## RAZNO IZ AMERIKE IN INOZEMSTVA

AVTOMOBILSKI MAGNAT Henry Ford pričakuje izboljšane trgovine v letu 1935. Njegov načrt je izdelati en milijon novih avtomobilov v prihodnjem letu in to samo za ameriško potrabo. To bo najvišja produkcija Ford avtomobilov od leta 1930 naprej. Fordove tovarne so imele letos v načrtu izdelati le 600,000 avtomobilov za ameriški in inozemski trg; v resnicu pa jih je bilo do konca oktobra izdelani že 700,000 in precešnja produkcija se pričakuje še v novembri in decembru. V letu 1932 je znašala produkcija Fordovih avtomobilov 432,186, lani pa 501,488.

POSTNI DEPARTMENT zvezne vlade namerava za prihodnje poletje vpeljati redno letalsko poštno službo preko Atlantika. Gledate se zadeve se že vršijo posvetovanja med uradniki ameriškega poštnega deparmenta in Hugo Eckenerjem, kapitanom zračne ladje Graf Zeppelin, ki je že mnogokrat uspešno prejadral Atlantik. Po Eckenerjevem mnenju bi potom zračne ladje pošta iz New Yorka dosegla Evropo v 48 urah, medtem ko rabijo najboljši parniki za to pot pet dni. Naknadna poštnina za pisma zračne pošte preko Atlantika naj bi znašala 25 centov.

Federalna letalska komisija namerava priporočati prihodnjemu kongresu, da dovoli kredite za gradnjo štirih zračnih ladij za preokoceansko vožnjo. Te zračne ladje bi prevažale potnike in pošto.

MORNARIŠKI EKSPERTI zvezne vlade, ki so preiskovali varnostne in delavske razmere na parnih družbah, katere dobivajo od vlade milijonske podpore za prevoz pošte, so med drugim pronašli, da se dotične barniške družbe po večini ne drže določnih pogodb. Glasom podgovde bi morali biti mornarji in uslužbeni plačani primerno ameriškemu "standardu"; v resnicu pa so plačale mnogo prenizke. Dalje morajo uslužbeni na ladjah delati predolge ure in dobivajo preslabo hrano. V splošnem vposlujejo parniki tudi 10 do 15 procentov premalo moštva. Povod za vladno preiskavo razmer na parnih je dal potniškega parnika Morro Castle.

DAVKI na tobak in opojne pijače bodo v tekočem fiskalnem letu, ki se bo končalo 1. julija 1935, prinesli zvezni zakladnici okrog 900 milijonov dolarjev. Tako vsaj pričakujejo eksperti zakladniškega deparmenta na podlagi tozadevnih dohodkov v prvih štirih mesecih. Od davkov na tobak se pričakuje 480 milijonov, od davkov na opojne pijače pa okrog 385 milijonov dolarjev.

VEČLETNA SUŠA je končana in za vrsto bodočih let bodo Zedinjene države dobivale obliko dežja. Suša, ki je trajala sedem let in ki je v letošnjem letu dosegla svoj višek, je pri koncu, in v prihodnjih letih bo dovolj moč. Tako vsaj preročuje dr. A. J. Newlin, ravnatelj univerzitetnega observatorija v Santa Clari, Cal.

NAJBOLJ BREZPOMEMBNA kandidata v pravkar zaključenih volitvah sta nedvomno R. C.

## KONEC RAZSTAVE

Svetovna razstava v Chicagu, ki so jo imenovala tudi "Razstava napredka enega stoletja," je bila 31. oktobra opolnoči zatvorenja. Oficijski pričetek razstave je bil dne 27. maja 1933 in po prvotnem načrtu bi se bila razstava končala konci oktobra istega leta. Izkazala pa se je toliko privlačna, da jo je razstava podaljšala še za eno leto; tekem zimskih in zgodnjepomladinskih mesecev je bila seveda prekinjena.

Zanimivo je, da je bila ta prva svetovna razstava, ki ni napolnila izgube. V januarju 1. 1928 izdani bondi v znesku deset milijonov dolarjev za finančiranje tega ogromnega projekta so bili že 94 procentov izplačani. Predsednik razstave Rufus C. Dawes je obljubil, da bo izplačanih še ostalih šest procentov do nadlegujejočega človeštva. Te bolezni povzročijo več zamude pri industrijah, pri obisku šol in pri drugih človeških aktivnostih kot vse ostale bolezni skupaj; istotko povzročajo tudi večjo meriomejlo.

Klub velikemu napredku medicinske znanosti od časa Hipokrata naprej, še vedno navaden prehlad in druge dihalne bolezni, ki so ostali šest procentov do zadnjega centa, ko bodo končni računi zaključeni. Solventnost razstave je toliko bolj presenetljiva, ker se je ista vršila tekom največje depresije.

Svetovna razstava, ki se je vršila v Chicagu leta 1893, je pokrila le 10 procentov stroškov. Svetovna razstava v St. Louisu, Mo., je bila s finančnega stališča še večji fiasko. Tudi razstava v San Franciscu leta 1915 se je končala s precejšnjim deficitom.

