljstvo delavstva s svojim stališčem zmagal.

Kljub temu, da se dejansko še ni uporabljal ta zakon in da se niso pokazale ne slabe in ne dobre njegove strani v praksi, igra v sedanji volilni borbi veliko vlogo.

Republikanci so v svoji platformi proti željam delavskih organizacij postavili zahtevo, da ta zakon ostane v veljavi. Ta stranka je polna simpatij za ta zakon in so za to, da se spremeni le v toliko, kolikor bi "obravnavne in skušnje" zahtevale kako spremembo. Ker pa takih obravnav in skušenj dosedaj še ni bilo, naj bi torej ta zakon ostal v svoji moči.

General Eisenhower je kmalu spoznal, da mu bo stranka platforma zelo škodovala v volilni borbi, ker odbija delavstvo od republikanske stranke. Zdej je mož med dvema stoloma: na eni strani Taft, ki ima veliko moč v republikanski stranki in njegovi reakcionarni pristaši, ki so vsi za Taft-Hartley zakon, na drugi strani so pa glasovi delavcev, ki so pa skoro vsi proti temu zakonu. Eisenhower se zvija sem in tja, da bi ustregel na obe strani. V svojem govoru na konvenciji delavskih unij A. F. of L. je obljubil, da se bo ta zakon prilagodil delavskim zahtevam. Toda, če bo republikanska večina v senatu proti, Eisenhower v slučaju zmage ne bo mogel izvesti svojih obljub.

Na drugi strani pa je demokratska platforma za odpravo tega zakona, ki je trn v peti delavstvu. Je pa tudi med demokrati nekaj takih, ki so za ta zakon. Demokratski kandidat Stevenson je sicer dolžan po strankini platformi nastopati proti temu zakonu. Na shodu na praznik dela v Detroitu se je tudi izjavil, da sprejema v bistvu določila strankine platforme glede tega zakona, vendar pa se zdi iz njegovega govora, da ne simpatizira z nekaterimi preostriimi kritiki tega zakona. Kolikor se more sklepati iz njegovega govora v Detroitu, je on sicer za odpravo tega zakona, toda mesto tega bi bil on za drug zakon, ki bi preprečil neprimerne nastope tako podjetnikov proti delavstvu kot delavcev proti podjetnikom. Točno, kako si on to predstavlja, se pa demokratski kandidat ni izjavil.

Štrajki so, kakor kaže praksa, škodljivi vsem: delavstvu, podjetnikom in državi. Vsi so v interesu skupne blaginje poklicani, da iščejo potov, kako štrajke čim bolj omejiti.

Na vsak način bi bilo v korist delavstva in podjetnikov, če bi se to vprašanje reševalo le s strokovnega, socialnega stališča in da ne bi bilo predmet strankarske politike. Delavstvo in podjetniki imajo skupne interese. Kakor se je pokazalo ob koncu jeklarskega štrajka, bi bilo najbolje, če bi se najprej organizacije podjetnikov in delavske unije med seboj sporazumela za obliko zakona, ki naj bi ga potem sprejel zakonodajalec. Ustvarila naj bi se zakonito nekaka korporacija, kjer bi sedeli kot enakopravni zastopniki podjetnikov in delavstva njih delegati. Ta korporacija naj bi bila nekako vrhovno sodišče, obvezno za obe strani. Tako bi se ta vprašanja izločila iz dnevne politike.

## BESEDA IZ NARODA

### Pismo uredništvu

New York, N. Y. — Gospod urednik! Osmega septembra je uvodničar M. dejal v Vašem listu v več ali manj direktni obliki, da sta Republikanska stranka oziroma njen program nazadnjaška in reakcionarna.

Nobena stranka nima le sončne strani tako kot tudi nobena nima le senčne. Toda ožigosati eno stranko z zgornjimi pridevki, drugo pa povzdigovati je pristransko in nepravilno.

Ali smatra uvodničar M za naprednjaško prisilno regimentiranje delavstva v unije, kot ga obljublja Stevenson (closed shop). Dokler nisi član unije, ne dobiš dela, in če unijo zapustiš, zgubiš delo (spomini na ranjko Nemčijo). Če hočeš jesti, moraš biti član unije in sprejeti rad ali nerad vse odločbe unijskih mogotcev. (Prva odločba bo verjetno parkratno povišanje članarine.) Čemu vse govoričenje o svobodi ... ?

