

Novice Iz Stare Domovine.

— **Napad v Dobrunjah.** Dne 17. oktobra 1920 okoli 17. se je vračal Stanislav Tomšič iz Zg. Kašlja v družbi Martina Meseč iz D. M. v Polju št. 41 in Marije Pejani iz Dobrunj št. 86 iz Anžičeve gostilne v Dobrunjah proti domu, kar sta pritekla za njim pleskar Jožef Prepeluh in Anton Gorše iz Dobrunj z namenom ga preteptati. Gorše je udaril Tomšiča po glavi in mu zbil klobuk, nato ga je pa udaril Prepeluh z nekim trdim orodjem po glavi, da se mu je polila kri. Tomšiča so prepeljali v ljubljansko bolnico.

— **Nezvesti krojač.** Revni hlapec Ivan Medvešek iz Toplice pri Zagorju je dal likati krojaču Janezu Korenšku v Zagorju hlače in telovnik in mu izročil konjsko odejo, iz katere naj bi mu napravil hlače. Korenšek je pa vse njemu izročene reči prodal in odšel neznan kam. Pobegli Korenšek je star približno 60 let.

— **Ker sta verižila z brami** sta bila obsojena Josip Kulisek z Vrhnike št. 179 na 5000 kron globe in dva meseca zapora in Ana Širok na 500 kron globe in 24 ur zapora.

— **Huda brata.** Klepar Fr. G. in mizarjski pomočnik Avguštin K. sta bila v gostilni Ivana Sušnika vino. Skupno sta zapustila gostilno, na cesti sta se pa začela pripraviti. France G. je pričel Avguština K. pretepati s palico, ki je nezavesten padel na tla, in se je šele zavedel, ko so ga z vodo močili. Nato je prišel še Francetov brat Lojze, ki je tudi na tleh leževala Avguština K. pretepeval.

Postava povprečnosti.

Postava povprečnosti nas uči, če kak produkt pomaga že enemu, bo isti pomagal tudi drugim, ki so tako prizadeti. Trinerjevo ameriško zdravilno grenko vino je pomagalo že tisočim, ki so trpeli vsled zabanosti, slabega okusa, napenjanja, glavobola, nervoznosti itd., tako bo pomagalo to vino tudi tisočim še v bodoče. Vsebina tega vina je najboljša: Cascara sagrađa z drugimi grenkimi zelišči in čisto rdeče vino. Vendar pa mora živati izvirno ali pravo Trinerjevo grenko vino ter odklanjati vsa ponarejanja sličnega imena in izdelka. Nihče ne more zadostno ponarediti našegav ina! Trinerjeva zdravila so vedno zanesljiva; torej če ste prehlajeni, vzemite takoj Triner's Cough Sedative; ako vsa tareja revna tizem ali nevralgicne bolečine, kupite Trinerjev Liniment; če če imate pa vneto grlo, grgljajte Trinerjev Antiputrin! Vaš lekarnar ali prodajalev-levok ima vsa naša zdravila v zalogi.
