PRVI USPEŠNI POSKUSI Z UMET- NIM ŽIVLJENJEM

Dr. Crile je razvil sintetične stanicice, ki žive, jemijo hrano in se množe z delitvijo. — Druge vesti z zborovanja ameriških znanstvenikov

Cleveland, O. — Dr. George W. Crile, direktor Cleveland Clinic Foundation, je zbudil veliko zanimanje, ko je na letošnjem letnem zborovanju Ameriške asocijacije za povzročen znanosti, ki se vrati v Clevelandu, razstavil prve pojavne sintetične ali umetno narejene žive stanice. Dr. Crile je seveda skromen in ne pravi, da je v teh stanicah odkril "skrivnost življenja", pač pa smatra svoj uspeh samo za "znanstveno orodje", ki morda najde pravo sredstvo za pobiranje raka.

Dr. Crile je formiral svoje stanice iz zmesi možganškega lipolida, proteina in možganške peplene solucije, ki je mešanica raznih soli in distillirane vode. V tej zmesi so prisotni vsi elementi, ki sestavljajo protoplazmo. Zmes je bila temeljito sterilizirana, tako da je bila uničena vsaka živa snov. Nato so zmes položili v kemično solucijo v tubi (cevi) s primerno temperaturo in na veliko presenečenje vseh je snov ozivala in začela razvijati sveže stanice, ki imajo vse lastnosti naturalnih stankov: jedrce, rast, množitev z delitvijo, udihavanje kisika in jemanje hrane v obliki proteina ter gibanje. Ves ta proces je viden pod mikroskopom. Proses so ponovili in večji je bil isti rezultat. Značilno je to, da se stanice formirajo le s prisotnostjo možganškega lipolida; če te ni v zmesi, ostane snov mrativa.

Dr. Crilevo odkritje je obudilo veliko zanimanje med zborujočimi znanstveniki, ki bodo stvar nadalje preiskavalni in počakali, da se pokaze koristnost tega večnega dela.

V pondeljek zvečer je poročal dr. Robert A. Millikan, slavni fizik iz Kalifornije, o svoji teoriji obnavljanja vsemirja. Millikan je kritiziral teorijo angleškega fizika Jamesa Jeans, ki uči, da telesa v vsemirju izgrevajo v njej in končno mora tudi energija vročine in svetlobe umreti. Millikan pravi, da se telesa neprehnomo obnavljajo in da so komični žarki, ki jih je on odkril, dokaz večnega ciklusa razkroja in razvoja.

Zdravnik svari pred posledicami depresije

Stevilo smrti med otroci revnih staršev se je povečalo

Buffalo, N. Y. — (FP) — Zdravstveni komisar Francis E. Froncak je v svojem govoru pred članji trgovske zbornice naglašal nevernost, ki preti ljudskemu združju radi industrijske depresije in brezposelnosti.

Komisar je na podlagi statistike dokazoval, da se je umrljivost med otroci delavskih staršev v mi delavskih par mesecih povečala za pet odstotkov. Toda ne samo otroci, temveč tudi odrastli občutijo posledice brezposelnosti. Med delavskimi sloji terja sušica in pijučnica čedalje večje število žrtev. Radi podhranjevanja in pomanjkanja tople oblike je padla odprtost proti tem boleznim. Ljudje prebivajo v mrtvih in nesanitarnih stanovanjih, ker nimajo denarja, da bi si kupili premog in se preselili v boljše stanovanja. Stiskajo se v hišah in v stanovanjih. Kjer je prostora za eno družino, prebivajo dve ali celo tri. V takih okoliščinah, ko so stanovanja prepovedana, je preprečitev naležljivih bolezni težava.

Froncak je apeliral na člane trgovske zbornice, naj se zavzemajo za rdečo, da se te razmere odpravijo.

Preprečimo izgube članov

Kako preprečiti suspensije in črtanja ter zmanjšati izgube članov, to je zelo važno vprašanje in se ne tice samo jednot, temveč vsakega krajevnega društva in vsakega posameznega člana. To vprašanje je sicer staro, toda nikdar ni bilo tako resno in pereče kot je sedaj v času te dolge gospodarske krize v deželi in velike brezposelnosti med našimi člani.

Odpadajoči članov seveda ni samo pri nas, druge organizacije imajo ravno take, ce ne se vedje težko v tem oziru. Prevelike izgube v primeru s pridobljenimi člani je že star problem ameriških delavskih podpornih organizacij. Na konvencijah National Fraternal Congressa, katerega članica je tudi SNP, se vsako leto poroča o velikem številu odpadnikov in voditeljih raznih organizacij, ki si belijo glave s proučevanjem, kaj povzroča toliko odpadanje in kako to preprečiti, slajšo se o tem referati in razna priporočila za odpomoč, toda vse skupaj dosedaj še ni veliko pomagalo.

Pri naši jednoti imamo povprečno manj odpadnikov kot jih ima večina drugih podpornih organizacij, vzrok za to so nedovoljne velike podpore in pomoči ter sigurno zavarovanje, poleg tega pa še dobra in zdrava načela in aktivnosti v duhu naprednih in delavstvu koriščnih idej. Kljub temu izgubimo vsako leto prevec članov in nobenega dvoma ni, da bi se v tem oziru dalo veliko oziroma. Ce bi bilo več ko-operacije in če bi se vsako društvo tako resno brigalo in poskušalo preprečiti suspensije in črtanja, kot se brigajo nekatera naših društv, bi se število odpadnih zelo skrčilo in počasi spravilo bližu nicle. Marsikateri član, ki je črtan radi neplačanja asesmenta, dostikrat tega niti ne ve ali se pa ne zaveda resnosti in posledic: kmalu nato sledi črtanje in še lo je oposorjen, da je zunaj društva, se zbuditi in takrat je navadno užaljen ter toži, zakaj se ga ni obvestilo ali pa da je to slabu društvo, ker članu ne zaupa niti toliko, da ga ne bi suspendiralito. Mnogo je tudi takih, ki dobro veda in se zavedajo, kaj suspenza pomeni, radi bi plačali, pa ne delajo in nimajo s čim, a prositi, da se jih počaka ali da kdo založi, jih je sravn.

