ON THE INITIATIVE. (Continued from page 4.) Convention could be reversed by a general vote of the members. Those members who were penalized by the last Convention, either by fine, suspension, or expulsion, should now petition the Supreme Board, and demand their name should be submitted to the general vote of the members, because attorney Robertson has rendered an opinion that all by-laws which are an attempted limitation on a referendum are invalid, and I venture to say that when such petitions are before the Supreme Board, that the Supreme Board, as well as this attorney and my worthy critic will all together blow another tune, and would say that they made a mistake when they rendered their legal opinion on initiative of lodge No. 600. We must now declare a Convention a mere mockery, or would render it void by supporting a theory which would only make chaos in a fraternal society.

POROČILO O NAKAZANI BOLNIŠKI PODPORI dne 22. marca 1928.

Table listing names and amounts under the heading 'POROČILO O NAKAZANI BOLNIŠKI PODPORI dne 22. marca 1928.'.

would save about two days in traveling from and to the Convention, while the Western delegates would increase their journey by two days, and as there might be fifty more delegates from the east as from the west, there might be a saving of one hundred days for one delegate, in favor of Cleveland.

If the per diem of a delegate would be ten dollars per day, this would be a saving of one thousand dollars in favor of Cleveland or a total saving of \$3,437.72. As Chicago is a convention city, and if the national organization buys all the railroad tickets and then mails them to the delegates, a reduction of at least 80% on fares to Chicago can be obtained. It is no more than fair, and just to credit Chicago with this 80% advantage on railroad fares. Take 20% of \$6,918.40 which is \$1,383.68, and this practically wipes out the total saving which is claimed for Cleveland. Also we must remember that in the \$3,918.40 is not included the railroad fares of western delegates from their towns to Chicago, so that the saving in favor of Chicago with the 80% reduction is much greater than \$3,437.72.

Against Cleveland must be charged the direct cost of the printing of the initiative which is five hundred dollars, the direct cost of the opinion of attorney Robert Robertson, other possible legal costs, and various other indirect costs, such as the value of space consumed in Prosveta and many others, when all totaled would make Cleveland the least desirable city to hold the coming Convention of the SNPJ.

If a general approval, there are so many points in favor of Chicago, that the membership in consideration of justice and truth, will so overwhelm the proponents of initiative of lodge 600 that the proposition will not even be submitted to the general vote of the members.

All the subordinate lodges of the SNPJ in Chicago have voted by large majorities that the next Convention of the SNPJ should be held in Chicago; by such vote they have morally obligated themselves to provide sufficient and proper housing accommodations for the delegates. Chicago knows best, whether she can provide sufficient housing accommodations to the delegates, and her answer has been that she accepts the responsibility.

It is not enough that honest men are critics. All know the influence of interest on the mind of man, and how unconsciously his judgment is warped by that influence. To this bias add that personal desire for more power, for high rank, too, that they are in the habit of going out of the common laborer class, to throw an anchor about and grapple further hold for future advance of power. They are then in fact the corps of snipers and miners, steadily working to undermine the independent rights of the conventions, and to consolidate all power in the hands of party politicians with petting arguments.

We, having faith in the constructive majority as represented by the delegates of the Western Convention, and because we represent the rank and file on the scaffold; but that scaffold swings the future, and behind the dim shadows, standeth the members who sit in judgment, and who shall render the only just and fair verdict which is that the 8th Regular Convention of the SNPJ shall be held in Chicago.

Richard J. Kaverick.

Shawegon, Wis.—Lodge "Moderns", discussed about the Initiative of Lodge No. 600, and has come to a conclusion that the city of Chicago has taken just as good care of the delegates as the city of Cleveland. One plan would probably save a few hundred dollars on fares, but the initiative itself would cost between five and eight thousand dollars. Lodge Moderns No. 604 SNPJ voted unanimously against the initiative of lodge No. 6, which is nothing else but a scheme to deprive the English-speaking and other small lodges of their right to a representation at the convention. The reason being that the Lodge No. 6 is striving to decrease the number of delegates and thereby saving the treasury of SNPJ some money on one side, while on the other they are striving to spend the money on initiative which, if endorsed, would cost the SNPJ in the neighborhood of \$8,000. With that amount they could pay all the delegates for one week's convention. We urge the other lodges to take a similar step to really lower the costs.

Family Committee.

Springfield, Ill.—Our meeting Friday was not so well attended because of the weather, but we took action on the initiative just the same, voting unanimously against the initiative of Lodge No. 6, which would give the Supreme Board more power at the convention and also the franchise with big memberships. However, we favored Cleveland as the next convention city.

Family Com.
