Davey je zopet nazaj

Noben politikar ni bil presenečen, ko je pred par dnevi bivši governor Davey naznanil v javnosti, da bo letos ponovno kandidiral za ohijjskega governorja. Če drugega ne, je Davey s tem pokazal, da se mu prav nič hlače ne tresejo, da bo pri jesenskih volitvah preplaval državo Ohio republikanski glas, kot je to strah nekaterih demokraov. Nekateri trdijo, da se je ta strah polotil celo senatorja Donaheya, ki da si ni prav gotov zmagati, če bi ponovno kandidiral in ne mara iti v zasebno življenje kot poražen kandidat.

Naj trdi nekatero časopisje kar hoče o Daveyju, eno je pa gotovo o njem in to je, da je eden najbolj premetenih politikarjev v državi Ohio. In če kdo misli, da je od zadnjih volitev spal in sesal palec radi zadnjega poraza, se moti. Davey ima še vedno močno politično mašino, ki je bila ves ta čas na delu in Davey ima še danes vse klešče v ognju.

Da je to res, je pokazal zadnji sestanek ohijjskih demokratov v Columbusu, kjer, mimogrede rečeno, Davey ni bil navzoč, na katerem se je Charles Sawyer izjavil, da ne bo kandidiral za governorja. To je vse politične kroge presenetilo, ker se je splošno pričakovalo, da bo držal besedo, ki jo je parkrat ponovil, "da bo vselej kandidiral, kadar bo kandidiral Davey." Dasi je Sawyer vedel, da bo Davey kandidat, pa se je vseeno umaknil.

Kaj to pomeni? Nič drugega kot mrzlo dejstvo, da politikarji zdaj priznajo, da je Davey edini demokrat, ki ima priliko poraziti Brickerja. In ker so se demokrati naenkrat spomnili, da bi ne bilo napačno, če bi imeli v Columbusu demokratskega governorja, bodo pozabili vse boje v stranki in dali priliko Daveyju, da pokaže svojo moč.

Zadnje volitve so pokazale, da je Davey silno močan v podeželskih okrajih. Nihče drugi ni tako popularen med farmerji kot je Davey. Vsak politikar pa tudi ve, da brez podeželskih okrajev ne more zmagati noben, najsi ima še toliko večino v mestih. In farmerji so še danes iste misli in bodo šli za Daveyem.

Da so leta 1938 demokratje izgubili v državi Ohio, so si bili sami krivi. Vse preveč gnojnice se je polilo v stranki sami. Mesto da bi demokrati vodili kampanjo proti republikancem, so jo vodili proti samim sebi. Posledica je bil poraz. Sawyerjevi pristaši so mislili, da je Davey čisto na tleh in so enostavno hodili po njem. Sodili so, da lahko zmagajo brez njega. No, zvedeli so bridko resnico, da je stvar drugačna.

Da je bil Davey v nekaterih krogih tako nepopularen je bil vzrok ta, ker ni hotel biti šlapa in se vsakemu uklanjati. Nekatero časopisje je bilo proti njemu, ker mu Davey ni naklonil velikih oglasov državnih prodajalcev za žganje. Drugi so bili proti njemu, ker je vse preveč stal na lastnih nogah. Toda kar se tiče državne uprave mu niso mogli dosti do živega. Res se je mnogo pisalo o tem in onem, toda to je bila vse samo sapa, ker še dozdaj, ko je že drugo leto republikanski naslednik v Columbusu, pa niso še odkrili nobenih nerednosti, ki bi jih bil zakrivil Davey kot governor.

Davey je bil prvi governor, ki je imel srce, pa naj bo že politično ali pa človeško, za državljane tujezemskega rodu. Vsi governorji skupaj, kar jih je bilo pred njim, niso dali še toliko priznanja in pravice do javnih služb tujerodcem kot Davey. V tem smo bili deležni velikega dela tudi Slovenci. Da se je governor Davey odzval našemu vabilu in prišel v parado, ki jo je priredil kulturni vrt, bi nazadnje lahko pripisovali to politiki. Pa naj je prišel iz političnih ozirov, ali res iz naklonjenosti, fakt ostane, da ne dobite za tako stvar nobenega governorja, ker se pač čutijo, da so governorji, torej nekaj več. Davey je pa znan kot preprost, domač človek, zato ni čudno, če so po deželi tako vneta zanj.

Zdaj sicer še ne vemo, kdo vse bo kandidiral za governorja, toda lahko pa že danes rečemo, da nima na demokratski strani nihče večje prilike biti izvoljen, kot jo ima Davey.

Vodni metri

V našem časopisu se je pojavila debata, če bi ne bilo pametno in koristno, ako bi mesto vpeljalo vodne metre v hišah za vse štranke, to je, tako za gospodarja kot za najemnike. Nekateri so za to idejo, drugi so proti, kot je pri vsaki stvari.

Misel pa ni tako napačna, kot se pa vidi na prvi pogled. Oni, ki so za vodne metre za vsako družino posebej, pravijo: če je vodni meter za plin, za elektriko, naj bi bil pa še za vodo. Tako bi vsaka družina plačala, kar porabi. Nekatero družino porabijo vode več, druge manj. Če se preveč troši z vodo po nepotrebnem, ima gospodar škodo in godrnja. Pa ni čudno, če godrnja pri sedanjih vodnih računih, ki so že skoro večji kot so za elektriko ali plin.

Včasih, ko je gospodar plačal par dolarjev za vodo na leto, mu je bilo vseeno, koliko jo najemnik porabi. Toda danes, ko plača hišni posestnik na leto po \$30 do \$50 za vodo, je pa druga stvar. Zato pa nekateri mislijo, da bi bilo bolj pravično, če bi jo vsaka družina plačala, kolikor jo porabi, pa bi ne bilo nobenega godrnjanja.

Seve, to je zdaj samo debata in izmenjavanje misli, kar je čisto zdravo, ker kaže, da se ljudje zanimajo za gospodarska vprašanja. Predno bi se pa kaj takega uresničilo, bi bilo pa še malo več in bolj vroče debate pri mestni administraciji.

BESEDA IZ NARODA

Moderen trgovski lokal

Na trgovsko prometni vzhodini 185. cesti in vogalu Kildeer ulice je postavil znani slovenski stavbenik krasno trgovsko poslopje, ki je v ponos središču slovenske naselbine. Priznati moramo stavbeniku Josip Demšarju, da je v stavbinskem delu strokovnjak, pa naj bo to v okusu, slogu ali ličnosti. Pridobil si je v stavbinstvu tekmo 28-letne prakse bogate izkušnje, velik ugled med nami in tujem narodu ter zaupanje onih, katerim je gradil. Njegova beseda je več, kakor pismeno jamstvo tuje tvrde. Rajši kakor bi snedel svojo besedo, trpi materialno škodo—mož je poštenjak od nog do glave.

