NEW ERA SUPPLEMENT

Edited by Anthony L. Garbas.

Current Thought.

OUR MEMBEROMETER

The memberometer for the month of January indicates the relative activity of our English-conducted lodges. It is very apparent that more than fifty per cent of our lodges are doing practically nothing toward their own progress while about fifty per cent are making a visible effort to attain some goal. In a community as large and resourceful as Cleveland there should be no reason whatever for the delinquency in obtaining members. The only explanation is a lack of interest, a failure on the part of the members to think, talk, plan, boost and work for the growth of their lodge and organization.

The memberometer each month hereafter will register the same type of action of our lodges unless each and every member discontinues being wobbly minded and flably willed. Every member must learn that dreaming won't produce an expansion in membership that it involves more than a joyous desire. The true solvent of our grave difficulty is to get rid of that certain vacuous pride of indecision within ourselves and then to establish a goal for which to soar.

It is of constructive helpfulness to be reminded of our neglect, diminishing strength, and our inactivity. Intensive work for an increase in membership has begun, let us concentrate our earnestness in securing new members so that in a future issue of the New Era an increase of at least ten members may be registered for each of our lodges.

FLU PREVENTION

(Written by Dr. F. J. Arch, Supreme Examiner)*

The influenza epidemic seems to have almost entirely disappeared in our country, but is, however, still very much in evidence in Europe. We were very fortunate in that it was an epidemic of a rather mild type, but there is some danger that it may recur, especially during the months of March and April. Due to the rather close surroundings in which we live during the winter months, our resistance towards disease is very much lowered and we should use all precaution against any infection during latter part of the winter.

The department of public health in Washington, D. C., during the heights of the recent epidemic, published a bulletin issuing some instructions that should be followed. These points are very good and should be observed by all members of our organization, especially during the next few months. The instructions as given by the Department of Public Health are as follows:

Influenza Prevention.

The prevention of influenza depends mainly on the individual and his observance of some of the practical laws of hygiene. The following habits might be cultivated to advantage, remembering that influenza is probably spread through secretions from the nose and throat of influenza patients finding their way to the nose and throats of healthy individuals;

1. Avoid needless crowding; walking to and from work, if practicable, is good exercise and keeps one from overcrowded street cars, busses and similar conveyances.
2. Take advantage of as much open air and sunshine as you can.
3. Sleep with the windows open and be sure your homes are well ventilated.
4. Avoid people who are coughing, sneezing or snuffling, and do not cough or sneeze yourself without using a handkerchief.
5. Wash your hands immediately before eating and do not put your fingers in your mouth or nose.
6. Do not use a napkin, towel, spoon, fork, knife, glass, dish or cup which has been used by another person, unless such articles have been either washed or sterilized. Avoid the common drinking cup.

Sport Sense

A little birdie informed us that John Kolenc is quite an artist in making maples totter. In the two alleys, Recreation and O'Farrells he ran up an average of 227.6 which is exceedingly good for even a professional.

Recreation: 225 215 208 236—883
O'Farrells: 278 201 204 256—939

Fred Terlap recently stepped into the Daily News office to prepare the sports editor for the approaching Comrade baseball season. Who knows, but perhaps this paper may find it necessary to hire an additional sport reporter to lasso all the "information" concerning the Comrades. Frederick also intends to tutor his local lodge Brothers in the game of handball that is after he has taken a few lessons himself.

The "Ely Basketeers" are anticipating a match with some girls' quintet. It seems that ever since this Minnesota aggregation has organized and announced their readiness to play, all girl basketball clubs in their vicinity have disbanded. This speaks well for the girls of Ely since their superiority is so self-evident and recognized that no feminine ball specialists dare play them. Thus the girls are still minus a game, but ever on the warpath.

Ely, Minn.

A basketball team composed entirely of girls has been organized and is to be known as the Ely Basketeers. We are ready to challenge any team desirous of playing us. The captain, Christine Jerich is looking forward to seeing her girls in action. To date the first and second teams have

7. Keep up your general health-first, by using inside and outside plenty of clean water; second, by eating clean, wholesome food; third by sleeping at least seven hours out of each 24; and fourth, by keeping the bowel regulated.

