## KAM CILJAJO RDEČE OFENZIVE V LAOSU?

Rdeči v Laosu skušajo raztegniti svojo oblast dalje proti zahodu. Ni jasno, ali je cilj Tajška ali Južni Vietnam.

WASHINGTON, D.C. — V Laosu lani ni bilo posebnih bojev. Kar jih je bilo, pa niso bistveno spremenili političnega postopnega stanja. Kar je spadalo pod oblast laoske vlade, spada še danes, kar je bilo pod komunistično, je tam še danes. Zadnje mesece so rdeče čete postale sila delavne. Kjer le morejo, odpravljajo vladne čete, pri tem se jim pa ne mudi preveč. Kjer napredujejo, ne skrivajo namena, da bi se približale tajski meji in da bi na drugi strani poglabile operacijsko zaledje med Hočiminhovo cesto in reko Mekong.

To dela skrbi najprvo laoski vladni sami. Ministrski predsednik Suvana Fuma je že večkrat opozoril na nevarno stanje tako našo administracijo kot tajsko vlado. Za pomoč ali posredovanje pa ni prosil še nikjer. Stoji namreč na stališču, da je njegova dežela nevtralna in da naj ima opravka samo z mednarodno komisijo, ki nadzoruje izvrševanje premirja iz 1. 1962.

Tajška vlada je že bolj zaskrbljena. Boji se namreč, da bodo komunisti skušali napraviti iz njene dežele nov Južni Vietnam, dočim bi Laos igral vlogo Severnega Vietnama.

Zaskrbljeno gleda proti Laosu tudi naša administracija. Ne more se odločiti za to ali ono misel, ki bi tolmačila cilje vietnamske politike v Laosu in Tajski. Ali hoče Hanoi zasesti čim več zemlje in to izrabiti pri mirovnih pogajanjih? Ali hoče podpreti domače laoske in tajske gverilce? Ali se Severni Vietnam pripravljajo na veliko akcijo okoli Dak To, za kar rabi široko zaledje?

Morda bo vse to postalo jasnejše, kakor hitro se bo pokazalo, kaj želijo komunisti doseči z boji okoli Khe Sanha.

## Državice ob Perzijskem zalivu se združujejo

DIBAI, Arab. — Male državice na Arabskem polotoku ob Perzijskem zalivu vse od Qatarja, Abu Dhabi, Dibai pa do Fujaire, skupno 9 emigrantov in še nekaj, so sklenile, da se bodo povezale v federacijo in vodile skupno zunanjo politiko in skupno skrbele za narodno obrambo. Skupini se bo pridružilo tudi Bahremsko otočje, ki je prav tako sedaj še pod britanskim varštvom kot vse ostale omenjene državice.

Vse omenjene državice so bogate na petroleju. Trdijo, da se pod njihovo površino skriva skupno okoli 60% vseh znanih petrolejskih ležišč na svetu.

## Beli rasizem je vzrok lanskih črnskih izgrediv

WASHINGTON, D.C. — Narodna posvetovalna komisija za civilne izgrede je v svojem poročilu predsedniku L. B. Johnsonu včeraj pokazala na "beli rasizem" kot glavni vzrok črnskih izgrediv po ameriških mestih lani. Zanika, da bi bili ti izgredivi organizirani ali posledice kakšne zarote.

Revsčina v črnkih slumih, brezposelnost in zavest stalnega zapostavljanja od strani bele družbe in njenih ustanov so vzroki, ki ustvarjajo napetost v črnih predelih ameriških mest. Da ta napetost vzplamti, je potreben le kak mal povod, največkrat je tega dala policija s svojim nastopom.

Načelnik Narodne posvetovalne komisije je guv. O. Kerner iz Illinoisa, njen podnačelnik pa J. Lindsay, župan mesta New York. Prvi je demokrat, drugi republikanec.

Komisija vidi v "črni sili" črnski odmik od enotne ameriške družbe v ločeno črnsko in belo. Treba je storiti vse, da do tega ne pride, z velikimi finančnimi napori je treba poskrbeti za odpravo revščine v slumih in za njihovo postopno odstranitev ter stopitev bele in črne družbe v enotno ameriško družbo.

## Napad na Khe Sanh odbit

SAIGON, J. Viet. — Rdeči so s kakimi 500 vojaki napadli danes zjutraj z vzhodne strani postojanko Khe Sanh. Bili so odbiti in so pustili na bojišču okoli 70 mrtvih. Ameriška letala so včeraj, ko je bilo nebo čisto, napadala z napalm bombami rdeče jarke in položaje za napad, ki so ponekod oddaljeni od prvih ameriških obrambnih črt komaj 100 jardov.

Ameriške obalne pomorske sile so prestregle štiri rdeče ladje, ki so vozile orožje in strelivo rdečim. Eni od ladij je uspelo utiti, ostale tri pa so bile uničene, ko so se približale obale.

## Nič več stalno v zraku

Združene države so ukinile stalno pripravljenost dela strateških bombnikov v zraku.

WASHINGTON, D.C. — Te dni je prišla v javnost vest, da so Združene države po nesreči strateškega bombnika B-52 nad Grenlandijo pretekli januar, ko je tresčil na zemljo v bližini oporišča Thule s 4 vodikovimi bombami, ukinile izredno pripravljenost, v kateri je bilo vedno določeno število strateških bombnikov z vodikovimi bombami stalno v zraku, da bi jih sovražnik ne mogel uničiti na tleh in da bi bili takoj sposobni poleteti proti sovražniku.

Del strateškega letalstva je bil stalno v zraku od januarja 1961, ko je postal John F. Kennedy predsednik Združenih držav. Kennedy je odredil te vrste pripravljenost, ker je bil prepričan, da obstoja med ZDA in Sovjetsko zvezo "vrzel" v številu medcelinskih raket. Kmalu po prevzetju predsedstva je spoznal, da take "vrzeli" dejansko ni in jo niti ni bilo, pa je pripravil del strateških bombnikov v zraku obdržal. Število letal, ki so bila stalno v zraku se je postopno manjšalo in je bilo ob koncu nemara omejeno na pol dučata.

Pred dvema leti je eno tako letalo s 4 vodikovimi bombami padlo na zemljo v bližini obale pri Palmores v Španiji. Ena od bomb je padla v morje in je bilo potrebno dolgo in naporno iskanje, predno so jo od tam spravili.

Nesreča strateškega letala B-52 pri Thule je povzročila veliko sitnosti, med drugim celo tudi ruski protest proti takim poletom. Washington je ta protest odklonil, pa se vendar odločil za ustavitve teh stalnih letov, za katere ne obstoja več nekdanja potreba.

## Johnson bo posegel v bakerski štrajk?

WASHINGTON, D.C. — Štrajk v bakerski industriji se vleče že 7 mesecev in zaloga bakra naglo pohajajo. Pomanjkanje utegne čutiti tudi vojna industrija, če štrajka ne bo naglo konec. Zato sodijo, da bo predsednik L. B. Johnson v prihodnjih dneh posegel vanj in nemara uspešno posredoval za njegov konec.

## Romney zbrodil republikancem politično vodo

CLEVELAND, O. — Michiganski guverner G. Romney je bil prvi politik, ki je priglasil svojo kandidaturo za republikansko konvencijo. Njegov korak je bil napovedan, ni pa takoj sprožil zanimanja političnih krogov. Počasi je zanimanje za njegovo politiko začelo rasti vsaj v poklenih političnih vrstah. Videli so v njem republikanca, ki se nagiba močno na levo, pa mu vendar ne pada niti v glavo, da bi postal "levičar". Za marsikaterega republikanca je postal simpatičen politik, ker se ni vdirjal uradni republikanski politični liniji, hodil tupatam svoja pota in zagovarjal svoje ideje.

Kot je dobival simpatije med malimi in velikimi republikanskimi veljaki, se pa navadno republikanci niso dosti menili zanj. Jim je bilo tuje njegovo ime, ni odtelalo imen Nixon, Rockefellerja in podobnih. Tako je Romney moral ugotoviti, da med volivci še ni tako zelo "doma", da bi lahko upal na zmago, zato je umaknil svojo kandidaturo. S tem je zbrodil vodo republikanskim politikom in političnim opazovalcem. Večina med njimi se je namreč veselila, da bo republikanska politika nihala do konvencije med strujami, ki jih bodo vodili bolj konservativni kot zmerni Nixon, bolj napredni kot zmerni Rockefeller in Romney kot izrazit konservativni zagovornik nove republikanske filozofije. Seveda bodo skušali priti na oder tudi drugi republikanski veljaki, toda lahko se zgodi, da bodo "zamudili vlak". Med take spada na primer kalifornijski guverner Reagan. Umik guvernerja Romneyja je prekrizal te račune in spravil marsikoga v zadrego. Na

## JOHNSON PRETEHTAVA RABO ČET V VIETNAMU

Johnson in njegovi vojaški svetovalci tehtajo zno-va rabo ameriških čet v Vietnamu in iščejo za nje najuspešnejši način in najkrajšo pot za do-sego postavljenih ciljev.

WASHINGTON, D.C. — V gosto poseljena področja dežele, sredo je po svojem povratku iz Vietnamu načelnik skupnih glavnih stanov gen. Wheeler odšel v Belo hišo, kjer je predsedniku in njegovim svetovalcem in ožjim sodelavcem v podrobnostih razložil položaj v Južnem Vietnamu, kot ga je ugotovil na svoje lastne oči in v razgovorih z gen. Westmoreland, poslanikom Bunkerjem in vodniki Južnovietnamske republike. O vsebini poročila ni bilo nič objavljeno, trdijo le, da obstoji verjetnost, da bodo Združene države poslale v naslednjih mesecih v Južni Vietnam večje število novih čet, nekateri govore a 50,000 mož, drugi pa celo o 200,000 mož.

Predsednik sam je prepričan, tako trdijo vesti iz Bele hiše, da Hanoi ni pripravljen odstopiti od svojega načrta po osvojitvi Južnega Vietnama. Ker Združene države Južnega Vietnama niso pripravljene prepustiti Severnemu Vietnamu, oziroma komunistični Narodno osvobodilni fronti, kot to zahteva Hanoi, ni nobene osnove za uspešne razgovore o končanju vojskovanja.