Lastnik \$35.000 vrednega poslopja je nadebudni in podvzetni Frank Race ml., slovenski mlekar in izdelovalec sladolea. Mr. Race poseduje izredni trgovski talent, ki ga zna tudi v trgovskem poslu v procvit svoje trgovine, oziroma obrti, porabiti. Njegov prikupljiv nastop, obvevanje z odjemalci, bister pogled v bodočnost, hitra razsodnost, ga diči v značaju in poštenosti.

Poleg moderno zgrajenega trgovskega lokala, poseduje krasno opremljeno trgovino za mleko in sladolea na vogalu 170. ceste in Grovewood Ave. Centralna mlekarina pa se nahaja na 61. cesti med St. Clair Ave. in jezerskim boulevardom.

Napredek tega mladega, energičnega in uspešnega trgovca nas močno veseli. Zavedamo se dejstva, da če on trgovski raste, raste tudi naš narodni ponos in to tembolj, ker Mr. Frank Race ml. nikjer in nikdar neprikriva narodne zavesti. Lepe stotake, čeprav lahko o tisočakah govorimo, je dal v podporo našim narodnim, kulturnim, podpornim in prosvetnim ustanovam v obliki oglasov ali direktno v blagu ali denarju.

Oglejmo si malo novo zgrajeni trgovski prostor, da vidimo njega prostornino in kakšnem namenu bo služilo. Zgradba je v izmeri 50 v dolžini in 50 čevljev v širini notranjega obsega. Razdeljena je na pet delov in sicer: glavni trgovski lokal v izmeri 36 čevljev globok in 48 čevljev širok. Kuhinja v izmeri 12x16 čevljev. Levo od pročelne vhoda se nahaja moderno zgrajena in zraku neprodirna hladilna shramba in poleg nje pa prostor za operiranje električnih strojev. Desno od glavnega vhoda pa so zgrajena, higijskično opremljena, stranišča.

Višina trgovskih lokalov je 14 čevljev in kleti, ki se nahaja pod celo stavbo, pa polnih 10 čevljev. Ogrevanje ali hlajenje prostorov bo izvajano potom "Air Conditioning" sistema. Mrzloti v hladilnici bo mogoca potom električnih hladilnih aparatov 15 stopinj pod ničlo. Vsi hladilniki v trgovskem prostoru bodo centralno zvezani v enakomerni temperaturi.

Pročelje stavbe je z malo izjemo spodaj in zgoraj stekleno v obliki velikih izloženih oken. Glavni vhod bodo zapirala šest čevljev široka, polovično steklena vrata. Stranski vhod bo služil v poslužno telefonske celice ter zadnji izhod pa na 30x50 čevljev veliko avtomobilsko parkališče.

Oprema v stavbi bo montirana najnovejše in najizjebitejši pogona električnega toka. Ves les je najlepše pleskan in sliči enak kakor smo ga v stari domovini imenovali jelša. Strop je ometan po romanskem načinu in stavba zgrajena po "Modern Nestic" slogu.

Stavba bo izročena prometu

okrog velike noči, toda slovesna odprtja prostorov pa bo 31. marca.

Priliko smo imeli slišati mnenje državnega nadzornika mlekarne, ko je pregledoval prostore ter dobesedno izjavil: "Ta prostor ne bo samo eden najlepših in moderno opremljenih prostorov v mestu Clevelandu, ampak bo prostor, ki bo eden najlepših v državi Ohio." To laskavo priznanje državnega nadzornika gre v kredit graditelju in lastniku.

Poleg vsega, kar najdemo finega in modernega v delu in stavbi, moramo poudariti, da je bilo to zgrajeno po rokah slovenskih obrtnikov na izrecno željo stavbenika in po naročilu lastnika. Ta dograditev že sama kvalificira mojsterska dela slovenskih rok.

Ob tej priliki najiskrenejše čestitamo v napredu Mr. Racetu Franku ml. in Mr. Josip Demšarju na mojstrski zgraditvi.

Zadružna fronta

Fronte padajo, linije se izpreminjajo, le ena še drži: ZADRŽNA FRONTA! Domačih problemov je toliko, da ni koristno zanemariti jih. Kdor si ogleduje kapitalistično fronto vidi, da se nekaj jako ruši, vidi da nimamo več svobodne kompeticije, da sama vlada je noče, da danes vlada raketirstvo, monopol, po domače Al Capone sistem.

Nekaj dalekovidnih industrialnih magnatov je izza leta 1932-1933 videlo znamenje in šli so v Washington, da prevzamejo vsaj nekaj odgovornosti v ekonomski premembi, kajti drugače bi za nje ne ostalo nobenega businessa. Ravnotako bi mi delavci morali biti pripravljeni prevzeti odgovornost za večje in boljše zadruge in njih obrat. To včasih predvideva nekaj požrtvovanja, ampak to žrtvovanje je malenkostno in primeri z žrtvovanjem, katerega nam bo privatni monopol usilil v bodočnosti.

To ni noben neutemeljen alarm. Značilno je, da kadarkoli je velebusiness izpodrinil lokalno kompeticijo, cene so danes 10, 20, 30% višje kot so bile preje. Edina meja na cenah je zadnji cent zaslužka odnotnih delavcev. In nobena druga organizacija ne more priti temu v oko kot to, da odjemalci, to ste vi, odločijo, da bodo sami prevzeli to delo distribucije živil in potrebščin med njimi. Jasno je, da to pomeni eno: lastovanje zadružnih trgovin predno popolnoma zadušijo vire in pota za delavsko lastnino.

Ako lahko širimo zadružne trgovine sedaj, ni treba se nam batiti za bodočnost svojih otrok. Pri tem so najprvo poklicani kot prostovoljci unijski delavci, da pristopijo v zadružne vrste. Same resolucije njim v prilog ne zadostujejo, treba je aktivnega odjemanja, članstva, da si delavec opomore. Edinole v drugih si delavec lahko uredi in kontrolira življenski standard.

Zato, slovenski delavci, vaše mesto in delo je pripravljeno v Slovenski Zadrugi. Vse potrebne informacije dobite pri direktorjih in poslovojdih trgovin—delničarji lahko postanete s tem, da ste odjemalec!

KJER DELAJO BELI ZA INDIJANCE

Na otoku Annette, katerega glavno mesto je Metlakatla, so naseljeni Indijanci in to je edina pokrajina v Zed. državah kjer beli delajo za Indijance. Uslužbenih je 11 belih oseb in sicer en policaj, en zdravnik, šest učiteljev, dva duhovnika in upravnik tovarne za prezerviranje živil.

