CHICAGO, ILL.—Chicago now has a juvenile circle on the West Side. After a number of conferences of the representatives of lodges 1, 39, 102, 131, 449 and 559...

Parents are asked to send their children to the next meeting. The facilities of the Boys' Club at 2801 S. Ridgeway Ave. are available for our meetings...

What was probably one of the best meetings in many months, was held by the SNPJ Federation of Chicago last Thursday night.

For the Christmas affair, assignments were made to the respective lodges. The Pioneers will have charge of the door and collection and sale of tickets.

Already 408 Pioneers have paid their October special to date. The list will be published in the next issue of the Pioneer Bulletin.

Yearly Meeting of Lodge 105 Dec. 24

CHEROKEE, KANS.—The annual meeting of SNPJ Lodge 105 will be held on Dec. 24 at the secretary's residence.

der why these gals never hit Milwaukee. Thanks for the card. Heard that Sunday Adie Yersin was being the most gracious host to someone from Chicago.

A Column

By MARY JUGG
"Man and His Lifebelt"
We are so addicted to opinion-forming and opinion-giving. Learning to state an opinion with a great deal of flare gives us prestige in the eyes of our fellow-beings.

We like to place values on people. So-and-so is better than that-and-so. A son might think his father is better than two hundred other men; another man might think that same father is a scoundrel.

A book that makes you realize with a jolt how little scientific method there is employed in this world of opinionating is "Man and His Lifebelt," by E. T. Bell.

We note where the officials of the Catholic church went on record against the YMCA. They claim that the YMCA does great harm by drawing the Catholic youth away from the Catholic faith.

Two of our active Pioneers have been elected to offices in the Dryden Co., local of the Rubber Workers Union. Frank Groser, who is Secretary of the SNPJ Athletic Board...

We have been asked to invite our many friends to participate in the open house social at the Slovene Labor Center this Saturday, Dec. 9.

More about the Kansas City visit. We had the opportunity to spend quite some time with Brother Horzen, President of the Senior lodge, who used to be well known in Chicago years back.

4. Has science committed any errors? Bell says, "The error of science has been that it has taught all manner of witless gentlemen, with just enough sense to point the gun away from their own empty heads, how to shoot more or less straight."

Our old friend Joe Fjell of the Conrades has come back to these pages, and Martin F. Spote is going to fill in for Louis Koelsa.

Well, much to my regret and much to the editor's happiness, I'll close because there ain't no mo'.

Naš Vsakdanji Kruh

By Ludvik Zupancic
PITTSBURGH, PA.—For many months I have threatened to write articles under this column title. In my everyday work as a lawyer, I meet many interesting people.

I wonder if any of you who might read this would be interested enough to take time to write to me and suggest a way that I could master the language.

Seriously, however, I am most anxious to start a Slovene class here if the proper interest could be aroused. I would like to purchase books on the subject, even though I would have to send to Europe for them.

A few weeks ago Louis Adamič made a moving plea in behalf of Zvonko Novak who is compiling a most thorough Slovene-English dictionary.

I wish to address myself personally to this gentleman and suggest that I would be only too happy to help in any way I can.

Now, to come back to the proposed articles, I would like to write about Slovenes whom I know and their everyday lives as I see them. I would like to tell some stories about the "Old Country" and about the "New Country."

I asked her how she lived in the old country. Did she have enough to eat while she was there? She said, "No." Did she worry about the harvest and about the rain and the hail.

Then I asked about this country, and she said she thought it was wonderful. And then I asked her, "Gospa, kaj si najbolj srčno želita?" And she said, "Najbolj srčno si želim iti nazaj domov v staro domovino."

At the Slovene-Croatian bowling league's meeting Dec. 3, the body agreed to advance the starting time for the bowlers to 11:30 a. m. because of the SNPJ Federation's affair Dec. 17.

The Young American boys are having tough going in the Slovene-Croatian bowling league, especially the Pirates, but they snapped out of it last Sunday, and it was too bad they had to be bowling the Y. A. Strangers.

We also discussed plans for an exhibit of circle activities, with our neighboring circles taking part. At this exhibit we would display our dishes out by those paid to formulate public opinion! How far behind scientific method are we still?