Poroča se, da je bila pravkar zaključena razstava v Chicagu vredna 55 milijonov dolarjev. Posetilo jo je 38 milijonov obiskovalcev; večina posetnikov je bila iz Zedinjenih držav, lepo število pa jih je prišlo tudi iz inozemstva. Moških in ženskih uslužencev na razstavnem prostoru je bilo 28 tisoč. Obiskovalci so potrošili na razstavi okrog 60 milijonov dolarjev; obiskovalci so nadalje pustili v chiačkih trgovinah, restavracijah in hotelih okroglih 100 milijonov dolarjev.

Sest milj dolgi razstavni prostor, kjer se je vršila razstava, je bil po večini "ukraden" Michiganskemu jezeru; to se pravilno zasut je bilo treba jezero, da se je napravil prostor za razstavo. Kot se poroča, bo dotični prostor izpremenjen v park, kar bo podaljšanje Grant parka. Večino poslopja na razstavnem prostoru bodo podrlji in ruševine odstranili; nekatera poslopja pa bodo ostala na mestih. Ostala bodo seveda le poslopja, ki bodo porabna za kak namen v parku in ki so bila dovolj trdno zgrajena. Večina poslopja na razstavah je zgrajena provizorično, za kratko dobo.

Kdor je imel priliko obiskati svetovno razstavo v Chicagu, bo rad priznal, da je bila vredna poseta za vsakogar. Res je bilo tam mnogo šumarske in cirkuske ropotije in mnogo kričečega biznisa, toda, kdor je hotel, je vse to lahko postil na strani. Kogar je zanimal napredek znanstva in industrije, je imel dovolj za videti in se naučiti. Istočasno so bili zanimivi in poučni razstavni oddelki raznih departementov zvezne vlade, razstavni oddelki razvoja transportacije, oddelki raznih držav naše Unije itd. Vse, kar je bilo za resnega obiskovalca razstave res vredno videti, je bilo dostopno za splošno dnevno vstopnino 50 centov.

Za obisk drugih pritiklin, ki so bile bolj cirkuskega pomena, je bilo pa seveda treba plačati posebne vstopnine. Tam ter v restavracijah in pivnicah je lahko obiskovalca razmetal mnogo de-

## NAVADEN PREHLAD

(Piše dr. F. J. Arch, vrhovni zdravnik J. S. K. Jednote)

Navaden prehlad je tako navaden, da se ne menimo zanj, dasi obžalujemo, da se tako pogosto pojavlja med nami. Vsi smo nagnjeni k naziranju, da je navadni prehlad le lahko obolenje, in redki so tisti, če jih je sploh kaj, ki smatrajo prehlad za eno najbolj naležljivih bolezni, ki napadajo človeka. Če bi se moglo vsakemu dopovedati, kako resno obolenje je kihanje in "smrkjanje," bi bilo upravičljivo verjeti, da bi se mnogo več ljudi posluževalo preprečevalnih sredstev, ki bi prehlad v veliki meri omejila.

Zanimivo je, da je bila ta prva svetovna razstava, ki ni napolnila izgube. V januarju 1. 1928 izdani bondi v znesku deset milijonov dolarjev za finančiranje tega ogromnega projekta so bili že 94 procentov izplačani. Predsednik razstave Rufus C. S tem ni rečeno, da naši deportacijski zakoni ne potrebujejo popravkov. Ravno nasprotno: V nekaterih smereh niso odredbe dovolj stroge, v drugih pa so vzrok nepotrebne trpljenja. ## Jesenske posebnosti

Kakor vsak drugi letni čas, ima tudi jesen svoje posebnosti. V naših krajih so izrazite posebnosti jeseni hladno vreme, melanholični dnevi, megla in pogosto deževje. Zgodsi se sicer včasi, da se primeroma gorko in sončno vreme raztegne prav do praga zime, toda take jeseni so izjeme. V splošnem pa poznojesenski dnevi niso nič kaj prijetni.

Neprijetno vreme navadno slabo vpliva na naše razpoloženje in, ker tudi gospodarske razmere v deželi niso nič kaj rožnate, se nas pogostoma loteva malodušnost. Malodušnost pa je predhodnica obupa, ki je že nevarna duševna bolezen. Obupan človek je takoreč čista izguba za samega sebe, za svojo družino in za človeško družbo v splošnem.

Proti malodušnosti se moramo torej boriti z vsemi sredstvi, kajti le, če smo duševno in telesno zdravi, moremo uživati srečo življenja, kolikor nam je nudi, in po svoje prispevati k izboljšanju razmer in sreči človeštva.

Prevelika skrb "kaj bo" je že marsikoga pognala v obup. Taka skrb nikomur nič ne pomaga, pač pa mnogokrat škoduje, vsaj lastniku iste. Seveda, skrbi ni vselej lahko odgnati, toda s pametnim presojanjem zgodovine in obstoječih razmer se da to doseči. Kadar nas prijemljje malodušnost, pomislimo, koliko ljudi je bilo pred nami in večjih neprilikah kot smo mi, pa se jim je posrečilo izkopati iz njih; kolikokrat je bilo človeštvo navidezno na robu propada, pa je končno le zopet našlo pot na planjave sončne sreče.