Federacija J. N. Domov

Na glavni letni seji, ki se je vršila v nedeljo, 25. februarja, 1940 v SND na St. Clair Ave., je bil izvoljen sledeči odbor za leto 1940:

Predsednik Frank V. Opaskar, Prince Ave.; prvi podpredsednik John Centa, St. Clair Ave.; drugi podpredsednik Suppan Louis, E. 80th St.; zapisnikar Carl Samanich, Denison Ave.; finančni tajnik John Mišmaš, West Park; blagajnik Anton Perušek, Maple Heights, 5146 Miller Ave.; nadzorniki: Frank Levar, Euclid, O.; Marrolt George, Holmes, Ave.

Sklep seje je bil, da vsak narodni dom, ki je pri Federaciji, plača \$20 asesmenta na leto. Ta denar naj se pošlje blagajniku.

Prosi se, da se vsi zastopniki pevskih zborov udeleže skupne seje v petek, 29. marca v Slovenskem narodnem domu na St. Clair Ave., in sicer ob osmih zvečer, da se pomenimo, kakšen program bomo imeli na Slovenski dan 18. avgusta v Gordon parku.

Z narodnim pozdravom,
John Mišmaš, tajnik,

Zanimivo čtivo

Spoštovani mi rojaki in čitatelji, popolnoma se strinjam z vami in zelo me veseli ko sem imel priliko čitati toliko lepih dopisov v zadnjih božičnih številkah. Ker se malo kdaj oglašim, zato želim danes povedati svoje misli.

Povem vam, da so mi kar solze zalivale oči, ko sem čital razne dopise iz katerih vidim, da naši rojaki še niso pozabili svoje rojstne domovine. Med dopisniki so se rojaki spomnili tudi svoje rojstne fare in vseh gospodar pri fari št. Vid pri št. Stični. Saj naša farna cerkev stoji na lepem hribočku sredi fare in vse naokrog pa so bele vasi in zelene travniki.

Naša fara ima 24 družnic, vse od sv. Jurja pa do sv. Martina so bila žegnanja. Zvonovi so zvonili trikrat na dan čez hrib in čez plan in te vabili k molitvi kristjani. Naša fara je v bližini velike ceste in železnice, po logeh pa se vijejo šumeči studenci. Imamo pa tudi vince z gore, ki greje srce... saj tako pravi narodna pesem. Kolikrat so fantje in dekleta zapeli: "Veseli bodimo, veselga srca, ki smo iz luštnega kraja iz Sent Vida doma..."

Vse to smo zapustili in šli v svet za srečo ali nesrečo, kakor je pač bilo komu namenjeno. Zapustili smo svojo rojstno domovino, toda pozabili je ne bomo nikdar.

Nahajam se v State Hospital, kjer pa mi je zelo dolg čas in zato prosim rojake, da kadar se kateri nahaja tukaj v bližini, naj me pride obiskat. Blizajo se veličnočni prazniki, zato želim vsej moji družini in sorodnikom ter prijateljem veselo Alelujo, da bi jo zdravi in veseli dočakali še mnogo let. Pozdrav,

Ignac Slak,
State Hospital.

Enake pravice za vse

Ni mej namen kateremu odgovarjati na dopise saj imamo v Ameriki vsi enake pravice, ampak dopis Mr. Arkota pa mi je tako dopadel, da mu moram malo odgovoriti.

Imenuje me milijonarja, ali ni to častno, hvala Mr. Arko. Skoro se tudi jaz strinjam z vami, da morajo davke plačevati tudi rentarji, seveda kje bi pa hišni gospodarji dobili denar, če bi hiš ne mogli "rentati." Torej morate pripoznati, da če se gospodarji bijemo za manjši davke, se borimo obenem tudi za cenejši najemnino (rent). To morate pa vsak vedeti, da če se bodo davki višali, se bo višala tudi na-

jemnina, saj imamo vsi enako pot gospodarji in najemniki.

Strinjam pa se z vami Mr. Arko tudi v tem, ko pišete, da smo si naložili na rame tiste stare bajte in da so večina lastniki istih samo po imenu, v največ slučajih pa so pravi lastniki banke. Prav ste napisali. To je res in gospodarji morajo biti dandanes zelo previdni in varčni, da izhajajo v današnjih časih.

Kar pogledjmo, že na tisoče gospodarjev je zapustilo svoja posestva, ker se niso hoteli več ukvarjati z bajtami. Povem vam Mr. Arko, tudi vi si lahko naložite nekaj bajt na rame, če vas veseli in ker vidite, da imajo gospodarji tako velike profite. Samo pojdite na banko in povejte, da bi si radi naprtili nekaj bajt in takoj bodo pri volji vam jih nekaj dati, samo če hočete prevzeti odgovornost zanje, pa boste tudi vi milijonar. Le zapomnite si, da današnja mladina ne mara stanovanjskih hiš, ker dobro ve, da je le malo dobička in veliko stitnosti z njimi. Pa brez zamere,

Frank Opaskar, st.

Nekaj misli v času surove sile

Nesporno je, da more telesna vzgoja doraščajoče mladine odločujoče vplivati na razvoj naroda. Zgodovina nam kaže mnogo takih primerov. . . .

Pri narodnih prakulture, kjer mnogokrat zavisi možnost življenja predvsem od telesne sposobnosti (lovci, nomadi, ribiči), se mladina igraje nauči raznih telesnih spretnosti, ki se marsikomu izmed nas zde skoraj nemogoče. Prebivalcem Oceanije n. pr. nič poseben dogodek, ako 14 leten fantič s primitivnim nožem iz kamna prepara trehuh morskemu volku, ki ga napade. Raziskovalci doslej še ne civiliziranih pokrajinj večkrat poročajo o telesnih uspehih in merah, ki jih dosežejo domačini in to brez športnih igrišč in trenerjev. Boj za obstanek jim je najboljši trening.

Nekaj podobnega lahko opazimo pri civiliziranih narodih v onih ljudskih plasteh, ki se prevzljajo z naravnim telesnim opravlilom, razne telesne spretnosti. Naš lovec ali drvar, dalmatinski ribič ali hercegovski pastir — vsak izmed teh zmora na svoj način več kot še tako izvežban atlet.

Nasprotno oni sloji, katerih skrb za življenje ne zavisi od njihove telesne spretnosti, navadno začno telesno propadati, pa četudi žive navadno v večjem blagostanju. Proti temu pogubnemu pojavu telesnega hiranja se skuša človeški rod boriti na razne načine. Izkazalo se je, da je pravilna telesna zaposlitev mladine zelo uspešno sredstvo proti narodnemu propadanju. Tako se je izoblikovala načrtna telesna vzgoja pri raznih narodih visoke kulture.

Športnim ideologom današnje dobe je po večini vzor telesna vzgoja starih Grkov, izražena v kratkem reku "lep in plemenit". V olimpijskih igrah je vsaka štiri leta na zunaj prišla do izraza misel plemenitega tekmovanja med posameznimi grškimi državicami. A vendar so Grki propadli, Spartanci so propadli celo prvi med njimi, čeprav so ravno oni imeli do skrajnosti izoblikovano stro-

go telesno vzgojo svoje mladine. Krivda je bila v tem, da je lepo izoblikovano telo postal cilj vsemu stremljenju in drugo stopilo v ozadju. Kult telesa ni okrepil, temveč razkrojil naravne sile naroda, kajti krška mladina, vzgojena na krasnih športnih prostorih je pač z navdušenjem tekmovala v stadionih — izogibala se je žrtve, ki jih nalaga življenjska vzgoja — izogibala se je žrtve življenja po zakonih narode.