Nihče od teh na odgovorinih mestih v vladi ne misli na to, da bi se Združene države umaknile iz Južnega Vietnama in tega enostavno prepustile komunistom. Za kaj takega se doslej ni zavalzel niti sen. W. Fulbright, najostrejši kritik Johnsonove vietnamske politike. Ostanje torej le še nadaljevanje vojne.

V glavnem govore o treh možnostih nadaljevanja vojne. Prva naj bi bila sedanji način vojskovanja; gen. Westmoreland naj bi dobil le nekaj okrepitev, da bi lahko zopet prešel v ofenzivo proti rdečim. Druga predvideva vpoklic rezerv v ZDA in naglo okrepitev vojaških sil v Južnem Vietnamu v takem obsegu, da bi bilo vojskovanje mogoče hitro končati. Za ta načrt se zavzemajo predvsem vojaki.

Del civilnih in zlasti upokojenih vojaških vodnikov misli, da bi bilo najboljšee ameriške čete potegniti proti obalam in zavarovati z njimi velika mesta ter

## Romuni odšli

BUDIMPEŠTA, Madž. — Romunska delegacija je včeraj zapustila konferenco 66 komunističnih partij, ko je zastopnik Sovjetske KP M. Suslov trdo napadel Kitajsko KP in so ta napad po vrsti podprli nato zastopniki drugih KP, predvsem zastopnik KP iz Vzhodne Nemčije.

Romunska KP je sprejela vabilo na konferenco šele, ko je Moskva obljubila, da na njej ne bo nobenega napada na Kitajsko KP. Sedanja konferenca je "pripravljalna" za pravo konferenco, ki jo je sklenila organizacija jeseni v Moskvi.

Romunski odhod pomeni odprt razcep v sovjetskem komunističnem taboru, saj je Romunija še vedno članica Varšavske obrambne zveze. — Turčija je v glavnem azijska država, sega pa tudi preko Bosporja in Dardanel v Evropo.

**Odnosi slovenskih izseljencev do domovine**

Izseljenci na splošno o svoji rojstni domovini dobro mislijo, se jo radi spominjajo, saj vsi radi mislimo na mladost, na življenje s starši, brati in sestrami. Žal jih je vedno tudi nekaj, ki se svoje domovine sramujejo in o njej le slabo govorijo, mislijo le na to, kako so doma tolkli revščino in morali že kot otroci iti drugam služiti kruh, ki ga pod domačo streho za vse ni bilo dovolj.

Domovina nam je kot mati, radi jo imamo in za nas je najlepša dežela sveta, v katero se vračajo naše misli celo v sanjah. To je seveda naš čustveni odnos do domovine, ki ni vedno v skladu s stvarno podobo. Naš čustveni odnos do domovine zavisi v precejšnji meri od tega, kako se nam je tam godilo, predno smo odšli v svet, naš trezni, stvarni odnos zavisi od tega, v koliko so nam razmere tam znane in kakšno je naše politično in svetovnonazorno gledanje na nje.

Velika večina naših izseljencev loči med domovino in med tamkajšnjim režimom, je pa v tem pogledu še vedno nekaj izjem. Ti se radi pritožujejo in očitajo tistemu, ki kaže na napake komunističnega režima v Sloveniji, ki ta režim zavrača, da "napada svojo domovino". Rdeča jugoslovanska propaganda se trudi, da bi režim čim bolj istovetila s pojmom domovine in naroda, v upanju, da bo na ta način zmanjšala odpor proti komunističnemu režimu in da bo na njo padel vsaj del ljubezni, ki jo goje izseljenci do svoje domovine. Priznati je treba, da ta propaganda delno uspeva, posebno med starejšim rodom, ki razmer v Sloveniji ne pozna dovolj, ki komunistične revolucije ni doživel in se za njen potek ni dovolj brigal.

Slovenski ljudje, ki so bežali od doma v maju 1945 v strahu za svoje življenje, in tisti, ki so jim sledili v naslednjih letih, da bi se rešili komunističnega preganjanja, so bili v veliki večini idejni nasprotniki komunizma. To idejno stališče je odražalo tudi njihov odnos do Slovenije: Svojo domovino ljubijo, odklanjajo pa njen režim, se proti nje mu bore.

Tisti slovenski ljudje, ki so se tekom revolucije priključili protikomunistični strani iz koristljubja ali drugega idejnega vzroka, so gledali na Slovenijo s svojimi posebnimi očmi. Bili so se od vsega začetka voljni pobotati z zmagovalci v državljanski vojni in revoluciji, če bi jim ti le jamčili možnost življenja. Nekateri so se s komunističnim režimom doma tudi dejansko pobotali že kmalu po njegovi udržitvi in se vrtnili domov. Domov se je v prvi prvi dobri vrtnili tudi nekaj iskrenih, idejnih nasprotnikov komunizma in komunističnega režima, ker so bili prepričani, da je to za nje ali vsaj za njihove družine najboljša, če že ne skoro edina možna pot.

Veliki del politične emigracije je odšel v širni svet in se postopno začel uživljati v nove razmere. Po preteku 10 in več let se je politična emigracija sprijaznila z mislijo, da bo ostala izven svoje domovine do konca svojih dni. Ob tem spoznanju je med njo zanimanje za domovino in razmere v njej začelo pešati, vsakdanja življenjska borba je potegnila te slovenske izseljence v svoj tok, novo življenje jih je popolnoma zajelo. To velja posebno za Združene države in za Kanado, v precej manjši meri za Argentino.

V tako razpoloženje je udarila znana Rankovičeva amnestija, ki vsem političnim izseljencem z izjemo nekaj vodilnih politikov in vojaških vodnikov protikomunističnih oddelkov "vse odpušča" in jim odpira vrata v domovino. Idejna politična emigracija je to "amnestijo" zavrnila z izjavo, da ji jugoslovanski komunistični režim nima kaj odpustiti, kar ne smatra, da bi bila kaj zagrešila, in ker se je ta do ozlasti prikopal s silo ter se s silo na njej drži.

To načelno stališče se je vzdržalo doslej pri velikem delu politične emigracije, precej pa jo je ponudeno roko sprejelo, četudi v začetku z nekaj sramežljivosti. Na tihem so nekdanji politični izseljenci in protikomunistični borci odhajali do predstavnikov Jugoslavije, se tam "spovedovali" in dobili odvezo. Nato so prav tako tiho odhajali na obiske domov. Ko so ti obiski postali že nekaj vsakdanjega, so postali tudi bolj odkriti in prenekateri bivši protikomunistični borec se je že upal pohvaliti, da je bil doma in se mu je to zdelo tudi čisto v redu.

Večina teh obiskovalcev domovine priznava, da se je pomirila s komunističnim režimom, ker ji pač "ni drugega preostalo", če je hotela na obisk, zagotavlja pa istočasno, da komunizem načelno odklanja in da odklanja tudi komunistični režim v Jugoslaviji. "Mirno sožitje" s komunističnim režimom v Jugoslaviji smatra ta del slovenskih izseljencev le za sredstvo, ki naj jim pomaga ohranjati tesne vezi z domovino in s sorodniki, ki še tam živijo. Ti naši rojaki ne mislijo na vrnitev domov, vsaj ne, "dokler so tam sedanje razmere". Pod temi jih misli nemara precej preje na gospo-

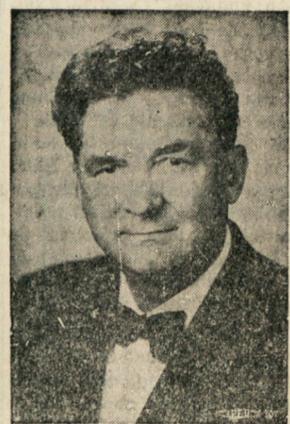

darske kot na politične razmere. Ker svobodo že predolgo uživajo, je začela za nje izgubljati nekdanjo vrednost, nekdanje prvenstvo na lestvici vrednot.

Nekaj rojakov in rojakin, ki so odšli spomladi 1945 v svobodni svet, da se izognejo komunističnemu nasilju, se je poslužilo Rankovičeve amnestije in se celo za stalno vrnilo domov. V večini tudi ti niso spremenili svojega načelnega gledanja na komunizem in komunistično oblast, sprejeli so jo kot nekaj nujnega, da bi mogli v miru preživeti svoja zadnja leta na svojih rodnih tleh.

Pod vplivom spremenjenih razmer, v precejšnji meri tudi pod vplivom pomiritve med Vatikanom in Belgradom, je nekdanja odločna borbenost proti komunizmu in komunističnemu režimu med emigracijo popustila ali pa dobila drugo obliko. Njeni najudarnejši nekdanji zagovorniki so šli na pot mirnega sožitja in "razvoja", drugi pa skušajo vplivati na mišljenje doma preko slovenskih delavcev v Avstriji, Nemčiji, Franciji in drugod v svobodni Evropi, kamor so morali iti iskati kruh, ko ga jim "socialistična" domovina ne more dati.

**BESEDA IZ NARODA**

**Senator Frank Lausche "slovenski mož 1. 1968"**

CLEVELAND, O. — V nedeljo, 17. marca 1963, bo clevelandška Federacija Slovenskih narodnih domov izbrala in počastila letošnjega "slovenskega moža" s slavnostnim banketom v Slovenskem društvenem domu na Recher Avenue. Začetek te vsakoletne nagradne slavnosti bo ob štirih popoldne.

Letošnja izbira zaslužnega slovenskega moža prav gotovo ni bila težka, saj bo ta čast podeljena samemu senatorju Franku Lauschetu, ki je edini dosegel tako visok položaj v zvezni vladi Združenih držav.

Našega dragega senatorja in "častnega moža leta" diči poleg visoke in odgovorne službe nešteto drugih zaslug. Koliko je naš veliki državnik storil za slovensko-ameriški rod, koliko za naš slovenski jezik, za našo slovensko kulturo. In nikoli se ni sramoval povedati, da je Slovenec, nikoli javno slovensko govoriti. Kolikokrat je poudarjal: "Če boste zavedni Slovenci, boste tudi zavedni dobri Amerikanci!"

Našem letošnjemu častnemu možu leta, ki je bil rojen in vzgajen na slovenski st. clairski avenuji, k izbiri in počastitvi iskreno čestitamo in prosimo Vsemogočnega, da bi ga spremljal in blagoslavljal v naš državni blagor pri vseh njegovih delih, pri vseh njegovih težkih odločitvah in glasovanjih!