8. Keep away from houses where there are cases of influenza.

9. Avoid chilling.

10. Avoid overheated rooms.

11. In case the disease develops, go to bed immediately and remain there until recovery. A physician should be called at once.

had to compete with themselves the spirit of which wears off after a few games. The fast and alert forwards of the first team are: Christine Jerich and Mary Lenich. Justine Slogar and Mary Lobe as guards show great tact in backing up the forwards. The centers Katherine Buccowich and Angela Simonich are constantly on the jump and always tip the ball to their advantage.

A team is said to be as good as the second team and no better. If such is the case there is no question about the quality and ability of the team. The forwards of the seconds are Katherine Grahek and Katharine Peshel. Guards: Frances Pengal and Margaret Popesh. Centers: Mary Russ and Frances Tomsich. The team is under the management of Mrs. Rose Svetich and follow instructions of Coach Miss Mary Zgonc.

Officers were also elected for the year 1929. President: Justine Slogar, vice president: Christine Jerich, secretary: Frances Pengal, treasurer: Mary Lobe, recording secretary Katharine Peshel.

Our supper of February 3rd, given in behalf of the business men, proved to be a perfect success. The Men's Double Quartet put across its song selections with great zest. Miss Mary Hutar accompanied at the piano. We certainly appreciate all these entertainers did for us.

We hope to attract some applicants for membership in our lodge, if any individual is interested the next procedure is to notify one of the present members for we shall be only too glad to have you in our midst.

Justine Slogar,
Lodge No. 20.

Waukegan, Ill.

I wish to thank Brother John Kolenc for the flattering methods used in his estimation of me which I believe were slightly stretched, in most cases. Never have I yet seen a member so unselfish with words of praise and congratulations as are instilled in Brother Kolenc. He is an ideal leader, optimistic and living with that rare in-born spirit of do but never die. If our baseball team is successful this coming season and we all are doing our best to make it such, a large share of the credit will be due him for his everlasting grit and determination to see a winning team in Waukegan and bearing the banner of Comrades. If more leaders of the calibre of Brother Kolenc could be located there would be no doubt whatever among whomever as to the quality of our organization.

Fred L. Terlap,
Manager of Comrade baseball team.

Cleveland, O.

BOWLING. — Games played February 22nd. The Collinwood Boosters edged out the Sports No. 1, winning two games out of three. The high men of these games were Kasunic (587) and J. Laurich (575). We hope to see more of this good bowling next Friday night. — The Sports No. 2 bumped Betsy Ross, taking two games out of three. High man for these games is none other than M. Krall, hitting the maples for 508. Pretty good, Mike! The rest of the scores are not worth mentioning; some were bad, some worse. Come on, fellows, let's put up

some good games, as we did at the beginning.

George Koivitch.
Played February 22nd, 1929.

EXCHANGES

Pittsburgh, Pa.

The death of our first president, Brother Louis A. Rihtar was one of the most sorrowful events of our lodge, the Pittsburghers No. 196. His death came after a brief period of illness, his passing is as great a shock to all of the members as it is to his immediate family. He leaves behind his wife Rose, his children Theresa and Adelaide, his mother and father and a number of near and distant relatives.

Services were held Wednesday, February 20th at 10 A. M. Requiem High Mass, officiated by Rev. Joseph Skur at St. Mary's Assumption Church,

57th Street. His final resting place is St. Mary's cemetery of Sharpsburg, Pa. All of the pallbearers were members of our lodge, namely Brothers John and Joseph Rogina, John Podrasnik, Anthony Garup, William and Thomas Antlogar. The flower-boys were Emil Delava, Joseph Sprobar, Pecman, Rudolph Bizyak and Chandik.