Ali smatra uvodničar M za naprednjaško zasego privatne lastnine, kot jo je o priliki zadnje jeklarske stavke skušal izpeljati Truman, dokler ga ni vrhovno sodišče zavrnilo, češ da ravna proti osnovnim svoboščinam zapisanim v ameriški ustavi. Podobne misli danes izraža Stevenson, še preden je predsednik. Čemu se razburjamo nad podržavljanjem britanskega gospodarstva, če pa tudi nas že preveča isti duh.

V zadnjem letu je bilo odpuščenih zaradi ponedrbe in goljufij 174 visokih državnih uradnikov. Mnogo jih je zapustilo službo, še preden so jim prišli na sled. Ali take razmere uvodničar smatra za napredne?

Demokratje so v Atlantski karti napovedali, da se bodo po zlomu nacistične Nemčije borili, da bodo vsi ljudje živeli v svobodi in brez strahu. Danes pa napadajo Eisenhowerja, ko le omenja delo za osvoboditev zaslužjenih narodov in nas opozarja, da njih usodo ne smemo sprejeti za dokončno stanje. S svojo cincavo in neodločno zunajjo politiko so v Yalti in Potsdamu napravili svobodo Poljakom, Rumunov, Bolgarov, Jugoslovanov, Latvijcev, Estoncev, polovice Nemcev in Avstrijcev etc. Zapravili so Kitajsko in že eno leto sklepajo mir na Koreji. Posledica: zastopniki 6 milijonov Poljakov, ki žive v Združenih državah, so nedavno obsodili Trumana, ker ga smatrajo za soodgovornega na zaslužnjeno Poljske in bodo pitali Eisenhowerja. Čemu bi pa torej mi Slovenci peli tako slavo Trumanu & Co.

## Katoliški slovenski dijaški dom v Z. D.

Najprej, Bog plačaj, blagi dobrotniki! Pokazali ste, da Vam ni vseeno, kaj je in kaj bo z našo dijaško mladino, ustanovili ste dijaški sklad za katoliški slovenski dijaški dom v Z. D. in — dali ste dober vzgled. Naj Kristus-Učenik obilo poplača Vam in razsvetli ter omeči še druge!

Za katoliški slovenski dijaški dom v Z. D. so med prvimi darovali:

Po \$30: Rev. J. Cvelbar.  
Po \$25: Rev. Stanko Dolšina.  
Po \$10: Rev. Franc Sedej, Rev. Emil Hodnik, Rev. A. Pavel, S.D.B., Rev. Jože Perčič, Rev. Anton Anžič, Rev. Karel Pečovnik.

Po \$5: Rt. Rev. John Judnich, Rev. I. Hren, O.P.; po \$2: Rev. Franc Grmovnik.

Naj Bog obilo poplača vsem!

No, vidite, za temeljni kamen je že. Sedaj pa pogumno naprej! Če da vsak le za eno opeko ali za eno desko, bo kmalu vsaj za staro hišo dovolj. In ta stara hiša, morda najcenejšo skupno podjetje Slovencev v Ameriki, lahko postane v teh časih moralnih in materialnih razvalin za vse praktične katoličane in zavedne Slovence vseh poštenih prepričanj začetek novih upov in jamstvo srečnejše bodočnosti. Vzgojiti nam more kader požrtvovalnih poštenjakov, apostolov, strokovnjakov, resničnih rodoljubov, dovolj veliki in idealni kader, o kakršnem je naš narod do sedaj samo še sanjal. Morda ga pa prav zato ni še nikoli imel, ker je o njem "samo sanjal," premalo pa je ob svojem času storil, da bi si ga tudi vzgojil. Vsaka mati mora najprej vzgajati; to velja tudi za mater domovino. Danes se nam nudi nes zлата prilžnost. Izkoristimo jo! Komunizem je zastrupljanje dijaštva vedno prva stvar; naj ne bo nam v svobodnem svetu njegova prava vzgoja poslednja!

Veliki slovenski rodoljub iz Clevelanda se je tako-le izrazil: "Ko bodo ljudje razumeli, za kaj se gre, bodo stvar tudi podprli." Naj torej na kratko povemo "za kaj se gre":

Gre se za to, da spravimo čimveč slovenske mladine v šole — in to v dobre šole. Na versko-moralnem polju potrebujemo vojsko apostolov. Na narodnostnem polju potrebujemo poštenih, sposobnih, požrtvovalnih, izšolanih politikov. Na znanstvenem in gospodarskem polju potrebujemo resničnih strokovnjakov. Samo tako se bomo mogli v teh časih moralnih in materialnih razvalin ter neusmiljene politične in gospodarske tekme za obstoj ohraniti in dvigati kot katoličani in kot Slovenci.