Poleg senatorja Lauscheta si je vsak od devetih slovenskih domov, ki spadajo k Federaciji, izbral svojega lastnega "Moža leta". Počaseni bodo sledeči:

Za Slovenski narodni dom na: Denison Avenue — Anton Gustincic  
 Recher Avenue — Ed Leskovec  
 Holmes Avenue — Ed Grosel  
 Maple Heights — Fred Phillips  
 Newburg-E. 80 St. — Alice Arko  
 Prince Avenue — Gaspar Segulin  
 St. Clair Avenue — John Centa  
 Waterloo Rd. — Frank Mihelic  
 West Park — Anne Kosak.

Slavnostni banket bo združen s pestrnim sporedom. Nastopili bodo razni slovenski pevski zbori in kvartet Glasbene Matice, pod vodstvom znanega tenorista Edija Kenika. Spored, ki ne bo trajal več kot eno uro, bo vodil Charles Ipavec.

Po sporedu bo ples. V glavni

dvorani Slovenskega društvenega doma na Recher Avenue bo igral Pecon-Trebar orkester, v spodnji dvorani pa Eddie Behner trio.

Vstopnice za slavnostni banket in spored so popolnoma razprodane, samo za ples pa so še na razpolago. Vabimo vse, ki se ne morejo udeležiti banketa, naj pridejo na slavnostni ples, ki se bo začel ob sedmih zvečer.

**Slovenska šola — naša skupna skrb in ljubezen**

CLEVELAND, O. — Odbor staršev Slovenske šole pri Sv. Vidu pričakuje dobrega odziva na svoje povabilo slovenski skupnosti k skupnemu šolskemu obedu v vidovski župnijski šolski dvorani prihodnjo nedeljo opoldne. Odbor je prepričan, da se ogromni del vidovske slovenske skupnosti zaveda velikega pomena slovenske šole.

Odbor staršev Slovenske šole prihaja štirikrat v vsakem šolskem letu pred slovensko skupnost s prošnjo za moralno in gmotno pomoč. Slovenska šola med nami potrebuje dvojne pomoči: moralne, ki je za njo odločilna, in gmotne, brez katere je ni. Vsaka slovenska šolska prireditel med nami mora doseči v kar se da veliki meri oba ta dva uspeha. V vaši moči, drage slovenske rojakinje in rojaki, je tudi moralni in gmotni uspeh prihodnjenedeljskega skupnega našega šolskega obeda. Drži pa kot pribito, da je naša Slovenska šola zgrajena v prvi vrsti na zavednih slovenskih družinah. Odbor staršev upa, da se bo to izkazalo tudi to nedeljo. Dokler bo tako, se nam ni bati za obstanek naše Slovenske šole. Na svidenje v nedeljo! Janez Sever

**Nastop Slovenske telovadne zveze**

CLEVELAND, O. — Vsako zgodnjo pomlad priredi Slovenska telovadna zveza telovadni nastop. Tako tudi letos in to v soboto, 9. marca, ob 7.30 zvečer v dvorani pri Sv. Vidu.

Nastop bo posamezen in v skupinah, prostih in simboličnih vajah ter na orodju. Za vse bo zopet novo doživetje.

Na to mladinsko prireditev STZ ste vsi lepo vabljeni. Sprejmite to vabilo in ljubezni do svojega naroda, saj z vašim obiskom boste dali mladini priznanje za njihove napore, saj so se dolge zimse mesece vadili za nastop, in to pod skrbnim vodstvom staroste g. Janeza Varška.

Posebna prilika je za vaše najmlajše. Pripeljite jih s seboj, da vidijo in vzljubijo telovadbo ter dobijo veselje in se pridružijo. Naj spoznajo, da je telovadba šport, ki napravi telo prožno, gibčno, krepko in odporno. Še več! Telovadba oblikuje značaj človeka, njegov duh. Zato tudi klasičen izraz telovadavec: Zdrav duh v zdravem telesu!

**Dr. Valentin Benedik sedemdesetletnik**

CLEVELAND, O. — Prejšnji teden, 18. februarja 1963, je dr. Valentin Benedik obhajal v krogu svoje družine, med prijatelji in znanci svoj 70. rojstni dan.

Tine, kot ga prijatelji in znanci imenujejo, se je rodil 18. februarja 1893 v Ljubljani. Njegova mati Frančiška je bila sestra pokojnega č. g. Ivana Vrhovnika, znanega župnika fare sv. Janeza v Trnovem.

Tine je študiral na 1. in 2. državni gimnaziji v Ljubljani, nato pa završil študije na pravni fakulteti ljubljanske univerze z doktoratom leta 1925.

Od leta 1925 do leta 1928 je bil pravni praktikant v Mariboru in Ljubljani. Od leta 1928 je vršil službo izprašanega praktikanca v Ljubljani in dvakrat v Kamniku. Od leta 1930 je vršil službo sodnika na Brdu pri Lukovici, potem v Kranju in Ljubljani. — Takoj po prevzemu oblasti od strani Italijanov je odšel v podzemlje, četudi je še vedno opravljal službo sodnika v Ljubljani.

Naj kot obrobno pripombo povem še tole: Jaz osebno njega takrat še nisem poznal, vendar sem vedel o njegovi strogi zanesljivosti. Ko so me Nemci 11. septembra 1943 zaprli in postavili v "samico", sem izgubil vsako zvezo z zunanjim svetom. Vendar so še dva meseca po prihodu Nemcev službo jetniških čuvajev opravljali Slovenci, ki so bili v tej službi še pred prihodom Nemcev. Kadar sem imel kako sporočilo ali navodilo za zveze zunaj, sem vsakega teh naših čuvajev najprej vprašal, ali se še vedno smatra za obveznika jugoslovanske vojske. Interesantno je in poživljajoče je bilo za mene, da je vsak odgovoril, da se še vedno smatra za obveznika jugoslovanske vojske. In vsak od njih je sprejel, kar sem mu dal, da odnese in odda na izvestno mesto v pisarni sodnika Benedika, kjer ga je njegov uslužbenec — še danes ne vem, kdo je to bil, — odnesel na naslov. Vsa navodila so redno prišla na pristojno mesto in vse odgovore mi je čuvaj redno prinesel nazaj. — Tine o tej stvari ni nikdar vedel in jih bo zvedel še le sedaj! Ko so me Nemci leta 1944 izpustili iz zapora in je bil podpolk. Glušič, ki je vršil dolžnost načelnika štaba JVVd, od Nemcev zaprt in poslan v Dachau, sva z Tinom takim sem ga medtem tudi osebno spoznal, šla na teren in je on od tistega časa vršil posle načelnika štaba JVVd. Skupaj s kap. Cirilom Arkom sta vodila vse potrebno delo. Tine je bil izkušen vojak, poln avtoritete in spoštovan od vseh. Aprila meseca smo se morali umakniti v Italijo in so nas Angleži razmestili v taborišča Cezena, Forli in nazadnje v Eboli, kjer smo ostali do aprila 1947. Major dr. Benedik je tudi v Eboliju vršil svojo službo modro in s tolikim taktom, da smo ti dve leti — vključno s sovražni propagandi, ki je bila intenzivna in včasih meroča — preživeli. V teku teh dveh let je dal mnogo pobud našim mladim intelektualcem, ki so začeli izdajati v slovenskem in angleškem jeziku in jih je naša obveščevalna služba razpošiljala v Ameriko, Anglijo, Italijo in Egipt ter v štab angleške komande v Caserto. Naši mladi radio-inženirji so zgradili sprejemne in oddajne postaje, tako da smo imeli stalno zvezo z Nemčijo, kjer je deloval podpolkovnik Glušič in z gšt. majorjem Andree-jem ki je imel zvezo z nami in z domovino.

Po mirovni pogodbi z Italijani so nas Angleži — še vedno kot edinic JVVd — preselili v Nemčijo, nas razmestili v številna taborišča. Tine je preživel v Nemčiji še 4 leta v taboriščih Diepholz, Lingen in Solingen, odkoder je aprila 1951 prišel v Ameriko.

Njegova prva žena Ančka je bila žrtev avtomobilske nesreče, s svojo drugo ženo Jožico, pastorko Metko in hčerko Tinko živi na 1099 E. 68 St. v Clevelandu.

Dragi Tine, k Tvojemu življenjskemu obdobju Ti iskreno čestitam in sem prepričan, da govornim tudi v imenu vseh naših vojakov JVVd, ki so raztreseni po vseh kontinentih, da večer svojega življenja preživiš v zdravju in družinskem zadovoljstvu. — Se na mnoga leta!

Ivan Prezelj

**10-letnica blagoslovitve nove cerkve Marijinoga Vnebovzvelja v Collinwoodu**

CLEVELAND, O. — V nedeljo, 25. februarja 1963, je slovenska župnija Marijinog Vnebovzvelja v Collinwoodu slovesno praznovala desetletnico blagoslovitve sedanje župne cerkve.

Ob 10.30 dopoldne je daroval župnik č. g. Viktor Tomc slovesno spominsko sv. mašo. Pridiga je bila posvečena zahvali Bogu in vsem, ki so pripomogli k gradnji tako lepe cerkve.

Kampanja za novo cerkev se je pričela v maju 1956. Približno eno tretjino stroškov gradnje so farani vnaprej obljubili.

V nedeljo, 21. oktobra 1956, je nadškof Edward J. Hoban zasadi prvo lopato za gradnjo nove cerkve. Tisto leto je župnija praznovala 50-letnico obstoja. — Ogelni kamen je blagoslovil tedanji škof v Clevelandu in sedanji kardinal in nadškof v Filadelfiji John J. Kroll v nedeljo, 19. maja 1957. — Istega leta 15. septembra je škof dr. Gregorij Rožman blagoslovil zvonove za novo cerkev. Orgle je blagoslovil v nedeljo, 26. jan. 1958 msgr. Oman; novo cerkev naslednjo nedeljo, 2. februarja 1958, opoldne nadškof Edward J. Hoban in potem tudi daroval prvo sv. mašo. Oltarje je posvetil v četrtek, 13. februarja 1958, škof in sedanji kardinal John J. Kroll.

Celotni stroški gradnje so znašali \$722,185.51.

