THE AMERICAN FLAG

June 14, appointed as Flag Day, is symbolically a day of importance. The continental congress on that date in the year 1777 (just 150 years ago), passed a law establishing the stars and stripes as our national emblem.

They had been fighting the English then for two years, and different flags were used over various bodies of troops, thus indicating that their movement up to that time had been a kind of heterogeneous assembly of men from independent colonies, who happened for the time being to be united in a common cause.

Regarded without imagination, a flag may be said to be merely a piece of cloth arranged in some pleasing color design. But to the mind's eye of the patriot, it stands for an idea. It suggests the affection that we all feel for the country that our ancestors and predecessors founded, and for which many of them gave their lives.

It seems like rather bad manners to fail to pay it true reverence when it passes in the street. If the soldiers could go forward under its cheering folds to do battle for its honor, we can at least stand and pay tribute when it passes on parade.

FAST BOOKINGS

K. S. K. J. Teams Book Games On a Fly; Not Enough Publicity Linked With Games.

Our teams are doing fine, but must be criticized for their slow booking of games. Games are sometimes booked a week or two before date. Such a short elapse of time between booking and playing time is not sufficient to give the affair the proper publicity.

Since our teams are young, in time, on the field, they need much publicity so as to receive the support of the K. S. K. J. fans and Boosters.

The success of the teams this year will largely determine the active interest in the sport next year. If teams and their fans are not given the expected time in a neighboring city, it is not the blame of the clubs, but the disappointment is due to the hurried booking with no time left for preparation.

Comment must also be made on the failure of some teams to some teams to send in their results. Certain weeks we publish forthcoming games and expect following reports in vain. It is either the negligence on the part of someone or perhaps some teams have arranged to publish results of games, only if they win. Why be ashamed of defeat?

Fourth of July is on its way, which means a double holiday with possibly K. S. K. J. games. As yet we have heard nothing of bookings. If any Brother teams intend to play on this day, kindly do your booking now so we can advertise the event in time and properly.

WUKEGAN BOYS WIN AND LOSE

Drop to Kenosha And Trim St. Stephen's, Chicago. Waukegan, Ill., June 5th. — The Waukegan K. S. K. J. Boosters were handed another defeat by the Kenosha City Champs of 1926. The first inning was the one that caused defeat. Four hits and four errors, bunched in this inning, helped the visitors to this rally.

FOREST CITY ACTIVE

Forty Young Men Playing for the Forest City, Pa., K. S. K. J. Athletic Association. While reading over last week's edition of Glasilo, I noticed a reference to the Forest City K. S. K. J. Athletic Association, stating that no word, as yet, has been received as to the results of the games played by the Association. As a member of this Association, I feel it my duty to bring out to the best of my ability, the progress that has been made in the short time this Association has been in existence.

He had no trouble in the pinches, easing himself out of the bad spots. On June 5th the Boosters played the second game with the Benson Clothiers. They have a changed team from that which stepped against the Boosters in the first game in which they were defeated.

This season to date the first team has played five games, winning but two. The reason for this poor showing is due to the reasons mentioned previously. However, this difficulty has been overcome and we do not expect to have any further trouble from this source.

The work of the infielders was brilliant, picking up everything that came anywhere near them. Two double plays were made that broke up their only chances of beating us, while the outfielders pranced around the outer gardens in fine shape.

At our organization meeting it was brought out that there were no K. S. K. J. teams with convenient traveling distance for Sunday games and for this reason, it was decided that the first team be entered into a league which would not entail too much traveling.

C. AND M. REORGANIZED Lorain Boys Now Mean Business.

How about Lorain, Ohio? Yes, what about them? Perhaps you have read or heard of that age-old personage, "Biff Bam Wrinkle" or whatever his name may be, who went to sleep and failed to awake for some time.

After he did arise, if I remember correctly, he shouldered his gun and went forth to conquer the world, none the worse for his rather unusual experience. The Ciril and Metod baseball team, after a brief period of inactivity, has been reorganized.

It is very gratifying and praise worthy to note that the younger members of our various lodges are taking an active part in promoting social activities in our Union, a precedent which will in due course of time become an established factor in the government of our Union.

Come on! Let's go for a bigger and better K. S. K. J.! Fraternally yours, Michael Cerne, Manager, 1737 E. 32nd St., Lorain, O.

WELL PLEASED

Bridgeport and Collinwood May play in Pittsburgh, July 4th.

I wish to express sincere thanks to St. Joseph's Sports of Cleveland (Collinwood) for their efforts to make our stay during our recent visit May 29th and 30th such a pleasant and joyful time.

I am herewith taking liberty of asking all those present, from Collinwood, Cleveland, Bridgeport and other localities to again be on hand when the final game will be played off. The date and the location will be made public through Our Page.

Again thanking all that have participated to make Collinwood-Bridgeport games a pleasant success. In behalf of the Bridgeport K. S. K. J. baseball team, Anton Hochevar.

BABBLES

Now that President Coolidge has picked his vacation time and place, I come next. I take what is left. Of course, we couldn't think of vacationing in the same place, as someone would find out that we really know each other.

What happened to Bypus? I have scanned all the Chicago papers, but have found no news of its murder. Perhaps this person is out in the rain, body mangled, bullet-ridden (for complete description, consult your daily newspaper), and probably in some ash-can.

Such business. — Will there be a Cleveland-Pittsburgh game, June 26th? Probably there is some financial difficulty; that ought to be easily overcome. Recently, I noticed an article from Pittsburgh, stating that if the Smoky City boys come to Cleveland, there will be 100 rooters with them.

WHY WE YAWN

Anything will start a yawn. An earnest, monotonous talker; seeing somebody else do it; excessive nervousness; love; too much concentrated attention or not enough of it.

Really Astonishing.

Teacher: "Now, children, tell me the most wonderful thing you know?" Patricia (earnestly): "How my pap can make a living for our family." Hot air is the motive power that operates the human talking machine. She is a wise woman who can laugh or cry just at the psychological moment.