We wish to thank all those who sent flowers in sympathy of the passing of our beloved lodge Brother and express our gratitude to those who furnished cars for the interment. Flowers were sent by, Jennie, Tillie and Julie sisters, Rudolph, brother, Mr. and Mrs. M. Rihtar, parents, James Hamm, Rudolph Roitz and family, Louis Hall and family, Progar family, Jos. Butara, Pittsburgh Lodge No. 196 S. S. C. U., St. Stephen's lodge No. 26 S. S. C. U., Herman Kamin, employees of Coffee Shop, Wm. Penna Hotel, employees of Webster Hall. Those having masses said in behalf of our dear Brother are Mr. Jos. Zegon, Mr. and Mrs. J. Zupancic, sisters of Notre Dame, four High Masses are to be said through the sincere regard of Mr. and Mrs. M. Berdich.

It was the unceasing efforts of our departed Brother that brought our lodge to realization and ever since its organization and admission into our union Brother Rihtar constantly worked in interest and progress of the Pittsburgher lodge. As secretary of the Pittsburghers lodge and in the name of all members I wish to extend our deepest sympathy.

John Golobic Jr.,
Secretary of Pittsburghers No. 196 S. S. C. U.

JOLIET TO MAKE JOLLY

A card and bunco party is to be held by the St. Peter and Paul lodge of Joliet, Ill. Friday evening, April 12, at 8 p. m. An affair of this nature was sponsored once before and proved to be a rage in all respects. Numerous prizes donated by merchants and others

CONFESSIONS OF AN ICEMAN

Red Grange's startling discovery that shouldering ice is the making of a good football player, created a psychological effect in me which I nursed in my system till our copper haired hero altered his opinion. Ever since his conclusion that the water from the melting ice contributes the dreaded rheumatism, I've had rheumatic pains in all my joints, I only hope that he soon remodels his latest version on the effects of carrying this frozen commodity.

After our examinations in June, emphatically inspired by Grange's method of acquiring a strong back perhaps a weak mind and a considerable nest egg, I actually arose each morning thereafter at the early hour when roosters, hens and other poultry are said to awake and appeared at the ice plant ready to absorb some of the melting ice and the art of handling frozen water. I soon learned that tacking this cold substance was just as hard as it looked.

After appearing in quest of a job for a number of mornings and after the superintendent was tired of seeing me, I finally was given my opportunity. Ushered to the garage and assigned to drive a certain Ford. I lost no time in doing my best. Unfortunately I never previously had the experience of manipulating a Detroit special but having observed others and having made numerous inquiries, I was prepared, or at least I thought so. The Ford like a colt proved to be exceedingly

are to be given to the fortunate contestants. At all occasions of this kind the interest is quite centered and relieves one of the lonesomeness so often found at a dance. The committee in charge of preparing the details promise to work everything up to "snuff" so that the patrons will speak well for the affair as well as the lodge.

obstinate in starting but after a bit a spitting she was in my control and out of the garage I propelled her. Everything would have been grand but suddenly spying another rattling good truck before me, a thrilling revelation came to me, had forgotten the duties of those funny foot levers and my brainless assignment went headlong into the rear of its kin. My head was tipsy-topsy. I was quite positive that I might be served a second opportunity but fortunately the damage was trivial and was not asked to quit.

After loading Lizzie with eight blocks of ice, each block weighing approximately 380 pounds, we rolled off the scales and were merry on our way.

My territory or route was in a section known as "Little Hollywood." My teachers had taught me to pronounce route like root, but the icemen told me differently. They said it like "out" with the prefix of an "r," and I decided that if anyone should know it would be the iceman since a teacher never had a "rout" and naturally wouldn't know. My route was not in California as you might imagine, but in a part of Cleveland which is inhabited by actresses and actors and other people. I infrequently had the reserved pleasure of bringing ice to some tenth floor of an apartment for the cooling of some actor's cocktails. Only famous actors as well as actresses lived in these apartments. Some had leading parts in well known plays as, "Who took the feathers out of mamas hat" or "Abies ten-cent weed."

The truth is "Little Hollywood" is supposed to be the section of gay night life, but having never delivered ice after dusk I wouldn't swear to such statements, although my little peepers saw sufficiently to be slightly convinced.

(To be continued)

First attempts to get new members are not always successful, try and try again.
