My dear!

Accept my heartfelt greetings. I will come to Yankee this Saturday evening between 8 and 9 unless the weather gets bad or something exceptional happens. As your father mentioned you will baptise your little brother on 24th and I will take care of the wine, and on Saturday evening when I come I'll bring the wine with me, I think nobody will be coming with me but the driver.

Now I send you my affectionate greetings, pass them to your parents and everyone, especially You and Your mother.

I hardly wait to see your lovely cheeks.

May God be with you,

So long.
