III. KONVENCIJA S. Ž. Z. STABILIZACIJA DOLARJA ZAKLJUČENA

24. maja zvečer ob pol osmih je bila zaključena tretja redna konvencija Slovenske ženske Zveze, vršča se v Collinwoodu, O. Potek programa preko dneva je bil sledeč:

Razmotrivalo se je o pravilih. Sprejele so se sledeče točke: glavni odbor se voli na konvenciji, nominacija je javna, volitev tajna. Vse glavne odbornice morajo biti ameriške državljanke. Vnela se je debata, če ima kaka odbornica pravico sprejeti urad v kaki drugi podporni organizaciji. Albina Novak pojašnjuje, da S. Ž. Z. ni nobena podporni organizacija, pač pa družabna in izobraževalna. Navedla je tudi primer, da so clevelandске podružnice baš radi sodelovanja z drugimi organizacijami postale tako številne in močne kot so. Končno je sprejeto, da je članica SŽZ lahko uradnica tudi pri drugih organizaciji, toda ne sme imeti istega urada, kot ga ima pri SŽZ. In nobena glavna odbornica ne sme imeti pri SŽZ dveh uradov.

Predsednica prosvetnega odbora, ki obstoji iz petih članic, je urednica. Mora biti večša slovenskega in angleškega jezika v govoru in pisavi in vsaj eno leto članica Zveze. Urednica "Zarje" je obremen tudi upravnica. Dve članici prosvetnega odseka načelujeta izobraževalnim in družabnim klubom, ena mladinski klubom, druga klubom za starejše članice. Plače glavnih odbornic, ki prihajajo k pregledovanju računov, so znižane na nasvet glavne predsednice s petih dolarjev na štiri. Poleg dnevnice se plača tudi vožnja.

Bondi: predsednica \$1,000, tajnica \$3,000, blagajnica \$3,000 in urednica \$500. Nato se je vnela dolgotrajna debata glede duhovnega vodje. Tu so vladali precej nejasni pojmi glede naslova tega urada, kakor tudi glede pravic in dolžnosti, ki jih ima vršiti bodoči duhovni vodja. Debatiralo se je semintja, končno je pa glavna predsednica zelo stvarno pojasnila to zadevo. Mrs. Prislond je že vnaprej predvidevala vse eventualnosti in kočljive kombinacije. Utemeljevala je, da naj bi bila med pravicami duhovnega vodje tudi ta, da ima slednji razsojati samo v zadevah, ki mu prihajajo uradnim putem. Kakor vsi nasveti in ukrepi glavne predsednice, tako je imelo tudi to njeno priporočilo tehten vzrok, katerega je v splošno zadovoljstvo pojasnila konvenciji.

V dvorano pride na povabilo konvencije Rev. Slaje, ki v je drnatih besedah pojasni, da je pripravljen sprejeti urad duhovnega svetovnega SŽZ in se v tem oziru konvenciji zahvali. Predsednica se mu v imenu konvencije in Zveze iskreno zahvali za njegove lepe in bodrilne besede in mu podari rožo iz šopka, ki ga je poslala gl. predsednica najbolj oddaljena podružnica SŽZ iz Portland, Oregon.

Na dnevni red pride zadeva Carterja. Predsednica Mrs. Marie Prislond pojašnjuje te zadevo, v kateri je storila vse, kar

DOBRO ZNAMENJE

Sirom raznih delov Združenih držav prihaja zadovoljivo poročilo, da so različne tovarne in razna podjetja zopet začela poslovati.

Mansfield, O. — V tujakajni Westinghouse tovarni je bilo te dni zopet na delo pozvanih 300 delavcev. V tej tovarni se izdeljuje moderne električne ledenice.

Chicago, Ill. — Illinois Centralna železnica poroča, da je imela v minulem mesecu (aprilu) okrog \$6,500,000 dohodkov. Vse kaže na to, da se tudi obrat na železnica boljša, in da je železnica najela več delavcev.

Harrisburg, Pa. — Državni department za delo poroča, da se je splošno stanje v delavskem oziru te države zadnji mesec poboljšalo za 7 odstotkov.

Dover, O. — Družba Reeves Mfg. Co. je zadnje dni poklicala na delo zopet 400 svojih bivših delavcev.

Providence, R. I. — Stillwater predilnice, ki operirajo v raznih okoliških mestih, so nedavno najele 1200 delavcev in istim povisale plače za 12%.

Canton, O. — 26. maja. — Telekom zadnjega tedna je dobilo delo v raznih tovarnah tega mesta nad 500 moč.

PREZPOSELNOST NARASLA NA 17,000,000

New York. — Najnovejša študija Alexander Hamilton Instituta pokazuje, da ima Amerika danes 17 milijonov brezposelnih. Število je izdatno naraslo v zadnjih par mesecih, odkar je Roosevelt proklamiral bančni "praznik," ki je zaprl vrata ne le mnogih bank, marveč je bil tudi hud udarec za industrije.

Brezposelnost še vedno narasča. Otvoritev pivovarn, kar je po domnevi mnogih imelo izboljšati položaj, nima nobenega efekta na situacijo. Veliko več delavcev kot je bilo zaposlenih v tej industriji, je bilo odslovljenih v drugih.