V najnovejši dobi, ko se je razvil civiliziranih narodov za obstanek zaostrih narodov v ta boj povezane najširše plasti naroda, lahko zopet opazujemo gigantske poskuse vzgoje mlade na polju telesne vzgoje. S pomočjo črtne telesne vzgoje skušajo voditelji narodov izoblikovati narod, ki naj jim bo porok za dosego zastavljenih ciljev. Vse smo pričla tem poskusom skoraj z neko nestrpnostjo pričakujemo bodočnosti, ki nam pokaže sadove te vzgoje.

Doslej je zgodovina pokazala, da vsaka, še tako idealna zasnovana telesna vzgoja ne more nadomestiti najvažnejšega, namreč življenja po naravnih — to je božjih zakonih. Če, da se poborniki športa tega čisto premalo zavedajo.

Jaka je umrl (o ne, ne tisti, ki vi mislite). Kar zamižal je krevsval pred nebeška vrata, nižno se je priklonil vrata. Petru, potem je hotel pa kar njega v paradiz.

"Hej, prijatelj, tako se pa smo zmenili!" mu je zaklical Peter, "ali imaš kakšno sprico, da si se na zemlji spokornil svoje grehe, da bi se zdaj vsedel kar v nebesa?"

"Kakopak, seveda imam oborožen; oženjen sem bil."

"A, tako, potem si imel pa hudo pokoro. Kar naprej, brat moj," ga prijazno povabi sv. Peter. Jaka je ves srečen odločil skozi odprta vrata.

Takoj za njim je pa priklonil kal pred nebeško kraljestvo, pe, ki je videl, kako je Jaka, hato odmarširal v nebesa, pa hotel kar meni nič, tebi nič skozi vrata.

"Počakajte, boter!" mu je klical sv. Peter. "Ne bo slo gladko. Najprej boš šel za časa v vice, da se malo osmislis svojih grehov."

"Oho!" se začudi Lipe, "šna pravica je pa to? Zakaj smel pa oni pred menoj kar?"

"Revež se je dovolj spokornil zemlji, ker je bil oženjen."

"Potem sem se pa jaz še bolj ker jaz sem bil kar trikrat oženjen."

"Trikrat, praviš!" se je ravnih nebeški ključar. "Potem splni ni zate prostora v nebesih. Pri nas namreč ne sprejemamo norcev!"

WINNETOU

Pe nemškem tviralku K. Mays

Zamudili bi se bili sicer, pa varno bi bili potovali. Seveda se je zgodilo čisto čisto drugače —

Hodili so seveda peš poleg nas in počasi smo gotovali. Vsi srečni so bili, da potujejo v našem spremstvu, neprestano so se nama zahvaljevali, radi bi se bili z nama pogovarjali, pa Winnetou je bil vohar močelček, človek, meni pa tudi ni bilo do besede, ker sem se pečal s svojimi, čisto posebnimi mislini.

Rollins namreč mi ni več ugajal, sumljiv mi je bil, topot pa zares sumljiv.

Naši novi sopotniki so ga skušali spraviti v pogovor, popraževali so za kod in kam, pa zaman. Ostro jih je zavrnil, jezen je bil, da smo jih vzeli s seboj in radi njih počasi potovali.

Ze prej mi ni bil simpatičen, s svojo godrnjavostjo in odurnostjo pa se mi tudi ni prav nič prikupil. Nisem se mnogo zmenil za njega, ker pa je bil tak oduren človek, sem ga pa le opazoval, seveda skrivaj.

Uspehi mojega opazovanja pa so bili vse drugačni, nego sem pričakoval.

Kadar je namreč mislil, da ga nihče ne opazuje, je šinil po njegovem obrazu zaničljiv posmeh in nekako škodoželjno zadovoljstvo. In pri tem je vsakokrat ostro in prežeče pogledal po meni in Winnetou, prav kot bi se bal, da ga opazujeva.

Njegovo obnašanje je gotovo nekaj pomenilo, pa nekaj, kar za njega ni bilo dobro. Še pozorneje sem ga opazoval.

In opazil sem še nekaj druga. Pogledoval je namreč po naših sopotnikih, tudi od njih se je kateri včas obrnil, njuna pogleda sta se srečala, kaj sta sicer pogledala v stran, pa zdelo se mi je, da zre iz njunih oči nekaj več kakor samo površna radovednost, — tajno, tiho sporazumevanje, odobravanje. Pogovarjala sta se z očmi —

Ali so se ti ljudje vkljub vsemu morebiti le poznali —? Ali so "delali" skupno na istem dogovorjenem lopovskem načrtu? Ali je bila Rollinsova jezavost in odurnost je dobro premišljena krinka —?

Toda čemu so nas varali —? Nesrečni popotniki bi nama morali biti hvaležni —. Rešili smo jih gotovega pogina —

Ali pa je bila morebiti vsa njihova zgodba samo izmišljena? Ali so si tudi "nesrečni naseljenec" nadel krinko in nas varali? Kaj so nameravali —?

In čudno —. Prav tako je bilo, kot da sva z Winnetouom ena oseba, kot da oba eno in isto misliva.

Se sem razmišljal, kaj naj to sumljivo obnašanje pomeni, ko je Winnetou ustavil konja in rekel staremu Wartonu:

"Moj beli brat je že dovolj peš hodil! Truden je, naj sede na mojega konja! Tudi Old Shatterhand bo rad posodil svojega konja njegovemu sinu. Dobra pesca sva, iz lahka vaju bova dohajala."

Warton je ugovarjal. Vsaj delal se je, kot da mu vljudnost brani sprejeti velikodušno ponudbo. Nazadnje pa se je le vdal in sedel na Winnetouovega rjavca. Njegov sin je dobil Swallowa. Rollins bi bil moral po vseh pravih vljudnosti dati svojega, a tega ni storil. Jezno je nekaj godrnjal in trmasto obsedel v sedlu. Nečak in bratranec sta menjaje se jezila Swallowa.

Z Winnetouom pa sva šla peš. Njegovi velikodušni ponudbi se nisem prav nič čudil. Vedel sem, kaj namerava. Govoril bi bil rad z menoj, pa tako, da bi sopotniki ničesar ne sumili.