Desetletnico nove cerkve smo praznovali v nedeljo, 2. februarja, ko je god sv. apostola Matije in god našega bivšega župnika č. g. Matije Jagra, ki je pred desetimi leti vzela na svoje rame breme gradnje nove cerkve. — Daleč je bil na ta dan od nas. Bolan je ležal daleč od svojih bivših slovenskih vernikov. A mnogi smo bili tisto nedeljo v mislih ob njem. — Želimo mu skorajšnjega okrevanja in povratka v domačo faro. — Tudi njemu naj ljubi Bog povrne, da se pred desetimi leti ni strašil vzeti nase gradnje nove cerkve.

Ob koncu spominske sv. maše je vsa cerkev zapela himno: Hvala večnemu Bogu.

Popoldne pa je bila zabava v šolski dvorani, ki je bila lepo obiskana. Faran

**Ali bi rade shujšale?**

Če bi res rade, potem morate vedeti, kako pripravljati tako hrano, ki ne redi. Izmed živil boste izbirale v glavnem med mesom, jajci, zelenjavo in sadjem. Brez skrbi lahko užijete dnevno tudi dve skodelici mleka. Prav malo ali celo nič pa jejte testenin, kruha, cmokov, riža, sladkorja, raznih sladic in maščob. Zato ne segajte po mastnem mesu, mleku dajte prednost pred smetano, suhi, pust salami pred slanino in podobno. Meso pripravljajte vedno z zelo majhno količino maščobe, ali če je le mogoče, popolnoma brez nje. Za tako pripravljane so odlični pripomočki grilo. "Brojlano" meso vsebuje malo maščobe. Tanek zrezek lahko spečemo na aluminijastem pekaču z nagrabnim dnom. Pred pripravo jih lahko narahlo namažemo z oljem in natremo z različnimi začimbami, da bodo okusnejši.

Večje kose mesa dušite z majhno količino maščobe, zaradi okusa pa z veliko količino zelenjave in začimb. Tako pripravljeno meso bo vseeno teknilo, čeprav ne plava v mastni pečenkinji omaki. Brez skrbi za svojo težo pa lahko uživate kuhano meso, ko mu odstranite maščobo.

Ne skoparite z dišavami. Meso natrite s strtim česncem, namažite ga z limoninim sokom, obložite s čebulo, lovrovim listom, vejico bazilike, rožmarina itd. Poleti ga dušite s paradizniki, pozimi pa v vodi, s paradiznikovo mezo. Tudi pol kozarca vina namesto vode odlično spremeni okus mesa, ki ga dušimo.

Za shujšanje jejte zelenjavo kar po vrsti. Ne pripravljajte je z mastnimi prežgani, dušite jo v lastnem soku ali z malo vode. Kuhano in dušeno le malo zabelite z oljem, ki ga zamešajte kar v toplo zelenjavo. Tudi pri zelenjavah ne skoparite z začimbami in dišavami.

Največ vredna pa je surova zelenjava. Če morete, jejte solato v začetku obeda, ker jo prebavni sokovi bolj izkoristijo, vi boste pa preje siti, ker bo solata napolnila želodec in boste jedli manj drugih jedi.

Z jajčki nadomestite meso, ker bo to cenejše. Ne delajte pa mastnih cvrtnjakov in jajčnikov. Jajca skuhanje v mehko ali trdo in jih pojejte s kako začimbo, morda kot solato s kisom ali limoninim sokom.

Ves trud pa ne bo veliko koristil, če se ne boste omejile pri kruhu in slaščicah. Pri teh prekrških res ne velja: "enkrat je nobenkrat".

Uredite si hrano tako, da bo vaš zajtrk obilnejši, ker zjutraj zaužite kalorije ne bodo zvišale vaše teže. Telo jih bo med delom izkoristilo za nove moči in obnovo. Kasnejši in obilnejši obroki niso priporočljivi, posebno, če se malo gibljete in hodite s polnim želodcem spat.

Vse jedi pa naj bodo le malo slane, ker sol zadržuje v telesu vodo.

Kaj je ljubezen? Ljubezen je žrtvovanje. Ljubiti se pravi: služiti brez prestanka; molčati, veselo potrpeti, modro odnehati. Ljubiti se pravi, obdarjati brez zalitve. Ljubezen mora vzbujati le veselje, ne sme pa povzročati skrbi, žalosti, bolesti, grenkosti ur, sence. Ljubezen je sveta, moč za biti sveta!

## OTROŠKI KOTIČEK

Za razliko od pristujenih dni je danes čudovito lep dan. Za kosilce sem si naredil nekaj ajdovih žgancev, po kosilu sem pa za pol urice nesel svoje stare kosti na sprehod. Ne bom reknel, da je veterc topel, sonce me je pa prav prijetno grela v hrbet. In zdajle imam todle še tri pisemca, ki ne govore o ljubezni. Tako sem kar dobre volje.

**Dragi Kotičkov stric!**  
Jaz še ne znam dobro slovensko pisati, pa Ti bom vseeno s pomočjo očeta napisal nekaj stavkov. Hodim v drugi razred slovenske šole. V šoli se učimo slovenskega jezika in zemljepis Slovenije. Tudi verouk se učimo in petje. Rad hodim v slovensko šolo. Ali si Ti rad hodil v šolo. Lepo Te pozdravljam.

**Dragi Tomaž!**  
Kar debelo sem pogledal, ko sem videl, da je pisemce iz Toronta. Sem postal znan na stara leta, če me poznate celo v Torontu. Ne bom reknel, da je pismo cela povest, je pa lepo napisano in tega sem vesel. Hodiš v slovensko šolo in še rad hodiš, pišeš. Zelo lepo. Pa me še baraš, če sem jaz rad hodil v šolo. Takrat, ko sem bil jaz majhen, so šole šele dobro zidali. Sem pa hodil. Nisem bil ravno za luč, neumen pa nisem bil. Če nisem šel v šolo, sem moral delati kot črna živina, zato sem radi hodil. Tako Ti povem, Tomaž, pridno se uči, da bo kaj iz Tebe. In še to moram reči, da se mi prav tako zdi, kakor bi Tvojega očeta malo poznal. Daj ga no vprašaj kaj za neko mamo ima. Lepo ga pozdravi in mamo tudi in še staro mamo, če jo imate. In če imaš še kakšno zlahto, tisto tudi. Pa še kaj piši, fantiček. Lepo Te pozdravljam.

**Dragi Kotičkov stric!**  
Veš, Kotičkov stric, imela sem veliko željo, da bi imela novo kolo. Vedno sem imela kakšen star tricikel od sosed ali starejšega brata. Ko sem bila stara pet let, je najstarejši brat dobil novo kolo, toda jaz sem bila premajhna, da bi se na njem vozila. Dve leti pozneje je dal sosed rabljeno kolo. Sedaj je bila moja želja na pol izpolnjena. Imela sem kolo z dvema kolesoma, toda ne novega. Imela sem ga približno eno leto in ga mi je nekdo ukradel in razbil. Tat je vzel tudi bratovo kolo, ki ga je dobil takrat kot jaz. Ko sva ju dobila nazaj, je oče iz obeh sestavil eno kolo. Kmalu potem je šel brat z njim v ukradel tudi tega. Zdaj smo imeli samo še kolo najstarejšega brata. Brat je bil zanj že prevelik in je reknel, da je lahko moj. Tako se mi je želja spet spopolnila samo na polovico. Ali ste tudi Vi imeli take nesreče s kolesom? Lepo Vas pozdravlja učenka slovenske šole

**Draga Marija!**  
Tvoja čudovita zgodba bi mogla biti kar na televizi. Kolesa so prihajala in odhajala kakor včasih ljudje v zgodbah, ki jih kajo. V začetku jih je še nekaj videti, ob koncu je vse pomorjeno in postreljeno. Sem pa tja kakšnega puste, da se zgodba lahko konča. Takšna smola! Sicer se Ti je želja vsaj na pol spopolnila. Nimaš novega kolesa, s katerim se pa le voziš. Veš, punčica, ko sem bil jaz v Tvojih letih, sem tudi imel veliko željo po kolesu, toda nikdar nisem do njega prišel. Celotno življenje sem hodil peš. Če mislim nazaj, morda je bilo tako prav. Saj ni bilo nevarno voziti kolo pri nas. Kakšnega konja si srečal, voz, avto vsake

kvatre. Todle pa vožnja s kolesom niti ni tako preprosta. Nič se ne ženi. Morda si prihraniš nesrečo. Zelo pa sem bil vesel Tvojega pisma. Nekaj novega pove. Lepo Te pozdravljam.

**Dragi Kotičkov stric!**  
Ko sem bila stara pet let, sem si želela lepo, veliko punčko. Imela sem dosti igračk in dosti punčk, toda niso bile take, kakor sem si jo želela. Vsako leto sem pisala Miklavžu za punčko. Prišel je, toda punčke ni bilo. Zelo sem bila žalostna. Videla sem prijateljice z lepimi, velikimi punčkami in postala sem kar malo ljubosumna. Mama mi je rekla, da sem že prevelika za igrače, ker sem stara devet let. Uči se za šolo, mi je rekla. Ubogala sem in se tudi dobro učila. Za deseti rojstni dan pa mi je mama pokazala veliko škatljo. Bila je lepo zavita, z lepo rdečo pentljo. Odpirala sem jo z velikim veseljem. V njej je bila lepa punčka. Imela je dolge kostanjeve lase in svetlomoderi oči. Obledela je imela pisano in tudi hodila je. Bila sem srečna, ves dan sem samo gledala. Zame je bila najlepša od vseh punčk. In je res bila. Lepo Te pozdravljam.

**Draga Jennie!**  
V otroškem srcu je vedno mnogo hrepenenj in veliko pričakovanj. Nekatera se izpolnijo, nekatera se ne. Veš, tudi odrasli niso brez tega. Pa je tudi pri njih prav isto kakor pri otrocih. Včasih preveč želimo, včasih napak želimo. Tudi jaz, ko sem bil majhen, sem imel veliko želja. Pa se je z leti vse oteploti, ni se veliko spopolnilo. Toda, ko gledam nazaj, se mi zdi, da je življenje lepo že zavoljo pričakovanj, četudi se ne izpolnijo. Pričakovanja dajejo življenju pogon, dvigajo upanja in voljo. In to je zelo veliko. Drži se šole in učenja, pričakuje in upaj — na tem to naše borno življenje sloni. In hvale Ti za pismo.