Včasi se zamoremo naše malodušnosti iznenediti s čitanjem dobre knjige ali lista; včasi nam jo prežene družba dobrih priateljev. Včasi se v tem oziru dobro izkaže poset veselice, katero priredi kulturno ali podporno društvo. Veselice in zabave niso samo "luksus," ampak so mnogokrat važno duševno razvedrilo, ki ohranja naše duševno razpoloženje v zdravem ravnotežju. Pri zanimivi igri, pri lepem petju ali v družbi dobrih priateljev se mnogokrat otresemo nepotrebnim skrbim, nakar stopimo z novim pogumom in z novo močjo v vsakdanji življenjski boj.

V poznojesenskem in zimskem času so razne zabavne prireditve bolj številne kot spomladi ali poleti, iz enostavnega razloga, ker jih bolj potrebujemo. Udeležujmo se torej takih prireditv, kadar nam razmere dopuščajo, ter se v družbi rojakov in priateljev vsaj začasno odresimo morečim skrbim. Pri tem se nam morda ponudi tudi dobra prilika, da rečemo lepo besedo za našo J. S. K. Jednoto, da nagovorimo priatelja, ki še ni član, da pristopi ali da vpiše svoje otroke v njen mladinski oddelek. Kadar se nam ponudi taká prilika, je nikar ne zamudimo, ampak jo izrabimo v našo in naše organizacije korist.

Jesen, s hladnim, mokrim, meglenim in spremenljivim vremenom rada prinaša tudi razne bolezni, ki niso tako običajne in nevarne v poletnem času. Vsled tega je pametno, da smo v čuvanju našega zdravja dvakratno skrbni in previdni in da ne omalovažujemo navidezno malih prehladov in drugih bolezni. Zdravje je naše največje bogastvo, bogastvo, ki ga ne more kupiti vse zlato sveta, če je enkrat uničeno. V interesu J. S. K. Jednote je, da so njeni člani zdravi in da kot taki dočakajo najvišjo starost, ki je človeku dosegljiva. To pa je seveda tudi v največjem interesu vsakega posameznega člena. V tem oziru ne more biti ugovora od nobene strani.

Vsek bolnik je obžalovanja in sočutja vreden in noben normalen človek ne bo privoščil bolezni svojemu bližnjemu, pa naj je tudi njegov največji sovražnik. Klub temu pa se seveda bolezni pojavlja in sicer v jesenskem času bolj pogosto kot poleti. To dejstvo lahko član J. S. K. Jednote izrabijo na dober in plemenit način. Kako? Enostavno s tem, da nezavarovane rejake opozorijo na znance, katerim je jesen prinesla bolezen, in na dejstvo, kako dobrodošla jih je bolniška podpora. Danes je človek zdrav, čez par dni pa je lahko že na bolniški postelji ali v grobu. Pri takih prilikah se najbolj nazorno vidi, kako dobrodošla je bolniška podpora bolniku in kako prav pride smrtnina nepreskrbljeni družini, če se bolezen konča s smrtjo.

Kdor pridobi novega člena J. S. K. Jednoti, ne pomaga samo Jednoti k rasti in večji moči, ampak stori dobro delo tudi zavarovanca in njegovi družini. Nihče se še ni kesal, ki je pristopil k J. S. K. Jednoti, marsikom pa je bilo že žal, ker tega ni storil pravočasno, dokler je bil zdrav in v pravih letih.

Nagrade, ki jih deli J. S. K. Jednota za pridobivanje novih članov, so že same na sebi vredne malega truda, ki ga nalaga agitacija. In kdo bi se v današnjih časih branil primeroma lahkega in poštenega zasluga!

Sezona piknikov v prosti naravi je za letos definitivno končana. Ni pa končana sezona za pridobivanje novih članov J. S. K. Jednoti.

## VSAK PO SVOJE

(Nadaljevanje iz prve strani)

Naš vrhovni zdravnik ima v se menjali modeli avtomobilov v današnji Novi Dobri zanimiv članek o prehladu. Članek je zelo poučen za tiste, ki so že do sedaj kihali, in zanimiv za tiste kandidate, ki so se pri volitvah 6. novembra tako prehladili, da bodo kihali vsaj dve leti.

Praznovanja dvajsetletnega društva št. 116 JSKJ v Delmontu, Pa., se, žal, nisem mogel udeležiti. Pa se mi je v sobotu 27. oktobra in naslednje jutro vztrajno kolcalo, in ne zastonji. Ko se je sobrat Janko Rogelj vrnil od tam v Cleveland, prinesel mi je košaro pozdravov in zbirko zanimivih odpustkov.