Čisto naravno je bilo, da sva zastala, pa še sama sva nekoličko zadržala korak. In ko sva bi-

Newburške novice

Sem mislil sinoči v vas iti

Tako se glasi ena fantovska. Mi smo pa primorani zapeti "Smo mislili na evetno nedeljo zvonove blagoslovit..." pa nas je zopet zaneslo. Stolp še ne bo pripravljen sprejeti svoje "jezike", in spodaj jih nimamo kam dejati. Zato smo primorani blagoslovljenje zvonov preložiti na po Veliki noči. Delavci bi bili že lahko dodelali; streha bi bila lahko že na stolpu, pa nimajo križa, ki bo stal vrhu stolpa. Križ ima priti vsak čas, a četudi pride jutri, bo prepozno. Potrebno na vrhu vseeno ne bo v redu. Bomo pa pozneje toliko bolj slovesno praznovali blagoslovljenje zvonov, ko bo tudi vse drugo bolj pripravljeno in okoli cerkve, kjer je sedaj samo blato, same nastave raznega materiala, bo pospravljeno. Karpenterji delajo strop in drugo. Steklarji pa devljejo zunanje steklo v okna. Dva manjša umetna okna zadaj v krstni kapeli sta že na mestu in prav krasna sta. Eno izmed teh oken je darovalo društvo št. 15 SZZ, zakar jim najlepša zahvala.

Vse prihaja

In tako gre vse skup. Orgle so že v delu. Oltar je že začel nekje v Italiji. Krasne klopi izdelujejo v Columbusu. O zvonovi že čakajo v St. Louisu. Krasna okna prihajajo iz Pittsburgha in bodo v par mesecih na mestu. Vse bo tukaj in treba bo šteti "novaca," kot se nikoli poprej. Zato pošiljamo naš SOS, kar pomeni "stopite otroci skupaj." Treba bo zavhati rokave in poprijeti z največjimi močmi, ki smo jih zmožni. Kdor torej še ni svoj assement za novo cerkev izplačal, naj poprime z takimi moči, kot še nikoli poprej, da bo čimprej dovršil ta svoje. Ko bomo pa enkrat ta hujše vrgli in naše dolgove pomendrali v prah, takrat bomo pa lahko počivali in se oddahnil. Za sedaj pa ne gre drugače kot, da poprimemo z vsemi močmi in VSI!

Dve materi

Dve materi sta odšli iz naše srede na eden in isti dan. Katarina Tekavčič in Mary Šuštaršič sta bili poklicani po smrtnem angelu pred Boga. Tekavčičeva mati je bila že v letih in dolgo je bolehal. Zato se nismo čudili, ako jo je Bog rešil iz vstega tega trpljenja. Mrs. Šuštaršič pa je bila vedno na videzno trdna in zdrava. Njo je klical Bog nepričakovano. Obe zapuščata za seboj odrasle otroke in soproge. In tako sta zopet dva doma, kjer je nastala nenadomestljiva praznosta, ko so odnesli mater za vedno od doma. Naše globoko sožalje obema družinama. Pokojnima pa naj uživati pri Bogu zasluženo plačilo — na veke.

Bolezen končno vsakega najde

Sadarjev oče so se dolgo branili bolezn. Zadnje dni pa je tudi nje položila na posteljo. Oče so sicer že v letih, toda trdna volja ozdraviti veliko pomagala. Mogoče pa se ji še vseeno po robu postavijo. Upamo da.

Lepe slike v nedeljo

Skupna društva so se zavzela za nove orgle in bodo v nedeljo ob 8 zvečer, s pomočjo Mr. Anton Grdina, kazali lepe nove slike v šoli. Zato pa v nedeljo večer po križevem potu vsi v šolo, da boste imeli dvakratno korist: Videli boste lepe slike in obenem imeli nekaj zabave, take zabave, ki je vsak čas na mestu, tudi v postu.

SEJA CERKVENEGA ODBORA BO NA CVETNO NEDELJO OB 11 MESTO JUTRI. GLAVNI ODBORNIKI, VZEMITE V POŠTEV.

IZ DOMOVINE

— Modernizacija državne ceste Ježica-Domžale. Konec preteklega leta je bila na tehničnem oddelku banske uprave licitacija za modernizacijo ceste Ježica-Domžale. Tedaj sta se javila za licitacijo le dva ponudnika in sicer gradbeno podjetje Ivan Bricec iz Ljubljane ter podjetje J. Slavec iz Kranja. Istočasno je bila licitacija pri gradbenem ministrstvu v Belgradu, kamor pa ni prišel noben ponudnik. Ker pa predpis zahteva, da morajo biti pri prvi licitaciji za državna javna dela najmanj trije ponudniki, licitacija ni uspela. Kakor čujemo, bo druga licitacija s skrajšanim rokom razpisana v kratkem času.

— Od božiča je mrtev ležal v gozdu. Že 23. decembra je gozdni delavec Ivan Brunčko odšel od nekega posestnika v Vrha, kjer je bil zaposlen s sekanjem v gozdu. Ker je Brunčko večkrat menjaval gospodarja in hodil na delo od posestnika do posestnika, ga nihče ni pogrešal, čeprav ga že od omenjenega dne niso videli. Slučajno je hlapec Franc Vrhovnik te dni šel na delo v gozd, kjer je ves prestrašen našel mrtvo moško truplo. Domnevajo, da se je Brunčko na dan, ko je odšel od svojega delodajalca, precej opil. Ubral jo je po bližnjici skozi gozd, kjer je najbrž omagal in se vlegel. V hudem mrazu je zmrznil in mrtev ležal v gozdu, dokler ga niso slučajno našli.

— Smrtna žrtev nesreče. Ljubljanski reševalci so pripeljali v splošno bolnišnico 38 letnega posestnika Jožeta Hitejca z Iga. Gospodar je nameraval zjutraj s konjem v Ljubljano, zato je že zgodaj pričel krmiti živino. Hotel je nakrmiti tudi konja. Ko pa je stopil k njemu, se je konj vzpel in ga na vso moč brcnil s kopitom v trebuh. Hitejc je lahko samo še zavpil, nato pa se je nezavestno zgrudil v hlevu, kjer so ga kasneje našli domači. V bolnišnici so ugotovili, da je imel počen želodec in še druge notranje poškodbe, za katerimi je kmalu umrl.

— Naboj iz možnarja v obraz. Z avtomobilom so prepeljali v bolnišnico 32 letnega občinskega slugo Antona Štrbeka iz Doba pri Domžalah. V Dobo so priredili majhno sijavo na večer pred godom Tonetov, pri čemer so streljali z možnarji. Zraven je bil tudi Štrbek, ki je prezkodaj pristopil k možnarju iz katerega mu je nenadno udaril ves naboj v obraz.

— Smrtna opeklina. V Novakih pri Pazinu se je pripetila pri šestanovih huda nesreča. Sele 2 leti stari Drago, ki ga je mati pustila za nekaj trenutkov brez nadzorstva, je zvrnil v kuhinji nase lonec kropa. Otrok je za strašnimi opeklinami umrl.