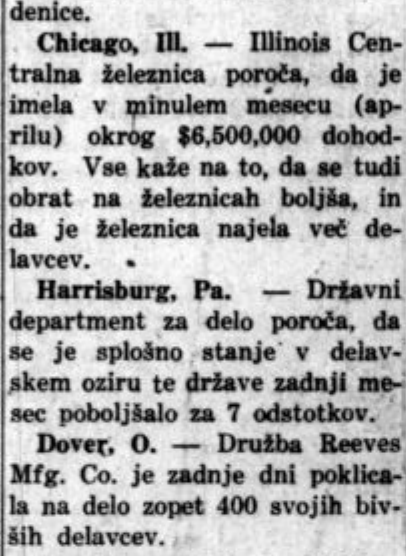

Ista organizacija poroča tudi o drastičnem padcu med. Povprečni letni zaslužek je leta 1929 znašal \$1,157, lansko leto pa \$640. Letos, kot kaže, bo še nižji, ker poleg utrjevanja mezd in večje omejitve zaposelnosti za tiste, ki imajo še delo, je ljudstvo udarjeno tudi z novim davkom na blago.

V New Yorku bo ta davek stal vsako družino okrog \$7.50 na leto, v Illinoisu pa mnogo-krat več. V New Yorku znaša ta davek en odstotek na skupiček, v Illinoisu pa tri, kar pa je nominalno, ker je davek v resnici veliko večji. Povprečno znaša okrog pet odstotkov ali še več. Ta davek rapidno uvajajo mnoge države. Že sedaj je razvidno, da je podvržen političnim manipulacijam in je prava kontrola sploh nemogoča. Stal pa bo težke milijone delovne mase, ker je direktni udarec že itak nizke kupne sile.

Ernest Kirkland, star 16 let, v mestu Colfax, Wash., je bil pred nekaj dnevi najaj obsojen v dosmrtno ječo, ker je umoril svojega očeta.

PRVI SLOVENSKI ZDRAVNIK OSTEOPATIJ

Lani smo poročali, da je dne 2. junija na kolegiju osteopati- je v Chicagu promoviral za doktorja naš clevelandski rojak Fred J. Makovec, sin občeznane in ugledne Mrs. Mary Makovec, ter da je s tem navedenec dosegel prvi čas te vrste zdrav-

nikov, ne samo tukaj v Ameriki, ampak v obče.

Dr. Makovec je zatem kot internist nadaljeval svoje zdravniške študije še celo leto v neki bolnišnici v Chicagu. Te dni se je pa vrnil v Cleveland, kjer bo dne 5. junija odprl svoj urad in pisarno v sobi 202 Colonial Arcade, na 6. cesti in Euclid Ave., Cleveland, O. Uradne ure bo imel od 9. dopoldne do 5. popoldne. Glede nedelj in drugih ur se lahko z njim dogovori po telefonu Cherry 3580.

Mi želimo temu novemu slovenskemu zdravniku največ uspeha. Navedenec je že več let član društva sv. Vida, št. 25 KSKJ.

Koliko Židov je na svetu

V zvezi z zadnjimi preganjanji židov v Nemčiji poroča časopisje o njih številu. Na vsem svetu je okrog 15 milijonov judov, od teh živijo 4 milijoni v Ameriki, 3 milijoni pa v Angliji in njenih kolonijah. V Evropi je največ židov na Poljskem (2,829,000) in v Rusiji (2,626,000). V Nemčiji biva 68,000, v Franciji 165,000, v Palestini 150,000, v Italiji 46,000 židov. V Avstriji in na Ogrskem je nad 600,000, v Jugoslaviji pa okrog 70,000 židov. Menda ni na celem svetu dežele, kjer bi bilo tako malo židov kakor na Slovenskem.

Dne 23. maja je kongresna zbornica v Washingtonu z 262 proti 19 glasovi sprejela znano Glass-Steagallovo predlogo za uvedbo sistema bančne reforme. Po novem zakonu bodo vse bančne vloge, ki se nahajajo v bankah, ki so članice federalnega rezervnega sistema procentualno po svotah vlog zajamčene od vlade.

Združene države ameriške so vsled nedavnega znižanja cen dolarja v vrednostnih papirjih na svetovnem trgu izgubile na eno milijardo dolarjev.

V državi Ohio se nahaja dandanes 267,000 družin, ki so odvisne od podpore raznih dobrodelnih družb.

50-LETNICA C. O. F.

Kaj pomenijo gornje tri črke, vam lahko razloži marsikak katoliški ameriški Slovenec, ki je član reda Katoliških borštarnarjev.

Ta velika podporni organizacija, ki ima tudi nekaj slovensko poslušajočih dvorov ali društev širom Amerike, kamor spadajo tudi naši Jednotarji, obhaja baš te dni svoj zlati jubilej ali 50-letnico.

Red Catholic Order of Foresters (Katoliški borštarnarji), je bil ustanovljen z 42 člani dne 24. maja, 1883 v dvorani cerkve sv. Družine na zapadnem delu mesta Chicago, Ill. Izmed ustanovnikov je danes pri življenju samo še eden, Mr. A. Chounard. Na tem ustanovnem zborovanju je predsedoval Rev. Finnegan iz reda jezuitov. K ustanovitvi je dosti pripomogel tudi župnik označene cerkve jezuit Father Hayes. Vsak član je vplačal pristopnino \$1 za tekoče upravne stroške.

Še tekom istega leta je bilo v Chicagu ustanovljenih osem novih ali drugih društev tega reda. Ko so dobili borštarnarji charter, so kasneje začeli poslo- vati tudi v drugih državah in v Kanadi.

Ko je umrl prvi član, je moral plačati vsak borštarnar \$1 za njegovo posmrtnino, in tako se je za ta smrti slučaj nabralo \$846.

Prvi glavni "ranger" (predsednik) reda Katoliških borštarnarjev je bil John F. Scanlan; zadnjih 40 let pa zavzema neprestano to važno mesto sedanjji predsednik Thomas H. Cannon, po poklicu odvetnik.

Navedena katoliška podporni organizacija šteje dandanes skupaj 1,635 društev z 114,890 člani aktivnega in 11,313 mladinskega oddelka. Njeno premoženje znaša \$28,651,552.35. Od ustanovitve do sedaj je organizacija Katoliških borštarnarjev izplačala že okrog \$50,000,000 posmrtnine.

Slavnostni dan borštarnarjev se je obhajal v nedeljo, dne 27. maja z velikim banketom v Morrison hotelu v Chicagu. Na programu je bilo več odličnih govornikov.

Ponosni, srečni in veseli borštarnarji so prejeli povodom zlatega jubileja številno čestitk iz vseh delov širom Amerike, katerim se tudi naš list pridružuje.

Zrakoplovna družba, ki ima v Clevelandu svoje postajališče bo v kratkem začela poslovati s svojimi modernimi urejenimi letali. Od tukaj do New Yorka se bo potrebovalo samo dve uri in pol, do San Francisca, Cal., pa 17 ur.

Dne 24. maja je resigniral znani voditelj republikancev v Cuyahoga okraju (Cleveland), češki žid Maurice Maschke, ki je bil tekom zadnjih 36 let vodja te politične stranke.

Razne javne šole v Chicagu bodo letošnje poletje dva tedna prej zaključene kot običajno. Na ta način si hoče mesto prihraniti nad milijon dolarjev za plači učiteljev.

DESETLETNO PREMIRJE

Rim 25. maja. — Med Italijo, Anglijo, Francijo in Nemčijo se je doseglo pogodbo, da za dobo prihodnjih 10 let, nobena izmed teh držav ne bo započela kake vojne. Tozadevni načrt je italijanski ministrski predsednik Benito Mussolini že pred enim mesecem izdelal. Vsekako je upati, da bo ta mirovna pogodba odobrena tudi na prihodnji svetovni gospodarski konferenci, vršči se dne 12. junija v Londonu. Glavno podlago ali točke tega načrta se je povzelo iz nedavnega oklica ameriškega predsednika Roosevelta, za stalno ohranitev svetovnega miru.

Obisk odličnih rojakin v našem uredništvu

Minuli četrtek, prvi dan po zaključku tretje konvencije Slovenske ženske Zveze popoldne so nas v uredništvu našega lista s svojim obiskom počastile nekatere glavne uradnice označene Zveze in delegatnje. Tako smo zopet po daljšem presledku imeli čast pozdraviti in videti Mrs. Marie Prislond, ustanoviteljico in ponovno izvoljeno predsednico Slovenske ženske Zveze v spremstvu zopet izvoljene glavne tajnice Mrs. Josephine Račič. V njih družbi je bila tudi sestra Helen Yurcich, tajnica društva Marije Pomagaj, št. 196 na Gilbertu, Minn., in njena prijateljica Mrs. Frances Stanko od istotam, ter II. podpredsednica Mrs. Ana Terdan iz Chisholma. Sestra Yurcich nam je izročila več pozdravov od naših članov in članic na Gilbertu, za kar izrekamo vsem lepo zahvalo.

Zakon za varstvo časopisne tajnosti

Jersey City, N. J. — Nedavno je governor tujakajšnje države, A. H. Moore, podpisal, in sicer z velikim veseljem, kakor se je sam izrazil, nov zakon za časopisje. Po tem zakonu se nobena časopisna ne more prisiliti, da bi izdal vir, od kod je dobil kake informacije. Niti sodnja, niti porota ga ne more k temu prisiliti. New Jersey je prva država v Uniji, ki je sklenila tak zakon.

Darrow ima slovenskega partnerja

Chicago, Ill. — Znameniti odvetnik Clarence Darrow ima Slovenca za partnerja v svojem odvetniškem uradu. To je Mr. Charles Verhunc. Njegov brat, John R. Verhunc, je odvetnik v Clevelandu.

V noči dne 24. maja je v okolici Philadelphije razgrajalo veliko neurje. Vihar je drvil z naglico 95 milj. Tri osebe so bile vsled tega ubite in več sto ranjenih. Materijalna škoda znaša več milijonov dolarjev. Med nevihto je zadela strela v neki, tu se nahajajoči cirkus; 100 oseb je bilo med paniko več ali manj ranjenih.

V Fergus Falls, Minn., so bili te dni trije ponarejevalci nikljev oproščeni, pod prevezo, da so rabili denar pri takozvanih "slot" igralnih strojih, ki so tudi postavno prepovedani.

DOSEDANJI USPEHI PR. ROOSEVELTA

Washington, 24. maja. — Tekoči teden lahko beleži še eno važno točko, katero je sedanjji predsednik Franklin D. Roosevelt dosegel tekom svoje administracije, namreč postavni načrti glede državne kontrole in rabe znanih Muscle Shoals naprav v državi Alabama in za uvedbo velikanskih električnih naprav v Tennessee dolini, kjer se bo jako po ceni dobivalo električno silo in umetni gnoj za farmerje.

Dosedaj se je na nasvet predsednika Roosevelta uveljavilo že sledeče nove zakone:

1. Kontrola bank in zlata.
2. Pomoč farmerjem in inflacija.
3. Pol milijona vladnega denarja v pomoč posameznim državam za odpravo depresije.
4. Muscle Shoals.
5. Postavna uvedba boljšega piva in načrt za odpravo 18. amendmenta.
6. Konservacija gozdov, kjer je dobilo delo okrog 250,000 mladeničev.
7. Postava glede prodaje delnic in bondev in ureditev davka na elektriko je še v teku.

Nadalje se debatira o sledečih novih postavah, ki bodo skoro gotovo sprejete pred zaključkom sedanjega izrednega kongresnega zasedanja:

Uravnava ter kontrola nad javnimi industrijskimi deli ali podjetji.

Refinanciranje prvih vknjiž na hiše in posostva.

Uvedba poslovanja neodvisnih državnih administracijskih uradov.

Reorganizacija železnice.

Kontrola nad oljno industrijo. Uvedba nove bančne postave, predlagane po senatorju Glassu.

Prepoved izvažanja orožja in municije iz Združenih držav.

Pomoč R.F.C. korporacije zavarovalniškim družbam in posojilnicam.

Uvedba 30 urnega dela na teden.

Poglabljenje reke sv. Lavrenca.

Znižanje tarifa.

Angleška vojna statistika

Pred kratkim je izšel v Londonu tretji zvezek dela "History of the Great War." V tem zvezku so objavljene točni podatki o angleških izgubah v svetovni vojni. Število mrtvih znaša 1,051,246. Tu so šteti častniki in navadni vojaki. — Razen tega pa je 8,179,374 oseb, ki so deloma ali popolnoma izgubili zdravje in sposobnost za delo.

Dne 22. maja je v Rochester, N. Y., nanaglooma umrl tamonjši škof John Fr. O'Hern. Zadela ga je srčna kap.

Poljakinja Mrs. Nellie Dyczkes v Framingham, Mass., se bo morala zagovarjati pred sodnijo, ker je dne 25. maja umorila svoje tri otroke.

Ribiči v bližini mesta Lorain, O., so zadnje dni v erijskem jezeru nalovili nad 10,000 funtov okusnih rib. Sezona za ribolov letos je dobra.

MEMORIAL DAY

Americans can make no test of their own loyalty which is more helpful, this day dedicated to the memory of those who offered and often sacrificed their lives in the service of their country, than this question:

"What would the dead whose graves we decorate with flags and flowers think of us and of our country, if they were here?"

It is an inquiry which searches the very souls of true citizens of this greatest republic. It brings material, intellectual and spiritual things to judgment together. Growth is subjected to strict examination from every side.

For the men who died that their country might live, undivided and indivisible, would want to know more than how much had been accumulated and created. They would demand an answer to their eager questioning about what had been saved, what had been added, to the character of the nation to which they gave their devotion.

In the face of that solemn searching of the hearts and souls of the American people, we of this generation, the men and women of these times, would have to prove that we have kept the priceless heritage handed down to us by heroes and patriots. We could not gloss over sins of omission by parading the enormous growth of a continental republic.

Fortunately, there would be solid evidence at hand of fine gains of the spirit and the mind. It would be easy to bring forward many proofs of a keener national conscience, more exacting standards of national living.

For example, the half of the people of this republic disfranchised in the older days, though they were of the sex most sensitive to fine influences and impulses, most conscientious in many things and most careful of clean living and high ideals, have equal rights at the polls.

As a people, we are giving to charity and spending for education as no other nation ever did. Hospitals and churches share with colleges and libraries in this beneficence. It goes far beyond our national boundaries and brightens the future for distant lands.

Certainly the dead heroes of yesterday would be the first to praise the high standards which today is striving to make the universal rule of a great nation's life. Mercy and brotherhood, wider opportunities for the weak and poor, cleaner and broader use of the powers of government, in the public service; such gains of these times are of the very pith and fiber of the ideals which they fought for and died for, on many bloody fields.

Realizing numerous errors, humbly aware of our manifold failures to attain the heights such a nation, so gifted and so endowed, ought to have reached, we could, nevertheless, face unabashed the soldiers of our country's older wars, if it were possible for them to come back again. They were men conscientious, as we are, of shortcomings, great and small. They knew their country had grave faults. Many of them died to cleanse it from its grossest national sin, the chattel slavery which was cut out, like a cancer, with the sword.

So seeing and so understanding what has been done, what we yet must do, the gallant visitors returned from beyond the grave would find more to praise than to blame. They would count our gains greater than our losses, so much deeper, wider and more enduring, that they would feel, as they never felt before, how well worthwhile it was to do what they did and give what they gave for the land they loved and saved.

FOLLOW THE TEAMS

If you want to see peppy games with your friends in the lineup, all playing to run up a score in your favor, then take that little walk and park yourself on the sidelines of a diamond where KSKJ boys are carded.

Loosen up your vocal chords, and when the boys make a hit or a good play, give them a cheer. It may be a good idea to take your hands out of your pockets, if you have any, and give the lads a hand also. Many times a team is as good as its cheering section.

When you are in the cheer extending mood, don't forget to give the opponents a hand when they make a good play. The teams are not on the field to scalp each other, but are there to give an exhibition of skill, primarily for the rooters' satisfaction. If you think that pop bottles are to be used for anything else than to hold pop, you had better stay home, or at least away from Kay Jay games.

The Genius

"Say, is your dog clever?"
"Clever! I should say so."
"When I say, 'Are you coming, or aren't you?' he comes or he doesn't."

FORM DRAMATIC CLUB

Cleveland, O.—The young people of the Annunciation Parish, West Park, met May 24 and formed a dramatic club. About thirty members form the newly organized group.

The following were elected to office: Carl Leopold, president; Molly Kozelj, vice president; Dorothy Frisch, secretary, and Frank Makse, treasurer.

The next meeting will be held June 1, at 7:30 p. m., in the church hall. Anyone interested is extended an invitation to attend.

I would say to all: use your gentlest voice at home. Watch it day by day as a pearl of great price; for it will be worth more to you in days to come than the best pearl hid in the sea. A kind voice is joy, like a lark's song, to a hearth at home. Train it to sweet tones now and it will keep in tune through life.—Elihu Burritt.

The cry of the age is more for fraternity than for charity. If one exists the other will follow, or better still, will not be needed.—Chapin.

The best way to get rid of a bad habit is to replace it with a good one.

KAY JAY SPIRIT

They excell in whatever they endeavor—
In sport, good looks or in work.
You'll find they are leaders
Who work hard as beavers,
They don't know the meaning of "shirk."
As organizers of boosters and boosterets
They are known from coast to coast;
Of our jolly making crowd
We may be justly proud.
Pray excuse me, forsooth, if I boast.
Their bowlers are on par with the best—
(Beg pardon, I mean they excell);
As one hundred per cent strikers,
You will find they are no pikers,
They play as they work—with a zest.
Baseball is a sport needing speed,
(Which they have, if I may boast some more);
They've won many games
That they've played, and their fame
Is being made known more and more.
They would feel much happier
And the games would be snappier,
By encouraging cheers from the fold.
So, come out, ye rooters, and cheer them.
Fill the sidelines from east to west;
They'll demonstrate more
Of what made the "Cubs" sore;
They'll show you that Kay Jays are best.

OSTEOPATHY IN BRIEF

Osteopathy is more than a half century old, yet today there are many people who misunderstand it or perhaps have a vague idea of its true meaning. Its method of treatment is so different from those to which laymen have been accustomed that by sheer contrast it has attracted widespread attention.

Paradoxically enough, the word "osteopathy" is a misnomer in that it is not limited to the treatment of bones or bone diseases, but in reality is a system of treating acute, chronic and infectious diseases without drugs by the use of the hands to adjust not only derangements of bony parts, but as well disturbed relations of ligaments, tendons, blood vessels, muscles, nerves and body tissues.

The osteopathic physician and surgeon works on the principle that the human body is a living machine and in order to maintain the highest efficiency and health possible, all of the interrelated parts of this human mechanism must remain in proper adjustment, otherwise disease will be the result.

Osteopathy has earned the right to recognition as a distinctive and progressive school of therapy by effective service in mental and nervous troubles, after accidents or injuries, shortening the period of illness, putting athletes back in the game and workers back to office or factory quickly, reducing mortality and preventing pneumonia in innumerable cases during flu epidemics, fortifying the patient for operations, lessening the risks while under the surgeon's knife and hastening the recovery after,

Discover Highest Type of Animal Brain

Discovery of the highest type of animal brain yet known has been announced by the Smithsonian Institution and the Catholic University of America at Washington, D. C., working conjointly. The brain is that of Okero, a 3-year-old mountain gorilla, which died last year at the National Zoo, and it was studied by the Rev. Dr. Cornelius J. Connolly of the psychology department of the Catholic University.

The brain of this baby gorilla weighed 466.6 grams, compared to 379.3 for the average of full grown coast gorillas, and 318.8 for coast gorillas about Okero's age. Dr. Connolly found a rich pattern of convolutions in the ape's cerebrum, especially in the frontal lobe, a region of the brain generally regarded as related to the intelligence. He predicted had Okero lived to maturity his brain might have reached a weight of 600 grams, comparable only to the brain of man, which in normal individual may be as little as 1,100 grams. Okero's entire weight was 40 pounds, though at maturity he might have weighed 400.

During the past three years researches have been published from the department of psychology in the Catholic University of America by Dr. Connolly on the anthropology of the brain, and on the variability of the brain in the anthropoids. In this work, through the courtesy of the Smithsonian Institution, he has been able to study what is regarded by many as the finest brain collection in the world.

Will Study Effects of Radio on Children

The possible ill effects of certain radio programs on children, a problem which is giving much concern to parents, educators and religious leaders, was the cause for bringing together recently in New York 10 experts in child psychology and representatives of various national organizations, among them the Rev. Dr. Paul Hanly Furley, associate professor of sociology at the Catholic University of America at Washington, D. C., widely known for his work among juveniles and as radio preacher over the Catholic Hour.

The conference was called by the Committee on Parent Education of the National Advisory Council on Radio Education. Many parents have complained that certain radio programs hold for their children the same kind of dangers which exist in the movies and old dime novels. No formal action was taken by the conference, but it was agreed that the subject required extended scientific study.

TOOTH TALKS

Dr. J. W. Mally

Gold Crowns

When a tooth has decayed beyond the possibility of holding a filling and the tooth is still vital, it may be saved and made serviceable by putting a gold crown on it.

In the past dentists made use of the crowns too promiscuously; today, however, the gold crown is used only as a last resort, and then only on teeth that are vital.

A crown that is made to fit perfectly around the neck of the tooth and is made to fit all other respects will give excellent service. Crowns made to fit should not be looked down upon as inferior dentistry.

We are, however, sorry to say that even today some cheap unscrupulous dentists will put ready-made crowns into people's mouths. These crowns in practically all cases do not fit the teeth on which they are placed. Often, too, some dentists will use the gold crown as a covering for bad teeth, the crown becoming a "hidden sepalchre" as it were.

Slipshod gold crown work is to be lamented. It leads to all sorts of possible trouble and ultimate destruction of the surrounding tissues and eventual loss of the crowned tooth.

The tendency of the medical profession is to condemn all teeth with gold crowns on them. Though at times this condemnation is justifiable, it is not, however, true that all teeth that are crowned are potential trouble-makers. Only dead, infected teeth are such.

When choosing your dentist, do not be misled by huge advertising that tells you how cheaply you may get gold crowns and gold bridges. Always remember that you get only what you pay for.

Dentistry, in order to be correct and satisfactory, cannot be done in a slipshod manner. If you want good work the dentist must take his time, he must work carefully. If you have any dental work done, have it done right or not at all.

FEAR VS. COURAGE

The unconquered enemy of mankind is fear. It confronts us at daily toil, at the bed of the sick, in financial marts. It prowls around the home in the night-time and sits in the midst of social gatherings. Always present, it dwarfs our judgment and retards our actions.

The chief opponent of fear is courage. It is the undismayed spirit, built up with the knowledge that we now possess unnumbered blessings and that the history of the people of the nation is a staggering knockout to depression.

All the panics—1837, 1857, the Civil War period, 1873, 1898 and all of them—were succeeded by a stronger national government than we had before.

The finances of the nation after each panic were better than before.

After this depression, which will soon end, there will be a stronger government, assuring greater individual security, more wealth and opportunity for each and multiplied conveniences for all.

Let us look forward, banish fear, and take courage. Have the fighting spirit!

Sadness, Despair Attributed To Character Leakage

When one is in conflict with his own mind and gives way to a tendency to nurse sadness, to mope in indifference, to give up the struggle and say, "What's the use?" he is bound to suffer from "character leakage," asserted the Rev. Dr. Thomas Verner, O. S. B., professor of psychology at the Catholic University of America, Washington, D. C., in a lecture recently given at the Carlton Hotel in Washington, the last of a series for the benefit of St. Gertrude's School of Arts and Crafts. Normal personality development, he said, implies nobility and stability of character, but this cannot be attained unless all through life we take vigorous measures to prevent character leakage.

Dr. Moore compared character to a large reservoir which is empty at birth but filled in the course of education. The process of filling the reservoir commences, or at least should commence, on the day of birth.

FAILED TO HEED ADVICE OF POPE LEO XIII, SAYS LABOR SPOKESMAN

The world would not be in its present plight if individuals and governments had followed the advice of the encyclical "Rerum Novarum" of Pope Leo XIII, promulgated on May 15, 1891, the Hon. Edward F. McGrady, legislative representative of the American Federation of Labor, stated at the annual anniversary celebration of that encyclical at the Catholic University of America in Washington, D. C. Mr. McGrady's talk, on "The Rights and Duties of Capital and Labor," was given under the auspices of the department of economics at the Catholic University, and marked the 42d anniversary of the first great modern pronouncement on labor by the Holy See, as well as the second anniversary of the encyclical "Quadragesimo Anno" of Pope Pius XI, in which the reigning Pontiff gave a resume of the results of the encyclical of his predecessor.

Mr. McGrady stated that the capitalistic system, as it has operated, has caused mass poverty and human degradation. Fifteen million persons, he said, are alive only because they are fed by charity, and fourteen million school children are walking the streets because schools are closed. Citing the large number of college trained persons who are unable to find work, he declared that if this nation suffered a revolution, it would be one incited by college and university students as in the countries of Europe.

The "living wage" was Mr. McGrady's principal concern, as it was the theme of the two Papal pronouncements which were being commemorated. The speaker has in recent years presented demands of the American Federation of Labor to the Senate and House, and also has addressed public gatherings and radio audiences in the East and South.

It is a good and safe rule to sojourn in every place, as if you meant to spend your life there, never omitting an opportunity of doing a kindness, or speaking a true word, or making a friend.—Ruskin.

From contacts with members of the family, and then at school, arise new moral problems and new principles are poured into the reservoir of character. Ideals are developed by reading. And so in various ways a system of intellectual habits (attitudes toward the problems of life) and moral virtues (abilities actually to cope with present moral problems) are developed and the child becomes a man of character.

But we must not suppose, Dr. Moore warned, that the filling of the reservoir goes on without interruption. On the contrary, leaks are always developing in the course of an ordinary life history; and the level in the reservoir rises, if it does rise, only at the expense of a good deal of leakage. The regime of childhood leads naturally to a docile, obedient character. The first outspoken revolt against authority usually takes place about the middle of the second year of life. Much depends on the wisdom with which these tempests in the life of the child are managed. A selfish or unreasonably indulgent parent or an angry and impatient mother will start a leak, and the virtue of obedience trickles away to leave behind only the hard rocks of stubbornness.

If the child sees the mother acting contrary to her own teaching and realizes that mother lies, mother gets angry, mother sleeps on Sunday morning instead of going to church, mother never goes to confession, it is only natural that the ideals and principles of religion and morality which she implanted will suffer from leakage.

When as a young man or young woman the child enters life much is going to depend on the type of behavior in the first conflict of principles and ideals with opportunities. If one starts out with infidelity to ideals and principles there necessarily results a serious character leakage.

COOKING SCHOOL By Frances Jancer VEAL LOAF

2 lbs. cooked veal, 2 small onions, 1 cupful dried bread crumbs, 2 tablespoonfuls green pepper, 1 egg, 2 teaspoonfuls salt, 2 tablespoonfuls tomato sauce, 2 tablespoonfuls grated horseradish, 2 cupfuls tomato soup, 2 tablespoonfuls melted butter.

Chop meat, onion, bread crumbs, add eggs, tomato sauce, horseradish, green pepper and salt. Pack in greased pan and bake in moderate oven for one hour. Baste with tomato soup.

TREE CITY JAYS FAIL TO CHECK RALLY; LOSE 6-3

Forest City, Pa.—Forest City Jays dropped to Simpson after a hard fought battle for seven innings. The Tree City Jays were leading by the score of 3 to 1 when the Simpson A. C. started to register, and did they register? Five runs for a score of 6 to 3, which the Jays couldn't overcome in the remaining two times at bat which they had after the eighth inning slaughter.

Chubby was on the mound and Barney behind the plate for the entire game and they did themselves credit, although Barney didn't come up to standard when a hit would have won the game for the Jays. Big league John Swegel, the manager, came through with a hit when he batted for Molik in the eighth frame. And talk about the double plays the boys were pulling off. To my memory there were at least three double plays in the game, quite an unusual thing for a team in our class, but as I said before, the boys can take it. Rosy is a sensation, and if he can keep up the good work with a little improvement as time goes on, my prediction is that he will play ball in the major league before many more years and I hope my prediction comes true for his sake and the sake of baseball. Becay on first is a good man while on the sack, but I don't know what happened to him Sunday, for he sure spoiled his batting average when he let the good ones go by for called strikes.

Well, that will be enough for this week, as I want to save some for seed or it may not grow any more news for our friends away out West and some on the east of us in New York.

As the saying goes, "A good start means a poor finish," and I think that was part of the reason that we couldn't end with the game in our favor.

Joliet Boosters Plan to Remain in Limelight

Joliet, Ill.—The Joliet KSKJ Booster Club is a club known for its participation in sports.

To keep in the sport limelight, the Boosters have a men's indoor team playing in the twilight league, with headquarters in Rivals Park. The boys play every week.

While the boys clout the horsehide, the girls also have a team and circle the bases every Tuesday and Thursday evening at the Hickory St. school grounds. The lassies have a wonderful combination, and they can lean on the bat and send the ball flying to all corners.

Joseph Terlep, manager, and Joseph Ursich, coach, have charge of the girls' squad.

The club also contemplates staging a golf tournament. Preparations for a picnic sometime in August are now under way.

PITT JR. MUSHERS START WITH WIN

Booster Club Forms Midget Group; Win First

Pittsburgh, Pa.—The Pitt KSKJ Juniors' mushball team opened its season May 21 by taking a double-header from the Harrison Club.

The Juniors got a better start than did the varsity. Hard working Al Benec was on the mound for both games and turned in a 4 to 0 victory in the first tilt and an 8 to 4 victory for the second encounter.

Eddie Adlesic, behind the plate, kept his hands on all the foul ticks. Charles Flajnik, at first base; John Balkovec, at second; Joseph Adlesic, at short, and Eddie Bahorich, at third, form the fast fielding and accurate throwing machine. With the hard hitting outfielders, George Sutej, John Brunovich, Eddie Gasper and Frank Plantan, the Juniors form almost as striking an outfit as do the Seniors.

Mushball has taken the interest of the Pitt Jays to such an extent that another team had to be formed. Added to the Varsity and the Juniors, a third, the KSKJ Midgets, will also carry the colors of the club.

The team, composed of members of the juvenile department, started play by taking an 11 to 2 victory from the Ruby Club, leaders in the Lawrenceville Midget League.

Peter Zunic was the hurler and topped off the game by driving in three runs with a homer in the last of the ninth. Nick Balkovec was the receiver. Frank Skrinic, George Flajnik, Francis Sneler and John Stunja compose the infield, while Billy Gorup, Eddie Krotec and Peter Staresinic are out in the gardens.

Sports Announce Date of Next Monthly Meet

Cleveland, O.—Advance notice of the next meeting of the St. Joseph Sports is served, and members will note that it will take place June 12, 8 p. m., in the Slovenian Home, Holmes Ave.

Plans will also be in order for activities for the summer months. At present the club has under its colors two teams, a girls' combination and a boys' team. It is possible that the Sports will move to form a girls' KSKJ league, and perhaps sponsor a tennis or a golf tourney.

Hikes, treasure hunts, picnics and outings will all be in order for discussion at the next meeting.

The Sports, per usual, will execute all business in short order, so members need not fear that any too valuable time will be used. At least 10 new members will be present, so all Sports are asked to attend and to meet the new Jay boosters.

MEETING NOTICE

Sheboygan, Wis.—The Booster Club of the SS. Cyril and Methodius Church will meet Monday, June 5, in the school meeting room at 8 o'clock.

All members are urged to be present as important business has been scheduled, as announced by John Stubler, president.

A report on the card party, which was sponsored jointly by the Booster Club and the Young Ladies' Sodality Sunday, May 21, will be given. Members are urged to settle up their dues with Helen Nelson, treasurer.

HERE'S THE RECIPE; IT WORKS EVERY TIME!

Brooklyn, N. Y.—Curious: Say, you belong to the Knights of Trinity, don't you?

Writer: Yes, I do, and with the greatest of pleasure.

Curious: Where do you hold your meetings?

Writer: At the American-Slovenian Auditorium.

Curious: How much dues do you pay?

Writer: Well, it's all according. First, I would like you to understand that this is a benevolent society, which, however, gives us the liberty to pay for whatever price we wish to insure ourselves for.

Curious: Yeah! But that runs into big money, doesn't it?