Tako, dragi otroci, troje pisemc, ki so malo drugačna, sem objavil to pot. Sami lahko čutite, da je nerodno kar naprej pisati o boleznih in da je tudi meni težko odgovarjati. Toliko je stvari, o katerih se da pisati. Poskusite še drugi. Vesel bom. In še nekaj: v nedeljo bo v dvorani pri Sv. Vidu Slovenska šola pripravila kosilo. Dobiček bo šel za šolske potrebe. Opomnite svoje starše, dragi otroci, naj pridejo, če le morejo. Saj veste, brez denarja nikjer ne gre. Stopili smo v postni čas. Porabite ga tudi vi, otroci, v svoje in drugih dobro, da bo velika noč, ki pride, za vse nas lepa.

Z najlepšimi pozdravi  
Vaš Kotičkov stric

### Za izboljšanje prometa v New Yorku 2.9 milijona

NEW YORK, N.Y. — Guv. N. Rockefeller je objavil obsežen program za izboljšanje množičnih javnih prometnih sredstev na področju Velikega New Yorka. Vanj so vključeni okoliški vlaki, podzemna železnica, avtobusi in vsa druga javna prometna sredstva. Načrt predvideva v celoti izdatke 2.9 milijonov, od tega 1.6 milijona dolarjev tekom prvih 10 let.

Glavni cilj celotnega načrta je olajšati in izboljšati promet v glavnih prometnih urah, ko hite ljudje na delo in z dela, pa poskrbeti tudi za sorazmerno udobnejše zveze s Kennedy mednarodnim letališčem in vsemi drugimi letališči v New Yorku in njegovi okolici.

### Johnson se briga tudi za revščino na farmah

WASHINGTON, D.C. — Johnson je poslal Kongresu dolgo spomenico, ki v njej razlaga, kako je treba v naši deželi organizirati agrarno politiko. Ne zanima ga v njej tehnika proizvodnje deželnih pridelkov, v mislih mu je veliko bolj usoda obubožanih farmerjev, ki bi jim rad pomagal. V njegovem načrtu ni dosti novih idej, spomenica ponavlja mnoge predloge iz prejšnjih poslanic. Pa vendar ima poslanica svojo vrednost v tem, da daje prvič lep pregled, kaj vse lahko federacija naredi v prid revnim farmerjem. Poslanica tudi ne misli na nove federalne izdatke, kajti večina potrebnega denarja je že vključena v letošnji proračunski predlog, ki odreja za farmerje vsega skupaj \$7.3 milijone podpor. Za eno proračunsko leto je to že kar lep izdatek.

Spomenico so revni farmerji in njihove organizacije toplo pozdravili, zamerila se je pa velikim farmerjem in njihovemu društvu. Bijojo se namreč, da bo federacija izrabila marsikateri predlog, da se meša v svobodno gospodarjenje ameriških veleposestev. Kritiki so poslanico označili kot volivno gradivo, na Kapitolu so jo pa sprejeli z mešanimi občutki. Nekaj kongresnikov in senatorjev je kar odkrito povedalo, da ne upajo, da bi se Kongres do novembra pečal s to zadevo.

### Savdija bo obnovila podporo kraljevim četam v Jemenu

JIDDA, Savd. — Kralj Fejsal je izjavil, da bo zopet začel podpirati kraljevo stran v Jemenu, ker mu pa drugega ne preostane, ko podpirajo Sovjetska zveza, Sirija in Južni Jemen republikansko stran in s tem podaljšujejo državljansko vojno.

Fejsal se je v Kartumu lani v avgustu sporazumel z Naserjem o umaknitvi egiptskih čet iz Jemena in obljubil sam ustaviti vso podporo kraljevi strani, kar bi obe privedlo h končanju državljanske vojne. Naser je besedo držal in zadnje njegove čete so 7. decembra lani zapustile Jemen. Toda njihovo mesto so zavzele Sovjetska zveza, Sirija in v zadnjem času Južni Jemen.

### Nemški predsednik Luebke se brani

BONN, Zah. Nem. — Heinrich Luebke, predsednik Zvezne republike Nemčije, je po poklicu inženir. V Vzhodni Nemčiji so pred časom objavili neke listine z njegovim podpisom pri podjetju, ki je gradilo Hitlerjeva koncentracijska taborišča. Sedaj je te listine in obdolžitve prinesel tudi najbolj razširjeni zahodnonemški časopis "Stern".

Predsedniku H. Luebkeju, ki trdi, da ni imel z nacizmom nobenega posla, da ima v tem pogledu "čiste roke", ni ostalo drugega, da je napovedal, da bo na obdolžitve javno odgovoril na televizi. Po tem predsednikovem govoru, ki je določen za danes, bo zvezna vlada izdala posebno izjavo in zavzela v njej svoje stališče.

### Pred hladno vojno med Johnsonom in Fulbrightovim senatnim odborom

WASHINGTON, D.C. — Fulbrightov senatni odbor za zunanjo politiko je obravnaval predlog, da naj naša federacija da znani Banki za razvoj v Aziji še \$200 milijonov, da bo lahko začela poslovanje. V debato je seveda prišla tudi vietnamska vojna in pri tej priliki so kar trije

člani senatnega odbora namignili, da bodo obstruirali debato, dokler Johnson ne pristane na mirovna pogajanja s Severnim Vietnamom. Postavili so se torej na podoben stališče kot kongresnik Mills, ki noče pristati na nove davke, dokler Johnson ne da federalnemu proračunu tako podobo, kot jo želi Mills.

Torej nova hladna vojna med Belo hišo in Kapitolom. Ker imamo 36 važnih kongresnih odborov, lahko vseh 36 načelnikov vprizori podobne 'hladne vojne'. Lepo bo takrat izgledala naša federalna administracija! Le kaj bo na to rekla naša javnost?

### Mladi ruski pisatelji se ne dajo ugnati

MOSKVA, ZSSR. — Skupina 12 ruskih pisateljev, samih zastopnikov mladega rodu, je sestavila posebno protestno izjavo proti režimski kulturni politiki in jo poslala priporočeno na naslov predsedstva "pripravljalnega sestanka" v Budimpešto. Ne domišljajo si, da bo ta korak kaj vplival na kulturno politiko sedanjega režima v Kremlju, toda upajo da bo vsebina protestne note v svobodni svet, kot bi bilo to mogoče v Moskvi. Nota posebno ostro protestira proti zadnjim ruskim pisateljem in obsodbam, ki so padle na obtožence.

Sir Arthur Conan Doyle:

# IZGUBLJENI SVET

(THE LOST WORLD)

Tam je vse vrelo in mrgolelo nepoznanega živalstva. Velikanski temnosivi hrbti in visoke, kakor žaga zobčaste plavuti so se venomer prikazovale sredi srebrnkastih valčkov in zopet izginile v globini. Oddaljene sipine so bile polne ogabnih, čudnih plazivcev, velikanskih želv, nepoznanih savrijev, in med drugim se je razločil orjaški ploskvi nestvor, ki se je zvijal in drhtel kakor kup maslnih črnih jermenov ter se z glasnim pljuskanjem počasno spustil v vodo. Tu in tam so se vzpenjale visoko nad gladino kačje glave: dolgi vratovi so urno penili vodo, zapustili za seboj dolg vijugast sled in se po labodje slikovito pripogibali ter vzravnavali. Naposled je pristala ena izmed teh živali na peščini samo nekoliko sto yardov daleč od nas ter pokazala vse svoje sodu slično telo z velikanskimi plavutami ter

dolgim kačjim vratom. Tedaj sta pričela Challenger ter Summerlee, ki se je nam zopet priključil, od samega navdušenja ter občudovanja pravi dvospev:

"Plesiosavr! Sladkovodni plesiosavr!" je kričal Summerlee. "Kako bi naj mislil, da bom doživel tak prizor! Samo nama je bila sojena ta sreča, dragi Challenger, samo nama izmed vseh zoologov od početka pa do zdaj! Sele, ko je nastopila noč in so v temi zažareli rdečkasti ognji naših divjih zaveznikov, se je nama posrečilo odtrgati oba učenjaka od čudežev tega prazgodovinskega jezera. Pozneje, ko smo ležali v temi ob obali, smo še večkrat slišali, kako so prhali in pljuskali velikanski povodni prebivalci.

Zjutraj zgodaj je naše taborišče zopet oživelo in uro pozneje smo že odrinili na slavno vojno. Kolikokrat sem sanjal, da bi postal vojni poročevalec! Vendar me ne bi mogla tudi najgorostnejša bitka bolj poučiti, kaj je bistvo vojne umetnosti, kakor ta napad, o katerem moram zdaj poročati! Moje prvo poročilo z bojnega polja se glasi torej tako: Naše število je bilo še ponoči ojačeno z novim oddelkom tuzemcev, ki je dospel iz jam, ter je znašalo pri odhodu vsaj štiri sto do petsto mož. Naprej smo poslali oddelek izvidnikov, za njim pa se je valila v dolgem spredu po obronku, porastlem z grmovjem, navkreber glavna vojska in se ustavila šele ob robu gozda. Tukaj se je raztegnila v dolgo vrsto sulicarjev in strelcev. Roxton in Challenger sta se postavila na desnem krilu, Summerlee in jaz — na levem. To je bilo pravo krdelo vojščakov kamene dobe in mi smo ga spremljali v bitko z najnovejšimi izdelki londonske puškarske obrti.

Nismo dolgo čakali na sovražnika. Na robu gozda se je razleglo divje, cvileče tulenje, ne-

moči. Ni se rešila menda nobena kamenjem in gorjačami oboroženih opic ter se zakadila v sredino indijanske bojne črte. Napad je bil sicer pogumen, toda nerazsoden, ker niso bile orjaške, krivonoge zverine na tleh nikakokr kos svojim, kakor mačke prožnim nasprotnikom. Grozno je bilo gledati pobesnele pošasti s penastimi gobci in divje plamtečimi očmi, kako so se zaletavale in grabile po spretnih sovražnikih, a jih nikoli niso mogle dobiti, dočim so se zasajale puščice druga za drugo v opičjo kožo. Velikanska opica je drevela tik mimo mene in tulila od bolečin: kakih deset puščic ji je štrlelo po vratu in rebrih. Iz samega usmiljenja sem ji prestrelil lobanjo, da se je zvrnila kakor posekana med alo. To je bil edini strel, ker je bil usmerjen glavni napad proti sredini bojne črte, in so ga Indijanci lahko odbili tudi brez naše po-

moči. Ni se rešila menda nobena opica izmed vseh, ki so se upale iz gozda na prosto.