Konkretna pot k rešitvi tega velikega problema pa je — ustanovitev katoliškega slovenskega dijaškega doma v Z. D.

### Knjige so naše prijateljice

Jesen je v deželi. Večeri so daljši in človek ostane ob neprijetnem vremenu rad doma. Res da nam dela ne zmanjka, toda tu in tam se le najde kaka ura

dite v Slov. dom na Holmes Ave. Ob 6. uri zvečer bo že vse pripravljeno.

ga dijaškega doma v Z. D.

(1) Dijaški dom bo omogočil nadaljevanje študija ne le srečnim izbrancem, kakor na primer štipendije, ampak tudi vsem tistim, ki so obviseli do sedaj popolnoma na cedilu. In teh je največ. Ker bo v njem stanovanje zastoj in v skupni kuhinji pripravljena hrana zelo poceni, bo lahko vsak dijak med počitnicami in z le nekaj urnim delom na dan med šolskim letom dovolj zaslužil za šolanje. Dijaški dom ne bo le za današnje študente, ampak tudi slovenske otroke, ki so sedaj še v ameriških ljudskih ali srednjih šolah. Dijaški dom ne bo samo pomagal dijakom razviti razum, ampak jih bo tudi naučil spoštovati delo.

(2) Dijaški dom je v danih razmerah gotovo tudi v verskem oziru najboljša rešitev. Delno zato, ker bo v njem vsakdo še najboljše obvarovan kvarnih vplivov slabe družbe, še bolj pa morda zato, ker bo tako vsakdo lahko študiral na bližnji večji katoliški univerzi, kjer bomo skušali doseči tudi vsaj delni popust sicer zelo visoke šolnine. Tako se nikomur ne bo treba vzgajati v brezbožnem materializmu in breznačelnem relativizmu, samo zaradi pomanjkanja denarja. Takoj ko bo izbran kraj (najbrž New York ali Chicago zaradi popolni univerz in možnosti zaposlitve) pa bomo zaprosili Prezvizišnega, naj imenuje kakšnega tamkajšnega duhovnika za duhovnega vodjo dijaškega doma.

(3) Brez dvoma bo dijaški dom najboljša rešitev tudi v narodnostnem oziru. Zgodovina potrjuje, da se osamljeni, vsem tujim vplivom izpostavljeni študentje vedno le preradi in prehitro odtuje slovenstvu in domaćim svetinjam. Dom pa bo utrjeni slovenski otok sredi tujega morja. Po eni strani bo družil vse tiste, ki bodo v njem stanovali, v domačo slovensko družino, po drugi pa bo služil kot center za splošno dijaško organizacijo in tako pomagal ohranjati in dvigati tudi vse ostale dijake, razkropljene širom Združenih držav.

Amerikanci pravijo, "The students of today, the leaders of tomorrow." Zavedajmo se tudi mi, da bomo jutri imeli samo to, kar si bomo danes z razumevanjem, ljubeznijo in žrtvijo privzgojili. Podprimo najboljše rešitev: prispevajmo za katoliški slovenski dijaški dom v Z. D.!

Če želite kakršna koli pojasnila v zvezi s katoliškim slovenskim dijaškim domom v Z. D., Vam bo na vsa vprašanja z veseljem odgovoril dopisovalni

prostega časa. Nikdar nam ne bo žal, če bomo ta čas izpolnili s čitanjem dobre knjige.

Knjiga! Oh, ja! Iz otroških let se spominjam zlasti dveh, ena je bila duhovne, druga svetne vsebine, obe pa sta se mi priljubili, da ne morem nikoli na nje pozabiti. Prva je bila mamina molitvena knjiga. Debele bukve v črne platnice rezane, z že obledelo zlato obrezo.

Ko sem v nedeljo sedela poleg nje v cerkveni klopi in na vse mogoče načine preganjala dolg čas, me je mama najprej resno pogledala, potem pa mi je pomolila svoje mašne bukve. Morda bi mi navila "ta sladke" ali pa na kak drug način pokazala svoje nezadovoljstvo z menoj, toda cerkev je cerkev, v njej je pribežališče vseh grešnikov. Ostalo je torej le pri resnem pogledu.