— Med prevozom v bolnišnico se je smrtno ponesrečil. V Oplotnici pri Konjicah je padel 30-letni hlapec Karel Bornekar pred dnevi pri smučanju in se močno poškodoval, tako da je bilo potrebno zdravljenje v bolnišnici. Ko ga je vozil gospodar z vozom v Celje, da bi ga oddal v bolnišnico, se je konj, ki je bil vprežen v voz, splašal in je močno potegnil voz. Bornekar je padel z voza, kolo je šlo čezenj in mu prizadajalo hude poškodbe na spodnjem delu telesa. Bornekarja so prepeljali v celjsko bolnišnico, kjer je umrl za poškodbami.

— Gorelo je pri posestniku Mirku Sernecu v Šmartnem na Pohorju. Požar je nastal v gospodarskem poslopju, ki je zgorelo skupaj z dvema kmetijskima strojema. V gospodarskem poslopju je imel gostilničar Martin Jerman shranjenega 2500 kg slame in 7000 kg sena. Tudi to je zgorelo. Požar je brzkone povzročil ogorek cigarete, katerega je kdo izmed gostov vrgel na kako nevarno mesto v bližini ali v gospodarskem poslopju.

— Ljubljana. Po daljši bolezni je umrl na Brodu pri št. Vidu Alojz Perše bivši trgovec, veleposestnik in župan v Ročinju.

Oliver Twist

C. Dickens-O. Župančič

Bil je tržni dan; blato in brozga sta segala malone do členka; gost sopar se je nenehoma dvigal živini od puhtečih teles in se mešal v meglo, ki se je lovila krog dimnikov in težka visela od njih. Vse ograje v sredini prostrane plani in toliko zaslinih staj, kar jih je imelo prostora po praznih mestih, so bile natlačene z ovčami; in ob kraju, privezane za kole, so stale dočevte vrste vol in krav, po troje, četero na globoko. Kmetje, mesarji, pogonjači, krošnjarji, dečki, tatovi, postopači in vlačugarji vseh nižjih vrst so se prerivali v gosti gneči. Žvižganje gonjačev, pasji lajež, rjovenje in teptanje goved, blejanje ovac, kruljenje in cviljenje prašičev; kričanje krošnjarjev, vrišči, kletev, prepir od vseh strani, zvonjenje in buka iz krčem, prerivanje, suvanje, pogajanje, mahanje, tuljenje in vriskanje; surov in neskladen truš na vseh koncih in krajih trga; neumite, razmršene, ostudne in zanemarjene prikazni, počeče se neprestano križem-kražem, buhajoče zdaj v gnečo zdaj iz nje — vse to se je zivalo v oglušen in omočen prizor, ki je vse čute popolnoma omamil.

Sikes je vlekel Olivera za se-

boj, delal si s komolci pot skozi najgostejšo gnečo in se je malo menil za direndaj, ki je dečka tako zbegal. Dvakrat ali trikrat je pokimal kakemu prijatelju, ki je šel mimo, in odklonil prav tolikokrat povabilo, da bi izpila skupaj kupico žganja za zajtrk; nezamudno je tiščal dalje, dokler se nista izmotala iz hrušča in trušča in dospela preko Hosierske ulice v Holborn.

"No, pobč," je rekel Sikes, ko je pogledal na uro pri Svetem Andreju, "skoraj sedem! Stopiti moraš! Ala, nikar mi že sedaj ne zaostajaj, ti Lazar!"

Gospod Sikes je ob tem opominu svojega malega spremljevalca nemilo potegnil za roko. Oliver je bolj tekel nego hodil, da bi ostal kolikor mogoče vstric razbojnika.

S to naglico sta hitela, dokler nista imela za sabo ogla Hide-Parka in prišla v Kensington; tu je začel Sikes zložneje korakati, da ju je došel prazen voz, ki je peljal malo za njima. Ko je videl na njem napis "Hounslow," je vprašal voznika tako vljudno, kakor se mu je pač dalo, ali ju ne bi potegnil do Islewortha.

When St. V. Vitos took the lead on two rapid field goals by Eddie Modic in the first thirty seconds of play they were never behind again.

Eddie Zobec, with four field goals for eight points, the last of which clinched the locals' scoring with twenty-three seconds remaining to be played, along with Eddie Modic, who had seven points, supplied the scoring punch which gave our boys the victory.

OMITTED LAST WEEK

We are very sorry to announce that last week when we published the final scoring standing of all players on St. V. Intermediates we omitted the name of Frank Modic who had 13 field goals and eight fouls for a total of 34 points.

ATTENTION BASKETEERS OF ST. CHRISTINE'S AND ST. MARY'S

On this Saturday the St. V. Intermediates are scheduled to take on St. Lawrence at the St. Clair Recreation Center at noon.

The boys are gunning for this game along with games with St. Mary's and St. Christine's.

If St. Christine or St. Mary would be interested in engaging our boys at the St. Clair Recreation Center on the next two Saturdays at noon, or on their own floor during the next two weeks please call our manager at Henderson 9672 as soon as possible.

F. S. Our boys are after Slovenc Intermediate Championship of Cleveland for 1940. Anybody interested in this title please arrange for a game as soon as possible.

FROM THE MELODY LAND OF BARAGA GLEE CLUB

Continuing our report of last week brings us up to our Pre-Lenten Social. This affair was held on three nights, February 3, 4, and 6. This is our annual event, closing the pre-lenten season, and each year highly successful. Also this year, a gay spirit reigned among the guests. We only wish the attendance on the first and last nights were greater.

Our long-desired wish has come true. We girls now have our own uniforms, which are nothing else than the Slovenian National costume. They consist of changeable taffeta skirts, in a variety of colors, white long-sleeved blouses, black silk aprons and colorful kerchiefs worn over the shoulders. The group together in these costumes presents a very picturesque scene.

There was some criticism that we did not look sufficiently youthful in these costumes, but we are proud of them because they are the type worn by our great grandmothers. We want-

ed the genuine Slovenian costume, not mingled with Tyrolean and German types. So often are seen costumes pretending to be Slovenian National costumes but actually they are more Tyrolean or German than Slovenian. Girls of other nations are proud to wear their national costumes and we Slovenian girls should be ashamed?

Much gaiety and beauty were added to the evening by the new lighting system of Chinese lanterns and reflectors of different colors which were skillfully operated by our most capable stage-master, Mr. Joe Zelle. This lighting system was something new and beautiful never before seen in any hall in our neighborhood. The next time we shall use it will be on the occasion of Father's Day, at a similar affair.

Now to come down to brass tacks—they were very sociable, entertaining evenings and were enjoyed by all who attended, at least, we hope so. Songs galore, dancing to the music of Matt Milnar and Lou Trebar, meeting of friends in the good, old-fashioned way at the tables and being served by the girls of the choir.