Med odpustki je zavzemala prvo in največje mesto ogromna mesena klobasa, kateri je bil priložen afidavit, da ni kozjega pokolenja, ampak da je po patentu Jurija iz Bele doline izdelana iz krač stoprocentnega ščetince. Velika je bila tako, da bi jo bil skoro lahko porabil za "spare tire" pri mojem rotopočetju Fordu, če bi je ne bilo škoda. Ker nisem posebno južne vrste, se je nisem upal sam lotiti, ampak sem poklical skupino priateljev na pomoč. Po primernih ceremonijah je šla tja, kamor gredo vse dobre, poštene in nepokvarjene klobase.

Drugi odpustki so bolj trajne vrste. Tako čašica, na kateri je naslikana mervorcevka, kateri se moram smejeti, kadar jo pogledam. Pri tem se domisljam, da "svoji k svojim" in ga seveda obrnem nase. Na čašici je napis "No monkey business," ki pa je prav za prav nepotrebnejši — "Tak' si sladka, tak' si mila, kot bi rože dihal, krasna, kakor da b' se bila v rajski rosi kopala." — "Trgaj mi rožice, delaj mi pušelce, če sem še fantič za te." — "Odpipaj, dekle, kamriko, saj veš mojo navadicu." — "Odpri tedaj, ti cvet deklet, pomlad je spet!" — "Če nečes odpreti, če bolj zarigljaj, noben še ni zmernil pod oknom dozdaj." — "Potem pa: nina, nina, nana, več naša punčka ni zaspala." — "Jaz, pa ti, pa židana marela, jaz, pa ti, oba sva obnurela!"

In še več takih izzivajočih izrekov in skušnjav je, tako da človeka kar skomina, da bi res obnored in se zaljubil, če bi bila prilika in če bi bila pomlad.

Iskrena hvala sobrom pri društvu št. 116 JSKJ za odpustke z njihove dvajsetletnice! Lepi so in vesel sem jih. Toda, če pride pomlad in z njim prilika in ce bom večkrat čital napise na perutnicah teh brezglavih cukrastih angeljčkov, lahko pri deku in prevečnika za rakijo.

Trajne vrednosti odpustki so dalje pipec in perišče praznično našopirjenih cukrakov, kar je zame sobrat Škerl prinesel izdalne Slovenije, kjer se je pretekel poletje mudil na obisku. Pipec je rdeč kot velikonočni pihip in natačno takega modela kot so bili pipci pred četrstotletjem in še prej. To zadnje je treba zapisati pipecem v kredit. Pomislimo samo, kolikokrat so

Prvi je demokrat, drugi republikanec, in katerikoli je bil izvoljen, je skoro lahko gotov, da ne bo sedel v zveznem kongresu. Njegov termin se je namreč začel 6. novembra letos in bo končan 3. januarja 1935, ko se snide novi kongres. Ker je zelo dvomljivo, da bi predsednik Roosevelt v tem času sklical kongres k izrednemu zasedanju, ne bo izvoljeni kandidat imel prilike zavzeti senatorskega sedeža. Kljub temu pa bo deležen plača v znesku \$1,700.

VLADA države Mančukuo, ki je neodvisna država na papirju, v resnici pa samo vazalna država Japonske, je proglašila trgovino z gasolinom in sličnimi olji za državni monopol. Priskrit namen tega koraka je izpodriniti ameriške, angleške in inozemskes oljne družbe. Ameriška, angleška in inozemskva vlada so vsled tega protestirale pri Japonski, toda Japonska se dela nedolžno, češ, da ta problem spada v področje samostojne države Mančukuo.

## November 18th, Official Opening of SSCU Bowling League

Hold One More Preliminary Session at E. 118th St. and Superior Ave. Alleys

Cleveland, O.—The number of SSCU members interested in local SSCU Bowling League is increasing with the passing each week. Last Sunday a number of new faces were seen E. 118th St. and Superior Ave. alleys indicating the possibility of eight five-man teams to form the circuit.

Bro. John P. Lunka, chairman of the league, announced the date of the formal opening of the SSCU circuit, which is to be Sunday, November 18th. The reason for postponing an earlier opening is to give all SSCU members of Cleveland, Collinwood and Euclid an opportunity to join the new undertaking.

Next Sunday, November 11th, at 2 p. m. the league will hold another preliminary session at the E. 118th St. and Superior alleys. Arrangements with the alley proprietor appear to be satisfactory to the members and according to present plans the SSCU Bowling League will roll all of its games on these alleys.

A meeting will follow the games next Sunday. For this season all bowlers are requested to be at the alleys promptly at 2 p. m. Final plans and rules to govern the league are to be formulated and adopted.

The girl bowlers again threw to the winds all caution by throwing some nice scores. Mrs. August Guzik hit a high score 169 in her first game causing some consternation among the male bowlers as to the advisability of going through with the plan of giving 75 pins handicap to each girl bowler.

Officials of the league again extend the invitation to all SSCU members of Cleveland, Collinwood and Euclid to join the circuit.

### Correction

In last week's issue of Nova Doba appeared an error in names under the article headed "Dan Cupid Kept Busy by George Washingtons." Mr. and Mrs. Charles Kikel were reported as a married couple instead of Mr. and Mrs. August Kikel.