Sedela sem zadovoljna sredi obširnih kril moje mame in naše sosede, držala knjigo v naročju in obračala liste.

Že tisk sam je bil nekaj posebnega. Črke so bile velike in debele. Božje in Kristusovo ime je bilo natisnjeno v rdeči barvi in je skoraj vedno izpolnjevalo celo vrsto. Počasi sem črkovala čudovite pridevke in litanije, v katerih je bila Mati Božja imenovana Stolz slonokoščeni in Hiša zlata. Predvsem pa so me zanimale številne podobice. Bili so to spominiki na božja pota, ki jih je moja mama obiskala, da bi izprosila za nas božjega blagoslovva in duševnega ter telesnega zdravja. Nekateri so bile še skoraj čisto nove, druge pa že obledele in ob robeh natrgane. Na večih izmed teh podobice so bile slike umrlih. Vse naše umrlo sorodstvo je bilo tu zbrano. Nekateri sem še sama za življenja poznala. Nenadno so izginili, pa se nato po nekaj tednih pojavili v tej knjigi. Prenekateri pa so mi bili popolnoma tuji. Po poti domov sem previdno spraševala mamo o njih. Povedala mi je njihova imena, pa me često tudi ljubeče svarila ob misli na njihove življenske zgodbe. Da, mami — mašne bukve so krile marsikatero skrivnost.

Druga nič manj zanimiva knjiga je bil Koledar. Mohorjeva družba ga nam je poslala s svojimi vsakoletnim knjižnim darom. Mohorjeve bukve smo imeli pri nas naročene ves čas, kar se spominjam. Ko so prišle te knjige v hišo, me ni zanimala nobena igranja več, tudi prijateljice me niso mogle spraviti vsak čas iz hiše. Knjige so hranile neizčrpeljive zaklade. Prvi del, to je pravi koledar, je bil v materini oskrbi. Vanj je zaznamovala vse, kar se ji je zdelo pomembno v hiši in hlevu. Po njem je računala, kdaj si moramo striči lase in porazati nohte. Bog ne daj, da jih jih kdo rezal ob starem mesecu, gotovo bi bili postali sentjavi. Tudi lase smo smeli iti striči, kadar jih ni enostavno porezala sama, le ob mladi luni. Po Koledarju je računal, kdaj bo prišel Sivkin ali Liskin čas, iz njegovega je vedela, kdaj se bodo pomnožili prebivalci v svinjaku. Res, v Koledarju je bilo veliko skrivnost, toda, kot sem dejala, ta prvi del, je bil pod popolnim maminim nadzorstvom, oče je le redko kaj iskal v njem. Vse ostali deli knjige je bil pa moj. Dneve in dneve sem presedela s to knjigo v rokah. Poznala sem vse slike, rešila vse uganke in se seznanila z vsemi zanimivostmi sveta. Koliko vprašanj sta mi morala ata in mama odgovoriti, koliko stvari pojasnjevati. Ni mi šlo vse tako lahko in gladko v glavo. Nekam tuja se mi je zdelo tedaj vsa ta učenost in priznati moram, da mi je tudi danes še vedno v marsičem tuja. Ni pa več ne mamine ne ata, da bi mi nerazumljivo pojasnila.

Šest zlatih pravil za krznene plašč  
Sicer se še malo potimo tu in tam, toda vročine je konec in kmalu bo vlekel mrzel veter po

St. Clair Ave. Prihaja čas, ko se bomo skrbno zavijale v svoje plašče. Pomenimo se torej danes malo o krznenih plaščih. Zapomnite si tehle šest pravil:

1. Kadar se vsedete, naj bo plašč vedno odpet in če le morete, ga neopazno potisnite malo nazaj. Nikoli ne sedite na njem predolgo, posebno ne v avtu ali v vlaku. To mu ne de dobro.

2. Če je moker, ga obesite na primeren obešalnik, če le mogoče na preprih, da se bo počasi osušil. Lahko ga obrišete tudi z mehko krpo.

3. Pred vsako vporabo in po njej plašč malo stresite. Na ta način bo ohranil svoj sijaj.

4. Pazite, da ne boste nosili pod pazduho torbice, knjig ali trdih zavitkov. Krzneni plašč je občutljiv in se lahko odrgne.

