

Mickey Mars Headlines Fight Card at S. N. H., Next Friday

The hard hitting young Slovene pugilist, Mickey Mars (Polensek) will be the feature attraction of a nine bout program to be presented at the Slovene National Home next Friday evening May 6th. Mars is a veteran of the amateur ring wars and recently gave a display of power in defeating Jimmie Cooper, 118-pound class fighter of Philadelphia, by a technical Kayo at the Arena.

Mickey is a product of the Pat Yates stable, he hails from Pennsylvania and has recently made his home in Collinwood.

His opponent will be Tommy DeSantis, twice crowned Golden Gloves champ of Youngstown, a clever boxer and a well known crowd pleaser. DeSantis has been rated as one of the best in

his class throughout amateur boxing circles in Ohio.

Salvatore Brunello, Cleveland heavyweight will meet George Wolfe, regional district champ of Youngstown in the semi-final. The remaining seven contests promise an action packed card.

The Cleveland Ambassadors of Sports Inc., promoters of the show have acquired Councilman Eddie Kovacic to act as ring judge. Eddie's brother, John Kovacic, himself a former amateur boxer will be master of ceremonies.

The Four Steps of Harmony with Lou Trebar will begin the show at 8:15 p. m. and the Ambassadors assure the attending sports fans an enjoyable evening. *Stanley J. Snable.*

New Improved Ways

To Clean, Protect and Prolong the Life of Your Fur Coat

The cold, fresh air of our modern vault will keep your fur coat in perfect condition. Not only is our vault kept at the correct cold temperature, but the humidity is regulated so that it is exactly right for furs. Excessive dryness, such as is produced in your household refrigerator, would dry the natural oils from your furs. In our vault the humidity is correct to maintain the original lustre and beauty of your coat. The dampness of summer humidity often causes mold and mildew, to grow in furs of beautiful coats. Here there is no dampness to wilt your coat, no chance for mildew to harm it.

Every fur and woolen garment is fumigated before being placed in our vault. This process also destroys moth eggs, so that when your coat is delivered from our refrigerated storage vault it is as sterile as it is beautiful.

Let us clean your coat, too, by our polarized method employing the finest of cleaning equipment, then in the fall we can deliver it to you promptly on the first cold day blazed beautiful with all the lustre that nature gave the wild animal that first wore the fur. Bring your fur coat, and other winter garments for cleaning, and safe storage, to our store nearest to you.