Prvi in drugi tu omenjenih so običajno drugače dobrji ljudje in začeljeni, da ostanejo naši člani in večina takih ljudi se da obdržati v društvu in ohraniti jednoti, ce se v pravem času poskuša in rablja pravilno taktilo. Onim, ki so malomarni glede asesmenta, je treba prijaznega opomina in pametnega poduka o važnosti in potrebi društva. Stari pregovor pravi, da lepa beseda najde lepo mesto. Ce je kje potrebna lepa beseda, je potrebna najde lepo mesto. Ce je kje potrebna lepa beseda, je potrebna najde lepo mesto. In onim, ki ne delajo in ne morejo sami zmoči asesmenta, je treba materijalne pomoči. Ce ima društvo kaj v blagajni, storji veliko dobro in bratsko delo, ako založi asesment za takega člana, in ako je potrebno, naj mu svetuje, da napravi prošnjo, da se zanj založi tudi iz jednotnega sklopa za izredne podpore. Društvo je dolgo, da se briga za to in v pravem času. Nekateri se domislijo na to se je, ko je član že črtan in celo potem, ko je že preteklo šest mesecov in ko sploh ne more več nazaj v jednoto pod starim pogojem. To ni prav in kjer se to godi, je navadno po malomarnosti člana in društva, in ker je to v skledo članu, društvu in jednoti, bi se ne smelo dogajati.

Pokušajmo torej preprečiti izgube članov, kolikor nam je mogoče. Potrebno je v prvi vrsti, da se člani sami zavedamo, kako potrebno nam je podporno društvo in kako dobra nam je naša jednota. Pomisli moramo, da je nazaj priti veliko težje kot biti črtan: da medtem rada pride bolezen in da je potem levarnost, da sploh ne moremo biti več nazaj sprejeti. In om, ki so valed starosti ali brezposelnosti toliko obubožali, da ne morejo sami plačati, naj se z zaupanjem priglasi s prošnjo, da se zanj založi tudi iz jednotnega sklopa za izredne podpore. Detroit, Mich.—Na letni seji društva št. 121 dne 21. dec. je navodno članstvo soglasno podprlo klubovo Zarjo in obseglo pojetje nekaterih rankolinkov. "Naše društvo smatralo, da so Zarjo ustanovili zavedne delavce, in kot tak pa mora slediti zavednemu delavstvu, ne po kakšnem republikanskom oponentom." Vas zavajanja in tolmačenja čarterja od strani razkošniške grupe nas ne morejo prepričati, da Zarjo niso ustanovili zavdne delave. Ker je blagajnik našega društva prazna in ker društvo zalažeza avse, z svoje člane, ki so že deli časa brez dela, valed tega smo člani na seji prostovoljno zbrali vsoto \$14.20 za obrambni fond klubove Zarje. Naše društvo želi, da zmagajo zavdno delavstvo v Clevelandu v tem boju, ki mu je bil usiljen od razkošniške grupe. Zvestini Zarjinih članom blidemo: Pogumno naprej na delavsko principe in delavsko gibanje! Zavedno delavstvo je na vaši strani v tem usiljenem boju!

Naša naloga v ustvarjanju zakonov

(Spisal Read Lewis, ravnatelj Tujezjčnega informacijskega urada.)

Ali vedo vaši kongresniki in senatorji, kaj vi in vaše organizacije misljijo o imigraciji, naturalizaciji in drugih vaših vprašanjih, s katerimi se sedaj bavi kongres? Kongresnički vedo, kaj njihovi voliči misljijo o političnih vprašanjih, le in pisem, brzjavov in osebnih stikov. Kako nas more naš zastopnik v kongresu zastopati, ako mu ne povemo, kaj želimo? Ako je nam vseeno ali ako smatramo za prevečno nadlogo, da bi objavili avsim zastopnikom v kongresu, kaj mislimo o vprašanjih, ki nas zanimajo, potem naj ocitamo le samim sebi, ako kongres sprejme zakone, ki nam niso po volji. Pišimo s strani volikev, ki izražajo razumno in pošteno mišljenje, ne gredo v koš, marveč jih kongresnički pažljivo čitajo, jim navadno odgovarjajo in dostikrat hraničijo za poznejše ravnanje. Končna odgovornost za ustvarjanje zakonov nosi ravno toliko posamezni državljani, kakor sam član kongresa.

Foreign Language Information

Service je sprejel sledečo izjavvo splošnih načel glede nekaterih vprašanj imigracije in naturalizacije. Naše mnenje je, da ravnanje po teh načelih strani konгрresa bo v dobro celih delih v vsem njenem prevlakom, naj bodo državljani ali inozemci.

Zdravite ločene družine. Skupnost družine in svetost doma sta osnovni načeli ameriškega življenja. Imigracijski zakon, ki sili takonito nastanjene inozemce in državljane, da morajo čakati leta in leta, predno žena, mož, starši ali otroci morejo priti k njim, je nečloveški in antisocijalen. Ne gre tu za načelo kvotnega sistema. Ločene družine vseh državljivanov in inozemcev, pripravljenih pred 1. julijem 1924, bi se morsale združiti takoj s tem, da se dovoli ženam, soprogom, ne-dobrem otrokom in postarnim staršem, aka so drugače pripravljeni, da pridejo v Združene države kot priseljeni izven kvote.

Naturalizacija. Naturalizacija je v sodelovanju novodošleca v javnem življenju dežele naj se olajša s tem, da se znižajo stroški naturalizacije. Pred 1. julijem 1929 je pristojbina znala \$5.00. Sedanja pristojbina je \$20 odvraka mnogo prisilicev.