Zato je postala stvar vse bolj nevarna, čim smo prišli v gozd. slednjič, dobro uro potem, ko smo pričeli prodirati med drevesi, je izbruhnil tako ogorčen boj, da nam je včasih prav trda predla. Z velikanskimi gorjačami oborožene opice so pridrvele iz grmovja in udrhale po Indijancih, da se je marsikateri posrečilo pobiti po tri do štiri sovražnike, preden jo je prebodla sulica. Njih strahoviti udarci so zdrobili vse, kar so zadeli. Eden je v trske zdrobil kopito Summerleejeve puške, drugi pa bi mu najbrž strl lobanjo, če ne bi opici prestrelil Indijanec srca. Druge opice so čepele po drevesih ter nas obmetavale od zgoraj s kamenjem in težkimi kosi lesa ali pa so tudi skakale med nas na tla in se besno bojele, dokler jih nismo ugonobili.

## Buttery Whole Wheat Flakes Star In Tuna-Artichoke Casserole

Breakfast cereals are basic ingredients in many fine casseroles these days. Their multi-faceted flavors and forms lend themselves to creative cookery. In this recipe butter-tossed whole wheat flakes and grated cheese help make a very special dish in combination with tuna, artichoke hearts, and a sauce of cream of mushroom soup. Simple, robust fare though it is, it is not often one finds a combination that is so attractive, so full of appetite appeal, yet so nutritious.

- Supper Casserole With Cereal Flakes, Tuna, Artichokes**
- 2 cups whole wheat flakes
  - 1/2 cup coarsely shredded cheddar cheese
  - 1 tablespoon melted butter or margarine
  - 1 can (10 1/2 ounce) condensed cream of mushroom soup
  - 1/2 cup milk
  - 1/4 cup finely chopped onion
  - 2 cans (7 ounce) tuna, drained and flaked
  - 1/2 teaspoon lemon juice
  - 1 package (9 ounce) frozen artichoke hearts, cooked and drained

Combine cereal, cheese, and melted butter or margarine; toss lightly. Combine soup, milk, and onion in saucepan; heat slowly, stirring constantly. Remove from heat; fold in tuna and lemon juice. Sprinkle 1/2 of cereal mixture over bottom of well-buttered 1 1/2 quart baking dish. Top with 1/2 of tuna mixture. Arrange all but 6 artichoke halves on tuna. Sprinkle 1/2 of remaining cereal over top; cover with remaining tuna mixture. Make a circle of artichoke halves in center of casserole and sprinkle remaining crumbs around edge. Place in moderate oven (350°F) until hot and bubbling around the edges, about 30 minutes.

Yield: 4 to 6 servings.

### CONDENSED NEWS FROM OUR HOME FRONT

On February 20th, Mrs. Frances Piskur of 1065 E. 69 St., celebrated her 84th birthday. Congratulations to our faithful reader and wishes for many more happy and healthy birthdays!

Mrs. Mary Filipovic of 4003 E. 143 St., has returned home from the hospital and wishes to thank all who visited her at the hospital and for their prayers. She is staying now at the home of her daughter, Mrs. Mary Pabian, 2118 W. 95 St.

Home from the hospital is Mr. John Sluga of 18309 Marcella Rd. He wishes to thank all who visited him at the hospital or sent him cards.

Mrs. Josephine Cigoy of 800 E. 200 St., has returned home from Euclid Glenville Hospital and wishes to thank all who visited her at the hospital or sent her flowers, other gifts and cards.

Congressman Michael A. Feighan announces that among the nominees to the United States Service Academies for the class entering in July 1968 is Gregory Joseph Woods, 5348 Homer Avenue. He was born June 15, 1951 and is a Junior at St. Ignatius High School; active in the Holy Name Society and member of the Varsity Baseball team. In 1967, played on the 23rd Ward Democratic Club's baseball team, which won the City E title and has also received the Frankie Suec Award for his accomplishments on that team.

Minneapolis, Minn. — Policeman stopped Oscar Larson, 69, for erratic driving and told him the permit he produced required a licensed driver in the car with him. "I've got one," he said, pointing to his dog sporting a \$3 license tag on his collar. Larson was charged with drunken driving.

Long Beach, Calif. — The city of Long Beach, owner of the Queen Mary, refused to sell a whistle from the ship to students from the University of Washington. Harry Fulton, assistant to the city manager, wrote to the students who made the offer: "I'm afraid all involved in this city government would be whistling another tune if we dared to part with the whistle of the great Queen Mary." The students had proposed raising the whistle at athletic events. Fulton advised them the whistle, which is seven feet long and weighs more than a ton, can be heard 15 miles away. "It is one of the most far carrying sounds ever devised," he wrote. "If you sounded this in a football stadium the players might never hear the signals called. A basketball pavilion could virtually go into orbit."

## Slovenian Chapel Fund

Cleveland, O. — As the campaign for the Slovenian Chapel Fund gains momentum, more and more of our lodges are sending in their contributions. With the down payment made, there remains \$45,000.00 to be subscribed by Slovenians of America to complete the Slovenian Chapel in the Immaculate Conception Shrine in Washington, D.C. Our president, Mr. Joseph Nemanich, who is also president of the Committee for a Slovenian Chapel, has been very pleased with the progress of the fund drive thus far. He does urge, though, that members of lodges likewise contribute individually, if they feel so inclined. Moreover, there is a pressing need for chapters to be organized in communities outside those that have been active thus far: Cleveland, Chicago, Washington, and New York.

We are happy to report these additional lodges contributing to the fund: St. Ann's Society No. 150 KSKJ, Cleveland, Ohio; SS. Peter and Paul Society, No. 62 KSKJ of Bradley, Ill.; and St. Joseph Society No. 122 KSKJ of Rock Springs, Wyo., each contributed \$100.00. St. Joseph Society, No. 2, KSKJ of Joliet, Ill., contributed \$50.00. Then St. Joseph Society No. 110 KSKJ in Barberton, Ohio; and Blessed Virgin Society, No. 50, KSKJ, of Pittsburgh, Pa., each donated \$25.00. Members of St. Francis Society No. 236 of San Francisco, California, donated \$20.00. SS. Cyril and Methodius Society, No. 59, KSKJ, Eveleth, Minn., No. 243, KSKJ (Sacred Heart Society), of Barberton, O.; St. Roch, No. 113, KSKJ of Denver, Colorado; and SS. Peter and Paul Society, No. 64, KSKJ, of Pittsburgh, Pa., each donated \$10.00 to the chapel fund. St. Joseph Society No. 21 KSKJ of Bridgeville, Pa., donated \$5.00.

The total amount contributed during this report is \$465.00. Detailed reports of all contributions appear in the Slovenian section of Ameriška Domovina and Amerikanski Slovenec Glasilo K.S.K. Jednote. The contributions are also acknowledged by receipt.

## Vienna Choir Boys At Music Hall March 2

The world-famous Vienna Choir Boys will appear at the Music Hall on Saturday, March 2nd, at 8:30 p.m., presented under the auspices of the Cleveland Opera Association. The beguiling freshness, charm and artistry of the Vienna Choir Boys have won them multitudes of admirers and made them the most beloved choir ever to tour America. Their program will be in the traditional three-part form: the first third will be devoted to religious selections, including sacred songs in Latin. These will be followed by a complete switch in mood as the boys change from their traditional sailor suits to high-heeled shoes, dresses and wigs and perform the rollicking operetta "The Apothecary". The concert will conclude with a set of some of the most familiar Viennese waltzes and Austrian folk songs.

## SHORTS on SPORTS

**Piniella Escaped Indian System, Then Returned**  
Lou Piniella is one guy the Indians let get away, but managed to reacquire.  
He was signed by the Tribe in 1962, but was drafted by Baltimore the following season. Lou went to bat four times for the Orioles late in 1964, batted 249 at Elmira (Eastern) in 1965, then came back to Cleveland.  
The Indians traded catcher Camilo Carreon to Baltimore for Piniella in spring training of 1966.  
Lou has been attending the University of Tampa in his hometown the last seven winters and needs just one more semester of class work for a bachelor's degree. Piniella's major is physical education, but he plans to become a stockbroker when his baseball career is finished.  
The Tribe tried to convert Piniella into a catcher last spring, but the experiment ended quickly. "I can't catch... I'm too scared," admitted the honest rookie. "I blink my eyes on every pitch. I just couldn't stop doing it, so how could I ever be a catcher?"

**Boxox Club Planning Huge Dinner to Greet Champs**  
Boston, Mass. — The Boxox Club an organization of businessmen and fans who support the Red Sox, is organizing a mammoth dinner to welcome the club on April 15, the day of the home opener in Boston.  
The club also announced that former Red Sox infielders Ted Lepico and Eddie Pelligrini have been added to the club's board of directors.

**Managing Mets Will Be Different, Hodges Finds**  
St. Petersburg, Fla. — Gil Hodges said he already realizes that it's a lot different managing a New York club than managing one in Washington.  
Hodges could have answered "more pressure," but rather than lessen the status of the Senators, he answered:  
"I got a pretty good idea of what the job of managing a New York club is like not too long ago. A fellow came up to me with a microphone, stuck it right under my nose and asked: 'Do you think the Mets will win the pennant this year?'"

Hodges said he managed Washington four and one-half years and nobody ever asked him that question.  
"I stumbled a little a little when the fellow asked me that question," Hodges said with a laugh. "I thought he was kidding at first."

**New Pilots for Six Clubs As Spring Drills Begin**  
Six clubs, three in each major league, are going into their spring drills under new managers. The new pilots with the men they replace are:

A.L. — Indians, Al Dark (Joe Adcock); Athletics, Bob Kennedy (Dark); and Senators, Jim Lemon (Gil Hodges). N.L. — Braves, Lum Harris (Billy Hitchcock); Mets, Hodges (Wes Westrum), and Pirates, Larry Shepard (Danny Murtaugh).

## Glasbena Matica Spring Concert Set For Mar. 31

On Sunday, March 31 at 4 p.m., the Glasbena Matica chorus will present its annual "Spring Concert" at the Slovenian National Home, 6417 St. Clair Ave. It is under the capable direction of Valentina Filinger and accompanied by a string ensemble.  
The program consists of Slovenian classical and folk songs by well-known composers, as, Adamic, Foerster, Vilhar, Kramolic, Grum and Parma, sung by the mixed, men's and women's chorus, and a well-blended men's quartet.  
A selection from the currently popular "Camelot" and a medley from Gershwin's "Porgy and Bess" by the mixed chorus, mini-chorus and solos — all for your enjoyment.  
For a Sunday afternoon of good listening pleasure, you will reserve Sunday, March 31st. Admission tickets for reserved seats are available now from members of the chorus and soon at Jo-Ann's Confectionery at 6415 St. Clair Ave.  
At this time, we might also add that on Sunday, March 24th, the chorus is presenting a concert in Detroit, Michigan at the SND under the SNPJ Federation sponsorship. Publicity Committee

## Stokers Sign Two International Soccer Stars

John Brooks, a former youth international star for England and a top scorer in the Irish League, has joined the Cleveland Stokers at their pre-season training camp in New Brighton, England.  
The purchase of the 23-year old center forward's contract from the disenfranchised Boston Shamrock Rovers of the former United Soccer Association was announced by Marsh Samuel, Cleveland General Manager.  
Brooks, who has a reputation as a prolific goal-scorer, is expected to provide an explosive force to the Cleveland attack. In 1967, playing with the Sligo Rovers, he led the Irish League in scoring with 17 goals in 20 league games.  
This season in a game against St. Patrick's Athletic he put the ball in the back of the net three times in just under four minutes, an Irish League record. Not content with that achievement, he later added a fourth goal.  
Romulo Cortez, a 25-year old forward and a six-year choice for the Bolivian National team, has been signed by the Cleveland Stokers. After signing on February 20th he left for La Paz Bolivia to personally pick up his release papers from his former team, Union Maestranza. He will then board a plane for Manchester, England and proceed to New Brighton, the site of the Stokers' camp near Liverpool.  
Cortez has been a professional since age 17 when he signed with a first division team, Club Always Ready. In 1962 that team toured Europe and played against teams all over the continent. Later that same year he was named to the National team. The following year he played again with the National team which won the South American championship.  
In 1964 he went to Germany to play a year for first division Bayer-Munich, then returned to Bolivia to play two years before coming to the U.S. to study and seek a spot in pro soccer here. According to Marsh Samuel, general manager of the Stokers, Romulo Cortez will be a valuable player in the Stokers forward line.

## Stokers Sign Two International Soccer Stars

John Brooks, a former youth international star for England and a top scorer in the Irish League, has joined the Cleveland Stokers at their pre-season training camp in New Brighton, England.  
The purchase of the 23-year old center forward's contract from the disenfranchised Boston Shamrock Rovers of the former United Soccer Association was announced by Marsh Samuel, Cleveland General Manager.  
Brooks, who has a reputation as a prolific goal-scorer, is expected to provide an explosive force to the Cleveland attack. In 1967, playing with the Sligo Rovers, he led the Irish League in scoring with 17 goals in 20 league games.  
This season in a game against St. Patrick's Athletic he put the ball in the back of the net three times in just under four minutes, an Irish League record. Not content with that achievement, he later added a fourth goal.  
Romulo Cortez, a 25-year old forward and a six-year choice for the Bolivian National team, has been signed by the Cleveland Stokers. After signing on February 20th he left for La Paz Bolivia to personally pick up his release papers from his former team, Union Maestranza. He will then board a plane for Manchester, England and proceed to New Brighton, the site of the Stokers' camp near Liverpool.

## NO SUBSTITUTE FOR RAILROADS

Railroaders have received a pat on the back from a source that should know what it is talking about — a locomotive manufacturer. After a comprehensive study of the railroad industry, the manufacturer arrived at some conclusions which were included in an attractive brochure entitled, "New Ways to Run Railroads." Among other things, the brochure states: "Railroads have pulled away from the past and headed into the future. Even in this Space Age they can become incomparably the most versatile form of transportation."

The brochure notes some major innovations that brighten the railroad outlook. Among them are the industry's increasingly effective use of electronic computers, automation of the huge classification yards where freight trains are broken up, reassembled and dispatched. Development of new types of rail services, such as unit trains. Improvements in railroads' rolling stock. The possibility that new types of high-speed rail service can be developed for densely-populated areas.

Beyond improvements in the physical plant and the introduction of electronic marvels, the brochure says the most promising sign of all for the future of the railroads is, "the way that railroaders are revolutionizing themselves. With only a little more elbow room, they have begun to apply old-fashioned ingenuity and the most modern technology to every aspect of their business." Not so many years ago, the railroads were frequently referred to as a dying industry. As Mark Twain might have said, the report of their imminent demise was grossly exaggerated.

## Pancake and Sausage Breakfast Set For Mar 17

The 8th annual "Pancakes and Sausages Breakfast" will be held Sunday, March 17th from 8 a.m. to 2 p.m. and already Holy Name members are busily preparing for the Breakfast. Another large crowd is expected to attend this popular event and last years record crowd of 1200 is probably going to be bettered this year.

Among the honored guests that are expected to attend, we have just received word that Senator Frank J. Lausche will be present and we all look forward to seeing again our noted legislator from Washington, D.C.  
As in the past, the menu will include pancakes, sausages, butter syrup, orange juice, coffee or milk. Tickets are available from Holy Name officers or the St. Vitus Rectory. Tickets can also be purchased at the door on the day of the breakfast. Adult portions are \$1.00 and children under 12 at 50 cents.

Reserve your Sunday March 17 for the Breakfast at St. Vitus Auditorium — we especially extend an invitation to all the past parishioners to visit the St. Vitus area and renew old acquaintances at this event. There'll be lots of old familiar faces in attendance. We'll be expecting to serve you.

## St. Vitus Christian Mother's Club THURSDAY MEETING

The St. Vitus Christian Mothers Club will have their regular monthly meeting Thursday, March 7th instead of Wednesday, March 6th in the school auditorium at 7:30 p.m. There will be an Adult Color Film on Sex Education "From Generation to Generation". Guest speaker will be Monsignor Louis Baznik.

## St. Vitus Christian Mother's Club THURSDAY MEETING

This title doesn't begin to describe the marvelous cooperation of the Women's Organizations of St. Vitus. They worked hard and long hours, they baked goodies that began at one side of the auditorium and should have ended at the other but didn't. There were still more ready to replace that what was sold. Everything you had a taste for was there.  
As you know our goal was set at \$1,000.00 — Ladies we did better than that. The exact amount will be announced at our club meeting.  
So to all the wonderful bakers, workers and donors give yourselves a pat-on-the-back for a job "very well done".

Reporting from Washington

**GEORGE WASHINGTON'S BIRTHDAY** — 1968. We have just celebrated George Washington's birthday! Traditionally the Speaker of the House designates one Member to read our first President's Farewell Address each year on Feb. 22nd. Congressman Robert Sikes of Florida received the honor this year.

George Washington's last great warning to the country he had created is one we would do well to listen to: in his Farewell Address he adjures us to "Avoid the accumulation of debt not only by shunning occasions of expense, but, by vigorous exertion in time of peace, to discharge debts which unavoidable war may have occasioned".

Instead of following this advice, we have been led gradually and easily in recent years into accepting debt almost as a natural, harmless phenomenon. You have probably heard the expression from time to time that the national debt is "something we owe ourselves so why worry about it". The answer to that is that the national debt is a debt just like any other. Eventually it will have to be paid and our future generations will suffer the most, although we are seeing the effects today in the form of inflationary prices, high interest rates, and among other things the lack of mortgage money for home building.

The last balanced budget was in 1960 — the final year of the Eisenhower Administration. Since then there has been a deficit each year. The total of the yearly budget deficits from 1961-1968 comes to \$69 billion. This year's budget — instead of being out — is \$10 billion higher than last year. "Avoid the accumulation of debt!" If this is sound advice for the individual, it is sound advice for the Nation — especially

**DO YOU KNOW YOUR RIGHTS?**

New York (NAPS) — As an American you have a stake in practicing and preserving the freedoms that are yours by law and heritage. Yet if you're like many people, chances are you aren't always certain what these rights are, or how they can be denied you in ways of which you may be unaware. The following 10 questions, plus answers from lawyers can help you test your knowledge of your rights:

1. If you collide with another driver at an intersection, who's entitled to collect — you or the other guy? It depends on who has the right-of-way. If one driver runs through a stop sign or traffic light, the other may collect. But if there's no sign or light, the following rules apply: (a) the car that reaches the intersection first has the right-of-way regardless of direction; (b) if you and another car reach the intersection at the same time, the car to your right has the right-of-way.

2. If a trespasser is injured on your property, can you be sued? Can the trespasser win? The answer to the first question is "Yes" — anyone can take you to court and try to collect money. The answer to the second is, "Probably not." Lawyer Martin J. Ross in his "Handbook of Everyday Law", says: "Trespassers are persons who come on private property without permission of the owner, and are not entitled to any special duty of care by the owner. They are there without permission, and at their own risk. The owner has no responsibility for their safety. However, he must not place any traps or other devices upon his land which are intended to injure them."

3. If a policeman bangs on the door one night and says, "You're under arrest!", does he have the right to cart you away without a warrant describing your wrongdoing? Usually not. The Fourth Amendment guards you against unreasonable searches and seizure. As a rule, before an arrest can be made, a warrant — stating a probable cause — must be sworn out before a judicial officer. The warrant must be handed to you by the arresting officer. You can be arrested without a warrant if you are creating a breach of the peace, apprehended in the course of committing a felony (in actual practice in most states this also applies to a misdemeanor), or if the officer has reasonable basis for believing that a crime has been committed and that you've done it.

4. If you are denied access to certain types of information, is this an encroachment on your rights? Yes. One basic freedom is the right to know. For example, the First Amendment guarantees freedom of the press and freedom of speech. This has helped keep American political writing and statements fairly free from censorship except in war time. Presently, you can look at government lists of American car owners beauticians and the like. But if some people had their way, you would be denied this freedom.

5. If a company uses your name or picture for commercial purposes

without our consent can you do anything about it? It depends on the State you live in. You may be able to sue, and in some cases, even get a court injunction prohibiting further use. While there's no specific reference to right of privacy in the Constitution, many states have laws which guarantee it, and in some cases, even get a court injunction prohibiting further use. While there's no specific reference to right of privacy in the Constitution, many states have laws which guarantee it, and in some cases, make invasion of privacy a misdemeanor. New York was the first state to have such a statute, which is limited to commercial appropriation of a person's name or photograph. In some other states, entering a lady's bedroom without her consent, wire-tapping and taking down a conversation on a dictaphone without a person's knowledge are also invasions of privacy.

6. If your boss summons you into his office and falsely accuses you of being a thief can you sue him for slander? Not unless there is at least one witness present. According to lawyer William Capitman, in "Everyone's Legal Adviser", "One can freely make the vilest remarks about another person, with no fear of libel or slander actions, if the remarks are said or written out of the presence of any other person, and the writing is never shown to another person. In order for a libel or a slander to take place, there must be what is called a publication."

7. If you agree orally to purchase someone else's house, then change your mind, are you legally held to the commitment? No. Any contract relating to real property must be in writing to be enforceable. This is true even of an agreement to buy a house sometime in the future.

8. If an apartment house owner agrees to lease an apartment to you for six months, you agree and pay a deposit, can he force you out in three months if the agreement isn't in writing? No. An oral lease for less than a year is binding on both parties. If the lease is for one year or longer, however, it must be in writing.

9. If you order something C.O.D. do you have the right to open and inspect it before paying? No. When you agreed to purchase the item "cash on delivery", you legally forfeited your right to open it first, because it doesn't belong to you until you've paid for it.

10. If you order a pair of shoes, for example, which are guaranteed to be genuine leather, but turn out to be paper, can you get your money back? Yes. Where goods are bought by description they must conform to that description. If the goods are defective, or have been misrepresented, according to lawyer Capitman, you may legally keep them and pay only what they're worth in their defective condition; pay the purchase price and sue for damages resulting from breach of warranty; refuse to accept the goods in their present condition, demand that the seller perform and sue for

breach of warranty; or declare the sales agreement void and get your money back.

**Answers About Heart Disease**

You have been hearing for some time now that heart disease is one of the leading causes of death. But what is heart disease? And why does it cause so many deaths?

First of all, heart disease is not a single disease, but several. There are five common types.

**Congenital Malformations Of The Heart**

This type of heart disease is a birth defect, and accounts for only 1-2% of all heart disease. Some of these defects can be corrected by surgery.

**Rheumatic Heart Disease**

Rheumatic heart disease is a result of damage to the lining of the heart during rheumatic fever. Children are frequently the victims of this kind of heart disease, although adults are susceptible, too. The "strep" throat infection, so common during this time of year, is very dangerous because without adequate treatment it may develop into rheumatic fever and cause heart damage. Antibiotics today do much to end the threat of this kind of heart disease.

**Arteriosclerotic (or Coronary) Heart Disease**

Arteriosclerosis is a disease in which fatty particles build up inside the arteries, hardening the walls of the arteries, and gradually narrowing the space for blood to pass thru. Eventually, a blood clot may form and obstruct the passage entirely. When this happens in an artery leading to the brain, the person suffers a stroke; when in an artery supplying blood to the heart muscle, the person has a heart attack.

Hypertension is a disease in which the blood vessel walls thicken and lose their elasticity. When this happens, the heart has to work harder to pump blood through the body. Eventually, the heart becomes thickened and permanently damaged. Hypertensive, rheumatic and arteriosclerotic heart disease account for about 90% of all heart disease.

**Syphilitic Heart Disease**

One of the great dangers of syphilis, and one important reason to eradicate V.D., is that the heart may be badly damaged in a case of untreated syphilis. Often the afflicted person is unaware until many years later of the damage done to his heart. This type covers about 8% of all heart disease.

Why are so many people dying of heart disease? One thing you must keep in mind is that doctors today can more accurately determine cause of death than they could fifty years ago. They can now correctly attribute to heart disease what formerly would have been blamed on some other disease. You should also realize that many previously fatal diseases, such as small pox and diphtheria, have been almost entirely eradicated. Persons who might have died of one of these are now living to die of heart disease.

**Postal Law On Lotteries**

Soft drink bottlers' on-product prize plans could be in violation of United States Postal lottery laws, the Post Office Department warned today.

"Anything concerning them could be nonmailable," according to Timothy J. May, the department's General Counsel. "Advertisements in newspapers, circulars and other material promoting such plans thru the mails may be found to violate federal law (18 U.S. code, section 1302)."

"In several states franchised bottlers are now promoting soft drinks by offering purchasers a chance to win a prize by looking for the 'lucky mark under the bottle cap liner.' Mr. May added that 'in these cases the elements of chance and prize are obvious, and consideration, or cost, is not avoided by such meaningless statement as 'nothing to buy — caps are where you find them.'"

In addition to warning soft drink bottlers and others promoting this type of scheme through the mails, the general counsel asked all postmasters to submit sample copies of any mailings concerning this type of lottery. Publishers of newspapers, pamphlets or publications of any kind advertising a lottery through the mail are also subject to a fine or not more than \$1,000 and imprisonment of not more than two years.

(Note to Editors.) A Lottery is defined as a scheme where a consideration is furnished for a prize that is dependent upon chance. Authority is also given the postmaster general to curb lotteries under title 39, U.S. code, section 4005, which provides that mail destined for a scheme of this kind may be withheld from the operator and returned to senders after having been stamped with the words "Lottery Mail." Additional information is available in the post office department pamphlet "The Law vs. Lotteries".

A carpenter stood gazing silently at his firstborn asleep in a crib. "A penny for your thoughts," said his wife. "I can't get over it," he replied softly. "A crib like this for only \$29."

**Overseas Mail Explained By Post Office**

The Post Office Department is publishing an illustrated pamphlet outlining an expanded program for air-lifting letters, packages and certain other types of mail overseas at low postal rates. Mail for Servicemen — A Guide for Speeding Service" will be distributed beginning next week to more than 40,000 postal installations.

Postmaster General Lawrence F. O'Brien said that "as a result of new legislation and action by President Johnson we are now air-lifting more than 75 per cent of all mail going to the military men and women stationed abroad. We hope this guide will help more American families be familiar with these services and use them."

The eight-page pamphlet illustrates the three services for air-lifting parcels at rates the average family can afford, the speedy service now available for newspapers and news magazines to most overseas bases, the special rates for books and similar educational materials, and how to mail sound-recorded personal messages. The guide also provides parcel wrapping instructions, information on the time it takes parcels to reach Vietnam and other overseas bases from major U.S. cities, and pointers on the correct way to address military mail.

One of the newest military mail services is PAL (Parcel Air Lift), inaugurated Jan. 7. Packages up to 30 pounds in weight and 60 inches in combined length and girth now receive airtail service from a U.S. city directly to the overseas base on a space available basis. The family sending a 10-pound parcel from San Francisco to Vietnam, for example, pays only \$1.00 on a package marked "PAL", while the air parcel rate for the same package is \$5.

On parcels weighing under 5 lbs. it might be more advantageous for a family to use the older (SAM) Space Available Mail, and air packages weighing under 2 lbs. air parcel post is often the patron's "best buy," the pamphlet suggests.

**Cancer Research Is Key To Cure**

"When the final solution to the problem of cancer comes," Dr. Matthew N. Levy, member of the Medical Advisory Committee, Cuyahoga Unit, American Cancer Society, stated, "it will arrive thanks to the unsparring efforts of modern research."

"We've made a good start," Dr. Levy observed. "It's true enough that in cancer there's still a great deal of unknown territory, including the fundamental causes of the disease itself. But one of the things we are sure of is that the beginning of cancer lies inside one of the 50 trillion or so cells that go to make up the human body."

"We are making unmistakable progress," Dr. Levy continued. "Some of the knowledge we have today of the basic workings of the cell itself would have been undreamed of just 20 years ago. The dividends of that kind of biochemical research may take a good deal of time to reach application, but when they do, the time, money, and effort will have been well worthwhile."

"Even at the bedside level of immediate aid to the cancer patient, research has more than earned its keep," Dr. Levy stated. "There is chemotherapy — the use of chemical agents to fight cancer. Thus far, one particular (although rare) form of cancer has been successfully fought via chemistry, and there is reason to hope that one or two others soon may be. Even leukemia, for which there is as yet no true cure can be 'beaten back' for weeks, months, or even years, with the use of the proper drug combinations."

"The study of viruses, too, is a matter for intelligent hope," Dr. Levy said. "Dr. Peyton Rous learned more than half a century ago that a virus could cause a certain type of cancer in chickens. Additional research has shown that other animals are also susceptible to viral attack. We have not yet shown that viruses can produce human cancer, but the clues are mounting. And then, of course, there is another avenue of investigation: the study of the hormones, which help to regulate many of the body's normal activities. Hormone treatment has already proved valuable in counteracting (although not curing) cancers of the prostate in men and the breast in women."

"One aspect of the cancer fight which is receiving particular attention today is what the American Cancer Society calls the 'Six Sites.' We've learned that cancers of the breast, lung, colon-rectum (lower digestive tract), skin, mouth area, and uterus (womb) account for 60 per cent of cancer cases and almost exactly half of cancer deaths.

"Uterine cancer is a particularly striking example of what research can accomplish. Thanks to the PAP test, which has been popularized by the American Cancer Society, deaths from this form of cancer have been reduced by 50 per cent in the last generation.

"Research continues. It must, until cancer is finally conquered. But the evidence so far, and lives saved, gives many reasons for hope," Dr. Levy concluded.

**WHAT THE DOCTOR ORDERED**  
Peanut butter was first invented in 1890 by a St. Louis doctor who needed an easily digested, high protein food for his patients. Medicine never tasted so good!

Today, of course, we consider rich, creamy peanut butter more of a treat than a treatment. It's unique melt-in-your mouth flavor makes any dish great eating. No longer just "filler material" for sandwiches this menu-aid gives pancakes, macaroni, mashed potatoes and scrambled eggs new life.

Be saucy — peanut butter saucey! Melt one tablespoon table fat over water and blend in ¼ cup peanut butter, 2 teaspoons flour, ½ teaspoon salt, and then stir constantly until it thickens. Pour it over cabbage, onions, or cauliflower and you've added delicious to nutritious. Ice-cream sundaes never had it so good before a peanut butter topping either.

Peanut butter could very well be the panacea for your cooking ills. Helps keep your grocery bill in good condition, too. Take this prescription from the U.S. Department of Agriculture's Consumer and Marketing Service and serve peanut butter often — it's plentiful and reasonably priced right now.
