

BESEDA O POTEH PO GORAH

Baron Ziga Zois je začel pred približno 170 leti prvi utirati pota v naše gore, da so znanstveniki lahko pričeli raziskovati čarobni gorski svet, kjer jih je posebno prevzela čudovita lepota...

označevanja ali markiranja potov po naših planinah. Prvi pionirji ali po našem izraženo markacisti so bili Bohinjci, Mojstranci, Trentarji, prof. Frischauf, Jakob Aljaž, dr. Tomišek, Knafelc in nešteti nepoznani navdušeni planinci...

še pristejemo še vrednost prostovoljnega dela, dobimo 400.000 dinarjev, to se pravi, da so planinci investirali letos v gorska pota 1.000.000 din. Zato so kljub nedelavnosti nekaterih planinskih društev mogočno peli...

Ker planincem večinoma niso vedno znani delokrog planinskih društev in da bodo vedeli, katera pota so v dobrem stanju in markirana, ter da se ne bo delala krivica delavnim društvom...

PRVI ALUMINIJASTI MOST NA SVETU

Aluminijasti most čez reko Saguenay v bližini mesta Arvida pri Quebecu v Kanadi je prvi aluminijasti cestni most na svetu. Most, ki se v drznem loku vzpenja čez reko, je svoj čas vzbudil veliko pozornost strokovnjakov...

posebno premišljeno in točno izračunati.

Arhitekti in inženirji z vsega sveta, ki so si v teh dveh letih ogledali most, so zelo občudovali izvedbo mostne konstrukcije in njegovo lepoto. Mostni deli so zakovani in ne varjeni kot pri jeklenem mostu.

—Ljudska Pravica

SPARKY SAYS BE CAREFUL WITH OIL STOVES!

Oil stoves can be dangerous if not used correctly. They should always be kept clean. Don't wait—have them fixed immediately if they are not working properly.

DON'T GIVE FIRE A PLACE TO START!

Toledo Group Wins Top Prize In Carol Lane Safety Awards

TOP GROUP PRIZE in the 1954 Carol Lane Awards for Traffic Safety was presented to the Woman's Traffic Council of Toledo, Ohio, at a special luncheon on Oct. 19 in Chicago.

For an outstanding record of traffic safety activities and achievements, the Woman's Traffic Council of Toledo, Ohio, was presented with the top group award in the 1954 Carol Lane Awards for Traffic Safety at a special luncheon on October 19 in Chicago.

Mrs. Ivy Baker Priest, Treasurer of the United States and a member of the board of judges for the Carol Lane Awards, was the principal speaker. The award, a \$1,000 savings bond and a bronze safety statue, was presented by Miss Carol Lane, women's travel director for the Shell Oil Company and the individual for whom the awards are named.

The Woman's Traffic Council, composed of 123 women's clubs with a membership of 15,000, was cited for making Toledo safety

America Needs Farmers in the Ground Observer Corps!

HERE'S WHY... in the event of World War III, we must assume that the Kremlin will strike first, fast... and without warning.

They can strike now, today, tonight, with about 1000 heavy bombing planes, which can reach any part of the United States.

Our Air Force, Anti-Aircraft and Radar units are alerted to this danger—but they need your help to do the job, because our Radar has maximum effectiveness only against high flying planes.

As farmers, our stake in National defense is just as big as that of people who live in the city. Consider the effect of large scale bombing attacks on your major market areas.

Your light, power and other utilities might also be destroyed, and transportation disrupted. Markets for your crops would be inaccessible. And suppose they polluted the water, what would happen to your crops, your cattle, and most of all, how would your family live?

Join the 300,000 patriotic citizens now serving in the Ground Observer Corps. Volunteer to serve 2 hours a week as a civilian plane spotter and earn the right to stay free! Wake Up! Sign Up! Look Up! America needs farmers in the Ground Observer Corps.

Herschel D. Newsom Master of the National Grange