5. Ne pustite ga nikoli na soncu. Sončna toplota izpije njegovo maščobo in dlake začno izpadati. Ni izključeno, da bi dobil pege. Krzno je treba hraniti v temnem prostoru.

6. Enkrat na leto ga je treba temeljito očistiti. Najboljše je, da ga spomladi odnesete h krznarju, ki se bo pobrigal zanj.

Dr. Val. Meršol:  
Zvišan krvni pritisk

(Nadaljevanje)

Bodisi radi bolezn, bodisi iz drugih razlogov se krvni pritisk zniža ali pa zviša.

Mi govorimo o znižanem krvnem pritisku, kadar znaša dvajset milimetrov ali več izpod normale. Pri starosti petdeset let bi moral biti krvni pritisk 140-100, če pa znaša samo 120-80 ali celo manj, je to znižan krvni pritisk. Zvišan krvni pritisk za starost 50 let bi znašal 160-120 in več. V tem razmerju znižan ali zvišan krvni pritisk je zmerno znižan ali zvišan. Ta sprememba navzdol ali navzgor še ne povzroča večjih težav in se komaj opazi razen pri merjenju. Nasprotno pa znižanje ali zvišanje pritiska, ki znaša 40 ali več, postaja nevarno in povzroča že precejšnje težave.

Ker je posebno zvišanje krvnega pritiska nevarno, zato bom govoril v tem članku predvsem o zvišanem krvnem pritisku.

Navadno odkrijemo zmerno zvišanje krvnega pritiska pri splošnih zdravniških pregledih ali pri pregledih za življenjsko in bolezensko zavarovanje. Če dotično osebo potem vprašamo, ali jo kaj boli in ali čuti kakšne neprijetnosti, nam navadno odgovori, da nima posebnih težav; le nekateri nam pokaže, da jih včasih brez pravega razloga glava boli, da se jim tuhtina vrti v glavi, zlasti ko se vreme menja.

Če pa se težave radi krvnega pritiska večajo, tedaj jih prej ali slej te same pripeljejo k zdravniku.

Kakšne pa so te težave?

Predvsem je to glavobol, ki je v početku majhen in nastopa samo poredkoma, pozneje pa postaja silnejši in dotično osebo večalimani stalno spremlja. Bolečine v glavi nastopajo včasih predvsem v čelnem delu, še večkrat, pa v zadnjem delu možganov, kjer so včasih skoraj neznošne. Pri tem bolnik tudi čuti, da mu bijejo žile v glavi, in ob vsakem udarcu žile ga silno zaboli. Te bolečine trajajo včasih samo 10-15 minut in nastopajo v nekakih napadih, mnogokrat pa trajajo po cele ure brez olajšanja.

Včasih spremlja glavobol tudi zmerno zvišanje telesne toplote, do 100 stopinj Fahrenheita ali do 38 stopinj Celzija.

Tokyo. — Almost every Japanese prefecture is engaged in the production of manganese ore.

## No Seventh Heaven

Factual reports from retailers of all types and sizes indicate that, as a general rule, sales are running at good levels — but profits are very low, in some cases dangerously so.

Various reasons are given for this — higher wages and taxes, unfair government regulations, and so on. In addition, competition is extremely keen, and on occasion has resulted in excessive price-cutting.

Here is the answer to those who believe that, because prices are high and a vast mass of goods is being funneled thru stores, retailing is in a seventh heaven. The fact is that the retailer's unavoidable operating costs have tended to outrun the rises in prices that have taken place in late years. The consequence is that in thousands of retailing operations, big and little, the owner's net — the money that's left after all the bills and taxes and wages are paid — is less than it was in the days when prices were much lower and the dollar hadn't shrunk to the size of a fifty-cent piece.

In a free economy, where there are no brakes on competition, profits are always held to reasonable levels. At the same time, when profits become too low, the interest of the consumer as well as the interest of the storekeeper is endangered. No business can operate for any great length of time at peak efficiency unless it earns a fair profit. The health of any enterprise is largely measured by the profit figures — and a healthy, vigorous retailing industry is one of the cornerstones of our economy.

## St. Vitus Men's Bowling League

Sept. 11, 1952

The league is finally rolling up as a 12-team unit. A lot of new faces and a lot of changes among memberships of individual teams. Many of the bowlers are on different rosters, so it's hard to tell, after last year, which team is rolling.