Charles Kikel, former secretary of G. W.'s, is still a bachelor, and, according to the story told by a "little birdie," does not expect to remain in that status all his lifetime. Far be it from the writer to envelop the G. W.'s atmosphere with Walter Winchellism, but Fannie Spehek and Charles Kikel have been seen to bowl together in the SSCU Cleveland Bowling League. Nevertheless, a mistake was made last week, and an apology is made for the error.

Editor.

10 years in the preparation of one week's article, expressing his "I told you so" attitude. We considered the possible Gopher victory angle, hence Stan submitted the Panther item to ferret out just this attitude of Little Stan's. Following Pitt's defeat Stan submitted another article, which appeared last week, in the same issue containing your dish of exuberant chuckles, which practically answers all of your avowals. Read it, Little Stan, and you will find that Doc Sutherland and the Panther boosters are not howling, and I might add that we distinctly heard you chuckling here in the East before reading your written affirmation. Stan's recent misfortune interrupted what might have proved an interesting discussion.

### Literary Digest Opinions

The article, "Bloodless Revolution on the Gridiron," in the Oct. 27 issue of the Literary Digest, might be of great interest to Little Stan. An excerpt follows: "But last Saturday's (Oct. 20) games fanned the season to such a fever-heat, glowing with the fine, laughing fury of the youngsters smacking into each other because they love it, tracked bones and all, that one is tempted to forget that the whole splendid spectacle might possibly be studiously staged to pay off the stadium mortgage and a coach's salary." . . . Yes, this is the year 1934 . . .

In behalf of the bereaved I wish to express my thanks to all who visited my mother during her illness, for the beautiful floral offerings and for the use of cars.

## Have You Made Use of the Two Application for Membership Blanks Sent to You by Our Supreme President?

About three weeks ago our Supreme President Paul Bartel forwarded two application for membership blanks to every adult member of our Union together with a letter of appeal to join in the national drive for new members.

One application blank was for a prospective candidate in the adult department and the other for a prospect in the juvenile department.

Have you tried to make use of these two application for membership blanks? Or have you put them away and forgotten about our drive?

Our Supreme President made a direct appeal to you to enroll at least one adult or one juvenile member, or both.

Do not permit good intentions to deceive you into believing that you will make use of those two blanks next week, when the weather will be more agreeable.

Go out today and talk to your prospect. Take along your application blanks for they may be of use to you.

Don't delay in taking your prospect to the medical examiner. After you have convinced him or her of the necessity of carrying insurance with our SSCU be sure to suggest an immediate appointment with your lodge's doctor. The best plan is to carry your idea to completion in one evening.

You won't have to use much persuasion to "land" your prospect, as merely stating the facts underlying our Organization is sufficient. Death benefits that accumulate loan and reserve value; paid-up and extended insurance provided in the plans "AA," "B" and "C." Sick benefits, accident and indemnity benefits—all for a nominal sum payable monthly.

And while you are inducing your prospect to join our SSCU keep in mind the cash awards offered by our Union during this membership campaign.

## Attention G. W. Members

Cleveland, O.—George Washington Lodge, No. 180, SSCU, will hold a regular meeting Friday, Nov. 9, in the Slovene National Home, Room No. 2 of the new building. Meeting will start promptly at 8 p.m.

All members are urgently requested to be present as matters such as bowling, membership campaign, and suggestions will be taken under consideration. The questionnaire sent out to each member will also come up at the meeting, and the officers are very anxious to know just what type of after-meeting entertainment interests the G. W.'s the most.

Any member who has not forwarded the questionnaire is kindly requested to do so at once.

## Mrs. Kopler Passes Away

Mrs. Mary Kopler, age 57, of Bon Air, Cambria County, Pa., passed away Saturday, Oct. 27, at her home. She had been in poor health for the past five years. Emigrating from what is now Yugoslavia, she came to this country about 36 years ago. Mrs. Kopler was a member of Lodge No. 36, SSCU, of Conemaugh, Pa. Her husband died some five years ago. She leaves a bereaved family of seven: John, of Conemaugh; Frank, of Bon Air; Anthony, of Johnstown; Joseph, Louis, Mary and Josephine, of Bon Air.

In behalf of the bereaved I wish to express my thanks to all who visited my mother during her illness, for the beautiful floral offerings and for the use of cars.

Joseph Kopler.

## An Agreeable Protest

In this week's issue of Nova Doba, Slovenc section, Bro. Frank Jonta of Lodge No. 166, SSCU, Indianapolis, Ind., writes an article of protest to Supreme President Paul Bartel's letter of appeal sent to all members on the present membership drive.

What Bro. Jonta protests is the statement made by Supreme President Bartel that each member get one new member.

Bro. Jonta contends that each member should get EIGHT NEW MEMBERS. And to prove his point he has enrolled EIGHT NEW MEMBERS, going on to say that he will credit three new members to Paul Bartel, for writing the letter; three to himself for contacting the prospects, and two for Bro. A. J. Terbovec, editor-manager of Nova Doba, for acting as an accomplice in the membership drive.

To our point of view the pages of Nova Doba can sustain columns and columns of such protests, much to the satisfaction of our organization which depends for its growth upon active members.