Ne sme se oliti ljudi na umešten način k naturalizaciji, marveč naj se ista olajša, čim jo inozemec resnično želi. Državljanstvo je le ponizano, sko postane ena, ki naj jo inozemec plača za to, da se mu dovoli prihod sorodnikov ali da ga osvobodi gospodarskih neugodnosti. Tako dolgo, dokler mora inozemec trpeti za take in enake zakonite nesposobnosti napram državjanu, ni prav ne pošteno, da se zahtevajo višje vagonje kvalifikacije za naturalizacijo. Vzgojne kvalifikacije za pravico do volitve bi morale veljati toliko za državljana kot za inozemca.

Tu nastanjeni inozemci, ki ne morejo dokazati, da so bili zakonito priznani, ali ki so se dobro obnašali in niso podvrženi deportaciji, bi morali dobiti pravico, da morejo urediti svoj položaj in postati državljani. Ta pravica je bila že podelitev onim, ki so prišli pred 3. junijem 1921. Naj se pa ta pravica raztegne tudi na te, ki so prišli kasneje do 1. julija 1924. Čim se inozemcu dovoli, da ostane tukaj za vedno in je dokazal, da upošteva višje dežele, naj se mu omogoči, da se s polno pravico udeleži življenga v tej deželi, tudi če je začetna koma prišla nezakonito.

Deportacija. Strogost iz nepravilnosti, ki za vedno izključuje iz Združenih držav vsakega inozemca, ki je bil kedaj deportiran, naj se popravi s tem, da se tajniku dela podeli pravica, da dovoli povratek deportiranega inozemca v obzira vrednih slučajih. Sedanji zakon, ki je bil vznikan l. 1929, ne jemlje v postev, radi katerega razloga je bil eden prednosti, kajor zgoraj. Ali ste ra to, da se ti načrti sprejmejo ali ne? Aje, ali ni primerno, da se priseljevanje prekine v odpom nezaposlenosti? Ako je modro, da se priseljevanje prekine v odpom nezaposlenosti? Ako je modro, da se prekine, kake vrste priseljenici naj se izvrazenie iz te ustavitev priseljevanja?

All naj bo prav ali ne, da se ustavi priseljevanje in preprečitev večje nezaposlenosti? Foreign Language Information Service je mnenja, da se obvaruje enotnost družine in da se storiti potrebno za pripravitev sorodnikov državljanov in inozemcev v obziru vrednih slučajih. O napeli božični prireditvi

Cleveland, O. — Društvo "V boj" št. 53 SNPJ je saznamovalo na božični dan, dne 25. decembra, lep uspeh. Društvena božična prireditev je bila sijajen u-speh. Dvorana S. D. D. na Waterloo cesti je bila napojnjena in občinstvo, kakor tudi članstvo društva je z izidom lahko zadovoljno.

Za uvod nam je zaigral Barbicov orkester koračnico in valček, nato pa Frank Barbic povedal par žaljivih ter oznanil pričetek žaloigre "Trije ptički".

Igra je jako zabavna, a tudi malo predolga. Smeha je bilo na koncu. Igrali so se imenitno odrezali. Svoje vloge so odigrali sijajno, da bi jih ne bili mogli bolj. Posebno so ugajali "ptički," ki so izzvali burje smeha.

Po končanem dejanju je spet Barbic povedal "nekaj za smeh" in naznanih nastop sester Česnik in da "Tirolski trio," ki je bil na programu, ne bo nastopil radi bolezni enega člana. (Škoda, ker tisti "Tirolci" so se nam prav prijavili ob prilik prireditve kluba št. 49 JSZL) Nastopile so sestre Česnik v četverospevu ter nam zapele lepo pesmico, ki je občinstvu tako ugajala, da je z burnim aplavzom priklicale pevke ponovno. Nato je nastopil John Resnik ter nam zaigral nekaj prav lepih na piano-harmoniko in tudi na "Svetu noč" ni pozabil. Resnik je pravi mojster v izigranju na omenjeni instrument in navzoče je njegovo igranje tako navdušilo, da so ga dvakrat priklicali nazaj. Preprčan sem, da bi ga vsi radi poslušali še eno uro.

Sledilo je drugo dejanje igre, ki je bilo kot prvo odigrano imenitno. Spet polne žaljke smeha. Igralcem je občinstvo navdušeno plaskalo. Po končani predstavi smo se drenjali v spodnjo Domovo dvorano, kjer smo se neprisiljeno zabaval do počnoči. Prireditve društva "V boj" je bila veseljana uspešna (stodostotno) in gotov sem, da bo društvo priredilo še kaj podobnega, da bo spet uspeh kraljal delo članov tega društva. Bil je eden tistih večerov, ki cloveku ne gredo radi iz spomina.

Stoletnica prvega stavbinskega in posojilnega društva v Ameriki

Waukegan-No. Chicago, Ill.— Bilo je mrzlega zimskoga večera, ko se je pred 100 leti 3. januarja 1831 zbral nekaj mož v Frankfort, Pa., da se posvetujejo, kako bi bili najložje, da bi eden drugemu pomagali, da bi si bili član tega društva. Bil je eden tistih večerov, ki cloveku ne gredo radi iz spomina.

ZAKLJUČKI GL. POROT. NEGA ODBORA.

Zadeva društva št. 56-369

Brat Joseph Zavertnik, član društva št. 56, New York, je obtožil Steve Fabjana, člana društva št. 369, Collinsville, Ill., zaradi dopisa "Se h komentariju," ki je bil priobčen v Prospective št. 184 dne 6. avgusta 1930. Br. Zavertnik je predložil obtožbo najprvo pri društvu št. 369, ker pa društvo št. 369 zradi nezdostnega števila članov in moglo imeti društvene porote, ne obravnave, je bila celo zadeva predložena glavnemu porotnemu odboru v rešitev.

Glavni porotni odbor je predloženo zadevo vzel na znanje ter skušal rešiti na bratski način in dogmati, kaj je brata Fabjana privedlo do tega, da se je poslužil javnega napada na pokojnega brata Zavertnika. Br. Fabjan je bil v smislu pravil obveščen o obtožbi in prepis iste mu je bil predložen kot določa 7. točka XXI. člena pravil, toda on se ni oziiral na pravila in njih določbe, ki se navedene v točkah XXI. člena pravil, temveč se je poslužil nepravilnosti in odkloniti biti zaslišan na poslagi predložene obtožbe. Br. Fabjan je bil ponovno obveščen o zadevi dne 20. novembra 1930, potom registrirana pisma, katerega je pa odklonil sprejeti in se pokoriti pravilom SNPJ.

Glavni porotni odbor je na tej podlagi prišel do soglasnega zaključka, da je br. Steve Fabjan kriv kršenja 8. točke XVI. člena, in 8. točke XXI. člena pravil, ker je v svojem dopisu naredil znacjaj pokojnega brata Jozeta Zavertnika.

Ker je brat Fabjan odklonil zaslišanje, je s tem dokazal, da je kriv kršenja pravil SNPJ, in glavni porotni odbor je s tremi glasovami proti enemu odgovoril, da se br. Steve Fabjana kaznuje s trimesečno suspenzijo, katera je bila navedena v točkah XXI. člena pravil, temveč se je poslužil nepravilnosti in odkloniti biti zaslišan na poslagi predložene obtožbe. Br. Glavni porotni odbor je na tej podlagi prišel do soglasnega zaključka, da je br. Steve Fabjan kriv kršenja 8. točke XVI. člena, in 8. točke XXI. člena pravil, ker je v svojem dopisu naredil znacjaj pokojnega brata Jozeta Zavertnika.

Ker je brat Fabjan odklonil zaslišanje, je s tem dokazal, da je kriv kršenja pravil SNPJ, in glavni porotni odbor je s tremi glasovami proti enemu odgovoril, da se br. Steve Fabjana kaznuje s trimesečno suspenzijo, katera je bila navedena v točkah XXI. člena pravil, temveč se je poslužil nepravilnosti in odkloniti biti zaslišan na poslagi predložene obtožbe. Br. Fabjan je bil ponovno obveščen o zadevi dne 20. novembra 1930, potom registrirana pisma, katerega je pa odklonil sprejeti in se pokoriti pravilom SNPJ.

Na pragu novega leta

Leto je košček časa. V življenju posameznega človeka in manjših skupin ljudi je to velik kos — v zgodovini življenja in vesmirja ni to nit. Leta jo časovna enota, ki jo je človek postavil. Človek je sam razdelil čas v leta, stoletja in tisočletja v velikem ter v mesecu, tednu, dnevu, ure, minute in sekunde v momentu. To je bilo potrebno. Brez enot časa, prostora, tekočin in drugih predmetov bi bila konfuzija; civilizirano življenje človeštva mora imeti razne vrednotne, ki se merijo in družno ugotavljajo po nekih enotah.

Razdelitev časa v leta je človeško delo, soneče na prirodnih pojavih — zemlja obleti sonce v tem koščku časa — in ta razdelitev je prišla po dolgem opazovanju. Človek je živel na tem planetu milijone let, ko še ni poznal te mere časa. Prvi zaznamenek, ki ga je opazil, sta bila dan in noč; drugi je bil mesec, ki so ga označevali spremembne lune. Leta je prišlo že pozno. Razna primitivna ljudstva so imela različne časovne enote, ki so se razvile iz različnih pojmovanj o gibanju nebesnih teles: sonca, lune in zvezd.

Vse znanje in dognanje človeka zavisi od opazovanja. Einstein uči, da je čas s prostorom vred četrte dimenzije. V podrobnosti, kaj naj to pomeni za preprostega človeka, se ni vredno spuščati. Prej se učili da je čas "trenutek med dvema večnostima (preteklostjo in bodočnostjo)". Einstein pa pravi, da je čas relativen: človek gleda v preteklost in bodočnost, zato mora imeti sedanost, v resnicu pa ni prve, druge ne tretje, pač pa je ena sama večnost, ki teče v krogu in se vedno vrača, tako da je naša "preteklost" enkrat v bodočnosti in "bodočnost" v preteklosti! — Najlože bomo razumeli, če pomislimo, da pojmi preteklosti, sedanosti in bodočnosti veljajo le za človeka: samo on je postavil te pojme iz svojega življenja in za svoje življenje. Mušica, ki živi le en dan, ne pozna teh pojmov. Nasprotno pa ima inteligentno bitje, ki morda živi na planetu v osoljnici Sirija po 10,000 let našega časa, vse drugačne pojme o času. Vse je relativno! Vse to je odvisno od tega, kako in od koda opazuješ zunanjih prostor.

Kaj imamo od tega? Zakaj to razmišljamo? Zato, da spoznamo, kako človek rad varja samega sebe z velikimi učinki malih vzrokov — in kako velik suženj navad je človek. Ljudje večinoma misljijo, da se leto začenja 1. januarja že od začetka sveta in tako ostane do konca sveta. Pa bi bilo prav tako dobro, da bi bilo novo leto 1. maja ali 1. septembra! Stari Rimljani so bili bolj praktični, kar so začeli leto na spomin na preordinito narave. In prav tako dobro bi bilo, če bi sedanjog dolet leta razpolovičili in naredili dve leti iz enega — ali pa naredili eno leto iz sedanjih dveh. Ves dobiček in vsa izguba na času bi bila le relativna. Dejstveno ne bi ljudje niti pridobili in niti izgubili.

Razume se, da ne bo vedno tako ostalo. Naša časovna mera datira iz otroške dobe človeštva. V bodočnosti, ko bodo ljudje drugače pojmovali življenje, si bodo nedvomno bolj praktično razdelili čas. Zahteve po novem koledarju s krajšimi meseci se že slišajo. Rusija je naredila prvi poskus krajšega leta. Se v tem stoletju pridejo velike izpreamembe in ena od teh bo, da odpravijo štepitev let pred in po Kristovem rojstvu in postavijo novo časovno erou, ki bo bolje odgovarjala novejmu veku znanstvenega svetovnega naziranja.

Človeštvo se vedno uči in zato je vedno bližje resnic. Vse resnice vsekakor ne izvenikdars, ker bo prej zemlja umrla, izve pa vedno več odlomkov resnic. Eden teh odlomkov resnice je, da je človeški rod na zemlji sičajni naturalni pojav, ki je bil prepuščen prirodnim in po teh svojim lastnim silam v oblikovanju svojega življenja. Zemlja ni nobeno središče vesolnosti, temveč le neznanen prasek v vesmirju. Izvenzemsko življenje, kjer koli je in kolikor ga je, se ne briga za nas in najbrž niti ne za našo eksistenco.

Prepuščeni smo torej le sebi samim in od nas samih je odvisno, kakšno bo naše življenje. Človek hrepeni po sreči in ob novem letu je stara navada, da si voščimo srečo — toda sreča je tudi relativna. Vsak posameznik in vsaka skupina razume srečo po svoje. Neke idealne sreče, o kateri vsakdo rad sanja, ne bo nikdar. "Najblizičji ideal bi bil, da ima človeštvu čim manj trpljenja in čim več sladkega užitka od svojega življenja in dela. To lahko doseže, kadar v ta namen organizira svoj zdravji razum."

LJUDSKI GLAS

Slobodna beseda članov S. N. P. J.

Malo odgovora

Chicago, III. — V št. 302 Prosvete je pionir iz Lyonsa, III., v samohvali skušal nametati članstvu peska v oči. Da se je ognil, mu je dal povod dopisanik, ki se je predzrnil v javnosti pohvaliti sedanjem gl. odboru SNPJ, ker dobro gospodari in se je radi tega čutil prizadetega, kot biš gl. "predsednik, blagajnik in več let pomožni odbornik". Tako pravi pionir. Kdor pa pazno precita njegovo kritiko ne bo dobil drugačnega vtisa kot, da je to pionir izrabil in izil malo jeze na gl. odbor.

Posebno na piko je vzel gospodarski odsek, ki ga skuša predstaviti članstvu za nepotrebnega. Poleg pa govori o "zmrznenih" in nič vrednih bondih, katere lastuje jednota. Pozabil je pojasnit, da je večina teh bondov kupljenih v "zimti dobi", ko še pri jednoti ni bilo gospodarskega odseka. To bi moral vedeti, saj je imel na zadnjem konvenciju popolen pregled v gospodarstvo jednote.

Dalje kritisira gospodarski odsek, ker spojine pravila ter ne kupuje bondov kar na slepo. To dokazuje, da se še ni potrudil prečitati pravil. Posebno pri arcu mu je Chicago; je dobro, kar je kupljeno v Chicagu, posebno bondov ne dobija na celem svetu boljših. Nikdar ne bi verjel, da je pionir tako vnet za Chicago. No pa ni resnica, da je vse dobro, kar se kupi v Chicagu; tudi pri nas se prodaja veliko slabih bondov. Zadnjo počud je obstojala prav resna nevarnost, da zmrznejo tudi čiščenski bondi, čeravno so po plonirjevih nazorih najboljši na svetu, zato je tudi vzrok, ki dovolj močno priča, da bi bilo zelo nespatno investirati vse jednotno premoženje v čiščenske bondje. Je zelo smešna trditev, da so čiščenski bondi prvoravnali; to trdi le tisti, ki malo ve o bondih. Zato ni pravnički jednotna škoda, ker nima takih gospodarjev, kajti te vrste ljudje misljijo, da je Chicago edino varno mesto za investiranje in jim je vse drugo spekulacija.

Pionir se tudi ne strinja z idejo, da bi se način kupovanja bondov preuredil v smislu zaklica zadnje konference Jugoslovenskih podpornih organizacij. Sklepam, da je povrno prečital zapiski te konference; ni ga pravilno razumel. Ker ni nikjer omenjeno, da se katero organizacijo pretvori v banko ali "broker biznes", ampak le skupno kupovanje bondov za vse organizacije, kar ne more imeti drugega kot dobre posledice za vse organizacije. Torej je neopravljeno vsako podprtka o spekulacijah, o bankah in broker businessu.

Ker smo že pri spekulacijah in bankah, se predzrnem vprašati kakšni motivi so bili vzrok, da se je pred leti, ko sta za jednoto investirala denar gl. tajnik in blagajnik, preneslo čekovni račun iz Kaspar State banke na American State banko, čeravno je bila zadnja banka manjša?

Kar se tiče zavisti radi trgovcev, je v naši organizaciji ne opazim. Opazil sem pa na naših konvencijah, da se ni na nobeni, kolikor sem se jih jaz udeležil, delalo nobene stánovne razlike, kar mislim da je čisto prav. V jednoti ne poznamo trgovcev ne delavcev, pač pa smo bratje in sestre.

Frank Alesh, član društva št. 1.

Moje mnenje o Zaitzovem nadzorovanju

Cicer, III. — Predsednik gl. nadz. odbora SNPJ, Frank Zaitz, je v Proletarju porabil več stran, da priobčevanje računov iz jednotnih arhivov. Članstvu SNPJ je sicer znano, da jednotni arhivi so, ali bi vsaj moralibit nekaj nedotakljivega, kolikor se tiče zunanjih in osebnih bojev. Vai dobro vemo, da Frank Zaitz, četudi je gl. nadzornik, ni imel nobene pravice nositi jednotnih arhivov v Proletarju. Začnja konvencija je sklenila, da se Kobalovi računi ne objavljajo v celioti, a gl. nadzornik je sam prvi kršil zaključek konvencije.

Ampak jaz se v tem dopisu hočem omejiti le na to, da po-

Ljubljani oglašajo Zadružno banko.

Iz vsega omenjenega priobčevanja odseva osebno sovraščenja nadzornika proti Kobalu. To smo vedeli tudi na konvenciji, na kateri je Zaitz vsled Kobalovega računa potratil jednoti skoraj 4000 dolarjev. To je gl. nadzornik! Članstvo pa naj plačuje radi njegovih osebnih bojev! Ce bi bil mož na svojem mestu, bi preiskaval, zakaj ima Prosveta redno izgubo, zakaj ima jednota toliko tožb, katere skoraj vse izgubi in zakaj mora jednota plačevati "oceanske" stroške, ko pa je izletni urad konvencijo zagotovil, da jednota ne bo stal niti centa?

Glavni nadzornik SNPJ naj opusti osebno brskanje proti članom, ki nočejo več garati za njegovo "socialistično" maščivo ter naj se poglobi v jednotne probleme, za katere je plačan. — Frank Vidmar, član društva 270.

Priporaba uredništva: V gornej kritiki je mnogo zavijanja dejstev glede jednotnih tožb, potrateča časa na konvenciji itd., na kar bodo nedvomno odgovorili prizadeti odborniki. Uredništvo želi omeniti le, to, da bi br. Vidmar prej uveril člane o resničnosti svojih trditev glede poroci iz Ljubljane v Prosveti, če bi navedel tudi dokaze. Kdaj in kolikokrat je bila v poročilih reklama za Zadružno banko?

Editorial Notes

Keep abreast of the important lodge and labor happenings of the week by reading the English Section of the Prosveta regularly. Our contributors include many well informed columnists whose paragraphs make interesting reading. Our latest, most productive and faithful contributor of the year no doubt was Louis Kosca. There are others worthy of mentioning but were not quite as loyal. His contribs are devoid of pueril missiles, always constructive and essentially mature.

The Cleveland Federation of our lodges is sponsoring a mammoth Relief Dance for February 22 at the Slovene National Home on St. Clair, for the benefit of the unemployed members in Cleveland and vicinity. The local Slovene merchants are responding generously by making liberal donations; their names appear elsewhere in this issue of the Prosveta. A Similar Relief Dance is being arranged by the Chicago District Federation, to take place Saturday, January 10, at the SNPJ Auditorium. Huge preparations are under way, and it is expected that a number of the needy members will benefit.

Louis Adamic, who needs no further introduction, writes in the Harper's Magazine for January another startling article "Sabotage," revealing in it amazing facts regarding the workers' effective measures in trying to gain recognition. The situation described therein is part of the profit system which degrades human beings and especially the underdog. Adamic also contributes simultaneously a piece in the popular weekly review *The New Republic* for the week of December 21. Both publications can be secured at a nominal price at any magazine stand.

Good Wishes

When this issue of the Prosveta will be in the hands of our readers the New Year will be ushered in beginning its adventure into the unknown future. Good wishes will still linger and render the air with their yearly greetings. But if good wishes were the same as good accomplished, we would be all happy, wealthy and healthy in another week; for this is the time for generous wishing.

It has been wisely said that mass misery, like mass production, is the work of foolish men; for are we not still unable to avail ourselves of the blessings of science, invention and discovery to the fullest extent? If man were wise instead of being the unmotivated fool that he is, he would know that the only purpose of his inventions—from the crude stone age to the present day of complicated machine—is to lighten the struggle for existence, to give to man a larger measure of life, liberty and happiness, we would not find today millions of people the world over living in want.

It is not the work of Mother Nature that in this country today we have some seven million unemployed, and many million more who are living in daily fear of losing their jobs. It is the result of man who does not know how to use wisely the acquisitions of science and discovery to enrich and ennoble life; we employ the modern inventions but we do not employ our thinking capacity to sanely distribute the surplus of mass production.

It has been often uttered that sane people work to live; insane people live to work. We haven't sense enough to know that the only purpose of industry is to supply humanity with the means of life, comfort and enjoyment, and not the accumulation of enormous wealth is today controlled by the few who are using it to enslave their brethren.

In the struggle for shorter work days and higher wages which can give security, peace and comfort to the masses and prosperity in general during the past year, thousands of workers have been jailed and otherwise molested and murdered, due to the stupidity and ignorance of the captains of industry.

Empty pockets and full stores are an irreconcilable contradiction, which realization more and more people are beginning to see. It is sincerely hoped that with this realization will come the much needed understanding that labor unions are not enemies but real blessings of society. And with that thought in our mind we wish that the light will break into the tents of the oppressed masses, so that they themselves will carry out their good wishes for the realization of plenty and comfort of all.

SUCCESS

By C. C. CAMMERON

GENIUS, that power which dazzles mortal eyes,
Is oft but perseverance in disguise.
Continuous effort of itself implies,
In spite of countless falls, the power to rise.
Twice failure and success the print's so fine.
Men sometimes know not when they touch the line;
Just when the pearl is waiting one more plunge,
How many a straggler has thrown up the sponge!
At the tide goes clear out, it comes clear in;
In business 'tis at turns, the wisest win;
And oh, how true when shades of doubt dismay,
"Tis often darkest just before the day."
A little more persistence, courage, vim,
Success will dawn o'er failure's cloudy rim.
Then take this honey for the bitterest cup:
There is no failure save in giving up;
No real fall so long as one still tries,
For seeming setbacks make the strong man wise.
There's no defeat, in truth, save from within;
Unless you're beaten there, you're bound to win.

By Ann & Ann

Springfield, Ill.—Congratulations are extended to all newly elected officers of SNPJ lodges. May the year 1931 be more prosperous in all respects, especially the drive for new members.

President Joe ("Dilley") Adamic was elected as chairman of our Fifth Anniversary dance, Feb. 15. "Dilley's" some hustler, therefore we are expecting this dance to be a real success. A meeting of the Committee, selected by the Chairman, will be held at the home of Brother Ed. Jansen, Friday, Jan. 2, 8 p.m.

Christmas day found all the Lincolnite Juveniles visited by Santa Claus. Each child received a gift and some candy.

Many Lincolnites attended the SNPZ and SNPJ "Mother Lodge" dance, Christmas eve. There were also three Young Americans, two Pioneers and many SNPJ members from Virden and Auburn present. We hope you enjoyed yourselves and want to see you present at our coming affairs.

To all our friends a very happy New Year.

Sunflower Seeds'

Arma, Kan.—The Sunflower Dance Committee has been working hard for the past two weeks in preparation for the Big Sunflower Dance to be given Friday, January 2, at Frontenac, Kan. Everybody can start the New Year right by coming to this event which the Sunflowers promise to be a red-hot special on the Sunflower calendar for 1931. As far as is known there are no other dances scheduled for this night and those of you who are still celebrating the New Year can certainly "Keep Your Sunny Side Up" by dancing to the inspiring tunes rendered by the pep-py Golden Ace Dance Orchestra which has been engaged for this special occasion.

There will be plenty of refreshments and a wonderful evening of fun and entertainment is in store for you.

The Sunflowers extend a cordial invitation to the Hearts of Kansas City, Roses of Frontenac, Rangers of Cherokee and especially do we invite the neighboring senior lodges to attend this gala affair and until then, we wish you a happy, prosperous New Year.

Frederick C. Godina, Vice-Pres.

Jolly Allis Lodge No. 696

West Allis, Wis.—Our sec'y. received a typewriter as Xmas present. The boy's basketball team is getting along fine; they ought to get the championship. They look good in their new sweat jerseys. Our manager, Bill Erman, is so busy that we had to elect Emil Tersak to assist him. One of our star players, "Curley," is in Minnesota on his vacation. How is the girl's team getting along? Can you manage them well enough, Sis. J. Bevra?

We enjoyed the visit of Anton Perne from Galesburg, Ill., who visited his sister Mary.

We expect J. Knafelc to play for us at our next meeting, Jan. 13. Let's make thirteen a lucky number, by all attending the meeting and bringing new members.—"Lonesome Jack."

Waukegan

The annual meeting of the Little Fort Lodge was held Dec. 18. The officers to serve during 1931 are: Jake Novak, President; Louise Zelenak, Vice President; John Kavnik, Sec'y.; Frances Hrvatin, Rec. Sec'y.; Mary Troha, Treasurer; Mayme Stritar, Angela Dee and Jack Meseck, Trustees; Anton Nagode, Sergeant-at-arms.

The Little Fort is celebrating its Fifth Anniversary on Feb. 1 and we want you all to reserve that day and spend one grand time with us. The play "Who Wouldn't Be Crazy?" is very promising and you will see for yourself that there is some real talent among our members. Come on West Allis, Stalwarts, Pioneers, Badgers and all SNPJ lodges, let's all be there.

Our boys have a winning team this year. Under the management of Stanley Suster we could lick any team. There is a game held at the Hattie Barwell almost every Sunday and we would like to see all our members there to lead our team to victory.

When we are young we are easily roused by patriotic speeches; and "defend our dear country" appeals, thinking it heroic and brave we march to battlefields to kill innocent men who never as much as crossed our paths of life; and who would be our friends had they not been taught as we, to "defend their country" by

Campaign Talks

MID-WAY

Half of our campaign days have already left us. There remain only 90 days more in which our young folks can attain success for their lodge. Within the next two weeks we hope to be able to print the standings of the different lodges for the first half of the campaign. We have stressed our desire that you folks would go to your job. The campaign committee has tried to encourage you in spite of all adversities. To place plans and advice before you. Soon enough you will be called upon for an accounting.

It is not too late. It is never too late. Ninety days still remain for you. If you were to be sentenced in 90 days you would hustle and tussle to prepare your evidence and select your witnesses. You would not hesitate one hour, would you? Of course you would not. Well, in 90 days we will pronounce our sentence and we would rather give out 500 prizes than only 50. We are like the hard judges and we will give you the maximum in penalties.

Get up a good fireman and steam up good, for the winter will be cold. Make him keep full steam and go full steam ahead.

CAMPAIGN COMMITTEE.

Pennsylvania News

The dizzy pace of this fast-moving world has taken away another year into the past; 1930 has flown with the fleeting time and our history books will record it as the year of the great financial-economic depression. It will be recorded as a year of great success to our progressive organizations; the working class movement is being enlarged as a result of the great economic crisis existing; the Youth of the Slovene National Benefit Society is marching forward to bigger successes.

Our own pages of the Prosveta are improving with every issue with contributors growing from time to time. Articles from our various columnists are of an educational nature, Amas P. Krause, L. Kosca, Incognito, Moonbeam, Victor Jakovac and many others write interesting articles that are worth while reading.

Let us look back to Dec. 31, 1929, and see what we had and compare with that which we have now attained in the past 12 months. Our English Speaking Movement in Western Pennsylvania was very weak, a few lodges were in existence. On Dec. 28, 1929, the Keystone Trojans joined our movement giving to the SNPJ such capable leaders as Ludwick Zupancic, Ralph Ivacic and Louis Berlich. Just prior to this, Lodge 682, Jose Zvernik of Library, Pa., was organized, on Oct. 21, 1929. Here we found youth, full of ambition, Sis. Bertha Intihar and Bros. Lickovitch and Prnjat, working hard since its origination.

The above two lodges with the Pioneers of Washington County and the Jolly Juniors and Morning Stars were practically all we had here in Western Penna. In the past year we were strengthened considerably, our youth was organized in a big way, leaders and columnists were uncovered. Today, we possess the treasure that was hidden a year ago. The SNPJ name is heard everywhere, our youth has proven to be a better advertising medium than any newspaper. Our task, however, is yet incomplete; we must reach into every corner and increase our ranks.