Last year's champs, the Clover Dairy team has started out to repeat and their arch rivals, C. and O. Slapniks are right behind them. Al Orehek's new team no longer announced yet, took all four points from the Mezie Insurance team who the previous week had won all their games. The Norwood Men's Shop took 3 points from the Carlton Club.

The Cimpermans took 3 points from N. Okulovich's team, backer not announced. The Clover Dairy entry white-washed Brodnick Bros. Golden Gopher Club and Catholic War Vets split evenly, two each. Chas. and Olga Slapnik Florists took 3 points from the re-organized Norwood Appliances. Best team single was 887 by N. Okulovich's team. Best team series was 2557 by the Chas. and Olga Slapnik. Ed Salomon was the hottest individual with a 215 game in a 553 series.

Wichita, Kan. — Policeman Max Price, chasing a speeder, ignored it when his hat blew off, kept going when the muffler fell off, neither did he pause when the siren went dead, but finally quit when his motorcycle caught fire.

Phila., Pa. — When the "Inquirer" columnist Frank Brookhouser reported that Hubert B. Wolfeschlegelsteinhasenbergdorff had registered to vote in the November elections, Hubert wrote indignantly to say that the letter "u" had been left out; his name was Wolfeschlegelsteinhasenbergdorff.

Brownwood, Tex. — Leslie F. Smith, advertising salesman for the Frazier Publishing Co., traffic safety manual, was arrested for making an illegal turn, driving without a license, driving on the wrong side of the road and driving while drunk.

Yonkers, N. Y. — When police asked him where he had hidden the jewelry he stole, Cluyton Cuff, 20, was

speechless, gasped for breath, and coughed up a \$425 diamond ring.

Phila., Pa. — Philip Giglia, whose driver's license was suspended for speeding last March, won his appeal to have it restored when he told a judge: "I was rushing to put money in the bank to pay my income tax."

Niles, Calif. — When Harry Short was arrested for burglarizing a tavern, he explained why he was carrying a 12-in. claw bar, a 10-in. screwdriver, a hack saw and six blades and a three-cornered file: he had a wooden leg and needed those things to keep it in walking order.

St. Louis, Mo. — Thieves broke into salesman Leo Vopp's car and stole sample cases containing 150 shoes — all for left feet.

Madison, Wis. — When Herbert C. Fisher tried to outsmart a persistent burglar by rigging up a camera trap to catch him in the act, the burglar, on his next visit, ignored the bait (\$2, a ring and a watch) and instead made off with the \$150 camera.

Clarinda, Ia. — Delmar Teel, 17, who tends elephants at a circus, vowed to quit sleepwalking among his charges. Recently, walking in his sleep, an elephant apparently noticed that the youth was not carrying his elephant stick. The animal wrapped his trunk around Teel, lifted him into the air and slammed him to the ground. The youth awoke with a broken leg.

Harrison, N. J. — The juke box, long a nickel-grabbing habitue of the honky-tonk, has gone religious. A brightly lit, 20-record machine provided visitors to St. John's Lutheran Church with the strains of such spiritual hits as "A Mighty Fortress Is Our Lord." There was no charge. Just press the button under the desired hymn.

iverbank, Cal. —

Postmaster Julian Bordona says he has now heard everything. A woman asked him where she could buy some post-office pens because "they're the finest pens I've ever used." "Is she kidding?"

Evansville, Ind. — 7-year-old Lee Shelton Jr., wondered if the .38 caliber cartridge he found at home would work in his cork-popping rifle. It did. Lee was treated at a hospital and returned home with a grazed head. Police are trying to figure out how he fired the shot.

Lincoln, Neb. — Two needle-wielding men bested the ladies in needle-work competition at the Nebraska State Fair. Marshall Gregg won first prize with a unique tatting portrait of President Truman and a Louis Lehl took honors in original design quilting.

Los Angeles, Cal. — Warren W. Camplin had a weird ride on a manhole cover recently. Camplin was standing on the cover while tending to a small weed fire. Police said the flames must have touched off a small pocket of natural gas in the manhole because Camplin was blown about 4 feet into the air. He was treated for burns and injuries.

Centralia, Ill. — Marie Foltz got experience on her first day at the Valmeyer, Ill., telephone switchboard that would equal that of some veteran "hello" girls. A small tornado roared up the valley into Valmeyer. In quick order the new operator handled fire and ambulance calls before lines went down and her switchboard all but blacked out.