Our guest of honor Sunday night was none other than our well-loved Slovenian poet and composer of many of our songs, Mr. Ivan Zorman. In appreciation for his kindness and many favors shown to our club, he was presented with a basket of beautiful red roses.

In conclusion we thank all who participated in making this affair the success it proved to be.

JUNIORS' BULLETIN BOARD

JUNIORS RECEIVE COMMUNION TOMORROW

Boys belonging to the Junior Holy Name meet in the church lobby Sunday, March 10, at 7 o'clock Mass. In a group, take the pews reserved for the society. Since this is your monthly duty as a Holy Name member all the Juniors are encouraged to attend.

Doubly important is March's Communion date because it's also Lent. Here's your swell opportunity to fulfill your "Easter Duty."

That's right. We'll get together at 7:00 tomorrow morning.

EXPRESSION OF GRATITUDE

Once again, "healthy, wealthy and wise," Milan Slak, the genial Junior who recuperated from his recent illness takes this time to thank everyone for everything.

Milan is especially grateful for the lovely flowers sent by Father Jager's Dramatic Guild. Then too, he is thankful to the Junior Holy Name for

the interesting and educational book. Also he wants to thank all the wonderful card senders and gracious visitors. With warm enthusiasm, handsome Milan Slak relates the thrilling time he had when the Baraga Glee Club sent their good-will ambassadors, Chic Vida Gregoric and titian-haired Frances Pernac created quite a masculine commotion when they paid Milan a, shall we say social call. Even the doctors were interested.

But seriously, everyone is glad to have you in circulation again Milan.

WE'RE WONDERING TOO!

Two, three, four, actually five weeks since the "Jigaboo Jamboree" was successfully staged. It's almost just a happy memory. But smack! Such Sunday (if you go to St. V. Church) as conspicuous as a woman's hat is the weather beaten sign announcing the Minstrel Show above Dezelan's store.

Maybe "Rudy's Sign Shop," the firm which handles the Juniors' outdoor advertising cleverly plans to keep it up as a permanent eye-catcher. Or probably they'll simply change the date and keep it for next year. However, we hope this free plug for the great display painters results into some action soon.

GRAND GANG, BOOST 'EM!

With surprising steadiness we've been receiving the St. Mary's "Pen and Scroll." Published monthly, this little news sheet certainly does contain an active spirit. Impressed by its journalistic form and novel setup, this curious scribe ventured out Collinwood to invade this den of newshawks. Co-editor Joe Kozar, Collinwood's modern Casanova, introduced yours truly to this tribe of scribes. Busy with making news they co-operated like a hive of bees. Dictating pompously was Frances Tomazic, the other co-editor. With gusto Helen Tomazic showed a potential poet's poem into my hands. Ed Plansek's attempt at rhyme was at least lengthy. Illustrator Frank Novak was preparing some fine looking stencils. A fine feeling of understanding prevailed. Folks out in Collinwood are fortunate in having such a splendid group of workers.

CAGE SEASON CLIMAXED

Most probably next week's games of Junior basketball will decide the champions of the league. Competition is running high.

Monday evening, Joe Perpar's vicious Vultures will attempt to devour the cute Cardinals piloted by Tony Baznik. Inspired by a chance at the cage crown, Johnny Vuraich's soaring Eagles are out to conquer the undefeated Blackhaws, Johnny Kromar who manages the Blackhaws will try to head his team to victory and clinch the 1940 championship this Tuesday night at Rainey's Gym.

NEWBURGH NEWS

RUDY KASTELIC REPORTING

Chet Doberstyn's 19 markers led the Ferfolias to victory.

Tuesday, Feb. 27, the Ferfolia Furniture Basketball team opposed the St. Wendelin quintet and downed them 44-28.

At the end of the first quarter, the Ferfolias were on the tail-end of the score to the tune of 10-8.

Doberstyn, who was out of the game in the first quarter, came in the second frame and in 2 1/4 quarters he poured in 19 points. Close behind was Leo "Flash" Bajbus with 11 points.

Sunday, March 3, the Ferfolias played for the first half championship of Class "B" at Public Hall and drew the 20th Century Club as their opponent, after trailing by one point thru most of the game, they finally started clicking, and ended with the score in their favor, 28-15.

Chet Radecki, Nick Predovic and Johnny Beeman collected six points apiece.

Sunday's victory means Ferfolias will play in the finals which will be held about the week of March 17.

St. Lawrence Parochial team won two games in one day.

Saturday, March 2, St. Lawrence took on the strong St. Mary's team and snapped the streak of victories with M. Milecivic taking scoring honors with eight points.

In the afternoon they continued right on to victory, subduing the SS. Peter and Paul quintet 27-10.

Again M. Milecivic sank five field goals and one charity toss for the total of 11 markers.

The fellows seem to be going along fine, and maybe in the future we'll be hearing more about them.

Signing off, this is your reporter wishing you good day.

CLUB ANNOUNCES DATE FOR ANNUAL DINNER DANCE

The twelfth annual dinner dance given by the Yugoslav-Slovene Club will be held Saturday evening, April 6th, at the Tudor Arms Hotel-Cleveland Club. Music will be provided by the Clint Noble-Ernie Taylor Orchestra.

In naming a Saturday night for their dance, the Club has broken an eleven year precedent, previous dances having been held on Easter Monday nights. According to the committee, this change was made to accommodate the many friends who have found it impossible to attend in past years.

The Clint Noble-Ernie Taylor Orchestra which has been secured for the occasion is, at present, Cleveland's most popular society orchestra and is well-known for its enjoyable music.

AN AGE OF WONDERS

Soapless soaps and iceless ice. Alcohol from natural resources in the earth and fertilizer from the air. Electric eyes opening doors for us and guarding us from danger. It is an age of Wonders.

But what of the future? Have we reached an end of genius and inventiveness? Have we reached an end to the improvement of the physical world in which we live? Have we reached a point where human desires are all fulfilled?

When we think that the America of tomorrow will not be more remarkable, happier, better than the America of today, let us recall Henry L. Ellsworth, United States Commissioner of Patents, who in 1844 said: "The advancement of the arts, from year to year, taxes our credulity and seems to promise the arrival of that period when human improvement must end."

Yet Commissioner Ellsworth was speaking before the coming of electricity, the airplane, the motor car, the telephone, the radio, the motion picture, and all the host of things developed since that time. At the very time he spoke, Elias Howe was working on the sewing machine and Charles Goodyear had just made his great discovery of how to vulcanize rubber.

And 50 years later there were still doubters who would have people believe that the end of human progress had come. In 1886, at the very beginning of our vast power age, Carroll D. Wright, Federal Commissioner of Labor, stated: "It is true that new processes of manufacture will undoubtedly continue, and this will act as an ameliorating influence, but it will not leave room for a marked extension, such as has been witnessed during the last 50 years—there may be room for further intensive, but not extensive, development of industry in the present age of civilization."