Readers who read and understand Slovenc will find Bro. Jonta's article pleasant and entertaining in the Slovenc section.

While we are on the subject of our membership drive, we might call the members' attention to the application for membership blanks sent along with President Bartel's letter of appeal for greater response to the Union's national drive for new members. If the blanks have not been used to proper advantage, it is a good idea to get busy at once and see what results can be accomplished.

Every member get a new member.

Salida, Colo.—Members of the SSCU campaign for new members. We are anticipating a large response to the lodge's latest move to revive an endeavor of special interest to all.

But let us not forget the Weasel and the Shadow. A furtive chase is in progress between these two. Slowly but surely the Shadow gains on the Weasel, only to lose him when the Weasel disappears into a hole in the ground.

There is a quick scampering of feet as the Weasel comes out of his hole. The chase is started merrily again, but not for long, as the Weasel finds another hole in the ground. And in order to make it complete the sun disappears behind the cloud and with it disappears the Shadow—slowly going, going, gone.

## Spooks, by Little Stan

Ely, Minn.—It is a clear, cool, crisp evening. A big yellow moon is shining through the treetops casting eerie shadows on the earth.

A huge figure, all dressed in white, is seen emerging from the shadows of the night. The figure pauses underneath the trees . . . Time passes and still he waits . . . Soon a pretty gal comes walking merrily down the patterned path. A weird, dismal wail makes her stop in terror! The figure emerges . . . the gal screams in fright and falls in a faint. Tsk, tsk!

The huge figure becomes alarmed! He throws off his scary outfit and dashes to the aid of the little gal . . . Heh, heh . . . and behold the alarmed countenance of Little Stan . . . In the flesh . . . I know I should be ashamed of myself frightening poor little lonesome gals, but it's Hallowe'en . . . Little Stan then throws some cold water on the gal, and soon she opens her pretty eyes, and calls "My hero!" . . . Little Stan then becomes alarmed, 'cause what will Betty Boop say? But she will understand. Won't you, my dear? XXX

And now coming back to the regular Elyte affairs . . . We see that the kids around here soaped up all the windows, even Little Stan's glasses were soaped up! Who did it? It must have been Stubba and Fuxy and Poggy . . . the rascals! The gang is sitting in the Shopper office where Pete Bliven, Rosy and Toots are all working hard to turn out the weekly edition . . . The rest of the fellows . . . Stubba, Poggy and Stan . . . are just laying around, doing everything in their imagination . . . only! Stub is smacking his lips in anticipation of that beautiful sweet kiss he got last week . . . and the other fellows are hungrily watching him . . . Tsk, tsk!

Then Lexy Wozenholtz got a new pair of sun glasses last week . . . The gals aren't wearing much these days, you know!

John Muchtoomuch, an Indian, is working on a new case . . . a papoose is expected . . . soon. Then Tony Slogar opened up his new gasoline station this week. It's the best in the West! And we also have a new eat shop, Hibbard's Place . . . and we got two more lawyers in town . . . The town is full of them . . . and onions are 5 cents a pound . . . they always were! No, honies, Little Stan was not drinking when he wrote this . . . it is Hallowe'en and he feels that way . . . What tricks! What fun! What? Nuts!

Enough of this foolishness for this time, and now we have an announcement to make. Ye Gophers are all asked to stand by for station announcements, and when they are made try to get more members to join our wonderful organization! Until then, Little Stan will say Too-dle-oo!

Stanley Pechaver,

## CURRENT THOUGHT

## BRIEFS

## Getting at the Core

The principal complaint made by officers of some of our lodges is the deplored lack of majority attendance at the monthly meeting. Their grievance is made against that group of members who make no effort to offer constructive criticism or otherwise, but who simply forget the lodge and merely pay assessments to the secretary.

What to do in a case of this kind puzzles many an officer. How is the president ever going to find out what the absentee members like or dislike about the monthly assembly unless they are present to offer comments.

Such has been the predicament of George Washington Lodge, No. 180, SSSCU, of Cleveland, O. for the past two years. Until the depression hit the lowest rung on the ladder the G. W.'s enjoyed some excellent attendances. So active were the members that during one year this lodge sponsored a baseball team, two bowling teams and a boys' and a girls' basketball team. A number of dances were held with great success followed by socials.

About two years ago the lodge began to feel the pangs of depression. A number of members were compelled to drop out because they were out of jobs and had no money with which to meet assessments, others had to be expelled for the same reason. The number of members present at the regular monthly meetings began to dwindle until the officers decided it best to suspend a meeting now and then.

Beginning with this year the officials started a movement to regain former good attendances together with an effort to recover former members. Realizing the importance of reviving former interest in the lodge meeting, the officers have planned and executed various programs in conjunction with the monthly assembly. But to no avail, the members simply would not come.