Ed Sustersic, member of the 1949 Cleveland Browns team, is the new head football coach at Elyria Catholic High School.

## This and That from Washington

By Congressman Frances P. Bolton

**NEW 22ND DISTRICT HEADQUARTERS** — Tuesday, September 16th will see your Congressman in the new District Office, 15525 Euclid Avenue! Change is the order of the day everywhere and the 22nd District and its Representative in Congress are in step.

Mrs. Bolton

As you all know, the State Legislature acting upon the findings of the 1950 census, redistricted the state. For half a century the 22nd District has consisted of the greater part (geographically) of Cuyahoga County plus Lake and Geauga Counties. In the change, Lake and Geauga joined with Ash-tabula, Portage and part of Trumbull to form the new 11th District to which the Republicans have nominated Oliver P. Bolton, of Mentor. I am happy over this, as I know how splendidly he will continue the fine tradition of selfless service established by Theodore Burton half a century ago.

The south and west portions of Cuyahoga County form the new 23rd District to which George Bender, long Congressman-at-large and Republican County Chairman, has been nominated. My new District has five city wards—18th, 19th, 20th, 26th and 27th—and the adjacent areas of Cleveland Heights, East Cleveland, Euclid, Lyndhurst, Mayfield, Mayfield Heights, Highland Heights, Richmond Heights, South Euclid and Gates Mills. Approximately 304,000 people live in what will be the 22nd District after January 1st.

So Friends, your Representative in the Congress is moving to 15525

Euclid Avenue in the very center of the new District. It is at the intersection of Euclid Avenue and Taylor Road, with seven bus lines conveniently near. I look forward to seeing a great deal more of my constituents in this smaller area than has ever been possible while the District was so large. Come in any time after Tuesday morning, September 16th when we open the doors of the "Bolton for Congress Headquarters," 15525 Euclid Avenue.

**CLEVELAND IS TOPS AGAIN.** Now just a word to congratulate Dr. Fred G. Carter, Superintendent of St. Luke's Hospital on receiving the highest award of the American Hospital Association. Once again Cleveland wins top honor in this recognition of outstanding work being done. Congratulations, Dr. Carter! Such work as you are making possible builds strength for America's future. All power to you!

**NEW PLANTS AND NEW JOBS IN OHIO** — The Defense Production Administration reported recently that Ohio industry has received a very large share of rapid tax write-off certificates. Up to the middle of this year 1100 certificates of approval were granted in the State. These entitle the concern to amortize new or expanded facilities over an unusually short period. By writing off a very large proportion of the investment each year, companies are permitted more substantial consideration for tax purposes. The rapid write-off system itself is an admission by Defense Production Authorities that the government's tax program for business tends to stifle initiative and expansion. If the granting of certificates can be conducted with no tinge of abuse or favoritism, it can be a great stimulus to expansion and will open up new business and job opportunities at a rapid rate.

## It's Probably Lucky He Ate a Meal First

Birmingham, Ala. — It was a great day for Thomas P. (Buddy) Johnson when the Birmingham baseball club provided free eats and drinks at the final home game of the season.

Witnesses confirmed that the 115-pound boy stowed away 13 hot dogs, 11 soft drinks, 8 snowballs, 6 popcicles and 3 sacks of popcorn and four bags of peanuts during the game.

Buddy said he could have eaten more if he had not had a meal at home just before the game.

## The Beginning of Foreign Rule of Slovenia

The territory settled by the Slovenians and occupied by them until about 900 was three times larger than the present Slovenian territory. At the beginning of the 10th century the Slovenian territory with the exception of the mountainous regions was invaded by a Mongol people — the Hungarians. The Hungarians finally broke the territorial connection between the South and Western Slavs and made an end of the Slovenian settlements in present South-West Hungary, the former center of duke Kocel's country.

The center of the Slovenian resistance became Carinthia. The anti-Hungarian policy brought the Slovenians once again like two centuries earlier the anti-Avarian policy in a closer connection with the German speaking Bavarians. Slovenians — in Carinthia at that time known as Carantanians — fought successfully the Hungarians. In 949 a Slovenian —Bavarian army reached the Pannonian plainland and started a counter-attack. The Hungarian defeat on the Lechfeld near Augsburg in Germany in 955 meant an end of the Hungarian attacks and the Slovenian territory became once again a military border territory of a mighty foreign power.

The Hungarian were pushed back to the Pannonian plainland and the

remaining Slovenian territory was divided into marches. Among the marches the history mentions for the first time the name Carnolia (Kranjska).