Writer: Not necessarily. If we wish to take out a sick benefit, then it runs into dollars. But if we just want a death policy, it costs but little.

Curious: What fun do you get out of paying so much money?

Writer: Plenty; as you know, we are a group of Slovenian American fellows, which naturally makes so much the more for one another. Then, we have our dances, socials, athletics, get-togethers. We are also protected against the wolf prowling at our doors in case of sickness and last, but by no means

the least, we are encouraged to lead a better spiritual life.

Curious: I wouldn't fancy that kind of a club, I don't think. I guess I'll stick to my social club.

Writer: Very well! But how much dues do you pay in that social club?

Curious: A dollar a week.

Writer: Do you hold any kind of an insurance policy?

Curious: Sure! I'm insured in the Life.

Writer: How much do you pay there, if I'm not too nosey?

Curious: Two dollars a month.

Writer: Pretty good. You pay a dollar a week to your social club, which makes a total of four dollars a month. Then you pay two dollars a month to an insurance company, making it an expense of six dollars. Just think of it, six dollars for exactly the same benefits and pleasures that we get for the average of two and a half dollars a month. Then, again, you don't get athletics thrown in for good measure either.

Curious: Say, you've got me thinking. Still, in all, I wouldn't care to belong to a Polak club and to mingle in with them Hunyaks.

Writer: Oh, excuse me for living! I see you're one of those,

too! Ashamed because the parents who went through many a bitter moment for you throughout their lives happen to be Slovenian. To be frank, you ought to be ashamed of yourself. You should be proud to be a Slovenian, for that race is rated to be right on top with the most intelligent, most sensible, most cool-headed and cleanest nationalities in the U. S. A.

Curious: You don't get what I mean.

Writer: Oh, I get what you mean, all right. I met people like you before. To come down to the point, our meetings are held strictly in English, as well as our business is transacted in the same way. So it's just like belonging to a regular American club, only that we know that we are a group of fellows, all with Slovenian blood trickling in our veins and gosh-darned proud of it. You see, it gives us a different feeling toward one another, a feeling that you possibly could not understand unless you were with us for a time.

Curious: You've got me feeling so foolish that I'm going to ask you how soon can you get me an application blank.

Writer: Success!

Anthony J. Staudohar.

ST. JOES SWAMPED IN OPENER, 18 TO 4

Jays Have List of 40 to Form Team

Cleveland, O.—The St. Joseph Sports dropped their first game in the Interlodge Indoor League, May 21, to the Eastern Stars, the final score reading 18 to 4.

Timely hits by the Stars, plus errors committed by the Joes, gave the score a one-sided slant.

The Joes' attempted rally in the sixth with the bases loaded and only one out fell short.

Eddie Novinc and Marty Lokar formed the battery for the winners, while Frank Brzin was the hurler for the Jays.

Although the Sports dropped their first tilt, the boys intend to be in the thick of it before the season is over. As evidence that a good team will be shaped into form is the fact that 40 players reported for the initial practice. Old-timers such as John Zalar and Billy Klisuric, stars of KSKJ's first baseball champions, also reported.

The team is managed by Johnny Omerza, former star of St. Joe baseball teams, and Johnny Tercek. The outfit practices on the E. 165th St. diamond every Tuesday and Friday evening, and lines up for league play on Sundays.

150 Attend Joliet Booster Club Meet

Joliet, Ill.—More than 150 members attended the May 22 meeting of the Joliet KSKJ Booster Club.

The chief topic of the evening centered on the sports program of the club to be in force during the summer months.

Plans for the tennis tournament were settled, and the final date for entries has been set for June 25. The meet is open to all members.

Members holding dance tickets are asked to return them to the entertainment committee so that a final checkup can be made and a complete report made.

BOOSTERS DROP TWO; MEET WAUKEGAN JUNE 4

Joliet, Ill.—The Joliet Kay Jay Boosters inaugurated their baseball season May 14 by dropping a 5 to 4 tilt to the Holy Family Society on the Garnsey Park grounds.

Toots Kuzma was on the mound for the Boosters, while Paulich received. Likovich and Weeditz shared the mound duties for the Society team, with Scufce behind the plate.

The Boosters tangled with the Democrats May 21 and took the short end of a 6 to 1 count.

June 4 the Boosters will camp on their home grounds, Garnsey Park, where they will meet Waukegan in a league tilt scheduled for 3 p. m. daylight saving time.

A'S TROUNCE DSD; TIMED HITS GIVE JAYS 15 TO 10 TILT

St. Aloysius KSKJ No. 47 of Chicago trounced St. Johns DSD to a tune of 15 to 10 on 13 hits in their opening game of the St. Stephen's Parish League. The St. Aloysius team, bedecked in their new, snappy uniforms, timed their hits when they were needed. John Mladic got three solid smacks and Lou Skala two, who also was safe on an error by the second baseman, driving in five runs and scoring three times. George Kremesec also got two hits and drove in four runs.

Although making four errors in the game, the St. Aloysius boys kept pecking at St. John's pitchers and getting a flock of runs for themselves. Eddie Lah, the starting pitcher for the A's, was taken out in the sixth inning after the second baseman (Skala) muffed an easy grounder, it seemed as though Skala tried to return the compliment to St. Johns by letting that roller go through his legs. J. Suich finished the game in great style.

We certainly do compliment our manager, Victor Kremesec, for the wonderful way he handles the team, and has them working like a clock. Not in the game itself, though a good player and power behind the bat, he managed the team from the bench. We hope to see him in a game soon.