Finally, at the September meeting, Bro. Victor Karlinger offered a suggestion to the officers, namely, to send out a questionnaire to each member, and in that way find out what type of program interested the member the most. George Washington lodge adopted this suggestion in the form of a motion; the officers got busy and mailed a self-addressed postal card listing various forms of social and sport activities to which the member merely had to indicate by a check mark the proposals he thought best. Attached to this self-addressed postal card was another card containing a message of appeal that reads as follows:

"Dear Member:

On behalf of our Executive Board, and in the interest of all G-W members, we are addressing an appeal for your assistance in solving a serious problem. As you know, attendance at our regular monthly meetings has been very small. Our problem is to find a means whereby all members will be attracted, of their own free will, to attend these meetings regularly.

"In all fairness to yourself and remaining Brother and Sister members, won't you help us solve this problem by filling out and returning the attached postal?

"This request is general in that it will reach each member at or about the same time. Please do not delay returning the card as it is our desire to learn, as soon as possible, just what our members wish to have provided for their enjoyment of our meetings. Your opinion, besides being solicited, is a valuable asset to our organization. If you will do your part in true fraternal spirit, it will go a long way to improving our lodge in all respects. Thank you."

The questionnaire placed on the back of the return postal card may be of interest to members and officers of other lodges which reads as follows:

"Please indicate your pleasure in after meeting entertainment by X in space after yes or no.

"Are you interested in a SSSCU Bowling League? Yes — No — .

"Do you care to join in playing cards at meetings? Yes — No — .

"Stunt nights (members participating)? Yes — No — .

"Debates and short talks? Yes — No — .

"Dancing—accordion? Yes — No — .

"Other music? Yes — No — .

"Contests, cooking, baking, etc? Yes — No — .

"Other games? Yes — No — . If so, what games? \_\_\_\_\_.

"Occasional outside speakers on subjects of interest? Yes — No — .

"Entertainment for and with your friends after meetings? Yes — No — .

"Shall we plan an early meeting sometime in the near future and follow it with a theatre party? Or what have you to suggest? Yes — No — .

"Please indicate any other suggestion which you may have."

The results of this experiment are not known definitely at the present time. However, it is obvious that such a set of questions and a message of appeal are bound to stimulate the members' interest in the lodge.

George Washingtons meet Friday, Nov. 9th at the Slovene National Home, room No. 2 of the new building.

Stanley Progar, author of "Sport Flashbacks" column appearing in the Nova Doba, has undergone an operation and is now recuperating in the New Kensington General Hospital.

Appearing in the best of health, Stan was seized suddenly with stomach cramps after attending a football game on Oct. 27. An immediate operation was necessary. Many readers are looking forward to Stan's early recovery and resumption of his column. Bro. Progar is a member of Lodge No. 203, SSSCU, of Springdale, Pa.

Singing Society Zarja of Cleveland, O., will present the opera "Il Trovatore" next Sunday, Nov. 11, in the Slovene National Home. Annually Zarja presents an opera that is the highlight of musical accomplishment in the local Slovene colony. Music critics of the Cleveland dailies always report favorably on Zarja's operas that command attention of Slovene music lovers from out of town. Zarja's reputation for staging extraordinary programs is city-wide and is looked upon with no little interest by nationalities other than Slovene. A large crowd is anticipated for the opening curtain at 2 p.m. next Sunday. A dance will follow in the evening.

The Mesaba Miner of Chisholm, Minn., reports a fatal collision between two automobile drivers, Joe Palcich and Theodore Paskvan, on Maple St. Joe Palcich, age 16, was hurled from out of his car and under the wheel of Paskvan car, and although rushed to the hospital for treatment, died without regaining consciousness. An inquest was held and the verdict was accidental death in an automobile collision made by the jury consisting of John Lammuth, John Vaida, Stephen Stovich, Frank Gouze, Anton Pluth and John Hudy. The sound of the crash was heard for blocks around and both cars were badly damaged. Theodore Paskvan and Kenneth Ekquist, rider, escaped with but slight injuries.

An interesting article on Belgrade and Zagreb, Yugoslavia, appeared in the Cleveland Press edition of Monday, Nov. 5, released by the United Press and headed "Andrica in Yugoslavia." "Traffic is directed by soldiers, and at 6 p.m. heavily armed infantry and cavalry patrols take the streets, giving Belgrade a martial appearance," reads the article. A visitor is frequently asked to identify himself and photographs of scenes are questioned as to the purpose. Interest in the United States is decidedly on the wane, according to Andrica who, when presenting himself to the secretary general of the official press bureau, was told: "Well, sir, I do not know much about America nowadays."

## The Common Cold

By Dr. F. J. Arch,  
Supreme Medical Examiner,  
SSCU

The common cold is so common that we ignore while we deplore its frequent occurrence in our midst. We are all too prone to treat a cold lightly and few, if any, consider it as one of the most infectious diseases that man is victim to. If the seriousness of the "sniffle" and the "snuffle" could be instilled into the consciousness of everyone, it is reasonable to believe that a large proportion of people would then utilize those preventative measures which would to a large extent limit colds.

Despite the immense progress of medical science since the days of Hippocrates common colds and other respiratory diseases continue to plague humanity. Today they cause more absenteeism from industry, school and general activities than all other diseases combined, and also greater economic losses.