In 843 in Verdun in present France the Frankish Empire was divided into three parts. The great majority of the Slovenians came under Germany, which developed into the so-called Holy Roman Empire of the German nation. In 976 the Eastern March (present Austria) was given to the dynasty of Babenberg and many German settlers started to settle it.

The division into marches left a part of the Slovenians under the Hungarians and started to draw a border between the Slovenians and Croats. During the 10th century the Slovenian territory was further divided and the history mentions Carinthia, Styria, Carniola, Istria, and Gorica.

German families became rulers of these province which lost a common background. The first given the first by the Emperor of a special favor became hereditary. During that period the Slovenian nobles and peasants were put aside and the country was ruled by foreign born families.

The family Eppenstein became the most important family in Carinthia, when it died out its successor became the family Spannheim. Other masters of Carinthia were the bishops of Salzburg and Freising, the family Traungau, the

bishops of Brixen, and the family of Vovbre (German: Heuenburg).

Masters of Styria were the Spannheim, the bishops of Salzburg, and the family Traungau. In the Savinja valley the masters of the castle Zovnek, later known as the counts of Celje, became important.

In Carniola at the end of the 11th century the patriarchs of Aquileia had large possessions, but their political power has never been strong. The bishops of Freising became the masters of Škofja Loka and the Poljanska and Selška Sora valleys, while Bled and Bohinj was given as fief to the bishops of Brixen. Among the ruling families the most important were the Andechs-Meran with the center in the present town Kranj, then capital of Carniola. The family Spannheim also had some castles in Carniola, among them the castle of Ljubljana. Besides, the families of Turjak (German: Auersperg), and the family Ortenburg (Ortnek near Ribnica) were important.

Kras and the Soča valley belonged partly to the patriarchs of Aquileia and the bishops of Gorica. The most important rulers of the Soča valley became the counts of Gorica with the Gorica castle as their center.

## A Treat From The Southwest

**Tamale Pie**, a favorite main dish in the Southwest, is a satisfying way to make the most of a pound, or even less, of ground beef. It also is a delicious way to give variety to the menu.

The yellow cornmeal "crust," flavored and made even more sunny with a sprinkling of cheese, seems to absorb the well-seasoned meat flavor.

Browning the meat in margarine is a smart flavoring trick. Modern margarine is especially satisfactory for all sorts of pan-frying. It does not spatter, and it gives a beautiful brown color to foods fried in it.

With this gold-and-brown Tamale Pie, serve a green vegetable—perhaps green beans, and cold, thick slices of ripe tomatoes. An easy meal, it is also colorful and appetizing.

While the pie bakes, warm some rolls or well-margarined slices of bread. Every tablespoon of margarine in the menu adds its quota of vitamin A. It's a good idea, before winter sets in, to make sure the youngsters get all the vitamin A they need. Food specialists say this is the vitamin of which most folks, especially children, need more than most of them now get.

## TAMALE PIE

|                             |                                 |
|-----------------------------|---------------------------------|
| ¾ cup yellow cornmeal       | ¼ cup chopped green pepper      |
| 2 cups boiling water        | 1 teaspoon chili powder         |
| 2 tablespoons margarine     | ½ cup beef bouillon or consomme |
| 1 small onion, chopped      | ½ No. 2 can whole kernel corn   |
| ½-¾ pound ground beef       | Dash of cayenne pepper          |
| 1 small can tomato paste    | ½ teaspoon salt                 |
| ¼ cup sliced stuffed olives | ½ cup shredded cheese           |
| ½ cup sliced ripe olives    | Paprika                         |

Stir cornmeal into rapidly boiling water. Cook and stir until thick. Remove from heat. In a heavy skillet melt margarine and brown onion in it. Add ground beef. Stir and cook until meat is no longer red. Add tomato paste, olives, green pepper, chili powder, bouillon, corn, cayenne and salt. Taste to be sure this is enough salt. Stir well. Line a shallow well-margarined baking dish or individual bakers with cornmeal mush, reserving some for top. Pour meat-vegetable mixture into lined dishes. Drop remaining cornmeal mush by spoonfuls around edge of meat, or cover entire top, if preferred. Sprinkle shredded cheese over top. Dash paprika liberally over all. Bake in moderate oven (350°F.) 1 hour. Serve piping hot. (Makes 8 servings.)
