

Liga narodov naslovila Italiji oster ultimatum: Mir ali oljni bojkot!

Zapretila je z oljnimi sankcijami, ako ne bo Mussolini pristal na mirovna pogajanja. V Zenevi prevladuje mnenje, da je italijanski diktator odredil ofenzivo v Afriki z namenom, da zakrije svoj diplomatski umik. Abesinija pripravljena na mirovna pogajanja

Zeneva, 3. marca. — Kar ni nihče pričakoval se je zgodilo. Sankcijski odbor Lige narodov, o katerem se je mislilo, da se je sestel le, da ubija čas, je naznanil, da bo pozval Mussolinija, naj pristane na mirovna pogajanja, v obratnem slučaju pa mora računati z oljnimi sankcijami, ki jih bo Liga narodov pričela izvajati proti Italiji.

(Včerajšnja poročila iz Rima poudarjajo, da še ni nobenega izgleda glede končanja sovražnosti v Afriki kljub poskusom Lige narodov, ki hoče likvidirati konflikt z grožnjo oljnih sankcij. Dalje naglašajo, da Zeneva sploh ne more imeti nobenega mirovnega načrta, ki bi bil sprejemljiv za Italijo v tem času, ko je njena armada izvajala velike zmage v Afriki.)

Liga narodov je že pognala v tek svojo mašinerijo in odločitev bo padla v prihodnjih 24 urah. Odbor trinajstoroce se bo danes ponovno sestel na svoji seji ter zahteval odgovor od Mussolinija na vprašanje, ali sta pripravljena na mirovna pogajanja. Francija in Anglija bosta dali zadnje priliko Mussoliniju, da izkoristi italijanske zmage v Afriki v svoj prid in pristane na mirovna pogajanja predno bo Liga narodov pričela izvajati oljne sankcije.

V Zenevi se vzdržuje mnenje, da je italijanski diktator že sit afriške vojne in da je namenoma odredil ofenzivo v Afriki, da tako zakrije svoj diplomatski umik in izvzuje ugodnejše pogoje, na katerih podlagi naj bi se pričela pogajanja za mir v Afriki.

Francoski zunanji minister Flandin je včeraj napravil prefrigano potezo. V svojem govoru je sugestiral, naj odbor trinajstoroce Lige narodov ponovno skuša rešiti afriški konflikt predno se izreče za oljne sankcije. Ostali člani odbora so bili iznenadeni, ker niso pričakovali take sugestije, naker se je oglasil angleški zunanji minister Eden. Njegov govor je bil v nasprotju s Flandinovi izjavljani, proti koncu pa je dejal, da se bo tudi njegova vlada pridružila državam, ki se izrečejo za oljne sankcije proti Italiji, če se bodo vsi drugi poskušali za likvidacijo afriškega konflikta izjalovili. To je bilo direktno zagotovilo, da je Anglija za poostrenje bojkotne akcije proti Italiji ne glede na stališče, ki ga v tem oziru zavzemajo Združene države in druge, ki ne sodelujejo z Ligo narodov pri izvajanju sankcij.

Zeneva, 3. marca. — Iz britskih krogov je prišlo poročilo, da je zunanji minister Eden naklonjen sklenitvi prijateljskega pakta med Anglijo, Francijo in Nemčijo. Ta zveza naj bi slovela na medsebojno sporazumu, ki naj bi ublažil obstoječa nesoglasja med Francijo in Nemčijo.

London, 3. marca. — List "Daily Mail" je objavil poročilo, da je abesinski cesar pristal na pogajanja glede končanja afriškega konflikta, če bo angleški kralj prevzel vlogo posredovalca. Vrnil naj bi se na podlagi status quo, obstoječe situacije, kar pomeni, da Italija lahko obdrži abesinsko ozemlje, ki ga je doslej okupirala.

Prva praktična uvedba televizijona

Naprava je uvedena v Nemčiji med Berlinom in Lipskem

Berlin, 3. marca. — Prvo javno funkcioniranje televizijona se je pričelo včeraj med Berlinom in Lipskem (Leipzig). Daljavo med obema mestoma je sto milj. Nova naprava je zvezana s telefonom in je pod upravo in kontrolo pošte. Televizijsni deluje na obeh straneh, kar pomeni, da Berlinčani lahko vidijo osebo, s katero govorijo po telefonu in obratno. Telefonska služba s televizijsko napravo je v posebnih temnih uticah. Oseba, ki kliče, sedi na stolu in gleda pred sabo v štirikotni okvir s steklom, ki meri 10 palcev širine in dolžine. Slika poklicane osebe se pokaže takoj, čim je snela slušalko, prav tako vidi poklicana oseba stranko, katera jo je poklicala. Slika je zelo jasna in se giblje na steklu prav tako kakor se giblje govoreča oseba.

Pristojbina za te telefon-televizijske klice je ena marka in 50 pfenigov (okrog 60 centov) za tri minute. Kasneje bodo televizijske linije razširili na vsa ostala mesta v Nemčiji.

New York, 3. marca. — American Telegraph & Telephone Co. namerava v kratkem odpreti prvo televizijsko linijo v Združenih državah med New Yorkom in Philadelphijo.

Sovjeti znižali izvoz potrebščin

Rusiji to omogoča izboljšanje notranjih razmer

Moskva. — (FP) — Sovjetska Rusija bo letos v veliki meri znižala izvoz živeža in drugih življenjskih potrebščin. Gospodarsko izboljšanje ji prvič po dolgih letih omogoča, da bo obdržala doma čimveč lastne produkcije poljskih pridelkov, sadja, raznega blaga in kožu-hovine.

S tem bo napravila nov dvig življenjskega standarda, ki zadnja leta stalno raste, medtem ko v kapitalističnih državah in predvsem v fašističnih stalno pada.

Zadnja leta, odkar se je vrgla na veliko industrializacijo, je porabila dohodke od izvoza za nakup potrebščin v tujini. Njen uvoz so bili v glavnem stroji. Zdjaj pa se sama producira toliko kapitalnega blaga (strojev), da ni več odvisna od tujih dežel. Na drugi strani pa je silno narasla tudi njena produkcija zlata, kar ji omogoča financiranje uvoza. V svetovni produkciji zlata je Rusija zdaj na drugem mestu.

Njen izvoz postaja bolj in bolj industrijske kakovosti. Pred revolucijo 1917 je ruska eksportna trgovina obsegala 25% industrijskih izdelkov in 75% poljedelskih pridelkov. Leta 1928 je bilo to razmerje 50-50, lani pa je njen industrijski eksport znašal že 74%.

UČITELJI OBSODILI HEARSTOVO PROPAGANDO

KRITIČNA RESOLUCIJA

St. Louis, Mo. — (FP) — Splošna prosvetna zveza, organizacija profesorjev in učiteljev, je pravkar zaključila svoje letno konvencijo v tem mestu. Udeležilo se je več tisoč delegatov iz vseh krajev Amerike, ki so soglasno obsodili Hearstovo kampanjo proti radikalnem. Predmet kritike so bili tudi Frank Belgrano, bivši načelnik Ameriške legije; Alfred E. Smith, demokratski veljak in kapitalist; organizacija Hčere ameriške revolucije in Ameriška liga svobode.

Vse te grupe in posamezniki so bili obdolženi, da hočejo uničiti ameriške ideale in svobodno šolstvo. Ti vodijo propagando pod krinko patriotizma, katere cilj je uničenje civilnih svobodščin ameriških državljanov. Konvencija je poslala tudi telegram kansasškemu guvernerju Landonu, v katerem ga vprašuje, ali je ponosen, ker ga Hearst, največji demagog v Ameriki, priporoča za predsedniškega kandidata republikanske stranke.

Dr. G. S. Counts, profesor na univerzi Columbia, je dejal, da hoče Hearst dobiti kontrolo nad šolstvom; to je cilj njegove kampanje, da mora vsak učitelj položiti prisego lojalnosti in da je treba iztrebiti komuniste.

"Prav ta Hearst, ki vleče ogromne dohodke, agitira za odpravo dohodninskega davka in uveljavljenje kupčijskega davka, ki ga morajo nositi revni sloji," je rekel Counts. "Kot delodajalec, ki uposljuje tisoče delavcev, se bori proti unijam in organiziranemu delavstvu."

"Belgrano, bivši načelnik Ameriške legije, je za razbijanje stavk in nasilstva proti delavstvu. Organizacijo Hčere ameriške revolucije tvori domišljave ženske, ki naglašajo svoj patriotizem in služijo interesom privilegirane razrede. Liga svobode je ustanova Du Pontov, municijskih magnetov, in Wall streets, ki hoče pod krinko obrambe ameriške ustave preprečiti uveljavljenje delavskih in socialnih zakonov."

Delegatje so sprejeli tudi resolucijo, v kateri so označili Hearsta za ljudskega sovražnika št. 1.

Mornarji na zapadu proti "reorganizaciji"

San Francisco. — Prizadevanje Mednarodne mornarske unije za "reorganiziranje" tukajšnje postojanke bo v tujakšnjem pristanišču in tudi po drugih zapadnih mestih lahko privedlo do resnih komplikacij. Tukajšnji mornarji uniji je vzela čarter zadnja konvencija, ker je v oči stare garde preveč militantna. Semkaj je poslala mednarodnega organizatorja S. A. Silvera z nalogo, da "reorganizira" unijo. Tukajšnji mornarji pa so sponočili glavnemu uradu in tudi zvezni delavski tajnici, da se bodo temu koraku uprli na vsaj črti, kar bo nedvomno privedlo do resnih komplikacij in lahko tudi do zdrobitve organizacije.

proti temu listu, ko je Le Journal pred kratkim poročal, da je Hitler imel ljubezensko razmerje s svojo nečakinjo in da je njegova prva ljubica bila avstrijska Judinja.

Naloge SNPJ v tem letu

Današnja številka Prosvete ima osem strani priloge z zapiskom zadnje seje gl. odbora SNPJ. Dolžnost članstva je, da skrbno prečita zapisek in se poglubi v probleme in naloge, ki čakajo našo jednoto v tem letu.

Zapisek bo v celoti preveden v angleščino za članstvo angleško poslujočih društev in serialno objavljen v angleški sekciji Prosvete.

Naša najvažnejša naloga v tem letu je kampanja za nove člane mladinskega oddelka SNPJ, ki bo trajala devet mesecev (od 1. aprila do 31. decembra 1936). Glavne podrobnosti te kampanje lahko vidite v zapiskniku. Ta kampanja bo nekaj edinstvenega na polju naših podpornih organizacij, kar se tiče nagrad za posameznike in društva ter ugodnosti za pridobljene otroke.

Kampanja je takorekoč že tukaj. Federacije, društva in posamezniki, ki žele napredka svoji jednoti, naj bodo pripravljeni za delo.

V zapiskniku boste našli še druge naloge in probleme naše jednote. Cela vrsta jih je. Naša jednota se ni nikoli ustrašila novih nalog in raznih problemov; vselej se jih je čvrsto oprljala in jih izvršila oniroma rešila in to bo delala tudi v bodoče.

Do danes je izvedla vse, kar je bilo izvedljivo in koristnega za članstvo kot celoto, bodisi na gospodarskem, zavarovalnem ali kulturnem polju.

Dne 1. julija 1936 bo naš dnevnik Prosveta star dvajset let. Ob tej priliki bomo za vse člane izdali slavnostno številko s prilogo štirih strani. Priloga bo vsebovala primerno gradivo za naš jubilej. Omenjena dne se tudi prične jubilejna kampanja za naš dnevnik, ki bo trajala do konca leta. Podrobnosti te kampanje bodo objavljene kasneje.

Naše staro geslo je: NAPREJ!

Vlada socialnega kredita zvišuje davke

Edmonton, Alta. 3. marca. — Vlada kanadske province Alberta, ki je bila izvoljena v lanskem avgustu na temelju programa "socialnega kredita", je te dni naznanila, da provinčna zbornica mora zvišati dohodninske davke in sprejeti novi kupčijski davke. Novi davki imajo prinesiti približno pet milijonov dolarjev in ta vsota pokriva deficit v tem fiskalnem letu. Albertska vlada socialnega kredita je bila izvoljena na podlagi obljube, da bo plačevala slehnemu državljanu in državljanke \$25 mesečne "socialne dividende". William Aberhart, predsednik vlade in bivši učitelj ter apostol socialnega kredita, je pa kasneje naznanil, da je provinca preveč zadolžena in ima preveč brezposelnih delavcev, zato je izvajanje sistema socialnega kredita odloženo.

NEWYORŠKI ŽUPAN IN ZDRAVSTVENA DIKTATURA

Delavci v boju s 50,000 policaji, deputiji in skebi

ZDRAVSTVENI KOMISAR DIKTATOR

New York, 3. marca. — Župan La Guardia je včeraj razglasil, da je stavka 130,000 hišnih nameštencev v New Yorku "postavila zdravje Newyorčanov v veliko nevarnost in mestni zdravstveni komisar dr. Rice ima oblast, da prepreči to nevarnost s pomočjo policije in ostalih državljanov, katerih dolžnost je, da mu pomagajo." To pomeni, da je zdravstveni komisar pooblaščen zdrobiti stavko. Županov razglas se tiče vseh poslopij, ki imajo več ko šest nadstropij.

Stavkarji so včeraj zjutraj naleteli na 50,000 policajev, deputijev in stavkokasov, ko so obkolili nebotičnike in ostala prizadeta poslopja s piketnimi linijami. V noštetih slučajih so zdravstveni deputiji in stavkokasi prodrli v stanovanjske hiše in zakurili v centralnih peceh ter vozili elevatorje. Bilo je veliko število spopadov med policijo, deputiji in stavkarji in 66 oseb je bilo aretiranih v teku dneva, toda težko ranjen ni bil nihče.

Voditelji unije so naznanili, da so naredili izjemo za one hiše, v katerih so bolniki in onemogli starci; tamkaj je ostalo nekaj delavcev, da drže toploto in dovažajo živež v višja nadstropja. Ni pa nobene izjeme za komercialna poslopja.

Župan La Guardia je popoldne spravljal skupaj predstavnike stavkarjev in lastnikov poslopij, katerim je velel, da se morajo na vsak način pogoditi in končati štrajk. Do definitivnega sporazuma ni prišlo, toda župan upa, da bo stavka danes gotovo končana. Odročil je, da se konferenca nadaljuje v torek zgodaj zjutraj.

Nov davčni program pred kongresom

Milijarda dolarjev novih dohodkov

Washington, D. C. — Predsednik Roosevelt je naslovil poslanico kongresu, v kateri naglašajo, da mora ta najti vire novih dohodkov v vsoti nad milijardo dolarjev. Vlada potrebuje v tem letu \$120,000,000 za izplačanje bonusa bivšim vojakom, \$500,000,000 kot nadomestilo za procesni davek in slično vsoto za vsako nadaljnje leto. Po Rooseveltovemu proračunu mora vlada imeti \$1,120,000,000 dodatnih dohodkov, da bo uravnovesila buđet.

Predsednik ni omenil, kako veliko vsoto bo vlada potrebovala za oskrbo brezposelnih. Zadevni proračun bo poslan kongresu pozneje. Po izjavi strokovnjakov bo morala vlada potrošiti v te svrhe najmanj \$1,500,000,000 v tem letu.

Po razveljavitvi farmskega zakona je vrhovno sodišče odločilo, da mora vlada povrniti vlemesarjem in veimlinarjem vsoto procesnega davka, ki so ga plačali, ko je bil ta zakon v veljavi. Denar prav za prav ni prišel iz njihovih žepov, temveč iz žepov odjemalcev mesa in drugih potrebščin, ki so morali plačevati višje cene za te potrebščine. Poljedelski tajnik Wallace je ta odlok vrhovnega sodišča označil za "legalizirano tatvino."

Kongresnik ožigosal newyorškega župana

New York. — Kongresnik Vito Marcantonio je objavil v komunistični reviji "New Masses" članek, v katerem obsoja akcijo newyorškega župana La Guardia, ki je s policijsko silo razbil demonstracije brezposelnih delavcev. Marcantonio pravi, da je bila akcija vzrok, da je pretrgal dolgoletno politično prijateljstvo z županom. "Ali zaslužim obsodbo, ker sedaj delam isto, kar me je La Guardia naučil l. 1926?" vprašuje kongresnik, zaeno pa omenja, da ga je takrat La Guardia prosil, naj se pridruži piketom uni-je oblačilnih delavcev.

Uradne vesti društva SNPJ

Hysota, Pa. — Naznanjam članom društva Hrib 503, da je bilo na seji 16. feb. sklenjeno, da pridemo plesno veselico dne 21. marca v Korčokovi dvorani. Ujuzno se vabi vse članstvo tega društva, da se udeleži trimesečne seje, ker moramo izvoliti veselični odbor. Društvo je dalje sklenilo, da član, ki se ne udeleži veselice, plača en dolar v društveno blagajno. Zato društvo vabi vse člane in članice, da se udeležijo veselice, plačajo na dan, o priliki pa bomo posest vrnil. Na svidenje 21. marca! (Veselica se bo pričela ob 7. zvečer.)

John Jurca, tajnik.

McKinley, Minn. — Vabim vse članke društva 223, kateri ne plačujejo aasementa na redni seji, da v nedeljo popoldne naj ne pridejo plačati, ker se boste težko dobili doma. Kadar sem doma, bom sprejel aasement vsak čas. Rokaj P. Zupane je otvoril gostilno s restavracijo na 23 Penn ave. On tudi igra na harmoniko ter je zadnji nastopil na lokalni radiopostaji WHJB. Prosveti šelim obilo uspeha!

Frank Pirz, tajnik.

Greensburg, Pa. — Sporočam članom društva 223, kateri ne plačujejo aasementa na redni seji, da v nedeljo popoldne naj ne pridejo plačati, ker se boste težko dobili doma. Kadar sem doma, bom sprejel aasement vsak čas. Rokaj P. Zupane je otvoril gostilno s restavracijo na 23 Penn ave. On tudi igra na harmoniko ter je zadnji nastopil na lokalni radiopostaji WHJB. Prosveti šelim obilo uspeha!

Frank Pirz, tajnik.

Newburg, Kans. — Društvo Napredni Slovenci 235 je na zadnji redni seji sklenilo, da bomo obdržali naše seje vsako 3. nedeljo v mesecu namesto vsako 1. nedeljo. Upoštevalje to in pridite na sejo dne 15. marca. Vršila se bo v navadnih prostorih in se bo pričela ob 10. dopoldne. Vsi člani, ki boste plačali aasement na društveni seji, ste naprošeni, da prinesete po možnosti pravilno vsoto, kajti jaz nimam denarja, da bi nosil drobit na sejo.

John Crepišek, tajnik.

Southview, Pa. — Odgovarjam na dopis, ki je bil priobčen 19. feb. iz te naselbine in so ga podpisali štirje uradniki oziroma člani. Mislim, da sem prvi, ki je podzrel v arševno gneздо. Da to prihaja od nasprotne strani, mi je znano in mi ne dela nikakih pregledav, še manj pa da bi vplivalo k moji kapitulaciji. Trdijo, da sem poročal samo neresnico v dopisu 5. feb. Baš nasprotno; kar sem pisal, je vse resnica. Nisem edet listih, da bi koga napadal v časopisu, kakor so oni mene. Pišejo, da se je predlog porušil glede pristopitve k federaciji zato, ker je društvena blagajna prazna. To je vae, ki je obhalovano vredno. Pa pravijo, da gredo vedno naprej, a blagajna je vedno prazna. To sami priznajo. Povem vam, če bi vsi tako vlekli naprej kot voznik, da bi bilo vse okej in bi ne bila društvena blagajna prazna. Spokaj se radi veselice, ker se je kot društveni blagajnik nisem mogel udeležiti radi posla, plačal pa sem vestinopko kakor oni. Dalje radi seje, ker se je nisem udeležil, dasi dobro vedo, da nisem bil telefonično dotični dan pozvan, da obiščem sorodnika v bolnišnici v Pittsburghu, ki se je v tovarni poneščil. Že 15 let sem član SNPJ, pa se nisem zamudil oziroma izpustil seje, razen v slučaju zadržkov. Pa pravijo, da sem člane vpraševal, kako je veselica izpadla, kar pa je spet debela neresnica. Dalje trdijo, da je bilo na dotični seji sklenjeno, naj tajnik drži denar do prihodnje seje. Spet neresnica! Kajti on nima nobenega denarja, da bi ga moral nemi izročiti. S tem sem odgovoril vsem štirim skupaj in ta stvar je od moje strani zaključena.

Math Vehar, blagajnik.

Sygan, Pa. — V mojem poročilu s dne 19. feb. sem omenil, da sem na decembrski seji društva št. 6 poročal, da se bo praznovala 25 letnica otvoritve dvorane na Labor day. Omenil sem tudi, da na 22. feb. bo obhajilo zlato poroko Matija Gunzel, ampak glasiti se bi moralo iz Cuddyja, ne Clarida.

Lorenz Kaučič, 6.

Butte, Mont. — Prihodnja seja društva 207 se bo vršila v nedeljo 8. marca. Pogovorili se bomo o vprašanju naše dvorane, v kateri zboruje okrog šest društev. Zadnje čase nas je pestila silna zima, živo srebro je zlezlo celo do 50 pod ničlo. Tudi politična kampanja je baje že v teku in nekaj Slovencev ter Hrvatov se pripravljajo za nekatere urade. Moje mnenje je, da smo dolžni voliti za človeka, v katerega imamo zaupanje, pa naj bo to slovenski ali abesinski aspirant. Na društvenem polju gre dokaj povoljno. Imamo Narodni dom ali dvorano, ki pa je last po večini privatne korporacije, ki vlada kakor se ji poljubi, če so društva zadovoljna ali ne. Društve je šest, privatna korporacija pa ima tri moče. Društva so v obliki delnice in manjšini. Nezadovoljnost se opaja pri vseh društvih, ki so delničarji korporacije Slavonic-American Hall. Kadar je kaj dobrega ali kadar društva zahtevajo kakšno stvar, ti trije močaki ki so večina po delnicah, četudi je ta

korporacija odvisna od društvenih prispevkov, vseno odločno rečejo, da so oni gospodarji ter da oni so in bodo postopali do tavorano kakor se jim poljubi, neoziraje se na društva. Kadar pa zabredejo v kašo, takrat pa rečejo, da so društva gospodarji, oni trije pa so le agenti za to korporacijo. Tako se je namreč dogodilo meseca marca-novembra 1935, ko je ta korporacija prišla v nesoglasje z unijo hod-carriers in bila proglašena za "unfair to the organized labor." To pa radi nekega dela, ki se je izvrševalo z neunijskimi delavci. In tako je bila proglašena za "unfair" ne samo korporacija, temveč so bila tudi društva indirektno prizadeta ter pozvana na zagovor, da so potem društva izvlekla korporacijo iz kaše, ki je bila precej vroča. Neveda s plačilom kazni, ki je bila naložena korporaciji, katero pa morajo sedaj plačati delničarji, ki so popolnoma nedolžni, razen teh treh močakov. Ne gre toliko radi denarja, ampak za dobro ime. Pred dvema letoma smo bili na stavki. Med Slovenci in Hrvati je stekel je eden. Torej smo bili na stavki 100%. Tudi sedaj hočemo, da ta rekord ali standard obdržimo ter ohranimo in nečemo, da nas ti trije močakarji vodijo po taki napadni poti. Naše društvo in šest drugih društev, ki zborujejo v imenovani dvorani ter jo tako vzdržujejo, nimajo pri upravi nobene besede. Zato se prosijo vsi člani društva 207, da se gotovo udeležijo redne mesečne seje dne 8. marca, da se tam pogovorimo o tem programu. Kakor se sliši, bi M. Auman rad kupil naše delnice, katerih je 90 po številu. Naše društvo je zanje plačalo \$470 in on pravi, da nam on plača isto vsoto kot smo plačali zanje. Po mojem mnenju je to jako dobra obljuba. Torej pridite in prodajmo jih. Naše društvo bo se vedno lahko imelo svoje seje in se bave, da nas potem ne bo nič brigalo njeno gospodarstvo. Denar pa lahko obrnemo potem v boljše svrhe, v pomoč članstvu našega društva. Odkar imamo svezgo s to korporacijo, ni bilo pravega soglasja med člani našega društva. Torej ukrenimo kaj, da bo mir za vselej; vsaj kar se tega tiče. Torej na svidenje na seji v nedeljo 8. marca! — Anton F. Molek, Milan Markovič, 207.

Windber, Pa. — Pozivam člane in članice društva 421, da se gotovo udeležijo prihodnje seje dne 15. marca v velikem številu. Na dnevnem redu bomo imeli volitev predsednika, ker je sedanjí resigniral. Brajle in sestre, udeležite se te seje v velikem številu!

Mat Lavrnja, tajnik.

Chicago, Ill. — Člani društva Integrity 631 smo o vprašanju jednoteznosti poslopja in njegove predelave odločili, da v uradnem glasilu objavimo naše sugestije, katere smatramo najbolj priporočljive. Načrt, ki ga je predlagal in priporočil gl. odbor, smo proučili in smatramo, da je potrebno, da se tudi ostalo članstvo naše organizacije seznaní z nekaterimi dejstvi. Upravni odsek oziroma gl. odbor, kateremu je bilo to vprašanje poverjeno, je na delu že kakih šest mesecev, da izdela načrt, ki bi odgovarjal tej stvari. Nobenega dvoma ni, da obstoji potreba po večjih prostorih, vprašanje pa je, dali bo gl. odbor v tej zadevi podvel najboljšo korako. Sedanje jednotno poslopje je bilo zgrajeno leta 1916, leta 1924 pa se je v vrškanskimi stroški popolnoma preuredilo. Sedaj je pred nami isto vprašanje. Ali bomo zopet z velikimi stroški prezidavali naš glavni stan, da bomo potem, čez kakih deset let pristiljeni stórti isto? Ne. Naše mnenje je, da bi moral gl. odbor gledati malo dlje v bodočnost in še sedaj narediti načrte, ki bodo odgovarjali potrebam. V enem predloženih načrtov se svetuje, da se nabavi sosedovo (Bergerjevo) poslopje za \$38,000. Ako se ga bi preuredilo v prizidek (annex), bi bili stroški s tem v zvezi preveliki, kljub temu pa bi imeli vendarle staro poslopje. Drugi načrt bi bil, da se nabavi kakšno primerno poslopje, ki bi odgovarjalo vsem potrebam vsaj za dogledno dobo. Nam se zdi ta načrt najbolj ločilen, zato ga predlagamo v razmotrivanje gl. odboru v obliki resolucije. Naše društvo je sklenilo, da gl. odbor nabavi tako poslopje, ki bo

Saj nismo sami verjeli, da imamo toliko prijateljev, ki so nas obiskali v tako lepem številu kljub slabemu vremenu. To je bila prva predpustna veselica našega društva. Prišli so sledeče družine in posamezniki: družine Tony Rollick, Frank Malevec, John Wallace, John Bizjak, Frank Škeri, Mary Zurek, Mary Kacin, Mary Bizjak, Rosie in

Peoria, Ill. — Naše društvo št. 584 je na seji dne 16. februarja vzeo v razpravo iniciativo društva 584 in smo prišli do zaključka, da je ne podpiramo iz sledečih razlogov: Iniciativa ne dela nobene razlike med pasivnimi člani. V slučaju smrti določa izplačilo \$250 za pogrebne stroške za vse enake, ne glede če je bil član, ki je bil prisiljen postati pasiven brez lastne krivde, član jednote eno leto ali pa dvajset ali več let, če je bil zavarovan v najnižjem ali pa najvišjem posmrtnem razredu. V slednjem slučaju je naravno plačal veliko več v smrtinski sklad kakor pa v prvem, toda iniciativa ne dela nobene razlike v tem. Po našem mnenju bi se moralo za take slučaje, ko je bil na primer pasivni član zavarovan za \$1500 ali \$2000 smrtine, in član jednote določa leto, več plačati, ker je veliko več vplačal, kakor pa za tiste pasivne člane, ki niso bili dolgo pri jednoti in zavarovani na primer za \$250. Vsih tedv iniciative ne podpiramo. Mi smo prišli do zaključka, da je bolje, da počakamo do prihodnje konvencije. Upamo, da bo do delegatje imeli odprta oči in ušesa in se zavzeli za dobrobit splošnega članstva.

Johnston City, Ill. — Društvo Johnston City št. 91 je razpravljalo na zadnji seji o svobodnomiselnih šoli in iniciativi društva 584. Po daljši razpravi smo prišli do zaključka, da se oboje opusti, ker ni več daleč do konvencije. Kar se tiče šole, je potrebna narodu, da bi se podučeval, ali čast so slabi za njeno vzdrževanje. Bill odurno potem v boljše svrhe, v pomoč članstvu našega društva. Odkar imamo svezgo s to korporacijo, ni bilo pravega soglasja med člani našega društva. Torej ukrenimo kaj, da bo mir za vselej; vsaj kar se tega tiče. Torej na svidenje na seji v nedeljo 8. marca! — Anton F. Molek, Milan Markovič, 207.

Buhl, Minn. — Ker ne bo pri nas v Minnesoti še par mesecev zime ko neč, priporočam članom društva 314, da se vsi brez izjeme udeležijo prihodnje seje dne 8. marca, da se bo pogovorili, če bomo priredili kakšno društveno zabavo. To je potrebno, da bomo imeli kaj razvedrila v tej dolgi minnesotski zimi. V glasilu čitam, da druga društva prirejajo svoje zabave, tako bi lahko priredili tudi mi. Na svidenje 8. marca ob 1. popoldne na seji!

Winnipeg, Man., Can. — Naznanjam vsem društvom v Canadi, da se poslovanje društva 691 s sedeštem vred s 1. marcem prestavi iz toga mesta v Flin Flon, Man., Can. Društva, ki imajo stike z našim društvom, naj odsedaj naprej naslovijo vso korespondenco na sledeči naslov: Ante Zivkovich, Box 194, Flin Flon, Man., Can., kajti on je začasni tajnik tega društva. To društvo je postalo slovo tukaj od 1930 do 1936, torej šest let in dva meseca. V tem času je plačalo rednega aasementa jednoti vsoto \$1003.73, izrednega aasementa \$93.60, skupaj \$1097.33. V istem času je prejelo od jednote bolnišnice \$356, izredne podpore \$50 in odškodnine \$25, skupaj \$431. Poleg tega \$1000 smrtine, od katere je bilo poslano na društvo \$300, vsota \$700 pa se nahaja v jednotnem skladu za mladoletne dediče. Omeniti moram, da je društvo v tem času sprejelo bolnega člana, ki je zgubil obe nogi in prejel \$190 od gori navedene vsote ali od vsote \$431. SNPJ nam je lahko vzelej v pomoč v nesreči, ki nikdar ne počiva. Br. Berak je izgubil obe nogi v času, ko je iskal delo. Aasement je plačal 14 dni pred negočo, kakor je povedal, ostalo mu je le še par dolarjev, kar pa ni zadostovalo za vožnjo, da se bi peljal na delo, kamor je bil namenjen. Šel je na vlak brez denarja, kakor je navada, nesreča je hotela, da je zgubil obe nogi. Odpeljali so ga v bolnico, kjer smo ga našli s pomočjo društva, h kateremu je pripadal. Kako se je razveselil, ko smo ga obiskali ter mu nudili pomoč in poskrbeli, da je dobil od jednote, kolikor je bil upravičen. Drugi slučaj je lastne izkušnje. Bilo je pred par leti, ko je bil kanadski dolar manj vreden 25c od ameriškega. To je dalo povod, da je bilo celo društvo suspendirano, razen podpisnega. Plačal sem aasement samo jaz in nesreča je hotela, da sem se pet dni zatem malo vrazil v prst, sledilo pa je zastrupljenje krvi in moral sem v bolnico. Vsejo je tri mesece, predno sem bil sposoben za delo, obenem pa sem tudi zgubil poškodovani prst. Kje naj bi iskal pomoči v bolnici, ako bi bil tudi jaz izostal s plačanjem aasementa za dotični mesec, malim, da mi ni treba omenjati ter dajati navsvete, kako dobro je, ako je človek zavarovan pri SNPJ ter plačuje redni aasement. Tretji slučaj. Naš član si je dal izdreti zob in toden pozneje je podlegel zastrupljenju krvi. Njegovo

va družina je od SNPJ prejela vse, do česar je bila upravičena in to brez vsake sitnosti. Nohva zavarovalna družba vam ne pudi toliko ugodnosti kakor SNPJ. O tem sem se uveril sam in tako tudi izvedel od prijateljev. Res je, da vam agent zavarovalne družbe obljubi vse, le da dobi denar za prvi aasement, ko pa prejmete zavarovalno polico, pa opazite, da se je zlagal, pa je že prepozno, ker ste plačali pristopnino in prvi aasement. Naša dolžnost pa je, da to povemo onim, ki niso še člani jednote. Tukaj smo le štirje ali pet Slovencev. Pred leti nas je bilo več. Prišla je brezposelnost in preselili so se v druge kraje. Zadnje mesec se je obrnilo malo na bolje. Povikali so plače in več se dela. Prednost imajo domačini, kateri v boljnih časih niso prišli za taka dela. Večkrat mi pride na uho, da so priseljenci krivi slabih časov. Da se bi pa ti domačini brigali za organizacijo, jim ne pride na misel. ANGELA PUCEL

Umrla je 26. decembra 1935 v bolnišnici, kjer se je zdravila dve leti. Vse smo storili zanj, kakor tudi zdravniki so si prizadeli, da bi je ozdraveli, a bilo je vse zaman. Umrla je draga sopraga in ljuba mati. Pograbila jo bomo najboljše hčerke, ker bila nam je sama do brota in je skrbela za nas. Skrbela je za nas in nam stala na strani ko more storiti to je prava ljubečata mati, čeravno je bila v bolnici, je bilo njeno srce med nami. A sedaj pa je ni več med nami, naše ljube mamice. Oh smrti je bila stara 49 let. Rojena je bila na Doleh pri Litiji na Kranjskem. V Ameriki je bila 8 let in sem je prišla iz Terbovelj na Štajerskem, prišla je na Sygan Hill, Pa., kjer smo skupno živeli kakih pet let. V tem poročilu je navedenih \$997.94 dolga, medtem časom je pa že zopet bilo \$150.03 plačanih na dolg. Leto je še dolgo, izrabimo vsako priložnost, da naše dohodke povečamo. Vsek naj stori kar zna in kolikor mu je mogoče. Tako bo pozneje v slučaju kakih nesreče ali dolge bolezni tudi lahko več zahteval, ne samo kar mu gre po pravih. Že v preteklosti se je članom več dalo in storilo kot pravila predpisujejo, seveda tudi iz društvene blaginje. Kdor se pa sedaj ne briga za nič, da bi pri društvu in domu kaj pomagal, bo pozneje naletel na trd oreh. Nihče ne ve, kaj ga jutri doleti.

Porast števila brezposelnih

Washington, D. C. — Ameriške industrije niso podvezle še nobene akcije glede upolitve brezposelnih, pravi William Green, predsednik Ameriške delavske federacije, v izjavi, v kateri naglašja, da se je število brezposelnih povečalo za 1,229,000 med decembrom preteklega leta in januarjem tega leta. Greenova izjava je v konfliktu s poročilom federalnega delavskega departmanta, v katerem je bilo rečeno, da se je armada brezposelnih v omenjeni dobi povečala za 650,000 in da "situacija ni tako resna kakor jo nekateri slikajo." Na bazi podatkov, katere je Ameriška delavska federacija prejela od pridruženih unij, se je armada brezposelnih zvišala na 12,626,000. Green pravi, da ni nobenega znaka, da bi se število brezposelnih znižalo v prihodnjih mesecih. Relativna in vladna dela so se deloma absorbirala brezposelne delavce, ki so bili doslej odvisni od federalne podpore.

V nova stanovanja je bilo lani investiranih oziroma izdanih posojil za 220 milijonov; od te vsote so hranilnice in posojilnice dale 121 milijonov posojil na prve vknjižbe.

Odmevi o šoli

Sola in mladina

Barberton, O.—O svobodnomiselnih šoli je razpravljalo na svoji zadnji seji dne 16. februarja tudi naše društvo šte. 73 in prišlo do zaključka, da smo proti načrtu, ker bi se vršile le po velikih mestih. Male in oddaljene naselbine bi ne imele nobene koristi od tega, doklade pa bi morali plačevati gotovo vsi enako. Po našem prepričanju bi to več škodovalo SNPJ ko koristilo. To je mnenje društva 73.

Po mojem mnenju bi bilo bolje, da bi stariši otroke doma podučili in jim razložili pomen SNPJ. Otroci imajo tudi svoj mladinski list, večja mladina pa ima prav take ugodnosti v angleški sekciji Prosvete, kamor lahko dopisuje in razpravlja.

Taka šola bi bila seveda dobra, ako bi jo mladina hotela upoštevati. Ker je to pa odprto vprašanje, je potrebno, da članstvo prej dobro premisli, če bi to koristilo ali škodovalo. Več ko ponudite mladini, več hoče. Resnica je, da imamo tudi dobre člane v njenih vrstah, prav tako pa je tudi resnica, da bi mnogi radi zatajili svojo slovensko mater in očeta in ne samo SNPJ. Člani so, dokler stariši zanje plačujejo ali izrednih dokladah za šolo ni do danes še nihče mislil med onimi, katerim je ta stvar resnično pr srču! Torej vsi fantastični izdatki, ki jih nekateri tako prido slikajo in menda nalašč razširjajo pri družtvih SNPJ, so prazne sanje.

Prosimo vse brate in sestre, ki se zanimajo za šolo, naj potpre toliko časa, da bodo videli načrt — in potem naj pišejo, kolikor hočejo, za ali proti. Zdej imamo posebni odbor, ki ima nalogo, da naredi načrt ali več načrtov. Ta odbor ne bo stal jednota nič in tudi načrt ne bo stal nič. Odbor se dobro zaveda, kaj je v naših razmerah mogoče doseči in kaj ni; odbor bo dobro preudrili vse strani in predložil bo nekaj, s čimer se bo zadovoljil — tako vsaj upamo — vsaako, ki se strinja z idejo samo. Odbor računa z dejstvom, da vsak začetek je skromen in vsaka stvar, ki hoče uspevati, mora biti tako zasnovana, da se polagoma razvija korak za korakom. Nič se ne smemo prehiteti!

Kdor pa raznaša nesmiselne govornice o dokladah in velikanskih stroških s svobodnomiselno šolo — ali delavsko šolo ali kakršnokoli ime bo že imela, kar je za iniciatorje te institucije docela postranska reč — vprašajte raznašalca takih govornic, kje je to izvedel, katera odgovorna oseba, glavni odbornik ali kdorkoli, mu je to povedala. Na kratko mu povejte, naj počaka, da bo objavljen uradni načrt od za to pooblaščenega odbora, potem naj pa govori.

Neprijetno dejstvo je, da so nekateri naši stari svobodnomislci, ki so člani jednote od njenega začetka, izgubili zaupanje v našo mladino. Ne verjamejo, da bo kaj iz nje in s tega stališča nočejo podpirati nobenega koraka za izobraževanje naše mladine. Ali to nas ne sme motiti. Imajo pač slabe izkušnje z lastnimi otroki in iz tega sklepajo ozkosrčne sodbe. Na drugi strani vidimo takisto stare pionirje, ki so popolnoma drugačnega mnenja; ti bratje navdušeno podpirajo idejo, da je treba malim članom in članicam našega mladinskega oddelka dati priložnost do konkretne izobrazbe v smislu principov SNPJ in delavske ideologije.

Glede nagrad družtvom, ki so dobila največ novih članov in članic, je zaključeno; da se radi odsotnosti zapisnikarja o tem sklepa na prihodnji seji.

Prečitajo se tri resolucije našašajoče se na delavsko zakonodajo. Ker so dobre za delavstvo, jih federacija odobri in naroči funkcionarjem, da jih pošljejo kongresnikom v Washington.

Poročila sobrata tajnika, blagajnika in nadzornega odbora o stanju blagajne se vzamejo na znanje. Sprejet je predlog, da se 30. maja priredi v West Newtonu piknik z dramsko predstavo v korist federacije in da dobimo na to priredbo govornika, če mogoče Franka Zaitza iz Chicago. V odbor za aranžiranje te priredbe so izvoljeni sledeči sobratje: Joseph Zorko, Frank Stern, Frank Sustar, Anton Zornik in Joseph Batis ml. Odboru se da polno moč z ozirom na oskrbo te priredbe.

Zaključeno, da federacija ostane še nadalje v Prosvetni matiči.

oče podučila in dopovedala pomen in potrebo organizacije, bi bilo to še najboljša šola in tudi najcenejša.

Ker prečitam v Prosveti vsak dopis, vidim iz nekaterih, da vse preveč dajo na mladino. Nekateri priporočajo, da bi nakupili zemlje in ustanovili poletne kempe, češ, da bi bilo to privlačno za mladino, a na starčev in starke za popolnoma pozabijo. Seveda, mladini je treba poletnih kamp, starih pa barake ob kanalih, čeprav so bili tudi oni nekakj aktivni pri družtvih, a so prišli vsled depresije ob vse — ob delo, ob ženo (ali moža), ob otroke, ob društvo. Bilo bi boljše, da bi prihranili denar, katerega se misli porabiti za take zavode, in ga porabili za take, ki ne morejo sami plačevati asesmenta. Vem, da bo kdo rekel, da imamo že tak sklad pri SNPJ. Seveda ga imamo, toda od sedaj ga še ni bilo treba došti črpati. To se bo šele pričelo, kajti članov je vedno več, ki so in bodo potrebni pomoči.

Torej vsi tisti, ki želijo mladini vse udobnosti in ugodnosti, premislite malo tudi na sebe.

Mary Sustarsic, tajnica društva 73.

Se ne strinjajo
Hackett, Pa.—Društvo 90 je na zadnji redni seji dne 9. februarja vzelo v pretres vprašanje svobodnomiselne šole. Z večino je odglašovalo proti iz razloga, ker bi je bile deležne le velike naselbine, plačevali bi pa vsi. Louis Lajevic, tajnik.

Seja brezposelnih
Chicago.—Seja brezposelnih se vrši ta četrtek, 5. marca, v spodnjih prostorih SNPJ. Ta seja bo zelo važna. Vabila na narodno konvencijo brezposelnih so bila razposlana lokalom. Kot sklenjeno, bo imela vsaka krajevna skupina (kot naša) priliko poslati delegata. Mi lahko to odločimo na tej seji. Nadalje so važna vprašanja za razpravo. Sedaj se deluje na to, da se Workers' Alliance in Unemployment Councils združita v eno organizacijo.

Potrebno je, da se naša skupina izreče za ali proti temu nasvetu. Drugo pereče vprašanje je, kaj storiti glede vednega znižavanja brezposelnostne podpore. V novemburu lanske leto je bila podpora znižana za deset odstotkov, sedaj je znižana še za petnajst odstotkov. Morda bo potrebna kaka protestna akcija. Na tej seji se lahko pomenimo tudi s kakšno akcijo se mi strinjamo. Torej člani in prijatelji kluba, udeležite se seje in napravite isto trudavdeno. Na svidenje v četrtek zvečer v spodnji dvorani S. N. P. J.—Odbor.

Predavanje o SNPJ v Clevelandu
Collinwood, O.—Opozarjam vse članstvo SNPJ v naši naselbini na nekaj posebnega in koristnega ter pomenljivega za vse člané in članice SNPJ. Imel bom namreč zanimivo predavanje o' jednotlivih zadevah, ki se bo vršilo dne 20. marca ob 8. zvečer v SND na Holmes ave.

Kakor ste že čitali, je clevelandská federacija društev SNPJ sklenila, da priredi serijo predavanj v korist članstva SNPJ v Clevelandu. Ker je naša naselbina velika in ni mogoče vsem članom priti na eno predavanje, se je aranžiralo to delo tako, da se porazdeli po distriktih ali naselbinah.

Prvo prihodnje predavanje pod avspicijo federacije se bo vršilo v soboto, dne 7. marca, v SND na St. Clair ave. v sobi št. 1. To bo že drugo predavanje v istem prostoru. Vabljeni ste, da se ga udeležite vsi, ki živite v dotičnem okrožju.

Drugo predavanje (oziroma tretje) se bo pa vršilo pri nas v Collinwoodu dne 20. marca v SND na Holmes ave. ob 8. zvečer. Vsi člani in članice se vabijo, da se udeležijo v velikem številu. To predavanje so aranžirala dru-

govornik v slovensčini in en v angleščini. Posebno se vabijo člani in članice angleško poslujočih društev, da se udeležijo teh predavanj, ker so jako zanimiva in tudi potrebna za vsakega, kdor se zanima za društvo in organizacijo, katere je član.

Po predavanju na Holmes ave. bo prosta zabava, o čemer boste še več slišali na vaših društvenih sejah in fitalji v Prosveti. Koliko je članstvo zainteresirano v organizacijo, h kateri spada, pokažejo sestanki ali taka predavanja. Vstopnina k tem predavanjem je prosta, torej ni izgovora, da ne morete priti!

ZDRAVJE

Saharin je važen za diabetike
Odičen nadomestek za sladkor je saharin, posebno za sladkorno bolne ljudi. Saharin se prodaja samo v lekarnah na zdravniški recept. Dobite ga navadno le v tabletah. Ena tableta ustreza približno eni kocki sladkorja. S saharinom sladkanih jedi in pijač skoraj ni moči ločiti od pijač, ki smo jih sladili s sladkorjem.

Pa vendar se saharin v marsičem razlikuje od sladkorja. Medtem ko je pravi sladkor zelo hranljiv, ni v saharinu nikakih redilnih snovi.

Saharin delajo iz toluola (odkril ga je 1879 nemški učenjak Fallberg). V današnjem št. stem kemijskem stanju je saharin 250 do 300 krat slajši od navadnega sladkorja.

Saharin ni škodljiv človeškemu zdravju, v tudi koristi mu ne moremo pripisovati. Edina prednost saharina je v tem, da nadomešča sladkor, in baš zato je pravi blagoslov za diabetike, ki ne smejo uživati sladkorja, pa vendar ljubijo sladke jedi in pijače.

Zdravniki priporočajo saharin tudi pri pretirani debelosti, bolnim otrokom in osebam, ki bi jim uživanje sladkorja škodilo.

Mlečni šampanjec
V Nemčiji in Švici pijejo tako zvano "šampanjsko mleko". Napravijo ga tako, da steriliziranemu mleku dodajo vanilije, limonovega in pomarančnega soka ali sok kakega drugega sadja, ki ga pomešajo z ogljikovo kislino. To mleko se peni ko šampanjec in ima prijeten okus. Pija ga kot osvežujočo pijačo.

Hrana za živčne ljudi
mora po sodbi izkušnih zdravnikov imeti mnogo vitaminov. Uživajo naj čim več prene hrane, kakor so: mleko in vsi mlečni izdelki (sir, surovo maslo itd.), presna grajst, ahnina, solata, kumare, razne zelenjave, sadje, orehi, lešniki, smokve, banane itd.

Novo zdravilo za jetiko
Ugledni holandski zdravnik dr. Rath je našel novo metodo zdravljenja jetičnih bolnikov; baje celo pri nevarnejših obolenjih pomaga.

Dr. Rath zdravi jetične paciente s fenolom (karbolom), pomešanim z ribjim oljem. V začetku daje svojim bolnikom štiri mesece vsak dan četrtrajni gram fenola, pomešanega z ribjim oljem; to mešanico razdeli na tri enake dnevne obroke. Že po preteku drugega ali tretjega meseca te diete se pokaže pri bolniku vidno izboljšanje.

Ce v tem času zdravljenje še ni pokazalo uspehov, živimo po tej dieti še nekaj mesecev, s presledki treh do štirih tednov. V večini slučajev je pa uspeh zagotovljen.

Vštric s tem načinom zdravljenja priporoča dr. Rath svojim bolnikom, naj uživajo čim več stročnic, ker je v njih mnogo beljakovin; s tem že sam organizem ustvari tako imenovano "fenolizacijo" in pospeši zdravljenje.

Dr. Rath se strinja z Gersonom, ki priporoča tuberkuloznim bolnikom neslano hrano. Misli pa, da ni neobhodno potrebno, da bi bili ti kolobarji dokaz intenzivnega spolnega življenja. Srečali boste nedorasle ljudi, ki spolno še živeti niso začeli, pa imajo vendar modrice pod očmi. Te višnjeve kolobarje s tetge imeti tudi popolnoma zdrav človek, ker so predvsem znak biološke prebnove.

Ljudje z nežno poltjo in z globokimi očmi se prav posebno nagibajo k modricam.

Kako spoznamo škrlatico?
Škrlatica se včasih pojavi brez vnetja v grlu in celo brez vročine. Zdravnik pozna celo primere, da za škrlatico oboleli še izpuščaja ne dobe. Če se zdi zdravniku kolikšaj sumljivo, da bi utegnila biti škrlatica, je pač najpametnejše, da negujemo bolnika tako, kakor da bi res imel škrlatico. Tako jo bomo vsaj gotovo pregnali, bolniku pa ne bomo prav nič škodovali. Bolnik naj leži in dobiva samo lahko hrano (žemlje, sadje, močnate in mlečne jedi), čeprav se dobro počuti. Zlasti je treba paziti na vodo (kaže jo večkrat preiskati, da se ne bi neopazno prikradla še kakšna obolelost na ledvicah). Dokazano je, da je škrlatica samo v desetih do dvanajstih odstotkih smrtna.

Ozeblina
Ozeblina so huda bolezen in sleherni zimo se znova pojavljajo. Kdor rad ozebe, naj je v zgodnji zimi obleče tople nogavice in rokavice, naj ne obuva tesnih čevljev, zlasti ne v galozi in snežke. Ogiba naj se vsega, kar tiska, tudi prstanov in tesnih zaplestnic. Kadar pride domov ali v zakurjeno sobo, naj ne steče takoj k peči, zakaj prenegla sprememba temperature je zelo škodljiva. Priporočljivo je pa hladne kopeli, pri lahkih ozeblinah pomagajo pa še preprosta sredstva: limonov sok, boraks in galunova raztopina. Za občutljivo kožo na nogah dobite v boljših trgovinah posebna sredstva iz gume, ki jih na občutljivih mestih vložite v čevlje.

Future Belongs to Youth

Yes, the future belongs to youth, and to no one else. The tangible and intangible future that the pioneers of the Slovene National Benefit Society dedicated to the youth takes on reality in the many branches of the organization, particularly so in the English speaking branches.

The SNPJ has early realized this all-important fact by establishing a Junior or Juvenile Department, way back in 1912—twenty-four years ago. And then, in 1925, the Society, realizing the fact that a new movement for our grown youth is necessary, it ventured on a new field and promptly organized our young men and young women into their own branches. That venture rapidly proved its worth. Today, in spite of adverse economic conditions, our ESL number over eighty with a membership of about four thousand.

But our youth cannot remain at a standstill and be satisfied with its work so far accomplished. It must forge ahead and strive constantly to increase its numbers. The field and opportunity for new members is still large and open. And we must grasp every opportunity to double our ranks.

Building the Juvenile Dept.

We've said it often and we repeated it last week that the juvenile members of today are the adult members of tomorrow. These are no empty words. Those local branches which realize this fact today boast of substantial numbers in their juvenile rosters.

Make a check of the parents in your lodge roster and ascertain what percentage of them have their children enrolled in our ranks. This procedure, we are sure, will reveal that there are a number of them. The survey will produce a list of prospects in every locality, in every community, large or small. Avail yourself of the opportunity and enlist every potential juvenile into your branch.

Lodges located in towns and camps will experience a nice growth in membership should a concerted action be made by the active members in soliciting new juvenile and adult members. You'll be surprised at the results, how many new members can be procured within a short time.

Substantial Increase

Yes, a substantial increase particularly in the Juvenile Department is needed to offset the inevitable losses, due to deaths and transfers from the Juvenile to Adult class. A study of the record of the Slovene National Benefit Society will show that increase in membership was made in those localities where a few active members took it upon themselves to "bring home the bacon."

Friendlyness and tactfulness must be exhibited by members who visit their prospects, and a knowledge of the Society to convince the new members that they are joining one of the best fraternal organizations by joining the Slovene National Benefit Society which is a workers' benefit organization in spirit and action.

The Supreme Board has prepared a number of awards for lodges and individuals as well as district federations which will be valid during the entire period of the Membership Campaign for new Juvenile members. Particulars are published in an eight-page supplement in today's issue in the official minutes.

The SNPJ and Labor Unions

The SNPJ since its very beginning—thirty-two years ago—has always been supporting labor unions and the labor movement in general. That is in perfect accord with its basic principles. The Society through its publications has constantly been fostering a close relationship among the various labor groups, politically and industrially. Many a member has been awakened to the fact that for the workers the only salvation from the exploiting forces lies in progressive labor organizations to rid themselves from the oppressors. That progress, slow as it may seem, has nevertheless made some rapid strides. It is the worker who reads labor literature that thoroughly understands the many problems which confront him daily. It is he who is prepared to help his fellow worker in his struggles for better working and living conditions.

The struggle between the two classes, the owning and the disowned, is inescapable. It concerns everyone of us. We must plunge into it prepared mentally and otherwise. On many fronts labor is waging a terrific fight for recognition of their rights. Collective bargaining must be recognized. We noticed that a vigorous strike is in progress in Milwaukee against the Hearst's fascist press under the American Newspaper Guild. We also noticed that Louis Adams, our author of note, will presently write a series of articles on labor and related subjects in The Nation. His articles are always worth reading.

The Comrade Column

COMRADES' HISTORY

Cleveland, O.—By coincidence, the SNPJ and Lodge Comrades were organized in the month of April. The group of hardy pioneers who founded the SNPJ in 1904, some of whom are still living, guided it through trials and tribulations, until today it stands out as one of the largest and strongest fraternal organizations of its kind.

The month of April should recall to mind that April 1, 1926, the Lodge Comrades was granted a charter to begin operations as a local branch. On this charter the following names are shown, which represent charter members, or members who were with the lodge when it started:

- | | |
|----------------|------------------|
| Julia Mecnik | Frances Turk |
| Otto Tekautz | Anna Bozich |
| Robert Tekautz | John Koprivic |
| Adolph Tekautz | Jennie Bozich |
| Vatro Grill | Mary Zakrajsek |
| Boris Paulin | Mary Solomon |
| Victor Zalelet | Joe Slogar |
| John Zalelet | Josephine Slogar |

Through a misunderstanding the names of A. R. Kushlan and Catherine Oblak were left off the charter.

Following in the foot-steps of the Pioneer Lodge of Chicago, certain members of our mother lodge (Napre) headed by Vatro Grill and Boris Paulin (first treasurer and secretary of the Comrade Lodge, respectively) had the courage of conviction that the formation of an English-conducted branch would be a step in the right direction.

Despite slight opposition on the part of certain members of the older lodge, who did not think that the young folks would make a success of this undertaking, Comrades struggled, gaining momentum as time went on. The results accomplished in the past show whether or not we have been a success.

When the initial meeting was called a large crowd responded. However, quite a few of those present had the wrong conception of what the motive was for the formation of

our lodge; believing it to be purely of a social nature. It will, therefore, be noted that certain charter members are not with us at the present time, for the reason given above.

One of the important issues before the members at their first regular meeting was the choosing of a suitable name. After considerable discussion, the name Comrades, suggested by Sister Frances Turk, was adopted. Our first executive board was:

- | |
|----------------------------------|
| Victor Zalelet, president; |
| Catherine Oblak, vice president; |
| John Zalelet, sgt.-at-arms; |
| Vatro Grill, treasurer; |
| Boris Paulin, secretary; |
| A. R. Kushlan, ass't. sec. |
- Auditing committee: Edwin Primosic, Julia Mecnik, Ann Berger.

Our Big Dance

Comrades have contracted Mickey Katz and His Little Kittens to play after the afternoon program on our 10th year anniversary celebration, Sunday, April 19. This feature alone, should entice a large public to help celebrate this occasion of a decade. More news, week after week, about our 10th year anniversary celebration.

Along the Line of Sports

The Comrades lost in their first bowling fray with the Loyalties. But, we're not down yet and, according to Frank Truden, our team is going to show them up on Sunday. Our lineup this time will include A. R. Kushlan, Frank Modic, "Grange" Laurieh, John Rebol, John Smole and Adolph Tekautz. Notice to Loyalties: "Forewarned is forearmed."

Open Forum

A discussion on "The SNPJ Declaration of Principles" will be held at the Slovene National Home on St. Clair avenue, Sunday, March 7, at 8 p. m.

Frank Barble Sr. and Otto Tekautz will lead the discussion. A pleasant evening awaits those who are present. Let's hope everyone will be interested enough to attend.

Louis Jartz, Lodge 506.

Badgerland News

Milwaukee, Wis.—The hottest and most recent news-tip of the moment is that the Badger Athletic Club is going to run a Leap-Year Dance. Girls! Here's your chance to get your man! All you have to do is—come to the dance and find out! Besides that, every fellow who attends will... Come to the dance and find out! Then, the girl that has... That's right: Come to the dance and find out! Matt Pink will furnish the music and the dances will really be something new and different. The dance date was changed to Saturday night, March 28, 1936, and will be held at Sostarich's hall, 539 So. 6th st. Tickets can be obtained from Frank Obluck, 1130 W. Walker st., or Vera Sostarich, 639 So. 6th st.

The Athletic Committee, composed of volunteers, met at the home of the Athletic Director, Monday, Feb. 24. Plans were not definitely made for an athletic program. (Maybe that's because Frank Obluck went "Collegiate.") However, between Victor Alpner, John Obluck, Steve Hegji, Dorothy Tomlich, Antonette Toms, and myself, we discussed an idea that should bring results. We thought we would start a—(I'm at it again.) We might let the Athletic director tell you more about it at the meeting. Take it from me, Badgers, it's a very good idea and should bring good results.

You members who have been attending our last meetings have no doubt noticed the absence of many faces. It seems that unless something is done to make our meetings more interesting, our members will not care to attend meetings. Planning dances, picnics, etc., has been our chief interest thus far. Isn't it about time we started discussing something different? I think it's about time we had a definite Athletic program to talk about. I don't mean just a baseball and basketball team. I mean a—I can't let the cat out of the bag, 'cause we haven't any definite ideas yet; we may put our idea in proper form at our next meeting, and present it.) With the support of our membership, the Badgers should make a name for themselves in Athletics. Let's have a real discussion at our next meeting. Bring your ideas and be ready to correct, criticize or back ours.

More about the dance later.
Vera Sostarich,
Badger Lodge 584, SNPJ.

THIS 'N' THAT

Milwaukee.—Cupid is certainly hittin' high, wide and handsome among the Badgers, or is it the result of leap year? Mary Gradisher is flashing an engagement ring and says she'll be going to the tall timbers of Minnesota. Hank Marn recently gave Jennie Owen an engagement ring, too. Johnnie Spik and Josephine Remsko will be walking up the aisle this summer. We extend our congratulations to all of you.

It seems that all the Gradishers are leaving us. First most of the family and now Frances also joined them in Muskegon, Mich.

Frank (Pewee) Klavara is getting rather chummy with the opposite sex of late. Atta boy, Pewee.

Mohawks

La Salle, Ill.—In the early morn of February thirteenth the light of life flickered, the room grew dark and quiet and our Sister, Theresa Ford, was no more. To all who knew her the memory of her sweet disposition and her kindness will linger on. May she rest in peace.

On February 20 our Sister, Mrs. Anna Kazynski, gave birth to a baby girl. Both mother and baby are doing well.

Plans for the Mohawk Anniversary, April 26, are fast taking shape. A cast is already at work on the play "Oh Susan!" The cast consists of Frances Sotoshek, Antonia Bizjak, Mary Mahlich, Dorothy Ferkol, Lad-

wig Vogrich, Frank Strell, Albert Posevina, and John Klasek.

Arrangements have been made to have Professor Krueger of the University of Chicago as guest speaker. Immediately after the play dancing will be held in the lower hall to accordion music. In the evening a dance will be held in the upper hall to the music of the finest band in this vicinity—Joe Livek and his boys. We wish to take this opportunity to thank Fred Malgal, August Brate, and Anton Janko for relinquishing the dance hall to us for this evening.

So plan to be in La Salle on Sunday, April 26, and celebrate with the Mohawks. The News Hawks.

SNPJ Program for This Year

Today's issue of the Prosveta has an eight-page supplement with the minutes of the last session of the Supreme Board of the SNPJ. It is the duty of the members to read the minutes carefully and study the problems and duties which confront our Society this year.

The complete minutes will be translated into English for the members of ESL and published serially in the English section of the Prosveta.

The most important feature of our program this year is the campaign for new members of the Juvenile Department which will be in progress for a period of nine months, beginning April 1 and ending Dec. 31, 1936. For particulars regarding the main campaign points consult the minutes. The campaign will be something unique in the field of our fraternal organizations insofar as the special awards for individuals and lodges as well as privileges for the newly-acquired members are concerned.

The time of the campaign is here. Federations, lodges and individuals who wish to see their Society progressing should be prepared for work.

In the minutes you will also find other plans and problems of the Society. There is a string of them. Our Society has never been afraid to tackle its many and varied new problems. By vigorous approach and concerted action it has solved them, and this it shall continue to do in the future.

Up to the present it has brought to realization everything that was possible to accomplish and which was of benefit to the members as a whole, be it in the economic, insurance or cultural fields.

On July 1, 1936, the Daily Prosveta will be twenty years old. On that date the paper will be issued in a Jubilee Edition with a four-page supplement and a copy of it sent to every member. The supplement will contain suitable material for this jubilee. On the same day a Jubilee Campaign for new subscribers to our Daily will be launched and will close at the end of the year. Particulars about this campaign will be published later.

Our slogan continues to be—FORWARD!

Jolly Juniors

Sygan, Pa.—In their second social event of the year, the Jolly Juniors will hold a card party on Sunday evening, March 15, at Sygan hall. Bingo, 500, the novel Bunco game, and various other card games will be played, the winners to be awarded valuable prizes. Card parties are rather a novelty in local SNPJ affairs and an interesting and perhaps profitable evening is assured everyone in search of entertainment for a Sunday evening. Music, fun, prizes, refreshments, gayety, and laughter is the "menu".

The great affair to be held by the Western Penna SNPJ. E. S. Federation at Idora Park on June 14, at Youngstown, Ohio, promises to be the greatest undertaking ever attempted by the Federation. It should be given immediate attention and publicity by our scribes. The support of all the affiliated lodges of the Federation, and that of other outside Federations is necessary to make this another great success in list of SNPJ achievements.

The J. Jr. soccer team is humming along in great style. They have practically clinched the championship of their division in the Western Penna. Panhandle league. With an undefeated record thus far they can lose both of their remaining two games and still end in a tie for first place. (Sports writers in Pittsburgh newspapers have declared that the Sygan aggregation is one of the best junior teams seen in this district for a long time.) All the credit goes to His great service to the team will be lost for the rest of the season... manager, George Uniek, and the boys who are certainly giving their best in wearing the green and white.

Talespings—A special reception committee will be on hand to greet guests at the Card Party. They will acquaint visitors with our members and members of outside visiting lodges. The aim is to further lodge ties... Wondering what has happened to Tommy since his last visit to the Buckeye State. He seems to be "down in the dumps"... John Pletersek, star back of the J. Jr. team is recuperating in West Penn hospital from an injury received at work. Harry Pletersek, athletically minded Jolly Junior, will leave soon for Florida where he will go into spring training camp with the Columbus, Ohio, baseball team, of the American Association. Here's wishing you loads of success, Lefty... Lost—The J. Jr. publicity committee. Two months and no articles yet. That's doing worse than I... Remember when—The old Sygan Band, composed mostly of Jolly Juniors, went marching down Washington ave. in Bridgeville and one of the trumpet players kept marching ahead and blowing for all he was worth while the rest of the band turned a corner. And when they thought they were the "tops" with their shiny new band caps at the twenty-fifth anniversary of Lodge 6 back in the good old days of 1929... On Labor day, Sept. 7, Senior Lodge 6 will celebrate the 25th anniversary of the dedication of their hall. What makes this significant is that this was the first home built in Pennsylvania under the name of the SNPJ. Both Federations of Western Penna. will be asked to cooperate.

"The Lone Eagle".

YOUNG AMERICAN NEWS

Detroit, Mich.—With conclusion of the SNPJ 1935 membership campaign, the Young Americans had only a fair amount of new members, which all sums up to the fact that we are not as active as we should have been.

The writer, however, still has ideas of his own, and firmly believes that the Young Americans shall have two delegates to the 1937 SNPJ convention in Cleveland. However, before such a possibility we shall have to strive diligently and secure FIFTY members within the next year, as our membership now stands at 200 members, which goal, I believe, can easily be reached with a little cooperation from each and every member. So, in the future let our slogan be, "Fifty or more new members before 1937."

Looking over the Sick List we find that Brother Mike Nagel and Sisters Helen Krainz and Pauline Travnik were in the hospital for appendectomy and all are doing fine. Sister Frances Vosl has recovered from an attack of pneumonia, and Mike Mihelich has lost the ill-effects of the blood poisoning. Brother and Sister John Yuvan are the proud parents of a babe girl. Congratulations. Here's hoping we have the sick members again on our active list soon.

Old Dan Cupid is still in our midst. This time his victim was our Treasurer, William Travnik, who

was wed to Mary Ozanich on Feb. 1. Loads of luck! (We're sure more of us shall be following later.) Bro. Travnik has already proposed his wife as a new member.

Any Sunday, in the vicinity of Six Mile rd. and Woodward, if you happen to hear the sound of wood, please do not be mistaken; it is not a lumber camp, but only the Young American Bowlers at the Palmer Park Recreation. It must be said we have three truly fine teams and challenge any SNPJ bowling team in the United States. Any Lodge wishing to accept the challenge, write to Bob Travnik at 17240 Cameron, Detroit, Mich.

On Sunday, Feb. 16, the married men's team showed endurance when they took two out of three games from the single-men's team. However, the single men believe that this cold spell was all in favor of the married men and will again challenge the married men soon. Watch the announcement.

And to be sure we must mention our lassies who are also adept to spilling the wood and who recently took the Wolverine girls into camp. They, too, issue a challenge to any and all teams. To accept challenge, please communicate with Sister Veronica Cedlink at 1221 Wanda ave., Detroit, Mich.

Raymond Travnik, Sec'y Lodge 344.

Going Backward

The administration's latest housing program, by which it definitely commits itself to the encouragement of privately owned housing at the expense of slum clearance involves another disastrous retreat from the earlier principles of the new deal.

A few years ago housing was hailed as the field in which large public expenditures could yield the maximum social benefit with the least interference with private enterprise. An adequate housing program offers full scope for the unemployment of the country's idle men and idle dollars, and a remarkable opportunity for the stimulation of its most depressed industries. As Senator Wagner has pointed out, from a third to a half of America's 30 million families are now living in dwellings "that imperil their health and shock their sense of decency."

Private enterprise has failed to meet the housing needs of the two-thirds of the population whose incomes are less than \$1,500, and must fail unless it is willing to bring interest rates down to approximately 0.9 per cent. The administration's estimate that at most private capital will build 200,000 homes next year is a tacit admission of the inadequacy of the program, since approximately 500,000 new families are created yearly in excess of those which disintegrate through death or other causes, and replacement of 1 per cent of the existing houses would necessitate building 280,000 additional dwellings. A program designed to replace within a period of 10 years all the unsatisfactory structures now in use would call for some two million houses a year.

Further evidence of the unrealistic approach of the FHA and other administration agencies is seen in the decision to keep interest rates, for the present at least at 6 per cent. Under these conditions such new houses as are constructed must—as previously—go to the few who can afford that luxury, not to the many who need them.—The Nation.

Tyrants Fear the Truth

Charles A. Beard, nationally-known author and historian, deplors the tendency of public school officials to bar teaching and discussion of controversial subjects. Beard deems it necessary to speak out in behalf of full and frank discussion of all things because of a growing tendency on the part of officials misnamed "educators" to omit reference to the kind of government under which the Russian people are living.

It may be difficult to understand why educated men should fear discussion of that which is controversial unless we bear in mind that most educators are the servants of politicians and that the politicians find it helpful to curry favor with industrial and financial dictators. To discuss Russia fully and frankly; to compare the motive for industrial activity in the Soviets with the American motive; to clearly explain why it is that the Russians are working and advancing their living standards, while the people of highly-developed America are unemployed and eating prepared dog food, would probably cause a school teacher to lose his job. And even teachers must eat.

The fact of the matter is that the workers of capitalistic nations are living under a dictatorship no less powerful and ruthless than are subjects of the Soviets. One difference between them, however, is that in Russia the dictators decree that all able adults must work while in America the dictators decree that millions shall not be permitted to work.

The economic dictatorship which flourishes under political democracies are preserved only because of the apathy and lack of understanding on the part of the dispossessed masses. And school teachers with positions to keep must see to it that the masses shall remain uninformed and apathetic.

The depression mania differs little from the war mania of twenty years ago. The war transformed society into a barracks and the depression has uprooted millions of human beings. Normal thinking is at a discount and queer dicks attract hundreds of thousands in support of queer nostrums. The "liberal" intelligentsia is afflicted with the general mania and a multitude of "left" sects shout their wares in the market place. Here one will find no less than a dozen sure "roads to power," each with a guide post so that we will not go astray. Forward, march—to the home-gow!—N. L.

Communism is merely a convenient bogeyman with which to frighten those who are in their political childhood. It is the Fascist-minded men of America who are the real enemies of our institutions. — Secretary of the International League.

FLASHES

Chicago.—A number of valuable decisions were rendered by the Chicago District Federation of SNPJ at the February meeting last Thursday night, the most important of which is the selection of a membership campaign committee to seek new recruits for our Juvenile Department and an appropriation of 50c expenditure for each applicant. All of the nine lodges were represented. It is the consensus of opinion that the Juvenile Department has great opportunities and must be built up if the Society is to continue to register its growth.

English speaking lodges, in particular, should develop their junior departments. All too many of them have given all too little attention to the youngsters. As a result a wide gap may be created between the ESL members and the juniors just as the gap exists between ourselves and the senior members. There is no need for that. Besides, it is harmful. Ten years of practical experience should teach us that we need the young department, to equalize the age ratios and to guarantee a more positive Society.

This week's activities will be climaxed by a variety program for the benefit of Proletarec at the SNPJ hall, Sunday. Guest players from Waukegan are due to present a comedy entitled "Dva potepuha" (Two Vagabonds). The young folks have prepared an antiwar play, we'll have songs and short talks. The young people's favorites, Johnny's Merry-makers, will furnish music for dancing. Proletarec has stood staunchly for the workingclass during its 31 years of existence. We can repay it, partly, for its fine work by attending. Young and old are invited to attend.

The Unemployed Club will meet Thursday, March 5, at the SNPJ hall. The latest figures disclose that unemployment in the U. S. has risen over the 12,500,000 mark again. Which means, if you are still working that you are lucky and that you never know when you'll be out of work. Our club is founded for the purpose of promoting the interests

of the unemployed club. These figures show that there is still need for the existence of the Workers' Alliance of America, our national organization. We ask the unemployed men and women to join us.

Rose Dudas' mother died and was buried last week. Ida Simon and Mayme Cerkony lost their father thru death. Our condolences were directed to the bereaved.

We note where John Matekovich and his Gowanda Boosters are shooting high in the membership records. We didn't suppose that very many more than 100 Jugoslavs lived in Gowanda. But now we see that it must have many more. We just hope these fine lads and lassies get another hundred in short order.

Stop reading any of Hearst's papers anywhere, is what Frank Obluck really should have said. We are certainly glad to see our boys take up the cudgels against that exploiter who makes millions out of falsifications and lies and who refuses to recognize a committee of men who make money for him. In this connection it might be well to restate a question. Why do American capitalists so fear to recognize genuine unions? Because they are so greedy. If the American workers ever learn to quit supporting the lying capitalist sheets and build a labor press we may then hope to see an improvement in wages and conditions, both working and living. In the meantime, heed the advice to stop reading Hearst and help win the strike.

L. V. K.—Some names are so closely linked with some movements that you cannot very well separate them. For example Karl Marx and Socialism, Fascism and Mussolini, Nazism and Hitler, etc. In America, Nonman Thomas is certainly regarded as the man who stands for Socialism. Besides, unthinking people study little of the fundamentals. I agree it is infinitely better to omit satire and "nomino" for thinking people, but so many do so little of their own thinking that sometimes only satire will attract them.

D. J. Lotrich, Lodge 559.

together and sing The Internationale, song of the workers of all nations. A group of solo numbers, by talented instrumentalists, will also be a part of the program. The contest is to be judged by the music editors of the Cleveland daily papers.

The winning society is to be invited to sing at the mass meeting of the Socialist Party National Convention, which will be held in Cleveland the week beginning May 23, 1936. This meeting, which will attract Socialist and Labor leaders from this country, Canada and Europe, will be held in Public Music Hall.

Integrity Broadcast

Chicago, Ill.—Right ahead we go in our endeavors to elevate the Integrity Lodge to its highest rank and quality of the SNPJ. We want as many members as possible to participate in this, to elevate the Integrity to its highest standard and merits we possibly can.

The first thing to do is to see that your Lodge dues are not in arrears, and you are a member in good standing, as only such members can constitute a strong Lodge. Second, make it your duty to recommend as many new Adult and Juvenile members as possible. In the present time we have the Juvenile campaign. It's a great honor to you as well as to the Lodge if the members are active in all affairs and make efforts to make their lodge the best and the biggest.

Third, be courteous, act as you would expect others to act when you are at the Lodge meetings or outside of it. It creates friendship, good will and minimizes dissatisfaction, complaints and apprehension.

I hope that the above few words will not be read and forgotten, but will be taken into consideration seriously and promote lively, sincere action in you, Integrity members.

As a rule on arrival of the new year many of us made resolutions and promises for improvement for the coming year, but as oftentimes the fulfillment of the pledged promise or resolution requires efforts or sacrifices, many of such resolutions are being forgotten and never fulfilled. Only people with a strong will-power can and do resist all obstacles in their endeavors, until they reach the goal.

The new year's is past 60 days, but it gives me an idea to introduce to Integrity members for the ones who wish to do so, make a resolution on this coming new Juvenile Campaign to propose at least one new youngster for our Lodge, from March meeting until December, 1936, and see whether or not you can do as resolved. Let's try it, anyway, and see how strong our will-power really is.

In a way, it's our duty to do all we can for the Integrity as the more we do and care for the Lodge the more pleasure and benefit we shall enjoy from it.

Integrity Lodge now is on a good road to many improvements and is depending on its present membership for co-operation. Please all those who can, give your Lodge a helping hand. Send in suggestions, tell us what you like and what you do not like. Send in new members, etc. Try to do your share and you can be assured of appreciation and full credit for your efforts.

The ink spilled out, the pen broke down. Now it's up to you to write about the things that you would like to have in print. How about you, Integrity Skipper?

Michael Fleischhacker,
Secretary, Lodge 631.

Buckeyes' Bits

By Steffie and Mary

Berberton, O.—The Juvenile Membership Campaign will soon be in full swing, so let's get all busy and each one try to get at least one member. There are many members in our adult department who wouldn't have to go very far to secure members for they have children in the family who are eligible. These alone would increase our roster considerably. Remember, initiation and medical fees are free and prizes will be awarded for every new member and also to the person securing the largest number of members. Make this campaign a success for the juveniles of today will carry on the SNPJ of tomorrow.

Well, we must hand it to you, "Oh, We're sure every reader of the Prosveta enjoyed your article and was glad to see you back in the limelight again.

We're anxious to hear what suggestions the Athletic Board will make. Most of our members are "dead" when it comes to sports, although we have some enthusiastic basketball and bowling fans and a couple of good bowlers. Frank Carr and Chuck Dormish. Let's start talk-in-k baseball. How about getting together and having a team this coming season, girls?

Our regular meeting will be held Friday evening, March 6. If you wish to avoid the special lodge assessment, come to this meeting. It was decided at the last annual meeting in December that each member failing to attend at least every third meeting shall be assessed 50c. Let's see if we can't have 100% attendance Friday night.

Jolly Allis Lodge

West Allis, Wis.—As time waits for no man, it's time to again remind you of the monthly meeting to be held Wed., March 11, at Erman's. As this date is so near to Bro. Tony Kostanjevic's birthday, we are going to celebrate it after the meeting. Refreshments and everything else to make a party will be there, so come to the meeting and we'll dispense with the business and afterwards make merry. It's Tony's treat and he's inviting everyone.

Our annual May Ball will be held at Labor Hall on Sat., May 9. Music will be furnished by the Badger Oracles who are playing this return engagement by popular request.

The Federation requests in accordance with the by-laws that all SNPJ members in their jurisdiction transfer to the branch nearest them; the reasons are obvious. The Federation also wishes that everyone would remember that their campaign for the Daily Prosveta is still in progress. If you are not subscriber to the Daily, get in touch with your Prosveta representative and order it.

The Supreme Board announced that they will conduct a Juvenile Campaign beginning April 1. So get after your prospects immediately. You parents, don't forget your offspring. While you are getting the young ones, don't forget the adults. Our lodge is offering to pay two dollars of the initiation fee so as to lessen the initial outlay making it easier for the prospect and to lessen the handicap of getting new members.

Welcome to Bro. John Grahek who has transferred from Chisholm, Minn. All who have tickets out for either the Valentine or Shrovetide dance are requested to please settle with the Sec'y at the earliest possible moment.

The Old Man of the Mountain.

New Era News

Cleveland, O.—This Lodge is to have its monthly meeting Friday, Mar. 13. It is the duty of every member to attend this meeting for it's very important for the lodge and the members. It concerns a campaign for juvenile members. It means a few dollars for you from the awards and prizes, so let's all be at the meeting.

News

Victor Bizjak and Julia Kullik were married last week. Congratulations. (Don't forget the smokes, Vje.) Well, it looks like Pres. Joe Sanker is next. (How about it, Joe?)

Two more new members were added to the fast growing "New Era" last month.

Dance April 25

New Eras' first 1936 dance. The tickets are printed, the price right, 30 cents, the music very good, last but not least drinks and eats. So let's keep April 25 in mind for a good time. You out of town lodges, we would like to see you here.

Mickey P. Das, Sec'y.

Cleveland News

Cleveland, O.—Something new in the way of musical entertainment will be offered music lovers on March 8 at 8 p. m. at the S. N. D. on St. Clair ave. Eight singing societies have already accepted to participate in the form of a contest. There will be music critics to judge the contest, and a worthy prize will be given. The winning society will also have a chance to sing at the Socialist Convention held in Cleveland, May 23-26. Frank Mates' radio orchestra is scheduled to play for dancing after the concert. General admission is 35 cents while admission for dancing will be 25 cents. This program is offered by the Socialist Party of Cuyahoga county.

The little Comrades have been a great problem to the Comrade Lodge. Up-to-date we have eleven members who have remained in our circle. Our organization should use these members as a nucleus to build up a firm juvenile movement. To satisfy their cravings for activity they have organized a jug band. They will also take part in our Tenth Anniversary. At present Betty Bogatay and Frank Truden are looking for suggestions to help them in keeping the group together.

The statement "Our Tenth Anniversary will be bigger and better" made by John Vehar, will not be in vain. The heads of Comrades have gotten together to plan "the biggest anniversary affair" yet seen.

"Dinner at Eight" is planned as a "get acquainted" feature. Mary Zakrajsek will be in charge of food, while the Comrade girls will wait on you. The beer dispensing will be left to Frank Laurie and the "hand-

Akron, Ohio.—We are sorry to say that our February affair has to be postponed due to certain difficulties. Undoubtedly many will be disappointed according to reports given by different members and outsiders. We are now planning our anniversary dance to be held in April.

Orchids to the Buckeyes! Your affairs are always tops with us and are immensely enjoyed even if some of us didn't get to meet many out-of-towners at your anniversary dance, the no fault of ours. As for the Golden Eagles' dance in April, we'll try our utmost to attend.

We are sponsoring a Bunco party March 10 at 8 o'clock at the Slovenc Clubhouse, preceded by our regular monthly meeting. A small admission will be charged to cover the c-l-b-room expense. Refreshments will be served and prizes awarded. We hope to see a few Buckeyes present.

To our new transferred adult and juvenile members: John Obresna, Dot Korosek, Bud Bregar, Tiny Bolha and Joey Valant, we welcome wholeheartedly and we see the makings of good Zipper members in all of you. We would like to see more members at our next meeting than at the previous one. The Merry W's.

JOLLY JUNIORS MEETING

SYGAN, PA.—The 1936 third monthly meeting Monday, March 9, at Sygan hall, starting at 7:30. Please attend. It is your duty to do so. The important topic—to lay plans for mshball during summer months.

TOMMY GANTER,
Sec'y Lodge 669.

Strabane Pioneers

Canonsburg, Pa.—The plans and arrangements of the Pioneer Girls' Club are in going 'round and 'round. The dance held on February 16 was a huge success both socially and financially. Thanks to all who helped to make it a success and especially to the Boys' Mshball Club who were so willing to give us a helping hand; they also helped a lot by advertising our dance by saying, "Don't forget our Dance!" I'm sure the girls will do everything in their power to help you boys in any affair you might attempt to arrange.

The regular meeting of the club was held on Thursday, February 20, at the home of Mrs. Mamie Progar. Three new members were admitted to the club—Mrs. John Teresh, Jr., Josephine Yonack, and Kathryn Jonack. Arrangements followed for a Sunday nite supper to be held on March 8 at the SNPJ Hall in Strabane. The supper will be cooked and served entirely by the girls of the club. (Imagine getting your supper and all the services for only 25c.) Boy! Let me tell you the girls sure can cook. Just to set an example. After the meeting, on Thursday, we were asked to come to the dining room for lunch, and what do you think it was? A spaghetti supper with all the trimmings, not forgetting those good meat balls. Really, it was delicious! This was all prepared by none other than Mrs. Pauline Balsalma, assisted by Lucy Koklich. By the way, a most honored guest was present who acted as toastmaster. The guest was a prominent doctor of this locality, Dr. James E. Wilson. (Did he have a good time? Just ask him.) I hope by all this that I have convinced some of you folks to come to Strabane for your supper on Sunday, March 8 (from 6 to 9 p. m.) and try the girls' cooking. I'm sure you'll enjoy it immensely.

Well, I guess the next thing will be a match game of bowling between Alliquippa Girls and the Pioneer Girls. Probably about March 6, if the game can be arranged. May the good team win.

After all the plans and arrangements few comments and laughs, the girls departed saying they will attend the next meeting which will be held on March 19 at the home of Miss Ann Koklich (Maybe next time we'll get klobase and selje.)

See you all at the supper on March 8.

Mary Tamazine, Lodge 580.

Excelsiors' Extra

W. Alliquippa, Pa.—By an Institute of Public Opinion conducted among the Excelsior members, expressing their opinions of the recent Leap Year Polka dance, the reports are somewhat like the following.

Q: Did you think everyone enjoyed himself at the Polka Dance?—Ans: Yes, and how!—Q: What, in your opinion, was the most outstanding thing during the evening?—Ans: Two things, the clock drawing and the cake-walk.—Q: Who liked Chluch's singing?—Ans: We all did. Too bad Major Bowes wasn't there.—Q: Who danced the 13th dance with Frank Gorup?—Ans: Gee, he was so popular, we can't remember.—Q: Was the winner of the electric clock pleased?—Ans: Very much so.—Q: Was the dance both a social and financial success?—Ans: To be sure, to be sure. So, all of you who missed this dance really missed a treat. Why not plan to attend the next Excelsior affair which, according to the last meeting, will be a Spring dance. The Excelsior lodge as a whole wishes to thank all the neighboring lodges and friends who attended and helped us put across this venture in a successful way.

Meeting Bits

A four-letter adjective describes the attendance at the last meeting, "poor." With the few that were present, the business at hand was disposed of. Unanimous approval was given to the idea of having a Spring Dance either in May or April, and a committee was formed to handle the plans. A report was made on the recent skating party by the committee in charge; correspondence was read by the Sec'y; one new member was received by way of transfer; and a report was given by the Federation meeting delegates. Athletics gave way to a dispute between the male and female members, but it all ended peacefully. There

Fanny Kerlieher, Ann Kerlieher and husband, and Matt Pink went to Springfield, Ill., to visit an uncle who is ill.

Keep these dates open: Badgers' Athletic Club Dance, Mar. 21, Sostari's hall; May Ball, May 2, at Lower Turn hall; Badgers' Monstrous Picnic, June 14, Sagadin Picnic grove.

STRUGGLERS

Cleveland, O.—With Sis. Strauss, Strugglers' recording sec'y., doing a swell job of pinchhitting, your writer again returns with news to tell the world that the Strugglers' tenth anniversary in 1937 (convention year) will be great. The entertainment committee plans to make the Ninth Anniversary, which will be held on April 26 of this year, an example of another big success. No expense will be spared to make this Ninth Anniversary a BIGGER and BETTER celebration. The Big Show of 1936 is in the making.

With Hank Miller's Ozark mountain boys heading the afternoon program—enough said. But can you imagine the fun with Hank himself in person all dolled up in that hilly-billy costume making your sides ache from laughter, acting as Master of the Show. If you think these boys are not genuine, tune in your radio every nite at 4:45 on station WGAR and see for yourself.

Another act that will merit your support will be Tony Scalario who will sing and put into real life that great American favorite, "Mister, Can You Spare a Dime." The orchestra for the main hall has been engaged, prehand information has it that it has never yet played on a Slovenc stage. For specific reasons the name will be withheld for the time being. These are only a few of the intended acts. Watch this paper for details.

Disgruntled

Chicago again speaks up, disgruntled over the selection of the Athletic Board. It's too bad, but I think if Bro. Groser will get the facts straight from the Main office, he will find that he was a candidate as were those elected, but because Bros. Groser and Lotrich didn't get elected, why blame Lindy? Isn't Bro. Godina capable of handling his part just as well as any one else? I think he is, very much so. As for myself, I did not choose the position; the fact is that I recommended to the Board that Bro. Heinie Antonic would make a very good man to serve on this Board and urged his election on those grounds. (Kindly look up the record, Bro. Groser. Remember that Lindy is not the only member on the Board. So much for that.)

Federation Flashes

The Cleveland SNPJ Federation meeting, Sunday, Feb. 23, was one of the best this writer has attended. Much business was transacted and

Excelsiors' Extra

was a brief discussion on selecting picnic dates for the summer, and the final decision was to have someone investigate and report at the next meeting with the details.

Saying It—

Lets be on the lookout for new members, Excelsiors. We need quite a few more in order to measure up with some of the other larger lodges. What say that some be proposed at this next meeting? . . . Skating at the Elks' Skating Rink is a pastime for many of the Excelsiors. The recent Excelsiors' skating party held in January was a jolly affair . . . Keep on the job, "Barroom Barons." We like your write-ups . . . Excelsiors looking forward to the Sharon bowling match . . . The Reveliers' past dance found a number of Excelsiors present . . . Tommy G., the good-will ambassador of Sygan, telling a certain somebody about a certain somebody . . . Justine Strube, a busy lassie at the Polka Dance . . . Don't forget the meeting night, March 15. "Haha."

LODGE 86

Midway, Pa.—Say, fellows, those of you who are interested in hunting, how would an "SNPJ Hunting Club" strike you? The thought came to me recently that it would be a fine project, both for the hunters' benefit and for the benefit of our local lodge. Other lodges have baseball, football or mshball clubs, so why couldn't we organize a hunting club?

The above invitation includes both young and old, male and female. The only requirements being an interest in the nation's greatest outdoor sport. So, come on, boys and girls. Let's get behind and push at the March meeting of Lodge 86 on March 8.

Waukegan Group at JSZ Program

Chicago.—The Dramatic Section of SND of Waukegan under the direction of Martin Judnich will present a two-act Slovenc comedy, "Two Vagabonds," Sunday, March 8, at 3 p. m. in the SNPJ Auditorium under the auspices of Branch 1, JSF, while the Singing Society Sava under the direction of Mr. J. Mucha will render several vocal selections. Local players of Branch 1 will present a one-act anti-war play, "God and Country," Peter Kokotovich and Mary Jugg will deliver short speeches and Earnestine Jugg will offer a labor recitation. Jugg will offer a labor recitation.

the meeting adjourned before noon. (Hurrah!) The committee that will arrange all plans for the coming SNPJ convention here in 1937, consists of Brothers Siskovich, Petrovich, Terhisan, Jankovich and Zorko, Sisters Candon and Peterlin and your scribe.

To make the coming Juvenile Campaign more interesting, the Cleveland Federation will award the lodge getting the most new juvenile members during the campaign a Silver Trophy. The Strugglers got the last Trophy several years ago and by the looks of things are very likely to repeat again.

A membership committee was selected consisting of Brothers Terhisan, Rotar, Lokar and Sis. Konecan. To promote better and more out-of-town trips and visits to neighboring cities the following committee was selected to handle all events: Bros. Bosic, Lisch, Samonich, Terhisan, Lokar and Sis. Konecan.

The writer already has the following information for those that are contemplating on attending the Revs' big celebration to be held at Idora Park in Youngstown, Ohio, in June: Special coach, special time schedule via the Erie R.R. round trip rates only \$1.25 with special transportation service from the station in Youngstown to the park. We will be seeing you, Reveliers.

Special Notice

The Cleveland Federation of the SNPJ adopted the following resolution and is appealing to all the lodges to do likewise: Opposing the expenditure of any moneys for the building of any addition to the present headquarters at the proposed cost of around \$30,000 and opposing also the intended purchase of the adjoining (Berger's) building at a price of \$38,000. Reasons being that when we had about 16,000 more members than we have today the present headquarters were big enough. And if the need is only for a vault, the interior could be remodeled at a very small cost. For example, the hall could be rebuilt into offices as it does not show any large profit and since there, in the community, at present have been added two new halls which will better take care of lodge affairs than ours. The investment of any additional expense is unnecessary. Chicago will most aptly say, "See, Cleveland wants the SNPJ headquarters." Maybe we do; you can never tell.

Workers' Singing Festival

Cleveland, O.—Entries have been received from eight singing societies to participate in the first Workers' Singing Festival to be held under auspices of the Socialist Party of Cuyahoga county, in the Slovenc Auditorium, 6417 St. Clair avenue, Sunday, March 8 at 3 p. m.

Most of the workers' singing societies in Cleveland, are national groups, singing songs written in their various languages. Several of the societies, such as the German Letter-tale, have a history which dates

back over a period of from 20 to 40 years. The Slovenc Socialist choral group Zarja will celebrate its 20th anniversary the coming Thanksgiving day. Such organizations have been active in developing a working class culture and in preserving the customs and traditions of the workers' organizations.

Each society will present a group of three numbers; a national or folk song, a classical number and a working-class song. At the conclusion of the concert all societies will group

What Will Happen?

Chicago.—The science of life has always been one of the most absorbing of all studies. How did life begin? From a single cell, yes, but what were the elements and the forces that brought about the formation of the first cell? Of recent months reports have been rampant of the "creation" of life and of experiments on inorganic or supposedly dead matter that lives and behaves in the same manner as the well-designated living or organic matter.

What will happen to all the old dogmas and superstitions if man progresses any measure in this elementary step of discovery? What will happen to beliefs? And will people still say then that their very life, their "all" has been taken away from them if they can no longer believe—believe in a supernatural power that placed man upon the earth to obey "its" or "his" will and law?

In the February and March issues of Harpers magazine, G. W. Gray has written two articles that should not escape attention of anyone interested in getting to the core of things—even though this will shake the soundest pillars of his soul-sustaining beliefs.

Gray reports the latest progress of biological research in the science of cell life and its "mysteries." He tells in easy language how Dr. Osterhout took a certain marine plant, Valonia, one of the largest single cells. He analyzed its structure—the wall, the protoplasm, and the sap. Then he succeeded in puncturing the cell and drawing out the contents. This accomplished (not as simply as you read about it, of course), he analyzed the composition of the sap. When he ascertained the proportion of accumulated potassium, the structure of the cell wall, and the behavior of these compounds that made them "live," he set about to construct an artificial Valonia. This he accomplished, and produced a cell that behaved in every way like the original cell!

Nor was this experiment singular. In the Desert Laboratory of the Carnegie Institution, artificial cells that behaved like living root-hairs had been constructed; in the laboratory of Plant Biology, a cell model that takes in oxygen and sugar to form carbon dioxide and water had been manufactured; at the University of Chicago, an artificial nerve cell is under observation.

Apply these experiments to what you learned in your school biology that all cells are primarily systems

of protoplasm, constructed in more or less the same manner of cell wall, nucleus, and cytoplasm, and you can imagine the importance of this elementary discovery of "forming" cells.

George Gray follows this up with his "Thinking Machines" in a subsequent article. He explains the similarity in behavior of all cells—living and what have been ordinarily termed non-living. Living cells have the properties of circulating, respiring, digesting, growing, reproducing, etc. In addition, the property of thinking seems to have been attributed only to living cells, but this is not the case.

It is nothing new in the field of psychology that behaviorism bases all faculties of the mind on the conditioned reflex. Recent experiments conclude that all cell structures employ the trial-and-error process, which is presumably learning. It may seem almost fantastic that the experiment common to every biology student of placing rats in a maze and checking the length of time it will take them to learn the way out has been applied to mechanical devices. Gray quotes a Dr. Smith as saying that a mechanical device "remembers what it has learned far better than any man or animal. No living organism can be depended on to make no errors of this type after only one trial."

Well, well—there is no limit to which these elementary experiments might be expanded. They should not be passed by lightly. There is one encouraging sign in this field of experimentation (at least in most of the countries). That is: that the man who devotes his life to the study of these "mysterious" phenomena does not run the danger of being burned as a heretic, unbeliever, or evil spirit. What will happen if the science of life ever becomes as clear and intelligible as the fact that you and your neighbor are a part of the present nature of things? Will life be useless? monotonous? hopeless? despairing? Will we still need fairy tales to give us hope and "inspiration"? Will people still continue to shut out the truth and look to the "unseen power"? Will there be any need of soothing powers? Will the road to discovery and adventure be closed? What could really happen if most of humanity used 50% of the already-specialized cells ready to think and discover is staggering to the imagination!

Now, do you members stop to think how rude you are being? The patient naturally feels insulted and disturbed. Is that helping them any by your impoliteness? Put yourself in their place. Would you want some one to rush away from your bedside when you're longing for companionship? Of course not. You would want someone to come in as if they were coming to visit you because they want to and not because they must.

Yes, you may be pressed for time, but in the case of sickness everyone can spare a few moments and the patient won't feel that it's an imposition on his (or her) part that they must be visited as the by-laws require. You may not know the patient very well or, not at all, as the case may be, but that's no reason to say you can't carry on a conversation with them. You don't have to gossip. There are countless other subjects that are interesting. For instance, lodge activities, if not your own, other lodges. Then there are happenings of the world, of which there are many at the present time. Also radio programs, movies and good books. Even the "much talked of" weather. Anything to keep the patient's mind off his illness. We were all put on this earth to help one another. Remember the old adage, "Do unto others as you would have others do unto you."

So the next time you make a sick call, forget you are "in a hurry" and stop to chat a while.

better secured than in class A. Just recently we had a case where an older member had transferred into Class B from A. At the time of his death he was insured for \$1000 and he had borrowed about \$17.00 on his certificate for assessments. He left insured children, with the exclusion of this insurance. With the exception of the few dollars that he owed for assessments on the certificate, the children shall receive the full amount of the insurance. However, if passivity had been more lax, perhaps this member would have become passive. What would the children get? No one can deny that the beneficiaries are much better off if members are insured in Class B than if they become passive.

Neither the Secretary's office nor the Administrative Com. is responsible for the delay in publication of your initiative, as the initiative of your lodge was improperly drawn, and due to considerable work in the Secretary's office, it was submitted to the president. When it had been properly prepared, it was also promptly acted upon.

F. A. Vider, Supreme Sec'y.

ON VISITING THE SICK

Hargetts, Pa.—The by-laws state that the members of a lodge must visit the sick or injured and some of them do so simply because they must. For quite some time I have been wanting to say a few things in regard to the matter. Now, I know, in different cases where the visitors were permitted, in fact, encouraged, to stay as long as they wished to converse with the patient. But instead they come in, say a few words to the effect that they can't stay, are in a hurry and just came in to sign the sick list and then leave.

Now, do you members stop to think how rude you are being? The patient naturally feels insulted and disturbed. Is that helping them any by your impoliteness? Put yourself in their place. Would you want some one to rush away from your bedside when you're longing for companionship? Of course not. You would want someone to come in as if they were coming to visit you because they want to and not because they must.

Mrs. Michael Krocisko, Lodge 741.

IF YOU ARE SICK

Cleveland, Ohio.—Young and old may be sick, and if you are in such a condition, then you know how it is good to be a member of the SNPJ as it helps you to pay the doctor bills.

Just lately two young members of our Society were operated for appendectomy. One, Josephine Rodica-Walsh, of Lodge 450, has completely recovered. She is glad to be at home with her little sonny. Another is Louis Femeo, of 428 E. 157 st. He just came home from the hospital but is not yet quite well. Brother Femeo is a member of Lodge 53. While he was in the hospital his young daughter missed her "Daddy" a lot. Louis Femeo was born in Cherokee, Kansas. Although most of his folks are still at home, his sisters, Mary and Anna, are living in Cleveland. We hope that our Lodge brother will soon be among us.

We noticed a protest in the Slove section of the Prosveta on page 2 of the Feb. 19 edition. This protest was made by Lodge 88 of Moon Run, Pa., against a statement made by Leo Zupancic of Imperial, Pa., which statement was made at the ESC in Chicago, Nov. 2, 1935. Leo had said that 35 members had left the Lodge in Moon Run on account of politics. Those who made the protest said that there had been no politics in their lodge, and that no member had left the lodge for the past five years.—If I were a member in that lodge, I would not bother about Leopold. Some day he may learn yet, and struggle with us for a better living, and a better world. When he went to Chicago, he heard that some of the young men wanted to change the progressive principles and go back to "olden times." Some one had to start the ball rolling and Bro. Zupancic happened to be the goat.

We know how some smart politicians pull the trick on some "easy-to-go-at-it." So we cannot forget, but we must forgive and not try to revenge.

Frank Barbic Sr., Lodge 53.

American Building Association News

"(If They Were Alive Today)"

Chicago.—In the United States, self-elected spiritual successors of Washington, Jefferson, Hamilton, Lincoln have long been affirming the identification of their own principles with those of the illustrious men who, at critical moments, have shaped the destinies of our country. The game is the more easy to play in that the illustrious men are dead and hence unable to disavow the policies posthumously attributed to them. What Washington or Lincoln would do today no man can say. Keenly intelligent as were Washington and Lincoln they would probably be as much bewildered by the complexity of our economic problems as are the ablest minds today. Only the purveyors of nostrums are certain about anything. Dictators owe their strength to the fact that they pretend to have certainties to offer to peoples clamoring for a way out of the wilderness. The direction in which these men are leading their followers may serve as a warning to those Americans who think that a dictator would be the solution to our own problems.

We can safely say, then, that if Lincoln were alive today, he would not be peddling any facile cure-all, nor is it likely that he would find himself in agreement with the policies of either of the old parties.

Washington's temper was, however, far from being that of the professional revolutionary. Fundamentally, he was a man of property and the owner of slaves who, even during the war years, found time to write minute directions for the conduct of Mt. Vernon and the extensive properties of his wife. We should, therefore, expect to find him among the leisure class, today, and if not a member of the American Liberty League, at least a subscriber to some of its principles.

Of Lincoln, it is much more difficult to say what he would do if reincarnated today and given presidential powers. His character was much more complex than Washington's. At an early age he perceived the evils of slavery and determined to do all in his power to destroy it. It must be remembered, however, that the Civil War was fought, not to free the slaves, but to bring forcibly back into the Union the seceding states. Lincoln was fighting then, for an abstract principle rather than for a sentimental ideal.

Nevertheless, temperamentally, he would be much concerned with social legislation aimed at the improvement of conditions among the masses, and would be a rather vigorous champion of equitable distribution of wealth; he would be enraged at the wanton destruction of foodstuffs which might have been distributed among the unemployed without affecting appreciably the market for the remainder.

Memory of these men's careers is of value chiefly in keeping alive certain broad principles of freedom and democracy. If certain of our contemporaries wish to justify their own policies by attributing them to the ghosts of these two men, we may smile and be not too much alarmed.

THE JUGOSLAV BUILDING AND LOAN ASSOCIATION

The Jugoslav Building and Loan Association was incorporated 17 years ago and during that time it has helped hundreds of people to save and to pay off mortgages on their homes.

Most people could not have acquired the savings habit if it had not been for the building and loan associations. In these institutions the members put part of their hard earned money for safety and protection and the building and loan record of safety has proven to be the most satisfactory of any financial institutions. The money that the members place in our association is loaned only on first mortgages on homes at conservative appraisals.

The property is insured against fire, the directors see that the taxes and assessments are paid when due. The First Appraisal Co. appraises properties, the auditing committee makes an examination of the books and accounts every three months and Auditor of Public Accounts makes an examination annually. The officers of this association handling money are fully bonded by reliable bonding companies, and all checks are signed by the president, secretary and treasurer.

We are under supervision and jurisdiction of the Auditor of Public Accounts Federal Home Loan Bank and the laws of the State of Illinois, governing building and loan associations.

About This and That

WHAT EDUCATION DOES FOR US

East Palestine, Pa.—Perhaps it would be well to ask first, What is education? People sometimes make the mistake of thinking it means learning many things. Very true, it is desirable to know as many facts as possible, but it is still better to know how to use the talents which we possess. True education is just this: training our talents and capacities so as to use them to the best advantage.

The educated person can earn a better living than the one who lacks education. Education means dollars and cents to almost every one who acquires it. In every walk of life we look up to the man or woman who knows things and can do things. The educated person knows how to enjoy his leisure time. He understands the world in which he lives; he can meet his fellow-men with pleasure and talk intelligently about things that concern him and other people.

Besides—To the citizens of a self-governing nation like our own this is perhaps the most important: Education promotes good citizenship. The educated citizen knows his rights and the rights of his fellow-men and can insist that both be protected.

INITIATIVE MOTION

Milwaukee, Wis.—In the issue of Jan. 15 of Prosveta, our initiative motion was printed and Sec'y Vider made a few remarks against the Initiative. He says, "The Society has a special benefit fund for the purpose of assisting those in dire need as well as for making loans on assessments." Yes, that is true, but he does not tell you that you can only borrow for 3 months' assessment in any one year.

Furthermore he says, "Class B and C of insurance, adopted by the last convention, grants members a necessary reserve from which they may borrow for their assessment and into which any member who is insured in Class A may transfer." Yes, that also is true to a certain extent, but as times are very hard today, it would be very difficult to ask our older members who have been members from 20 to 25 years to transfer to Class B or C, thereby increasing their assessments. They would pay for a higher age if they transferred into either B or C. They must, furthermore, be members of the new Class for one year before they can borrow from the reserve for their assessments.

Bro. Vider says, "There were very few complaints regarding the Passive Clause in the by-laws." I wish

to say, Bro. Vider, that had you been a Branch Sec'y, these past four years you would have heard plenty of complaints. Members who were on the passive list and in the event of their death would have only received a small pittance of what they were entitled to. When they again became active, they would have to pay up to \$20 into the Mortuary fund, thereby retaining their rights as old members. For this reason we have lost many members. Branch 234 of Milwaukee had a death while the member was on the passive list. The said Branch received only \$10 for funeral expenses. When they appealed to the Administrative Com. for financial help to bury the member decently, they again received another \$10. They received a total of \$20 for a decent burial of a lodge member, when you can't even get a cemetery lot for \$20.

Regarding Bro. Vider's statement that it would be a tremendous expense to our organization to put our Initiative through now, I want to say that if they argue about this at the convention for two or three days, it will incur quite an expense likewise. Furthermore, he stated that the convention was so close at hand that the Initiative could wait until then. I wish to say that the convention was almost two years off when we sent in our Initiative. The date of this sending was June 22, 1935, but we received no reply to same until October 22, 1935. It took the Administrative Com. four months to decide that our Initiative was incorrectly drawn.

Therefore I believe that the Initiative should be acted upon favorably by the various lodges.

Leo Schweiger, Lodge 584.

COMMENT

First, I wish to correct Brother Schweiger that comments under the initiative of Lodge 584 are not mine (Vider's) exclusively, but of the Administrative Com. in accordance with the by-laws (Sec. 3 of Art. 2). Furthermore, it should be explained that assessment loans are not limited to 3 months per year for an individual member as originally decided. That decision was later amended by the Supreme Board, therefore, such a restriction no longer exists, and a member may borrow for his assessment from the special benefit fund for any number of months during the year if in dire need. It is true that the present passivity is not very attractive, but it is also true that some societies which had similar passivity, have abolished it. For a few cents more each month a member can be insured in class B (this we specially recommend to older members) and shall be

POROČILA GLAVNIH ODBORNIKOV

Br. Cinkar začasno prepusti predsedovanje bratu Somraku, ki da besedo bratu Cinkarju.

Br. Cinkar poroča:

POROČILO GL. PREDSEDNIKA

V poročilo glavnega predsednika letni seji celotnega gl. odbora bi spadalo podrobnejši opis vseh važnosti, ki so se dogodile v naši organizaciji tekom preteklega leta, predvsem pa opis aktivnosti in rezultatov ter sploh stanja jednote ob zaključku preteklega leta. Ker pa val prejemate zapisnike upravnih sej, kateri predstavljajo precej jasno sliko vsega, kar se pri nas godi in izvrši, in ker bodo poročali še drugi odborniki še za menoj ter navedli vse važne v številkah, zato jaz ne smatram, da je podrobno poročilo od moje strani potrebno. Poročam torej bolj na splošno in sicer:

Prvo o stanju organizacije, kakor je že navajal in kar nas vse tudi najbolj zanima, in glede tega lahko z veseljem poročam, da je precej povoljno. Preteklo leto smo spet zaključili s prilično dobrim prebitkom in članstvu in premoženju, posebno pa v premoženju. Kolikšen je napredek v posameznih oddelkih in skladih, bo razvidno iz poročil tajnikov in blagajnikov ter drugih, ki bodo podali račune in navedli bilance.

Jako dobro pomoč člankemu oddelku je naš mladinski oddelk. V mladinskem oddelku je sedaj vsakim letom več dozorelih za prestop in to nam daje stalni vir za nadopolnjevanje izgub, ki jih imamo z umrli in izstopili člani. Zato pa je priporočljivo, da naš mladinski oddelk dobro negujemo in ga zmeraj izboljšujemo in izpopolnjujemo kakor največje moč. Več skrbi se mora posvetiti pridobivanju otrok za našo organizacijo in bolj skrbno je treba paziti na za prestop dozorele mladence in mladence, katerih se nam veliko pogubi, ker se pri nekaterih družtvih premalo brigajo, da bi jih v pravem času poiskali in spravili v članski oddelk.

Da smo v lanskem letu dobili precejšnje število novih članov, se imamo veliko zahvaliti naši kampanji, ki smo jo razpisali v ta namen. Kampanja se nekaterim ne dopade in čisto se slihi godrnjanje, čes, da takrat ni bilo tolikih koncesij in udobnosti za nove člane, ko so oni pristopili in nekateri trdijo, da se s kampanjo privabi največ simulantov in nezaključnih značajev. O tem imamo lahko različna mnenja, toda razmere so dandanes take, da brez posebne kampanje skoraj ni mogoče pokazati nobenega napredka v članstvu. Vse druge organizacije imajo kampanje, nekatere več ali manj nepretrgano, in tudi inšuranci, čeprav ne priznajo, da imajo kampanje, se poslužujejo raznih vab in trikovi, da zainteresirajo ljudi in prodajo več polič. Zato ali vprico teh dejstev tudi nam ni mogoče uspešno konkurirati brez vsake kampanje, vsaj v večjem obsegu ne. Ljudje dandanes ne pristopajo več toliko iz idealizma, pač pa gledajo vse bolj, kje je ceneje in kdo več da.

Člani pa tudi ne agitirajo več tako iz idealizma kot so včasih, pač pa se bolj zanimajo za nagrade, zato je priporočljivo, da se v vsaki kampanji določi tudi nagrade za tiste, ki se bodo izkazali v kampanji bolj aktivne.

S kampanjo imamo nadalje te izkušnje, da v polletnih mesecih ne prinese skoraj nobenega uspeha. Poleti se ne agitira veliko za nobeno stvar, pa bila kampanja ali ne; nekako oživi se le na jesen in skoraj vsaka kampanja postaja proti koncu leta najbolj vroča in bi najbrj prinesla precej več rezultata, če bi trajala do februarja ali pa vse zime mesece.

Agitacijskega pomena in pomoč k uspehu v kampanji za nove člane so tudi atletične aktivnosti, predvse in druge dobro izvedene prireditve naših društev, posebno pa sportne tekme, kakršna je bila n. pr. med našimi mladinskimi društvi na delavski praznik ali Labor day zadnje jesen v Clevelandu. Zato je priporočljivo, da gl. odbor in uprava da tej stvari bolj izdatno oporo. Na tisti prireditvi lanske jesen je poročila misel, da se take tekme ponavljajo vsako leto in da naj bi bil Labor day zaenkrat tudi SNPJ day. In jaz priporočam, da gl. odbor nevoji to idejo ter oficijelno proglasi, da naj bo Labor day zaenkrat tudi naš praznik ali SNPJ day, ki se naj praxnuje povsod in kakor najbolj impozantno mogoče. S tem dnem naj bi se tudi pričela kampanja za nove člane in mogoče tudi za naročnike na dnevnik. Ker sta takrat dva svečka, bi se v bodoče lahko vršila s tem v zvezi tudi konferenca angleško poslujočih društev, ako jih bomo še kaj imeli, ali pa kake druge konference ali kaj takega.

Prva konferenca angleško poslujočih društev, katero je gl. odbor odobril na zadnjem polletnem zborovanju, se je vršila 2. novembra 1. l., kakor je bilo obljubljeno. Ta konferenca mogoče ni bila to, kar bi nekateri radi, vendar pa je mladina pokazala precej zanimanja za njo in konstruktivne in agitato-

rične sposobnosti za organizacijo, veliko več pa tudi ni bilo za pričakovati. Upravni odsek je izdelal program ter drugo potrebno po želji gl. odbora, in stvar smo poskušali izvesti kakor najboljši mogoče. Meni ste dali nalogo, da skrbim za agitacijo in vodim konferenco ter vse delo v zvezi s tem. To sem storil in izvršil kakor najboljši sem pač smal in mogel. Nekaterim moje postopanje ni ugajalo in mogoče tudi kdo izmed vas misli, da povsem pravilno ni bilo in da bi naša konferenca lahko boljše izpadla. Misli se lahko marsikaj in kritizira tudi; sploh je najlažje najti napake drugih in vedno, ki to stvar še izvršena. Toda jaz remo dovom, da bi vprico tako kratkega časa in v danih razmerah bilo kaj boljši, če bi bila stvar poverjena komu drugemu. Pozabiti se ne sme, da je to bilo nekaj povsem novega in z našo mladino prva poizkušnja je vrste. Zato pa ne more biti nič čudnega, če se je dogodilo kaj izrednega in mogoče tudi kaka napaka. Da pa bo taka rešid padla popolnoma brez vsake hibe, tega sploh ni bilo za pričakovati.

Kakor sem svojočasno glavnemu odboru priporočal, da se sprizajni z idejo stalnega potovalnega zastopnika ali organizatorja, tako sedaj isto potrebo ponavljam. Časi in razmere se spreminjajo in mi tudi moramo spremeniti metode za pridobivanje novih članov in za povzdigo lojalnosti in morale. So kraji, kjer je veliko naših ljudi in kjer je naša stvar takorekoč popolnoma zamarnjena. Dober organizator bi v takih naselbinah gotovo uspel, hvaležnega polja bi pa našel tudi tam, kjer imamo cvetoča društva in nam tako lahko mnogo koristil. In če se organizatorji isplačajo drugim organizacijam, bi se gotovo tudi nam. Rešenica pa je, da tieste organizacije najboljšo prospejajo, ki imajo dobre organizatorje, s poštno plačo, seveda. Dober organizator bi bil lahko zaenoto dober učitelj društvenim uradnikom, kateri bi nam veliko več koristili, ako bi bili v našem poslovanju in o celem ustroju naše organizacije boljše poučeni ter za agitacijo izveščani in utrjeni.

Kakor ste še lahko razvideli iz zapisnika upravnega odseka, smo prišli do zaključka, da bi bilo dobro, ako bi imeli svoje priprave za snemanje in kazanje filmov, katere bi se porabilo za bogatenje programov na proslavah in drugih prireditvah naših društev. Naša društva imajo z vsakim letom več važnih obležitih; veliko jih prihaja v dobo za proslavo srebrnega jubileja itd., kjer bi se lahko naše filme jako dobro porabilo za pouk in propagando. Zato priporočam gl. odboru, da nam dovolji to navbiti.

Preteklo leto bi se imela zopet vršiti konferenca Jugoslovanske bratske federacije, toda se ni. Kakor vam je znano, je Hrvaška bratska zjednica odstopila, in ker druge organizacije tudi niso pokazale posebno dobre volje in razen SNPJ in SSPZ ni nobena plačala svojih prispevkov, je bilo naše in odbornikov SSPZ mnenje, da se konferenca ne sklilče vse do tedaj, dokler tudi druge organizacije ne pokažejo bolj resnega zanimanja za stvar.

Glede kupovanja bonov in investiranja in refinanciranja ter financ sploh želimo omeniti, da se poskuša kar največ mogoče, da se popravi prejšnje hibe v gospodarstvu z našim premoženjem, kakor od strani gospodarstva tako od upravnega odseka. In kar se tiče naših financ, gre tudi precej na bolje. Podrobneje o tem bo poročal gl. blagajnik in gospodarski odsek.

Ker se je moje poročilo precej raztegnilo kljub temu, da poskušam omeniti vsako stvar kolikor mogoče na kratko, s tem zaključujem, pričakuje, da bom imel priliko spregovoriti o stvareh, ki jih nisem tu omenil, med razpravami in splošnem. To naj bo torej za sedaj vse moje poročilo.

VINCENT CAINKAR.

Poročilo brata Cinkarja je sprejeto brez ugovora.

Br. Cinkar zopet prevzame predsedstvo seje ter pozove brata Somraka, da poda svoje poročilo.

Br. Somrak poroča:

POROČILO PRVEGA GL. PODPREDESNIKA

Cenjeni sobratje gl. odborniki!—Od zadnjega zborovanja glavnega odbora sem imel več zadev, od katerih so bile nekatere naročene iz glavnega urada, druge pa takorekoč prostovoljne. Rešena je bila zadeva pri društvu št. 53; glede te zadeve je bilo na zadnjem zborovanju rešeno, da bo naprejala tožba proti jednoti.—Pri društvu št. 5 zadeva še ni rešena.—Zastopal sem jednoto na slavnosti petindvajsetletnice Slovenske dobrodelne zveze v Clevelandu, Ohio. Dalje sem se udeležil 25-letnice društva št. 137 ter še nekaterih drugih proslav v čevlanski okoliščini.—Poleg tega sem bil, kakor vam je znano, tu v Chicagu na proslavi društva Pioneers, št. 569.

To je na kratko navedeno nekoliko dela, tiskajočega se urada, prvega podpredsednika jednote. Razume se samo ob sebi, da je pri vseh takih prireditvah več ali manj osebni denarnih izdev. Poslovanje z glavnim uradom, kolikor se tiče mene, je dobro.—Zapisnik, ki ga prejme vsak glavni odbor, nam služi v informativne svrhe, da smo sproti poučeni o vsem važnem in da vidimo, kako splošno o tem bomo slišali v prihodnosti.

Naj mi bo dovoljeno spregovoriti nekaj besed v splošnem o jednotlivih stvareh. Agitacija za pridobivanje novega članstva: Ako pregledamo in pretehtamo naša pravila ter na podlagi istih naše poslovanje, moramo—radi ali neradi—priznati, da ne odgovarja sedanjim razmeram. Priprčan sem, da skoraj vsak izmed sobratov, ki se je udeležil zadnje kampanje, bo to priznal. Posebno se to tiče mladinskega oddelka. Kampanja za mladinski oddelk bi morala biti neprestano v teku. Moje prepričanje je, da bi morale prave večje naselbine imeti stalno nameščene delavce-agitatorje, ki bi bili vse dni v letu na delu, to pa vseh 365 dni, v prestopnem letu, kot je tekoče, pa še en dan povrh! Ako pazno premetrmo sistem zavarovalnih društv, vidimo, kako z vsemi silami deluje njih aparat. Ko sem šel prireditelj ključke deluje njih aparat. Ko sem šel prireditelj ključke deluje njih aparat. Ko sem šel prireditelj ključke deluje njih aparat.

kot se je pojavila na konferenci. Raznovrstna izjavljanja, predbacivanja, očitki, itd. so leteli vseprek. Našim mlajšim ni samere, ako so se tuintam malo sporekli. Saj se tudi stari. Obščalovanja vredno pa je, da so se nekateri naši stari sobratje vtaknili v zadevo ter s tem položaj še poslabšali, vsaj v kolikor se tiče jednote. Pripomniti je potrebno, da s tako taktiko ne bomo nikdar dosegli, pač pa položaj poslabšali. Ako pridajemo, da bomo na ta način dosegli in privabili ter obdržali našo mladino, se moramo sprizajni z najboljim dejstvom, da smo v zvezi. Nekateri jednotlivi člani so še vedno mnenja, da je politika socializma pred podporo v jednoti. Rešenica je, da obratno. O tem bi se dalo še več povedati, pa naj bo za sedaj dovolj.

List "Prosveta": Ako je finančno mogoče, naj se prične izdajati tudi sobotna izdaja z angleško prilogo. Vse kaže, da sango sredina priloga ne zadostuje. Ker vemo, da imamo sedaj sedemdeset angleško poslujočih društev ter približno eno desetino odraslega članstva v teh društvih, je pač potrebno o tem razmišljati ter napraviti primerne zaključke.—Uredništvo "Prosvete" je sprotilo idejo o nekakim svobodnomiselnim šoli. Šli se mi, da je ideja sicer mogoče dobra, dvomim pa, da je izpeljiva. Razlog je pač enostaven: nima podlage in ne privlačne sile. Nič ni preveč, ako rečem, da je stvar v sedanjih razmerah lažja. Ako bi se to misel sprotilo pred dvajsetimi leti, potem bi bilo to najbrj na mestu. V dokaz, da imam v tem nekoliko izkušenj, naj mimogrede omenim, da imamo v našem Slovenskem narodnem domu na St. Clairju nekaj podobnega, in to še enajsto leto.

Tožilo v splošnem. O ostalih zadevah se bodem oglašil, ako bo potrebno, ko pridejo na dnevni red.—Za večjo in močnejšo jednoto

FRANK SOMRAK.

Br. Vidler poroča:

POROČILO GL. TAJNIKA

Preteklo leto je bilo jubilejno leto angleško poslujočih društev in obsega posvečeno kampanji za novo članstvo, katerega rezultat je bil že uradno v glasilu objavljen in iz katerega je razvidno, da je bilo v času imenovane kampanje sprejetih v oddelk odraslih 1.884 članov in mladinskega 1.094, skupaj 2.978. Na podlagi števil, ki so za to poročilo pripravljene je razvidno, da smo v oddelku odraslih članov spet napredovali, toda mladinski izkazuje nazadovanje, kar pomeni, da bomo morali za mladinski oddelk voditi uspešnejšo kampanjo. V boljše razumevanje nazadovanja mladinskega oddelka je potrebno omeniti važni vsrok, kateri je: večko število prestopa v oddelk odraslih članov. Vendar to še ne opravičuje nazadovanja, ker je še med našim članstvom veliko takih, ki nimajo svojih otrok v naši jednoti in nekateri jih celo rajše vpišejo v privatne insurance. Valed tega bo potrebna boljša agitacija in sposobne moči, ki naj bodo kos privatnim agentom, in katere bo pa treba tudi bolj liberalno nagraditi za njihov trud.

V članstvu za leto 1935 stojimo sledeče:

Table with 2 columns: Description, Value. Rows include: Število članov 31. decembra 1934, Novopristopili v letu 1935, Črtani zopet sprejeti, Pasivni postali aktivni.

Table with 2 columns: Description, Value. Rows include: Skupaj, Umrli, Črtani, Postali pasivni.

Table with 2 columns: Description, Value. Rows include: Članstvo dne 31. decembra 1935, Napredek 1935.

Mladinski oddelk

Table with 2 columns: Description, Value. Rows include: Število članov dne 31. decembra 1934, Novopristopili v letu 1935, Skupaj, Umrli, Prestopili v oddelk odraslih, Črtani.

Table with 2 columns: Description, Value. Rows include: Članstvo 31. decembra 1935, Nazadovanje v letu 1935.

Ob zaključku leta 1935 je jednota v obeh oddelkih 47.932 članov, ali za 29% več kot je štela 31. decembra 1934. Če ravno ni napredki v članstvu posebno visok, smemo biti zadovoljni, da bomo imeli napredek v teh slabih ekonomskih razmerah, v katerih delavstvo v splošnem občuti pomanjkanje denarja.

Odškodnine

Odškodninskih slučajev je bilo v drugi polovici leta 52 manj kakor v prvi in število opranih na slepiču je še vedno najvišje, potem sledi kila itd., kot izkazuje naslednje detajlirano poročilo:

Od 1. julija do 31. decembra 1935

Table with 3 columns: Operacije, Slučajev, Vsota. Rows include: Vnetje slepiča, Kila, Razne trebušne, Žolčni mehur, Zlota žila, Gošča, Rak, Gnojitev v kosteh, Želodčna uljesa, Krtovičaste žile, Vnetje ledic, Vnetje ušesnih kosti, Žolčni kamen, Na mošnjanih, Gnojitev v prsih, Iguba udov, Iguba prstov, Iguba vida, Igube nog, Igube rok, Zlomljena hrbtnica, Odpravnine.

Smrtni slučajev—kakor že omenjeno—smo imeli 311 in med temi veliko takih, ki bi radi starosti lahko še živeli desetletja, toda nsporna in neudruga dela, ki jih morajo po večini opravljati naši člani in rojaki v splošnem, so jim izkopalja rani groh. Iz detajliranega poročila je tudi razvidno, da srčna hiba, zatežena, pljučnica in rak najhujše kosoje člane naše organizacije. Omenim naj tudi, da samomori še niso bili tako številni kakor so sedaj, za katere so predvsem odgovorne izredno slabe ekonomske razmere, ki tirajo obupane člane v prerano smrt.

Smrtni slučajev za leto 1935

Table with 3 columns: Vzrok smrti, Slučajev, Vsota. Rows include: Srčna hiba, Sušica, Pljučnica, Rak, Krvotok na možgane, Ponesrebe v rudnikih, Avtomobilske nesreče, Samomori, Naduha, Vnetje ledic, Mrtvoud, Vnetje možganske mreže, Razkroj krvi, Razne ponesrebe, Otrpljenje krvnih žil, Zapeka, Želodčna uljesa, Vnetje slepiča, Uboj, Opekline, Vnetje trebušne mreže, Sladkorna bolezen, Vodenica, Vnetje mozga v hrbtnici, Prasad, Alkoholizem, Vnetje odvodne žile.

Table with 2 columns: Description, Value. Rows include: Skupaj, V gospodarstvu, oigroma finančnem ostru jednota zopet bilo povoljni napredek v vseh skladih, izjema je le upravni, kateri je v preteklem letu nazadovao za vsoto \$4.485.15, (ostali računi se nanašajo na sadnjega polleta). Toda to ne pomeni, da je upravni sklad prazen, pač pa ima še vedno do \$27.000.00 k dobrem. Da imenovani sklad izkazuje deficit je razlog, ker smo plačali \$2.646.000 državnim nadornikom za pregledovanje našega poslovanja, kar mora v smislu novega zakona vsaka organizacija sama plačati, Moody's service \$2.000.000, katerega je naročil gospodarski odsek, konferenca angleško poslujočih društev \$2.244.10, katere stroški so bili tudi kriti iz imenovanega sklada in seveda za razne zadeve s posojili ter lokalni stroški. Skupni finančni napredek v sadnji polovici preteklega leta znaša \$246.039.68 in ker je pripravljeno posebno finančno poročilo, se mi ne vidi potrebno podrobneje skladov o napredku omenjati.

Finančno poročilo je sledeče:

Glede konference angleško poslujočih društev naj omenim toliko, da so bili referati podani na konferenci v splošnem dobri ter konstruktivnega značaja in o katerih ste se brez dvoma seznanili iz zapisnika. Sprejeti so bili tudi nekateri zaključki, oziroma priporočila, o katerih bomo lahko razpravljali ko pridejo na dnevni red.

V smislu zaključka gl. odbora na polletni seji je šel upravni odbor takoj na delo in najel večjo arhitektsko firmo Holabird & Root, katera je pripravila potrebne načrte za predelavo uradov, v katerih nam pomanjkuje prostora kakor vam že znano. Delo s načrti in pregledovanjem sedanjih prostorov se je tako zavleklo, da se je moralo s delom počakati do spomladi, kar je ceneje, kakor če bi se načrti spreminjali potem, ko je delo že v teku.

Priporočila

Radi boljše uspešnosti v kampanji za mladinski oddelek priporočam, da se jo letos vodi izključno za ta oddelek, in za inspiracijo ali boljše zanimanje naj se opusti assesment v aprilu in maju. Dalje naj se tudi določijo posebne nagrade, bodisi posameznikom ali društvom kot celoti.

Leto 1932 je bil odškodninski sklad v precej slabem finančnem položaju, kar se gotovo spominjate in da se je izognilo večjim izrednim assesmentom, in da se preneslo iz upravnega sklada vsoto \$10,000, katero sem jaz smatral kot posojilo, vendar to ni izrečno v zapisniku omenjeno. Vred tega in ker si je imenovani sklad sedaj precej dobro opomogel in ker ima upravni sklad vedno večje obilnice, katere sem že omenil, priporočam, da ta seja zaključiti, da se dotično vsoto vrne upravnemu skladu.

Razno

Delo v uradu je vedno težje ter zahteva tudi več paznje in previdnosti, ker ti izredni časi so rodili številne probleme, na katere se svojočasno ni računalo. Kriza je mnoge pahnila v položaj, v katerem so postali obupani, desperatni in se poslužujejo raznih sredstev za olajšavo gmotnih razmer, neotiraje se na svojo preteklost ali bodočnost. Razne države špekulirajo, kako bi obdavičile bratske podpornice organizacije in nekatere so začele s tožbami za izterjanje iz preteklega poslovanja v njih državi, med katerimi je država Arizona. Naravno je, da se morajo bratske organizacije braniti tega neopravičnega davka same, če hočejo kaj doseči in tudi to nam naklada več dela. Tako smo letos tudi prejeli od raznih držav posebne vprašalne pole, kakršnih se do sedaj še ni zahtevalo, ki jih je potrebno financnega poročila — izpolniti. Tudi po-sejvanje na certifikate zahteva več vključevanja in posebnega knjigovodstva, kar do sedaj ni bilo potrebno in je dobro da veste.

Kooperacija v uradu od strani osebja je dobra in delo se tečno izvršuje, kar je velike važnosti za vsako podjetje in tudi dobro reklamno sredstvo. Ravno tako zadovoljivo kooperira s uradom velika večina društvenih uradnikov, za kar vse, od moje strani, zaslužijo najboljšje priznanje in hvaležnost.

Posebnih pritožb v preteklem letu ni bilo, kar znači, da v organizaciji, oziroma med članstvom prevladuje zadovoljstvo in zaupanje, kar je fundamentalna podlaga vsakemu napredku.

Poslovanje ali poslovne knjige in drugi važni dokumenti so bili po večini pregledani in tudi po glavnemu nadzornemu odboru jednote, kateri bo dal svoje običajno poročilo.

Če je iz poročila slučajno kaj izpuščena, kar bi eden ali drugi želel vedeti, želim, da se me opozori in bom po možnosti skušal pojasniti.

F. A. VIDER.

Poročilo brata Vidra je sprejeto brez ugovora. Med poročanjem brata Vidra je došel br. Lekar, katerega vlak je imel zamudo, in kmalu nato br. Zaitz, ki se je zakasnil s pisanjem poročila gl. nadzornega odbora.

Finančno poročilo za dobo zadnjih šestih mesecev preteklega leta izkazuje prilično dober napredek v vseh bolniških razredih. Kljub temu, da smo izplačali 37 članom odpravnine iz bolniškega sklada, znaša čisti prebitek skupnih razredov vsoto \$49,714.54, kar lahko amstramo, da je napredek večji in povoljniji, kot smo mogli pričakovati v tej kratki dobi in razmerah, v kakršnih se še vedno nahajamo.

Čisti prebitek ali rezerva poldolarskega razreda dne 31. decembra znaša nad trinajst assesmentov, endolarskega nad dvanajst assesmentov, dvadolarskega nad osem assesmentov in tridolarskega nad tri assesmentov. Kot običajno, izkazuje največjo rezervo endolarski razred: dosegel je vsoto \$169,762.28, kar pokriva, kot se omenjeno, nad dvanajst rednih mesečnih assesmentov. To je prvi slučaj v zgodovini jednote, da je kak posamezni bolniški razred dosegel toliko rezervo.

V smislu pravil sme gl. odbor ali gl. upravni odsek opustiti en mesečni assesment članom, ki so zavarovani v dotičnem razredu, a ker bo s tem nastalo precej dela za krajevne tajnike, kakor tudi v gl. uradu, priporočam, da se zadeva prepusti v ureditvi gl. upravnemu odseku; s tem mislim reči, ako se v prvih treh ali štirih mesecih tekočega leta na-

bere še ena mesečna rezerva, naj se opusti dva assesment hkratu, na pr. meseca maja in junija 31. Poskušnja z opustitvijo assesmentov za člane odraslega oddelka bo nekaj novega pri nas; in bo brez dvoma dobro vplivalo na članstvo in jednoto, posebno s agitacijskega stališča.

Bolniški sklad je bil pri nas mnogo let eden najtežjih problemov. Mnogo časa je bilo porabljenega na sejah gl. odbora in konvencijah, vršile so se obširne razprave, ki so bile posvečene namenu, kako rešiti sklad in uvesti sistem, ki naj bi odpravil čezmerno šranje sklada. Vsa svarila na previdnost pri odobravanju podpore in nadzorovanju bolnih članov, so bila brez pomena, in to je povod sistema, po katerem sedaj poslujemo, in upam, da sva vsem ne ugaja, da ga bomo v principu ali v glavnem obdržali kakršni je. Razume se, da so potrebne nekatere spremembe in popravki, kot pri vsaki novi stvari, kar bo gotovo izvršila prihodnja konvencija.

Število članstva v razredih 50c in \$1 se stalno zvišuje, v razredih \$2 in \$3 pa število pada. V razredu 50c je sedaj zavarovanih 247 članov, v razredu \$1 je zavarovanih 19,362, v razredu \$2 8,914 in v razredu za \$3 še 603, skupaj v vseh bolniških razredih 29,206.

Poročilo za društva v Kanadi vsebuje redne prispevke posameznih bolniških razredov, ki znašajo skupno vsoto \$1,367.00; bolniške podpore v isti dobi je bilo izplačane \$2,514.00 iz česar je razvidno, da so društva prejela \$1,147.00 več bolniške podpore kot znašajo redni prispevki. Izredni assesment, katerega plačujejo člani, ki so zavarovani za \$2 in \$3 bolniške podpore in znaša \$1,414.00, je pokrtil primanjkljaj in izkazuje še \$297.00 prebitka. V prvi polovici en. l. izkazuje poročilo \$14.90 deficita, tako da faktični prebitek za leto 1935, vištevni izredni assesment, znaša le vsoto \$292.00.

LAWRENCE GRADIŠEK.

Na vprašanje brata Zaitza pojasni br. Gradšek, da je kakih pet tisoč članov in članic zavarovanih le za smrtino.

Poročilo brata Gradška je sprejeto brez ugovora.

štva "International Savings and Loan Co."; nadale: Nagel, Mihelich in Jurca, Detroit, Mich.; Gazy, Gazy, Ind. Posojilo Jakob Kopača, Chicago, je poteklo in je bilo plačano. Pred potekom termina sta odplačala posojilo v celoti Malnarich, Marchelja — prej Knezovich, in Kazala, Milwaukee, ki je imel posojilo iz sklada nedoletnih dedičev. Nekatera posojila smo bili primorani izročiti sodiščem v prisilno poravnavo (Foreclosure proceedings). Nekaterim so se posojila obnovila za nadaljnjih pet let. Precej dolžnikov je poravnalo zastonj obresti, in so zopet v dobrem stanju, v kolikor se čez odplačili bodisi na zaostale obresti ali pa na glavnico. Je pa še precej dolžnikov, ki odplačujejo neredno zapadle obresti.

Iz gornjega je razvidno, da se enotne investicije polagoma izboljšujejo, razen takovanih Real Estate Gold Bonds; kjerkoli je prišla kakšna reorganizacija, se vrši zelo počasi, in kot razvidno iz dosedanjega poteka, bo v zelo precej časa osiroma se precej let, predno bomo na našem, kak to izid in koliko bodo vredne te vrste zadolžnic.

Z reorganizacijami raznih občin in mestnih — Municipalni bondi — je precej boljše in upati je, da bodo tekom tega leta vse končane. Lista zadolžnic v konkuru se polagoma krči, in ako bomo v bodoče pri investiranju previdni — čemur ni dvoma — bomo preboleli krizo brez zlih posledic za organizacijo.

Finančni napredek organizacije — kot ste slišali iz poročila br. tajnika — je precej dovoljen, in na podlagi vseh teh dejstev lahko rečemo, da je naša organizacija še vedno trdna in lahko upamo na lepo bodočnost in nadaljnji porast v članstvu in finančah.

Ako kateri želi kakih podrobnih pojasnil o čemurkoli v zadevah mojega področja, sem radevolje na razpolago, z odgovori in pojasnili.

Br. Petrovič poroča v imenu gospodarskega odseka: POROČILO GOSPODARSKEGA ODSEKA. Glavnomu odboru SNPJ: Od 1. julija do 31. decembra 1935, to je v dobi, na katero se nanaša to poročilo, je gospodarski odsek investiral sledeče vsote:

Table: Poročilo sprejeto brez ugovora. Med poročanjem brata Moleka je dospel br. Podboj, ki pojasni, da je njegov vlak imel nezgodo in je zato zamudil. Se ga oprostili.

Edini občinski bondi, ki smo jih kupili tekom zadnjih šestih mesecev, so triinpol odstotne takovane 'corporate' delnice mesta New York v znesku \$25,000. Te delnice so bile kupljene pred našim zborovanjem avgusta meseca. Na listem zborovanju je glavni odbor sprejel sklep, po katerem naj kupujemo le zvezne bonde, češar smo se držali. Potrebno je, da se vprašanje našega investiranja v bonde, v kolikor se tiče vladnih in občinskih bondev, ponovno razmotri na tem zborovanju.

Temu zadnje polovice leta 1935 so bila našemu odboru predložena razna vprašanja v zvezi z našimi posojili na vknjižbe. Ta vprašanja so se povečini nanašala na sodniško iztirjanje posojil in pa reorganiziranje potom HOLC. Nekaj naših vknjižb in posetev je bilo zamenjanih za HOLC bonde, in v isti meri se je znižala skupna vsota naših posojil na prve vknjižbe.

Od časa do časa so nam bila predložena tudi poročila, tikajoč se poskusov raznih občin za refundiranje njih bondev. Tu so vključena: Conrad, Montana, Moorhaven, Florida, Hawthorne Park District, Transylvania County, North Carolina, in Beaufort County, North Carolina, ter Greensboro, N. Car. Skoro v vsakem slučaju, kjer so bili predloženi načrti za refundacijo, so ti načrti vsebovali podoben rok dozorelosti in nižjo obrestno mero, brez da bi bila prizadeta glavnica. Investicijske družbe poročajo, da skoro povsod naraščajo plačila razpisanih davkov, radi češar se zboljšuje trg občinskih bondev.

Glavni odbor je na svojem zadnjem zborovanju pooblastil gospodarski odsek, da se sme naročiti na Moody's Personal Management Service. Naročilo je bilo izvedeno, in sicer za dobo enega leta. Ta družba je preučila razna naša vrednostna papirja in predložila so nam o njih precej obširno poročilo. V tem poročilu so tudi navedeni vrednostni papirji, ki bi jih bilo dobro obdržati, ter vrednostni papirji, ki nam jih priporočajo, da jih prodamo. Izvirne poročila so sledila nadaljnja poročila, nanašajoč se na razvoj, v kolikor se tiče raznih bondev, kakor tudi priporočila, kaj se naj kupi.

Po prejemu Moody's poročila je gospodarski odsek glasoval glede prodaje nekaterih naših floridskih bondev. Glasovanje je spadalo v prilog prodaji in o tem sklepu je bil obveščeni upravni odsek. Predajna cena je odgovarjala tistočasno vladno cenam. Upravni odsek se je izrekel proti prodaji teh bondev, trdeč, da je ponujana cena prenizka. Glede tega vprašanja naš odsek ni podvel nikakih nadaljnjih korakov.

V decembru je naš odsek po nasvetu Moody's Service oglašoval, da se investira tedaj razpoložljivo gotovino v kratkoročne vladne obveznice. Upravni odsek je ugovarjal temu nakupu. Na svoji seji 18. decembra 1935 je upravni odsek sprejel sledeči sklep: "V bodoče upravni odsek ne bo dovoli nakupovanja zveznih bondev s tako nizko obrestno mero ter ne bo izdal čeka."

Ker je upravni odsek vam predložil svoje razloge za njih stališče v tem oziru, in sicer v pismu, ki je bilo priloženo zapisniku njih seje z dne 18. decembra, smatramo, da je pravilno, da mi podamo razloge za naše stališče glede tega vprašanja. Mi trdimo, da so v tistem pismu navedeni argumenti nepravilni, ker polagajo važnost na višji donos dolgoročnih bondev, ne da bi razložili koristi kratkoročnih obveznosti. Res imajo dolgoročni bondi po sedanjih cenah donos 2.85 in da donajajo kratkoročni samo 1.15. Kadar kupimo dolgoročne bonde, ki dozori leta 1960, bo naš donos za prihodnjih petindvajset let točno 2.85. Kadar pa kupimo kratkoročne bonde, bo glavnica plačavana v imenski vrednosti v treh letih, in ta denar se ponovno investira v bonde z večjim donosom. Bond, ki ga kupimo po treh letih od danes in ki donaja 3 1/2%, bo donasal znatno več kot vladni dolgoročni bond, ki ga kupimo danes. To ni samo naša trditve; avtoritete se strinjajo v tem, da sedanje visoke cene bondev ne morejo ostati stalno.

Vrhutega predlog, ki jemlje gospodarski odsek celotno pravico, da bi odločil o roku dozorelosti bondev, spremeni v dvopit in v prevaro določbo pravi, ki pravi: "Gospodarski odsek kupuje za jednoto vrednostne papirje." Ker nam upravni odsek diktira, kaj se naj kupi, prodaja in celo kakor roki dozorelosti morajo biti, je s tem gospodarski odsek opravičen vsake odgovornosti.

Ponovno smo vas opozorili na to razmere. Gospodarskemu odboru se naj da nekaj svobode ali pa se za naj odpravi ter se vas moč koncentrirajo v rokah naših upravnih uradnikov. Math Petrovič, predsednik. Anthony Cvetkovič, John Olip.

Poročilo sprejeto brez ugovora. Br. Terčelj poroča, da je s bratom Cankarjem zastopal jednoto na kongresu National Fraternal Congress v Pittsburghu. Znanj, pravi, je bila to jako dobra šola. Prvi dan se je porabilo s konstituiranjem, drugi dan se je res trdo delalo, tretji dan pa je bil porabljen za upeljevanje uradnikov in drugo. Važna je bila temeljita razprava glede davkov, ki jih razne države skušajo naprtiti bratskim organizacijam. V tem oziru je bilo zavzeto zelo odločno stališče. Eden delegatov je zelo obžaloval, ker je bilo tako malo mladine zastopane. Smatra za koristno, da je jednota vedno zastopana na takih konvencijah.

Br. Zaitz, v imenu gl. nadzornega odseka, poroča: ZAPISNIK IN POROČILO GLAVNEGA NADZORNEGA ODSEKA. Glavni nadzorni odsek je prejel a svojim rednim polletnim pregledovanjem 30. januarja, 1936, v glavnomu uradu SNPJ. Dne 9. januarja so bile dejansko pregledane vse vrednostne listine v varnostni shrambi Harris Trust & Savings banke, kjer hrani jednota svoje vrednostne papirje radi varnosti. Računski izvedenci tvrde Philip B. Heller & Co., ki jih je najel naš odsek, so pregledali vse bonde, knjige, finančna poročila in zapiske, ter so jih našli v dobrem redu.

Kot običajno so podrobno preučili vsak oddelek ter so sestavili posebno poročilo za vsak oddelek za dobo šestih mesecev, ki se je končala 31. decembra 1935, z vsemi potrebnimi podatki in primerjalnimi tabelami. Mr. P. B. Heller se je udeležil seje našega odseka dne 3. februarja, 1936, ter nam je podrobno razložil delo njegovih izvedencev. Pregledali in posebno poročilo so izdelali za sledeče oddelke: Zavarovalniški oddelek. Mladinski oddelek. Oddelek mladoletnih dedičev. Publikacijski oddelek. Tiskarna.

V vsakem izmed gori navedenih poročil izjavljajo računski izvedenci Philip B. Heller & Co., da so knjige in rekordi v dobrem redu. Izrekli so tudi svoje priznanje uradnikom in uslužbenecem za njih sodelovanje tekom njih pregledovanja. Mi smo tudi pregledali rekorde in račune, ki so bili izplačani v raznih oddelkih, ter smo jih našli v lepem redu. Ista uslužnost in pripravljenost za sodelovanje nam je bila v vsakem oddelku nudena, kakor je bila izvedenecem prej imovane družbe.

Za zmanjšanje primanjkljaja v tem skladu so znatno pomagali drugi znani izdatki. Mladinski oddelek. Proječni tega oddelka so narasli za \$2,383.24 ali približno 9% nad prejšnjo dobo. Glavni vzrok za to je bilo izravnanje bondev McKinley Land & Lumber Co., pri katerem je jednota dobila \$2,450.00 na zastalnih obrestih.

Table: SKUPAJ DOHODKOV. Rows include Čistih dohodkov, % vse imovine, Napredek Nasadov.

Prejemki od društev so se znižali za \$1,267.43, kar je v zvezi z znižanjem bolniških skladov. V prejšnji šestmesečni dobi so ti dohodki narasli za \$2,253.20. Skupni dohodki od obresti so narasli za \$276.88 preko prejšnje dobe. Toda obresti od bondev so se znižale za \$8,153.60 in obresti od prvih vknjižb pa so narasle za \$8,415.64. Znižanje obresti od bondev se da razložiti, ker so pri nekaterih reorganizacijah bili izdani novi bondi s nižjo obrestno mero, kakaj zveznih obveznic z nizkim donosom, narasle dozorelosti bondev, smaten prenos vrednostnih papirjev v defaultirano skupino ter nekateri bondi v jednotni lasti, od katerih se dobi obrest enkrat v letu in to v prvi polovici leta. Tekom zadnjih šestih mesecev je Six Point Realty Co. plačala \$6,200 na obrestih in tudi od drugih posojil se polagoma dobiva več obresti, vsled češar so se skupne obresti od vknjižb povečale.

Razni dohodki pa so nazadovali \$4,063.05, in sicer vsled znižanja dohodka od prodanih, zamenjanih ali dozorelih vrednostnih papirjev, v znesku \$5,625.24. Celokupni dohodki so nazadovali \$6,415.73, kar je nekoliko pod 1% v primeri s prejšnjo dobo. Podpore in smrtine članom oziroma dedičem so se znižale za \$38,154.84, radi 15% znižanja izplačil bolniškega oddelka, 2 1/2% znižanja izplačil iz odškodninskega sklada in 8% znižanja izplačilnih smrtin.

Upravni izdatki so narasli za \$3,092.45, ali približno 9% nad prejšnjo šestmesečno dobo. Nekateri glavni vzroki za ta porastek so sledeči izredni izdatki: Gospodarski odsek—naročnina na Moody's Service \$2,000.00 Stenski kolektarji za 1936 \$3,031.11 Illinoiski zavarovalni oddelek—pregled \$2,545.00 Precenitev posestev, na katerih so prve vknjižbe \$507.55 Konference angleške poslujočih društev \$2,244.10 Skupaj \$10,896.76

SKLAD IZREDNIH PODPOR. Iz sklada izrednih podpor je jednota plačala v teku šestih mesecev od 1. julija do 31. decembra 1935 vsoto \$9,843.29. V ta sklad je prišlo od društev \$9,839.20. Da ta sklad izkazuje prebitek, je posledica vrmenjenih posojil iz sklada izrednih podpor.