And there are still doubters today, blind men, who shut their eyes to the many new and marvelous developments that point the way to the future. No, we are not at the end of a period of great improvements in the physical advantages of man; the facts show we are at the beginning. Just as today we can hardly imagine the world in which Commissioner Ellsworth lived, so will our grandchildren wonder at our primitiveness.

For instance, we would think a person who lives by candlelight old-fashioned. Yet what will future generations think of us who lived in houses that were not air-conditioned, who breathed air full of pollen and dust and noxious gases? We think the people outmoded who had no way of protecting food from decay by adequate refrigeration. Yet, what will future generations think of us who fail to control the climate within our homes by mechanical humidifiers?

No, we have not reached the end of ingenuity; we are standing at the very fringe of great things. For the scientist and the inventor are ever alert to find new devices and new improvements.

NEWS ITEM

The St. Clair Grove Drill Team of the St. Clair Grove No. 98, Supreme Forest Woodmen Circle, held their monthly house meeting at the home of Mrs. Hecker the evening of February 28.

The evening proved to be more of a social gathering than a business meeting, but in spite of that, we girls did manage to discuss various matters of importance to our well-being. One of the items discussed, I know will be of interest to some of our readers, and that is the dance to be held at the Trionon Ballroom, the evening of March 30. The dance is not to be sponsored by our organization alone, but also other organizations who belong to the Fraternal Congress. Tickets for the occasion may be secured from any member of our organization or from any other organization belonging to the Fraternal Congress, for the price of 40 cents per person. The orchestra as yet has not been named, but everyone can be assured that it will be one that is very popular. We hope to see many of our friends, neighbors, and casual acquaintances there, so that we may all become better acquainted. Further details for the coming dance will be submitted to our readers for their consideration in later articles written.

Following this short business meeting, the team girls received valentine gifts from their team sisters and a light luncheon was served by our hostess. Our next house meeting is to be held at the home of Miss Madeline Zupancic on Tuesday evening, March 26, so don't forget girls, you only live once, so come and have another merry old time.

SAFETY FIRST

J. A. Alich

The other day I happened to see one of the fellows in the neighborhood and our conversation drifted to a tragedy recently enacted in East where two boys were killed and others injured.

The remark was made that "it's lucky that ONLY TWO were killed instead of all seven." How strange that such a statement should have been made because, lucky or not, NONE would have died or been injured had normal safety precautions been taken. A clean sidewalk (pedestrians' highway), was only a few feet away and unused, yet the preferred to risk the dangers of walking in the street where they were untriedly lurked with each passing car.

Incidentally in connection with a discussion of this accident a few names may be listed in regard to persons injured in traffic accidents.

While Safety Council figures show that in 1939 ONLY 32,600 people were killed this is only a part of the picture. The part that gets the headlines, it also shows that 1,500,000 persons were injured and of these 90,000 were permanently disabled.

The careless driver and pedestrian may escape with their lives, but they can never escape all the consequences of an accident, so remember —

It's better to be careful and alive than to be careless and dead.

The following verse appeared in the January issue of "Public Safety" which should prove interesting to those persons who drive at night or ride on others persons.

MURDERERS

Last Night (any night) I looked at the murderers.

With bright, unblinking eyes they gazed back at me.

Nice people—and likeable too. Friendly, maybe! In a crowd they wouldn't be noticed.

As I looked they glared, self-satisfied. They do not plan to kill.

Their victims, blinded, are strewn in ditches, impacted on curbs and bridges like insects in windshields!

Murderers? Yes, but nice people. Every road must be seen by them alone. With their bright headlights they bedazzle their victims.

Two-cylinder chariots and ten-cylinder jallopies—they roar down every road, scattering fear and death.

With winking lights, I begged for mercy, for life! But to no avail. As soon as I implore the plates they swerve from their course, I begged, they glared.

Murderers? Yes! They are the motorists who drive every night with glaringly bright headlights and dim for no man, nor child. I fear them—these nice people who become murderous, roadblockers, light fiends at night!

THANK YOU

The Statuettes Club wishes to thank everyone who attended "Slovene Night" at Memorial Community Center on Tuesday, March 5. If you attended this rendition, you probably enjoyed it very much.

As Master of Ceremonies our former president Frank Kosc is quite popular around the Slovenian neighborhood. Music was supplied by the popular boys of our club—Bob Stan Slezko, Johnny Vadal and Stanina. Johnny Lisjak sang the popular song, "Does Your Heart Beat Like Mine," which everyone enjoyed and Mr. Zupancic sang the Slovenian number "Paredice." We also wish to thank other members of the club who took part in the program.

For their cooperation in making "Slovene Night" a success we wish to thank Mr. Flening, Mr. Stan, Mrs. Vincent Coff, Mr. Branislav Mr. Prince.

OLGA MARKEL

"AND A CHILD SHALL LEAD" The Biblical phrase, "And a child shall lead them," can certainly be applied to modern day traffic. The children are leading the way to safety. A study of the accident records shows that the youngsters are more careful in their use of the streets than the older people. Last year in the age bracket between five years and fourteen years, the grade school age, there were only eight fatalities recorded. Of course, even that figure is too high, but when we consider how much more active children are and how many more hazards they face in their play—roller skating, sleighing, and bicycle riding, the value of the safety education young people receive at school can be easily seen.

The elderly people in the age group over sixty-five are not in traffic as much as the young folks, yet twenty-two aged persons were killed on the streets last year. Physical infirmities, impaired hearing and impaired eyesight were contributing factors in causing some of the accidents, but the real cause in almost every case was the neglect of simple safety precautions. For our own safety, and to set a good example for the young people, let's learn to obey the safety rules we teach our children.

JOE ZELLE DEMONSTRATED RADIO AT LAST MEETING

All credit for this month's meeting (March) goes to our own member—Joe Zelle. Joe spent a great deal of time and work preparing for his program.

Joe, in case you don't know, is an amateur radio fiend. So when we asked him to show us how it looks to see someone broadcasting, he promised to bring his complete sending and receiving sets to the meeting. With the help of several members, all the necessary equipment was brought down, rigged up and tested. So when meeting time came he was ready and so were we.

With this two way system, he was able to send out his voice and also receive a voice. But to do this he needed the help of another broadcaster. This other broadcaster was Andy Curilovich, who lives on E. 66th Pl. So with this set up we were entertained for one evening. Joe Zelle did most of the talking for us, although every member present said a few words to Andy Curilovich and he in turn answered us. I hope Andy can still talk after that evening at the mike. He certainly did a wonderful job. Thanks, Andy, and the members hope to see you personally. How about showing up at our bowling tournament this Wednesday, March 13, at the Norwood Alleys.

Joe Zelle, a personable and modest young fellow, has made the set through which we broadcast our voices. That in itself is a feat. We hope that he continues in this field and that he reaches the top.

The club thanks you, Joe, for showing us your broadcasting equipment, for allowing us to use it, and we hope some day to return this favor.