Certain facts are definitely known; that colds are contagious, they occur at all ages; that men are slightly more susceptible to colds than women; that they are most prevalent in the early fall, mid-winter, and in early spring. Contributory factors are environmental conditions, such as climate, ventilation, nutrition and general health. Clinically they are characterized by localized or general catarrhal inflammations of the respiratory tract, and in more severe types by fever, headache, malaise and prostration.

Susceptibility to the common respiratory diseases is universal, and an attack creates an immunity which at best is but brief and transitory. The acute colds are usually characterized by high infectivity and are most infectious during the early stages of the attack. The coughing and sneezing and the accompanying increase in the discharges from the nose and mouth facilitate the spread of the causative agents of other diseases; such as pneumonia, measles, mumps and meningitis.

There are no specific measures for the control of the respiratory diseases, but there are certain precautions which all of us should observe. Have the home temperature properly regulated, keep the hands away from the mouth and wash them frequently, especially before eating, get plenty of sleep, 8 to 10 hours daily, keep out of crowds, avoid chilling, drink plenty of water, form regular habits of body eliminations, dress warmly and keep the feet dry.

If you have a cold remember your fellow man. Stay as far away from people as you can. There is no universal panacea for the cold, but individual habits of proper personal hygiene are of the utmost importance. If you are taking a cold, for your own safety, a rest bed will frequently nip the infection in the bud and always hastens recovery and lowers the possibility of a spread of the germs.

25 or 50-para stamp is on them. A visitor to Jugoslavia is not permitted to take out more money than that brought in. In other European countries one is allowed to take out a certain small sum without any official permission. From Jugoslavia one cannot take out an extra cent."

## DOPISI

Cleveland, O.  
Kdo se ne spominja opero "Prodana nevesta," katera je bila že toljokrat na odu? Ko

sem bil še majhen deček, so jo vprizarjali v Ljubljani in po drugih mestih. "Prodana nevesta" je ena najbolj priljubljenih oper. Radi tega ne pozabite dne 29. novembra, to je na Zahvalni dan. Takrat se moramo zahvaliti za vse dobrote, katerih smo deležni. Mesto, da bi doma purane in kokosji jedli, pridite na prireditev "Prodane neveste," katere priredita pevski zbor Zarja in češki zbor Vojan. Nastopilo bo preko sto pevcev in pevk, tako da se bo dvorana S. N. D. kar tresla, ko bosta oba zborova nastopila. Soliste bi poslušal ves teden in še en mesec povrh. Zadnjici je bila ta opera vprizorjena na prostem, na češki farmi D. T. J. v Auburnu, Ohio. Dotične prireditve se je udeležilo nad tri tisoč oseb. Mislim, da bomo tudi mi sedaj napolnili dvorano S. N. D. Podpirajte delavske zbrane! Na svidenje na Zahvalni dan 29. novembra!

Člane in članice društva Namestek, št. 132 JSKJ pozivljav, da se udeležijo seje v nedeljo 11. novembra. Na zadnji seji je bilo sklenjeno, da mora vzeeti vsak član za 50 centov tiketov za veselico, ki jo priredi društvo 28. novembra v prid društveni blagajni. Zato prosim člane našega društva, da se polnoštevilno udeležijo seje, ki se bo vršila 11. novembra in se bo pričela ob 10. uri dopoldne. Na dotični seji bo treba marsikaj ukrepati in razpravljati. Da ne bo potem kritiziranjia, da sam odbor dela sklep, je dolžnost članov, da pridejo na sejo in pomagajo odboru pri delu za korist društva in Jedinote. — Bratski pozdrav!

Precej časa je že minilo, od kar smo imeli zadnjo igro v naši naselbini. Vedno smo želeli prirediti igro v našem lastnem S. N. Domu, ali zaradi slabih delavskih razmer do sedaj še nismo mogli preskrbiti zgrajinjal v drugih potrebnih reči za oder. Torej smo sklenili, da se naša prihodnja igra vrši v nedeljo 11. novembra ob dveh popoldne v Machek's Theatre. Igralcii iz sosednega mesta La Salle bodo vprizorili zanimivo spevajoči v enem dejanju "Ko ljubezen se zbudi." Ta igra je prav zanimiva in smešna in vsi, ki so jo videli že v La Salle, pravijo, da jo bodo prišli še gledati. Torej tudi mi drugi ne smemo zamuditi te prilike, da nam ne bo pozneje žal. Vstopnice bodo po 25 centov za odrasle in po 10 centov za otroke. Te vstopnice bodo obenem veljavne za ples in prosto zabavo, kar se prične takoj po igri, v Slovenskem Narodnem Domu. Prireditve bo v korist Doma, igralci bo naš rojak F. Zabavnik na harmoniko. Za okusen prigrizek in svežo pičajo bo v polni meri poskrbljeno. Odbor S. N. Doma vljudno vabi na posjet prigrizetve vse rojake in rojakinje iz De Pue, pa tudi iz sosednjih naselbin: La Salle, Ogleby, Peru in Moline. — Za odbor S. N. Doma:
