## CURRENT THOUGHT

### Elections Next Month

"I nominate Brother — for the office of president for the year 1935."

This sentence will be repeated some 185 times next month by members of our lodges, for annual election of officers will be with us again.

Presiding chairman will follow with: "Nominations for office president are now closed."

A pause, while slips of paper are distributed. All this time nominees try to appear as unconcerned as they possibly can under the circumstances, but inwardly they are a bit nervous, wondering whether or not they will receive enough support to be elected.

"Brother — has been elected president for the year 1935."

And so on, until the offices of vice president, secretary, treasurer, recording secretary—down to the sergeant-at-arms, or sentinel has been elected.

Of the twelve regular monthly meetings held by our lodges during the course of the year none surpass the December assembly in anxiety, enthusiasm, large attendance and interest of the component members.

Labeled annual meeting might create the impression that the lodge holds but one meeting a year. The origin of this label may be traced to the fact that annually new officers are elected for the coming year, and not to the meeting, since the December gathering constitutes but one of the regular twelve held during the year.

Meetings to be held next month are in the nature of homecoming events. Here we will see brothers and sisters present who have been absentees for the past eleven months. New members will appear as strangers to some old-timers who have not made their acquaintance.

\* \* \*

Friendship plays a stellar part in the election of officers each year. Qualifications of the candidates come of secondary importance, although, if enough members voice an unbiased argument in their plea for election of competent officers, friendship will run a poor second.

Convention decrees that the president be of the male species a mixed group. Of course, this does not always hold true as some branches prefer a president belonging to the so-called weaker sex. Many girls have proved to be capable leaders in the capacity of president over a mixed group.

Statistics show that girls have a better chance to be elected secretary of the lodge in preference to any lodge office. A very important post, requiring detail work and some patience, the office of secretary has been executed with marked success by girl members.

For the positions of treasurer and recording secretary, both men and women have an equal chance of being elected, although the job of taking down minutes ordinarily falls to the lot of the girls, most of whom usually can think faster, write faster and more legibly than the men.

However, the office of sergeant-at-arms, or sentinel, always falls to the lot of some husky young chap who can be depended upon to uphold the honor of the lodge when one member, or probably some outsider, becomes too unruly at the meeting.

\* \* \*

Election of members to various committees is left to the tail end of the annual meeting. Too often our lodges fail to stress enough importance in the selection of competent members to serve on these committees.

Visiting sick committee, entertainment committee, auditing committee, etc., are important posts, for upon the members elected to these committees falls the task of working out details so essential in the welfare and progress of the lodge.

Past officers of the lodge make excellent candidates for auditing committee. Acquainted with the lodge books and other details that have come under their supervision, they are in an excellent position to pass judgment on the correctness of the figures.

For some unknown reason, our lodges fail to elect membership committees. The lodge and the Union is dependent for future growth upon the dissemination of facts underlying the entire structure of our organization. Yet the task for carrying out this very important work is left almost entirely to any and all members, many of whom do not even trouble themselves to tell their friends about the features and advantages offered by our Union.

Then there is the publicity committee. Ordinarily the members elected to this group have good intentions; some even produce results one, two, and at the most, three months after the annual meeting. During the remaining months of the year the publicity committee almost becomes extinct.

#### DAVY JONES' LOCKER

#### BLACK AND WHITE

Davy Jones, in sea-lore, is the evil spirit of the sea, and sailors sometimes use the name as a designation of the devil in general. Davy Jones' Locker is the name given the ocean as the grave of men drowned or buried at sea. Its origin is so ancient that no authoritative account can be obtained.

Black and white are usually looked upon as distinct colors but, strictly speaking, they are not colors at all. On the contrary white is a combination of all color while black is an absence of color. A black object absorbs all light waves (or nearly all) while a white object absorbs none, but reflects them

#### Gettin' the Lowdown

Ely, Minn.—A sudden cold spell bore down on the Ely populace during the past few days, and with it we see many deer hunters coming from the wilderness with a big buck or doe strapped to the running board, the reward for a few days' hunting in this beautiful northwoods.

Although it is late in the year, the Ely people are certainly enjoying wonderful weather. Snow threatened a number of times, but good old sol came around and did away with it just like that. It is almost Thanksgiving, and looks like Little Stan will go out for some turkey, not in the woods, though, 'cause they don't live there anymore. Instead, we'll go the Keno way and try our luck. Dad and Al use to be darned lucky at Keno a few years ago, maybe it runs in the family, who knows?

Well, if I win one I'll let you know how good it was. I'll also let you know how a bachelor can fix it. Maybe we'll have Charley Hamburger fix it!

But enough for that, now we'll go in for some local news. Frank Strukel of the Rangers and Miss Helen Kovall said yes to Dan Cupid the other day. The couple went to Duluth for the honeymoon, after which they will make their home in town.

Hooray! Well, honies, that's nice news, isn't it?

Deer hunters are fairly successful this year, as Little Stan saw many cars loaded coming through town. Most of 'em didn't go hunting at all, but showed the red hunting shirts to the townsfolk. You know, putting on some dog! Them city fellers!

Out of the many thousands who came here, only two casualties were reported. Both parties, hunters from the cities, were accidentally shot, and bled to death before medical attention could be received. Sad, yes . . . but it will teach others to be more careful. Little Stan didn't do any deer hunting, but yet, he did some deer hunting! Gosh! Oh, gosh! Can I ever get away from that? A surprise baby shower was held on Mrs. Frank Dolenc. Little Stan had the pleasure of meeting the sweet personality of Miss Helen Dolenc of Hibbing. Tweet, tweet!

And Alex and the gang say hello to the Chisholm gals! . . . Tweet! . . . another flash! The little spat between Betty Boop and Little Stan has been ironed out, and everything is hunky dory! (Stealing Winchell's stuff.) Heh, heh! Another flash! . . . Little Tony down in Waukegan is a regular correspondent of Little Stan's . . . It's about time for that Just Me Gal to get goin' . . . Tweet! And how are you, Stan? . . . Hope you're feeling better . . . Pitt certainly sunk the Navy, what?

We both have good teams . . . Heh, heh! . . . And, Frankie, how are you doin'? . . . and Christmas will be here soon . . . Wonder what Santa will bring me . . . You know, it is funny to think out loud!

And again we come to the Gophers! Well, friends, and fellows, we have a little dough

#### BRIEFS

Saturday, Dec. 1, marks the opening date of a month filled with elections for officers of SSCU lodges. Annually, the December meetings are resplendent with activity, what with secretaries of locals making special appeals to all members to attend. Interest in the selection of officers this year appears to be intensified, and undoubtedly means election of capable and hard working members.

**A. J. Klancar** will offer the first lecture of a series of four next Tuesday, Dec. 4, at the St. Clair-E. 55th St. Library of Cleveland. His subject will be: "Dr. France Preseren, Poet of Romance." On display at the library will be an exhibition consisting of a photostat of the original one-volume work of the Slovene poet, a portrait of Preseren by Matija Longus, translation of his poetry into Russian, Italian and German, and a 20-page "Anthology" in English translation which A. J. Klancar, the lecturer, has compiled and edited for the library. The public is invited to attend. Admission is free.

**American Yugoslavs** forge to the front on the football field this season. On many varsity elevens is listed the name of some Yugoslav. George Melnikovich, Slovene, plays with Notre Dame; Joe Demyanovich is with Alabama U.; Munjas, a Serb, with University of Pittsburgh, as is Nicksick; Tony Ponzelli plays guard for the University of Dayton Flyers; John Pechonich, a back on the Union College, at Jackson, Tenn., is a great pass thrower and has been responsible for many fine gains on running plays.

**Considerable interest** is shown in the coming Inter-lodge Day sponsored by the Cleveland Inter-lodge League. The I. L. Day will be held Jan. 12 at the Slovene National Home. At present the circuit is engaged in basketball, and if enough lodges will organize bowling teams the league will promote two rounds of bowling competition.

**Keep in mind the SSCU national drive for new members.** Our Union offers attractive cash awards. Enroll that prospect at the December annual meeting.

again! The bank came across, and we can get together on the first Friday of December to spend some . . . Let's all be there!

Dick Nevin, assistant circulation manager for the Range Facts, spent a few days with Little Stan at his apartment, and do you know what we did? . . . Well, you know a graveyard is a dead place . . . Well,

it didn't prove so dead as Nevin and Little Stan combined and sold a number of subscriptions there. No, not to the occupants, but to the fellows who were employed there at the time . . . It's a great life, that of a newspaperman, and as I have to be on the go again, I'll be seeing you all . . . If not here, I'll see you in heaven . . . maybe!

#### A Matter of Opinion

By Frank J. Progar  
No. 203, SSCU

Springdale, Pa.—What was long considered as the greatest annual festival in the New England states, and marked by the family reunions feasting on the "specials" and dainties for the occasion throughout the rest of the country, Thanksgiving Day is taking on some new aspects.

When first observed, more than three centuries ago, Gov. Bradford set the day aside to give thanks to Providence for the wonderful harvest enjoyed by the Pilgrims. The great feast became the subject of many tongues and pages of history to be imitated in miniature by individual and group families on the last Thursday of November, the day fixed by a presidential proclamation. The following day would find many a one in agony from too much of turkey, pie, cranberries, etc., while the press of the nation would bring out the human interest angle of the event. The past few years, due to financial reverses, it is obvious that these stories were curtailed somewhat to avoid snickers; but this year, with some marked improvement in working conditions, the day of grace was observed with a more heartening outlook.

Although there are still many in this great land of ours who would enjoy a regular meal, there are many more today who are paying for an overdose of yesterday's "fill." "Ouch! My tummy!"

#### Other Means of Thanks

Thanksgiving Day, this year, was observed in another form of festival. This was the wedding festival. Many a young couple—long bent on an amalgamation—but awaiting that prosperous corner—now feeling certain that the corner is in view, have decided to amalgamate and give thanks on one and the same day; the day of Thanksgiving. This will give them double reason to commemorate the annual event.

#### We Are Thankful

In last week's "Current Thought" column we read a wonderful treatise under the caption "Undesirable Aliens."

Just as the immigrating Slovanes were handed a reception by the so-called Americans, similar to that received by the Pilgrim Fathers at the hands of the real Americans due to a few undesirable aliens, they have similarly cut and carved their way to great progress. As one of their accomplishments, the South Slavonic Catholic Union stands foremost. We are all more than thankful as members of one of the pioneers of Slovene fraternities.

#### Vesna Club

Lorain, O.—The end of this year is almost here, and with it brings elections of new officers for various clubs.

At the next meeting to be held Monday, Dec. 3, election of officers will be the main feature. We want to have all the members present.

Final plans concerning the semi-formal dance to take place Dec. 27 will also be discussed. Card playing will follow the regular order of business.

### Lodge No. 40 Smashes Western Front

#### ROUND UP 57 CANDIDATES FOR MEMBERSHIP

Claridge, Pa.—At the beginning of 1934 our SSCU declared war on the uninsured. Mobilization of members was begun, and soon the army was instructed to bring them in alive and uninjured. For some reason the uninsured could not be routed from their dugouts—someone was not on the job.

Then came the battle cry of Paul Bartel, supreme president of our SSCU, who, in his letter to every member, encouraged the forces to "BRING THEM IN." This message resounded through every settlement in the country containing SSCU lodges.

Did you get yours?

That battle cry was heard at Claridge. And, oh, boy, did we get busy! At our last meeting the writer suggested that we canvass the homes, and our lodge president, Captain Frank Zupanic, appointed four scouts: Louis Shula Sr., John Turk, Louis Beltz and John Regina, to go direct to the uninsured dugouts, get after them and bring them in. Not to be outdone, Rudy Yerina volunteered for the great service.

Well, boys, as the old saying goes, hold your hats, for here she comes.

Routes were charted, ammunition in the form of cold facts were loaded in our cases, and out we went to the battle well prepared.

Nov. 18 was the day chosen for the first attack, and after the battle, Mother, we took in 57 members.

Now, dear reader, don't get the idea that we are shouting because of the victory, for the battle is not over yet, the armistice is not signed, and we are out to get more.

All members of Lodge No. 40 are requested (and it is your duty) to attend our annual meeting on Sunday, Dec. 9, at 9 a.m. Election of officers and action on other important business will be on tap.

Bring along a new member, as we may have a few stranded.

I want to make a correction of the announcement made in the Nov. 21 issue of Nova Doba. Admission for the midnight dance to be held Nov. 28 will be 25 cents for the ladies and 35 cents for the gentlemen, instead of 25 cents for ladies or gentlemen, as was stated inadvertently.

Here is a reminder for members of Lodge No. 40. Don't forget that midnight dance on Nov. 28, that annual meeting on Dec. 9, and that new member.

John Regina, Vice Pres.

### Young American Boosters Dance

Walsenburg, Colo.—Young American Boosters Lodge, No. 216, SSCU, is springing into action again. Noted for its good time dances, Y. A. B. wish to keep their reputation.

Once again the members of our lodge are happy to announce a good time dance, which will be held at Walsenburg Pavilion on Dec. 1. Dance will commence at 9 p.m. Excellent music has been secured, and the orchestra contracted for the evening play waltzes à la Wayne King style, fox-trots like Guy Lombardo and polkas as only the real Slav boy can;

but hearin' is believin', so come to Walsenburg on Dec. 1 and find out for yourself.

The Boosters are also having a Christmas Eve dance, and although the date is far removed nevertheless we extend a cordial invitation to all neighboring lodges and their friends to come and have a good time with us. By the way, Colorado Sunshine Lodge of Denver and Mount Shavano Lodge from Salida, we would like to see your members attend our dance on Dec. 1.

Our guests who have attended the Y. A. Boosters' dances in the past always leave the floor with a tired but happy feeling after an evening of dancing and fun. Tired because they could not refrain themselves from dancing to such good music, and happy in the feeling that they had a good time.

But they await eagerly for the next Boosters' dance. So, members from far and near, come to our dance on Dec. 1. Put on your "glad rags" and meet us at the Walsenburg Pavilion Saturday at 9 p.m.

Mary R. Dolenc, Sec'y.

### Slovan Lodge, No. 176

Tacoma, Wash.—All members of Slovan Lodge, No. 176, SSCU, are requested to attend the next regular meeting which is to be held on Tuesday evening, Dec. 11, at the home of Bro. Joseph Juranech.

A member who has not attended October and November meetings and who will not attend the December meeting will be suspended.

I am urgently appealing to all members that they attend our December meeting. Election of officers will take place, and, therefore, it is up to every member to do his part by being present at this meeting.

Mary Puz, Sec'y.

# S. S. C. U. Bowling League

Cleveland, O.—Six-man teams featured the second regular bowling meet of the SSCU circuit held at Superior Ave. and E. 118th St. Alleys last Sunday.

Chislers, captained by Walter Guzik, accumulated a total of 2724 pins in games of 902, 856 and 956 to take three from Zephyrs. The three-game total was the highest rolled by any one team. Mrs. Augusta Guzik came through with a nice game of 195, which together with the 50-point handicap given to all girl bowlers gave her a total of 245.

Ko-Ka-Mo-Le, led by J. "Bub" Kardell, also took three from the Bakers, although the former hit the woods for a total of only 2408, the second lowest rolled in the league.

Captain J. Jaklich's Gamblers won two from New Dealers, as did Captain M. Krall's New Fashions take two from the Richmans.

According to present plans, the arrangement to include six bowlers on each team will remain effective throughout the first round.

A few changes were made last Sunday in order to equalize the bowling strength of each team.

## NRA Highlights

### Back Pay Restored

Approximately \$2,000,000 in back wages has been paid to many thousands of workers through the Compliance Division of NRA since its creation in October of last year.

### Trade Practice Complaints

NRA field offices received 21,600 trade practice complaints between November of 1933 and September of this year. Sixty per cent of these were adjusted either by obtaining certificates of compliance, or by finding that no violation existed.

### Code Continuance Voted by Auto Dealers

A nation-wide poll of 28,450 automobile dealers indicates that 77 per cent are in favor of continuing to co-operate under the code of the industry.

### Homework Prohibited

Several amendments to the Tag Manufacturing Code have been approved by NRA. Among other rules, homework in this industry will be prohibited after Jan. 1, 1935. Meanwhile the code authority is preparing a homework rate schedule to operate until that time.

Other changes include prohibition against inequitable restriction on membership in any participating trade association; a set-up for co-ordinating the code's trade practice provisions with other codes; an arrangement for assessing industry members for code support and several additional safeguards for labor.

### Work Week Reduced

An executive order has been signed by President Roosevelt

reducing the 40-hour work week in the cotton garment

manufacturing industry to 36 hours, effective Dec. 1. Weekly wages will be kept at the present total and piece rates will be increased by 10 per cent.

### Builders' Supply Trade Has New Code

A new code has been approved for the builders' supplies trade, effective Nov. 4, superseding the code which has been in operation since October of last year. The new code provides for the set-up of co-ordination boards to adjust complaints of overlapping between this and other codes. A provision for a liquidated damages agreement also is included, under which members of the trade may agree to pay certain predetermined amounts into the code authority treasury if they are adjudged guilty of code violations.

### More Workers Brought Under Code

A code of fair competition approved by the President, for the bituminous road material distributing industry, effective Nov. 25, affects 11,000 workers. A basic 32-hour work week is established with this code, with a minimum wage rate of 40 cents an hour in the South and 50 cents in the North. Unfair trade practices as defined in the code include secret rebates, defamation, misbranding, misrepresentation, commercial bribery, and lump sum bidding. Open price filing is provided and wilfully destructive price-cutting prohibited.

### Shorter Learning Periods

Learning periods for apprentices in the coat and suit industry are shortened and a slightly

## Slovenes Unite to Nominate Banovetz for Mayor of Ely

### Special News Bulletin

Ely, Minn.—At the biggest mass meeting ever held by the Slovenes in the city of Ely, Steve Banovetz was unanimously nominated for mayor, and Frank Schweiger, Martin Skala Jr., and John Slabodnik for city aldermen. Elections will be held December 4th.

## League Starts Annual Sale of Seals

The annual Christmas Seal sale of the Anti-Tuberculosis League of Cleveland and Cuyahoga County will open the day after Thanksgiving and will continue through Christmas, it was announced today by the Hon. Carl D. Freibolin, general chairman of the seal sale committee.

The seal sale has received the endorsement of the Chamber of Commerce, the Community Fund and the Welfare Federation. The Anti-Tuberculosis League is a member of the Welfare Federation, but receives its funds exclusively through the sale of the Christmas seals.

Princeton and Syracuse received a setback along with the Navy, thereby making Pitt the outstanding team in the East. This, my friend, is not my say-so. It is the statement of the football voices.

During the past year the Anti-Tuberculosis League furnished health and tuberculosis information to 40,000 CWA workers, supervised four federal work relief projects—housing, renovating, demolition and health promotion, assisted in health and finance programs in 18 summer camps, directed the health education campaign among 18,000 high school girls, conducted a country-wide clean-up campaign, made possible special fluoroscopic examination for children, and promoted occupational therapy for patients at Sunny Acres and Lowman Memorial Pavilion.

The 1935 program, to be financed through this year's Christmas Seal sale, includes: continued demolition in congested areas; a campaign for parental consent in tuberculin testing; assistance in fluoroscopic examination of high school pupils; to assist in the establishment of a school for training nurses in the care of tuberculosis; to conduct a county spring clean-up, a

health program among adolescent girls and adult males and an intensive community program in high tuberculosis area; and to establish a uniform health program in suburbs outside of Greater Cleveland.

On the face of the seal this year is the picture of "Little Red," the simple cottage that served as the first tuberculosis sanatorium in the United States. It was founded 59 years ago by Dr. Edward Livingston Trudeau, and marked the beginning of the sanatorium movement for the modern treatment of the disease in this country.

higher wage rate is provided for them under an amendment approved in October.

### Theater Code Amended

Minimum wages are increased and a work week of 40 hours established for practically all employees, including performers during rehearsal periods, in an amended code for the legitimate theater industry. Provisions also are established regulating the sale of theater tickets. No agency will be allowed to charge more than 75 cents in excess of box office prices. Each producer must keep 22 per cent of his tickets in the box office for public

## Sport Flashbacks

By Stanley Progar  
No. 203, SSCU

EDITOR'S NOTE: Stan Progar's absence from the columns of Nova Doba was due to illness and confinement in the New Kensington Hospital. We are glad to see him return to these pages.

Springdale, Pa.—The much-discussed and widely known Panther has again proven his metal by subduing the powerful undefeated Navy team, 31 to 7. From the opening whistle to the final gunshot, the Panther outplayed, outran and out-guessed the middies, with the exception of the dying minutes of the second quarter. It was here that Navy took to the air and for their only time penetrated the Pitt goal.

Prior to this game, Navy sank W. and M., Virginia, Maryland, Columbia, Pennsylvania, W. and L., and Notre Dame on successive Saturdays to stay aloft with Princeton and Syracuse in the undefeated sector.

Navy met its Waterloo at the claws of a Panther who gave the middies a thorough drubbing and sent them tailspinning into the class of the spanked.

Princeton and Syracuse received a setback along with the Navy, thereby making Pitt the outstanding team in the East. This, my friend, is not my say-so. It is the statement of the football voices.

May I quote Graham McNamee, who broadcast the Pitt-Navy game. During the broadcast he made this statement: "Boy, oh, boy, the Panther is sure rolling under full steam now. Nothing human could stop him now."

### Pitt on Parade

Before the parade starts, just read a few lines written by a U. P. sports writer. "If the Pitt team can withstand the charge of the Irish brigade for 60 minutes and score once or twice itself, it will be performing its greatest feat of the year." The game was played and the records show that Pitt not only survived the 60 minutes and scored once or twice, but they dominated the Irish the full 60 minutes and scored three times.

The Irish moved into Pitt territory only twice. Once they reached the Pitt 46-yard line and late in the fourth quarter a pass enabled them to reach the 34-yard strip.

By suppressing the Ramblers, Pitt has taken the lead in the modern Pitt-Irish series that began in 1930. They have won three games and lost two of the five games. For the last three seasons Pitt's goal has been unmarred by Notre Dame cleats. This alone is something to write home about.

Lincoln, Neb. The Cornhuskers boast that no defeat was handed them on their home field for the past three seasons. The last home defeat was given them by the raging Panther. Along comes Nov. 10 and the Pitt Panther. The Cornhuskers came out with full intentions of upholding their record and defeating their nemesis, but their harvest crop turned out to be the small end of the 25 to 6 score. Just another record chalked up by Pitt.

Unfolding the Pitt football almanac, these figures stare at the reader: In the past 11 seasons Pitt has won 77 games, lost 16 and tied 8. In the face of this record, can you question Pitt's right to the leadership in the football parade?

### Rough Road

In drawing routes for the 1934 football season, the Panther picked for himself a road that was full of stumbling blocks and pitfalls. If he could traverse this road without falling, he would perform the greatest feat in years. But for

## Be a Good Mother

EDITORIAL NOTE—This is the fifth of a series of articles prepared by the Cleveland Child Health Association, which will be glad to answer questions of a general nature regarding the health of mothers and babies. Specific questions regarding medical problems should be directed to the family doctor or the Cleveland Academy of Medicine.

The question of exercise always perplexes the woman who is becoming a mother for the first time. Exercise is important. It helps keep the body in fit condition. It provides a necessary mental diversion.

Pleasant, open-air occupations invigorate the muscles. Exercise stimulates the sweat glands and other excretory organs. It strengthens and restores nervous tissue. It clears the brain and sends a greater supply of blood to all parts of the body.

This promotes good digestion and food assimilation. It renews mental and moral health. It increases courage and cheerfulness, developing character itself.

Women accustomed to active outdoor lives should modify their habits. They must avoid tiring and dangerous sports.

Women who have led quiet, indoor lives should begin their open-air exercise moderately. Exercise should conserve strength and build it up.

Nothing takes the place of outdoor life. Every prospective mother should spend at least two hours of each day in the open air, and as much more as possible.

Walking is a valuable form of exercise if taken leisurely and not continued to the point of exhaustion.

Easy gardening work is a good form of exercise, and an excellent diversion. It must be merely an amusement, however, and not a compelling task.

If the day is too cold or stormy to be outside for very long, a walk may be taken on the porch, or at least in a room with windows wide open. With the advice of the doctor, exercise should be continued in some form until near the time for the birth of the baby.

The majority of women are busy during part of the day with their household duties. Many have more than they can do comfortably. These may derive greater benefit from sitting quietly in the fresh air, if the weather is suitable, and resting while they sew baby garments, read or talk.

It is well to remember these suggestions for health:

Brush the teeth after every meal. Have teeth examined frequently by a dentist. Have necessary dental work attended to promptly. Use baking soda or milk of magnesia as a mouth wash.

Bathe every day. A clean body helps to keep the mother well. Sleep eight hours every night, and take two naps during the day, one in the morning and another in the afternoon.

Eat regularly but do not overeat. Never "eat for two." A properly balanced diet taken in small quantities at frequent intervals is much better than great quantities of food that is not sufficiently nourishing.

one flat tire (Minnesota's victory, one of the biggest football upsets), he has come through in great style. W. and J., West Virginia and Southern California were repressed on successive Saturdays. Along came the Gopher with a week's rest to surprise the weary Panther. Then came Notre Dame, Nebraska and Navy, each to receive the same treatment. A decisive beating. By beating Carnegie Tech on Thanksgiving Day, Pitt will complete her route with but one tumble. A truly remarkable feat.

### DOPISI

NA POLICIJSKO postajo v Chicagu je nedavno prišel 70-letni Charles Stewart in je proslil, naj ga aretirajo zaradi "neprimernega obnašanja," češ, da bo na ta način dobil priliko preživeti zimo na gorkem. Policijskemu klerku se je mož smilil, da je dejal, da se bo to morebiti dalo napraviti. Vpisal ga je in ga zaprl v celico. Ko je drugo jutro prišla njegova zadeva pred sodnikom, ki bi položeno, da je mož ponoči umrl. Tako je mož umrl, ko je čakal, da bi bil zaprt, in edini njegov zločin je bil, da je postal star. Take zgodbe so pač dovolj močan argument za vpeljavko splošnega starostnega zavarovanja.

V NEMČIJI se je število časopisov pod peto diktature silno znižalo. Povprečno vsak dan "umrje" po en časopis. Listi smejo pisati samo tisto, kar jim vlada dovoli. Ljudje zarađi tega zelo radi segajo po nemških listih iz inozemstva. Tako ima neki nemški švicarski list v Nemčiji 65,000 dnevne cirkulacije, medtem ko ima doma v Švici le 15 tisoč cirkulacije. Seveda je mnogo listov iz inozemstva v Nemčiji prepovedanih. Tudi tujezemski listi, ki hočejo računati na cirkulacijo v Nemčiji, morajo tako previdno pi-

sati.

Porušena je najstarejša železniška postaja v Bosni. V Bosanskem Brodu so te dni porušili prvo železniško postajo v Bosni, ki so jo avstrijske okupacijske oblasti zgradile leta 1878, ko je bil dograjen železniški tir do Sarajeva. Prvo bosansko železnično so imenovali "vojno železnicu." Ko je bila zgrajena nova večja in modernija železniška postaja, je prava postaja služila za delavnico in nekaj časa tudi za stanovanje železničarjev. Staro postajo so porušili tudi zaradi tega, ker je na poti ozkotirni proggi za Slavonski Brod.

Cheswick, Pa. Tem potom pozivljam članstvo društva "Vesela bodočnost," št. 203 JSKJ, da se polnoštivno udeleži prihodnje seje, ki se bo vršila v nedeljo 9. decembra ob dveh popoldne v navadnih prostorih. Ker bo to glavna letna seje, je dolžnost vsakega člana, da se te seje udeleži. Na seji meseca novembra je bilo sklenjeno, da član, ki se letne seje ne udeleži, plača 25 centov v društveno blagajno ali pa bo en mesec suspendiran. Izjema velja le za bolnike in oddaljene člane. Na tej seji bodo volitve društvenega odbora in ukreniti bo treba več važnih reči glede poslovanja v prihodnjem letu. Torej, bratje in sestre, vsi na sejo 9. decembra in izvolite si društveni odbor, ki bo delal za vse prav, da ne pozneje kakega ugovaranja! Bratski pozdrav! — Za društvo št. 203 JSKJ:

Cleveland, O. Skoro bi želel, da bi vse Martine pri JSKJ koklja brčnila in jih vrgla tako daleč, da ne bi nikdar več društvenim članom mešali glav s krstijami in čevičkom. Meni so lepo zagodili svojo krstijo. Zmešali so mi glavo tako, da sem drugi dan pozabil na sejo društva "Krasni raj," št. 160 JSKJ. Predsednik društva pa pozabi na sejo! Lepa reč za predsedniku in še lepša za Martine, ki so bili tega krivi! Na prihodnji seji bom dvignil iniciativu, da morajo za te nelepi čin plačati sodček ječmenovca, sicer jih bom pa javno razglasil, da so vsi skupaj racē. Kdor meni ne veruje, naj pa v praktiko pogleda in bo videl, da Martin je označen z raco. Ako mi moje društvo te pozabljujosti ne odpusti lahko nastane v javnosti velik škandal zaradi Martinov in rac.

Frank Stemberger, pred. dr. št. 160 JSKJ.

Monessen, Pa. Tem potom pozivljam vse člane društva Isus Prijatelj Malenih, št. 68 JSKJ, da se gotovo udeležijo prihodnje seje, ki se bo vršila v nedeljo 9. decembra. Na omenjeni seji bo treba izvoliti društvene uradnike za leto 1935 in sklepati o raznih važnih zadevah. Zato je važno, da pridejo na prihodnjo sejo vsi člani, da ne bo potem ugovarjanja, da se to ali ono pravilno ukrenilo in sklenilo. Vsak ve, da se društvene zadeve najlaže uredijo v največje zadovoljstvo vseh, če so na seji zbrani vsi člani. Opozorjam člane, da je bilo na seji 11. novembra sklenjeno, da plača vsak član globo v društveno blagajno, če se ne udeleži letne seje 9. decembra. Izvzeti so le tisti člani, ki morajo ob času seje delati, ali ki so na bolniški listi. Torej, kdor se hoče izogniti globo in kdor želi dobro društvo in Jednoti, naj se govorje udeležiti letne seje 9. decembra. — Za društvo št. 68 JSKJ:

Frank Farenchak, tajnik.

New Duluth, Minn. Članom in članicam društva sv. Sreca Jezusa, št. 128 JSKJ naznjam, da je bilo na našredni seji dne 11. novembra sklenjeno, da se bo glavna ali letna seja vršila v SOBOTO 8. DECEMBRA ob 7. uri zvečer, mesto 9. decembra. Datum seje smo premenili iz vzroka, ker imamo v nedeljo premalo časa odmerjenega za sejo. V soboto zvečer imamo lahko dvoranov do polnoči, medtem ko nam je v nedeljo določeno le poldružno uro.

Nadalje je bilo sklenjeno, da vsak član ali članica, ki se ne udeleži letne seje, plača 50 centov v društveno blagajno. Izvzeti so samo bolni člani in tiski, kateri na večer seje delajo. Naše seje so tako slabo obiskane. Včasi pride komaj toliko članov, da lahko pričemo sejo. Ne vem, kaj je temu vzrok, mogoče odbor! Torej, pridite

Andro Matko, tajnik.

Virginia, Minn. Vsi člani in članice društva sv. Štefana, št. 164 JSKJ so vabljeni na letno sejo, ki se bo vršila 9. decembra ter se bo pričela točno ob dveh popoldne. Kakor vsako leto, se tudi letos vršijo na decemberski seji volitve društvenih uradnikov za prihodnje leto. Torej, sobratje, vabim vas, da se getovo udeležite seje in izvolite društveni odbor, ki bo vsem v zadovoljstvu.

Dalje apeliram na člane, ki so dobili pisma od glavnega predsednika, da proti dotedne mu pismu "protestirajo" na način, kot je to storil sobrat v

Indian. On je namreč proti temu, da bi pridobil samo enega člana za JSKJ, ampak jih je privredel kar pol ducata. Tudi od nas bi bilo lepo in častno, če bi "protestirali" na ta način, da bi pridobili dva ali več novih članov za odrasli ali mladinski oddelek našega društva.

Bratski pozdrav in na svidente 9. decembra! — Za društvo št. 164 JSKJ:

Frank Novak, tajnik.

Homer City, Pa. Naznani mi je žalostno vest, da je neizprosna smrt iztrgala iz naše srede sestro Mary Lisac, ki je preminila 11. novembra. Pokojnica je bila rojena v selu Brusane v Liki na Hrvatskem. Spadala je k društву sv. Frančiška, št. 122 JSKJ. Bolehala je za jetiko 5 let, kateri je končno podlegla. Počeb se je vršil dne 13. novembra ob veliki udeležbi članstva in drugega občinstva. Hvala vsem, ki so pokojnico obiskovali in ki so se spomnili z venči in cvetlicami v zadnji pozdrav. Omenijo naj se: Charles Pescevich, Joseph Clemente, Mike Sudar, Paul Sudar, George Sudar, Fabijan Tishler, Nick Busija, Miss Anna Priag, Steve Milankovich, Jack Obrovich, sestra pokojnice, društvo HBZ, John Kuharich in Nick Sudar. Vsem se društvo št. 122 JSKJ v svojem imenu in v imenu žalujčega soproga pokojnice in štirih njenih nedoraslih otrok najlepše zahvaljuje. Bodil pokojni sestri ohranjen blag spomin, žalujočim ostalim pa naj na glavno sejo in izvolite si odbor po svojem okusu, mogoče se boste potem rajši udeležiti društvenih sej.

Upam, da se člani seje v soboto 8. decembra zvečer udeležijo v obilem številu. Za po seji bomo lahko kaj dobili za suha grla, če bo vsem prav. Na svidente torej v soboto 8. decembra ob sedmih zvečer v St. Elizabeth dvorani! — Za društvo št. 128 JSKJ:

John Novak, predsednik.

Detroit, Mich. Člane in članice društva "Triglav," št. 144 JSKJ, pozivljam in prosim, da ne pozabijo na prihodnjo sejo Triglava, ki se bo vršila v nedeljo 2. decembra, in se bo pričela točno ob deveti uri dopoldne. Ta seja je velika pomena, ker je glavna ali letna seja, na kateri bi moralibit navzoči vsi dobrostočni člani in članice. Na tej seji bodo volitve društvenega odbora in ukreniti bo treba več važnih reči glede poslovanja v prihodnjem letu. ## Iz konference Jugoslovanske Bratske Federacije

Poroča Anton Zbašnik

Kot delegat JSKJ sem se v prvačju zdrževal konferenci Jugoslovanske Bratske Federacije, ki se je vršila v Clevelandu, Ohio, 19. in 20. oktobra.

Na konferenci so bile zastopane sledeče organizacije:

Jugoslovanska Katoliška Jednota;

Slovenska Narodna Podpora na Jednoto;

Slovenska Svobodomiselnata Podpora Zveza;

Slovenska Dobrodelna Zvezda;

Zapadna Slovenska Zveza;

Hrvatska Bratska Zajednica;

Srbski Narodni Savez.

Konferenci je predsedoval Vincent Cainkar, predsednik in delegat SNPJ, zapisnikar pa je bil J. F. Terbižan, član iste jednotne.

Najprej so se precitala poročila nekaterih odbornikov federacije, ki so se vzela na znanje, za tem so prišli na vrsto referati. O zdržitvi vseh naših jednot in zvez je referiral William Russ od SSPZ; ravno tako tudi o vprašanju, kako rešiti problem bolniške podpore. O izgledih za bodočnost naših podpornih organizacij je referiral Fred Vider od SNPJ, o vprašanju, če je skupno zavetičje potrebno in izvedljivo, je pa referiral Ivan Butkovich, predsednik HBZ. Referati vseh treh bodo priobčeni v zapisniku. Delegat JSKJ je bil predsednik Cainkar izbral referat "Kako zainteresirati in obdržati našo mladino našim organizacijam," ker sem pa o tem imencovanju izvedel šele, ko sem prišel na konferenco v Cleveland, nisem utegnil o tem podatki nikakog pismenega poročila. Govoril pa sem o tem problemu na javnem shodu, ki se je vršil v Slovenskem narodnem domu 21. oktobra pod avspicijami Jugoslovanske Bratske Federacije.

Citanju referatov je sledila splošna razprava o zadevnih problemih. Načelno so bili vsi navzoči delegati za zdržitev, poudarjalo se pa je, da manjka praktičnega načrta in sedanjega časa ni dovolj ugoden za zdržitev. Po mojem mnenju je bila prilika za zdržitev najbolj ugodna pred 15. leti, ko so vse naše organizacije poslavale po približno enakem načrtu in ko so bili asesmenti za razne sklade skoraj povsod enaki. Tukrat smo vsi izdajali certifikate za smrtnino na podlagi National Fraternal Congress lestice in plačevali smo približno enake bolniške in odškodninske podpore proti plati enakim asesmentom. Danes je položaj povsem drugačen. JSKJ je lestvico National Fraternal Kongresa opustila in rabi sedaj American Experience lestvico za vse novoprstope člane. Tudi HBZ rabi same American Experience lestvico, dcčim nekatere druge organizacije rabijo obe lestvice. Tudi v plačevanju bolniških podpor se organizacije danes jaka razlikujejo. Pot do zdržitve bi se najprej in najbolj ugladila, če bi se pri vseh naših organizacijah vpeljala ena in ista lestvica asesmentov za smrtnino in eden in isti sistem plačevanja bolniških in drugih podpor. Baš v tem času bi tvorile več ali manj ovire za zdržitev tudi naše finance. Nekatere organizacije imajo silno veliko bondov v defaltru in ravno tako tudi prvi vknjižb na privatna posestva. Naša Jednota, seveda, v tem času ni tako hudo prizadeta, teda če bi se hotela združiti s kako drugo organizacijo, bi zavarovalniški department države Minnesota brezvonomo insistiral, da se združi na način, ki bo za članstvo naše Jednote koristen in ki ne bo zmanjšal našo sedanjou solventnost. Kon-

ročalo, da je država Ohio pričela obdavčevati imovino bratskih podpornih organizacij in da bo treba podvzeti korake, da se to, aka mogoče, prepreči. Ni bilo natančno pojasnjeno na kak način se je pričelo s tem obdavčevanjem, toda meni se zdi, da se gre tukaj za denar, ki ga imajo nekateri organizacije naloženega v prvih vknjižbah ali "mortgečih" na privatna posestva. Na prve vknjižbe naložen denar navadno ni prost davka, prosti so tega samo državni, okrajni, šolski in mestni, v katerih ima naša Jednota naložen svoj denar, toda bil sem vedno pod vtisom, da se tudi za prve vknjižbe na privatna posestva ni nalagalo podpornih organizacijam davka.

Prihodnja konferenca se vrši v Detroitu meseca aprila 1935. Kot je razvidno iz gornjega kratkega poročila in kot bo razvidno iz zapisnika, ki bo priobčen v Novi Dobi, se ni na konferenci naredilo nobenih važnih zaključkov. Izmenjali smo si le naša mnenja v raznih stvarih, kar je bilo vsekakor koristno in tudi informativno za vsega izmed nas, zato je umestno in priporočljivo, da se ti stanki vršijo tudi v bodočnosti.

### Dolgo živeči ljudje

Znano je, da je pred nekaj meseci v carigradski bolnišnici umrl najstarejši človek sveta, Turek Zaroga, ki je učakal po enih verzijah 160, po drugih pa 120 let. Njegova smrt je dala povod za konflikt. Turški minister za narodno zdravje je odločil, da se mora pokojnikovo truplo izročiti kliniki carigradske univerze, sorodniki pa so se temu uprli. Pa ne iz idealnih načinov, kaj še! Hoteli so prodali truplo Amerikanom. Ameriške zdravnike zanima namreč prav tako kakor carigradske učenjake, kakšni so organi in možgani pokojnika in kakšne spremembe kažejo zaradi izredne visoke starosti.

Zaroga je bil vsekakor eden najstarejših ljudi na svetu, čeprav ni mogoče misliti, da je imel 160 let. Rekord v starosti dobi menda drži še vedno Thos. Carn, o katerem govorile orumevali papirji mrtvačkega registra v cerkvi sv. Leonharda v Londonu, da je umrl v starosti 207 let. Carn je bil po podatkih matične knjige imenovane cerkve rojen leta 1588. in je umrl januarja 1795.

Ko je angleški zdravnik Harvey secipral truplo kmeta Tomazza Parra, se ni mogel dovolj načuditi. Tkivo je bilo popolnoma podloženo z muščo in po njem sodeč, je moral pokojnik umriti v evetu svojih let. Sreča mu je bilo veliko in krepko, možgane in čreva je imel popolnoma zdrave, vsa konstrukcija pa je pričala o tem, da je umrl Parr v najboljši moški dobi. In vendar se je poslovil od sveta v starosti 152 let! Nedvomno pa bi bil živel še dalje, da mu niso na angleškem dvoru pokvarili željoduc z "izbranimi" jedmi. Dokler ni prišel v London, je namreč živel od kruha, sira, mleka in piva in je mlatil kakor mladič. Do svoje smrti je bil mladični čil in čvrst. Še v starosti 105 let je zapeljal cvetočo deklino, ki je nato postala mati.

Poleg Parra poznavajo angleške kronike še nekoga, ki je učakal visoko starost. To je bil Jakob Drahemberg, ki se je približal rekordu idealne starosti s 145 leti življenja. Drahemberg se je moral še v svojem 120. letu zagovarjati pred sodiščem zaradi življenosti, ki jo je kazal našim deklicam.

Protutež Drahemberga je bila španska matrona Evlalija Perezova, ki je učakala 140 let in so jo do zadnjih dni življenja obletavali moški zaradi ljubezni. Zgodovinsko najstarejša ženska pa je bila grofica Desmondo, ki je učakala 145 let. Še v svojem stotem letu je bila

strastna plesalka in se je vrtela na dvornih plesih. Po stotem letu si je dala še dvakrat vstati umetno zobovje.

### DOHODKI IN IZDATKI

Dohodki prebivalstva Združenih držav v letošnjem letu se cenijo na 45 milijard ali 4500 milijonov dolarjev. Od tega bodo vzelci davki 9 milijard, za hrano se bo porabilo sedem in pol milijarde, za najemnine bo izdan nad tri in pol milijarde, za kurjavo pa eno milijardo dolarjev.

### DOPISI

(Nadaljevanje s pete strani)

sposarja. Plačevalo se je za člane iz naših blagajn, povrnili pa ni nihče. Danes moramo torej mi plačevati za druge, za nas pa še nikoli ni nihče plačal.

Zato naj se vsak član boljše pobriga za vse skupaj, ker to bo vsem v korist. In da so se prej društva malo bolj pobrigala, bi bili lahko vsi uradniki plačani in nobene naklade ne bi bilo. Kdo je meni dolžan jaz? Vsaka stvar se popravi in upam, da se bo dala tudi ta. V starosti 25 centov v društveno blagajno.

Nadalje bi rad vedel, kako gre s pridruženjem SHZ. Prosim, da se prizadeti malo oglasijo.

Rojaki, kar na delo! Jaz sem izprevidel, da pri takih pogodbah ni treba kuratorja, ampak meščetarja. Tisto pa mislim, da se dobi na Calumet in na Elyju; ako ne, pa tudi dobro. Kar rokave zavijati, klobuk postriani nastaviti, pa bo šlo. Vsak se mora malo podrediti. Ako pa kurator s cilindrom potrka na vrata, kar tihobiti, bo že šel naprej. Danes nihče gledati na cilindre, ampak na tisto, kar je v glavi.

Tem potom pozivljam člane v članice društva "Sinovi Slave," št. 185 J. S. K. J. Dolžnost me veže in sili, da vam javno naznam, da se bo naša zadnja seja v tem letu vršila 15. decembra in se bo pričela točno ob deveti uri dopoldne. Ta seja je velikega pomena, ker je glavna in letna seja, na kateri bi morali biti navzoči vsi dobrostoječi člani v članici. Na tej seji bodo podana pozdravljena v zdravnik, ki moramo paziti na njeno zdravje in finančno stanje. Toliko za sedaj. Zelim, da se vidimo v polnem številu na večer 15. decembra. Bratski pozdrav!

Petra in Pavla, št. 35 JSKJ sv. Petra in Pavla, št. 35 JSKJ naznam, da je bilo na nočnem sledijo bralcu knjige. Ta slika bi se lahko imenovala tipična slika slovenske družine! Smo čitaloč narod, smo narod pisateljev in pesnikov, po katerih imenujemo naše ceste, ulice in parke in stavljamo spomenike v domovini.

Slovenci se ne moremo ponati s slavnimi in neslavnimi generali in vojskovedji, ki v pravem smislu niso nič več in nič manj kot general-mesari, morilci in povzročevalci bede in trpljenja ljudstva. Nič zato, če se ne moremo ponati s takimi predstavniki naroda! Zahvaljujmo Bogu, da nas ni udarili s takimi voditelji! Ali ponosno smo lahko na naše pisatelje, pesnike, naše učenjake — na može, ki so zrastli iz ljudstva, trpelji z ljudstvom, ter lajsati njih bolečine z mičnimi povestmi in pesmimi, katere prešinjo naše duše še danes, ko so njih telesa razpadla že davno v prahu v peplu. A vendar živijo med nami — tudi tu v Ameriki, da le od naših slovenskih planin in dolin, živijo povsod, kjer so Slovenci, kjer je slovenska knjiga.

Zatorej Slovenci v Lorainu posečajo vašo Čitalnico! Čitalnico, ter si lepšajte dolgo zimske večere, vedrite vaše duše, in v duhu sledite pisatelju, ki vam pripoveduje povest ljudstva, njih veselja in žalosti, v slovenski besedi. Članarina Čitalnice je majhna, a ravno zato jo člani radi pozabijo plačati, in ako članarina ni plačana, tudi nove knjige ne morejo nabaviti. V nedeljo 2. decembra ob 7. ur. bo se Čitalnica. Na tej seji bodo predlagali, da se bomo počutili doma. Slikali smo si čitalnico, svetische slovenskih knjig, s katerimi si bomo krajšali čas, razvedrili naše duše, tešili žej po znanosti ter krepčali naš um. Vse to smo si slikali v naših mislih in slike so nam dajale voljo in pogum, da se je šlo naprej z delom, s trdim delom, ki je pripeljal nas do cilja. Imamo Dom. Imamo Čitalnico. Čitalnico, ki je bila ustanovljena za vas — čitalatelje slovenskih knjig!

Zimski večeri so tu — dolgi in dolgočasni. Zunaj brije burja, pomešana z ledem dejzem ali snegom. Mraz je, ali v sobi je toplo in prijetno, a vendar večer se vleče kot tista zgodba o morski kači, ki nima ne kraja ne konca. In kaj je bolj prijetnega v zimskih večerih, kot dobra in zanimiva knjiga. Knjiga, ki nam krajša čas, pregačna skrbi, ki nas tarejo čez dan, ter razvedrjuje našo dušo! Ali se spomnите slike, ki so jo imale na prvi strani "Slovenske večernice" Mohorjeve družbe? Družina zbrana okoli mize. Nad mizo svetilka, ki razsvetljuje

Cenjeni člani v članici društva "Sinovi Slave," št. 185 J. S. K. J. Dolžnost me veže in

sili, da vam javno naznam, da se bo naša zadnja seja v tem letu vršila 15. decembra. Zatorej vas prosim in klicem, da se v kar mogoče polnem številu udeležite te zadnje seje v letu, kajti na tej seji bo treba izvoliti novi društveni odbor za leto 1935.

In konci vsega tega priporočam, da storimo slično, kakor smo storili preteklo leto, namreč da smo zložili oziroma prispevali vsak en "kvader," pa smo "ga" imeli dovolj. To priporočam zato, ker naša društvena blagajna se je nekako zelo znižala.

Treba jo bo zaštititi in pozdraviti, kajti mi smo tisti krojači in zdravnik, ki moramo paziti na njeno zdravje in finančno stanje. Toliko za sedaj.

Zelim, da se vidimo v polnem številu na večer 15. decembra. Bratski pozdrav!

NAŠA ČITALNICA.—Ni dolgo tega, kar sem imel jako zanimiv pogovor z nekim Američanom o priseljencih, njih navadah, običajih in segah, ter o priseljenčevih doprinosih do ameriškega življa in kulture. Med pogovorom me vpraša: "Ali ste Slovenci res tako čitaloč narod kot ga Adamčič opisuje v svoji knjigi "The Native's Return?" Namesto odgovora ga povabim, da naj gre z mano v Slovenski Narodni Dom, kjer mu bom nekaj pokazal, kar mu bo daljo boljši odgovor kot bi mu mogel dati jaz. Ko prideva do Narodnega Doma, ga peljem najprvo v našo Čitalnico ter mu tam pokazem ne le knjige naših slovenskih pisateljev, temveč tudi prevede v angleščine, ruščine, italijančine, nemščine, francoščine in drugih svetovnih jezikov.