The Revellers of Ambridge, organ-

ized in April, have marched forward in leaps and bounds under the capable leadership of Bros. Grandovich, Johnny Licker, Louis Kosca, a great columnist, and Martin Spec. Sister Zorman, Joseph Rosemberger and others, too numerous to mention, have shown such a wonderful spirit that their lodge could choose no other course than the one upon which they are. Success is theirs and we wish them that much more in the year of 1931.

The Veronians of Verona; Lucky Stars of Imperial; Ramblers of Harmarville; Comets of Universal; Charioteers of Clairton; Excelsiors of West Aliquippa; Torch of Liberty of Latrobe; True Pals of Luserne along with the Revellers were organized in 1930. It is a great achievement performed by Slav Youth that is trying to be worthy of their name as heirs to a great organization founded and maintained by our fathers some twenty-six years ago, only through hard efforts and struggles.

The above mentioned lodges were not merely organized to exist; they are increasing their membership, they are actively engaged in social and recreational functions, molding a chain, a golden chain of true brotherhood.

On Christmas the Pioneers of Washington county staged their Annual Dance and it was a real treat to mingle in that merry crowd of Revellers, Excelsiors, Jolly Juniors, Jose Zverniks, Muketeers, Lucky Stars and members from Southview, Meadowlands, Washington, Bridgeville and other places. The vision of that indestructable chain of brotherhood at the various affairs, repays one who works hard in such attainments. The Pioneers of Washington county have endeavored to entertain all in a brotherly manner. They hope you enjoy yourself while visiting us and they thank you all for attending our affairs which have proved to be successful from every angle through your patronage.

Best wishes for a happy and prosperous New Year to every lodge and individuals for the year of 1931.

Fraternally,

John F. Kutch.

When We Are Young

When we are young we are apt to be gay and merry, even if the sea of our voyage through life is rough and the skies above us threatening with terrific storms. We are young, so we sing and dance and defy the winds and storms, or at least we think we are defying them.

When we are young we own the world from pole to pole, and because we think that it already belongs to us we do not try to get the possession of it, for the benefit of the days when our youth shall vanish.

When we are young we think our elders' ways old-fashioned or even ridiculous at times, and their worries over us unfounded—therefore we prefer to learn about the hardships of life's journey through often unnecessary experience rather than listen to the well-wishing advice of the experienced persons.

When we are young we make bitter mistakes often-times, only because we think that we need no guide nor counsel, and sometimes because we have no will of our own and depend on others to show us which way to turn.

When we are young we are easily roused by patriotic speeches; and "defend our dear country" appeals, thinking it heroic and brave we march to battlefields to kill innocent men who never as much as crossed our paths of life; and who would be our friends had they not been taught as we, to "defend their country" by

STRUGGLERS

By "Lindy" Lokar

Cleveland.—Here goes the opener for 1931. Are you sat on your resolutions? Let your main one be "One or More New Members Before March 31." Don't say, "It can't be done," but do it today. Strugglers, remember you held first place on Jan. 1, but lost it just 26 hours later. What's wrong? Are you going to let the Pioneers on top? • • •

Our senior Lodge No. 53 did a very good deed on extending a helping hand to the poor on Christmas eve. Over 50 poor families were taken care of. • • •

Our friend and loyal Brother Tom-y-Torcek is sojourning somewhere in the Penna. Rockies. Give all our friends down there our best wishes. • • •

Once again: Don't forget the Strugglers' Grand Valentine Dance on Sat., Feb. 14, with the Arcadians Melody Pilots at the command.

But the Big Day, the day of all days, will be Strugglers' 4th Anniversary, Sunday, April 26, with dancing in both halls. Souvenirs aplenty. Out of town lodges accept our kind invitation. • • •

Wed. eve., Jan. 7, will only go to show just what the Strugglers did for their lodge for Christmas. If you failed to take that new member to the doctors, do it today.

Torpedo's Bachelorites are the next dish of enjoyment on Cleveland's opening SNPJ program for 1931. They will open with a Cornflower Dance on Jan. 17 at the well known Wooden Slipper in Euclid. • • •

The newly organized Strugglers Harmony Aces will open their engagements on Cleveland's new radio station soon. Tune in and hear them, folks. If you enjoyed their program Sunday, send in your requests to yours truly, and we will try our utmost to accommodate you.

Dr. Wm. Laushe deserves a big hand in the way he is putting the Slovene program over the air. Tune in any Sunday afternoon between 5 and 6 o'clock for your favorite number and let us hear from you. • • •

The Quacks opened 1931 New Year's Eve with a bang of a reception for the final three months new membership drive. They plan action aplenty. • • •

On behalf of the Quacks and myself I wish to thank all for the many greeting cards. In return we wish all a very prosperous New Year. Who will cop our Campaign drive? It closes March 31. • • •

Calumet Sentinels

So. Chicago.—Our election of new officers is over. Joseph Cervac, President; R. Kosic, Vice President; Sis. R. Krause, Sec'y.; Sis. J. Kubel, Rec. Sec'y.; Sis. A. Kubel, Treasurer. We also got a good standing committee, which we will mostly depend upon. The final meeting was fairly well attended, but could be better. We had two visitors, Bros. Lotrich and Novak. We thank them very kindly for coming down; want to see them in South Chicago again. We had a discussion on the Chicago District Federation and decided upon sending down three representatives to the next meeting in finding out more distinctly all about it. The Calumet Sentinels is going to be the next lodge to join the Chicago District Federation of SNPJ Lodges.—Tony (Pub. Com.)

Young Americans

By Herman Regel
Radley, Kans.—Now that the year has come to a close, I find myself enjoying a Christmas vacation here in Kansas, and will hear the New Year ringing in at a "Domeda Zabava" No. 72 of Radley. Due to poor working conditions the lodges are quite inactive, but when they do have a dance a real time is on in town.

Last Sunday I had the opportunity to see the Sunflowers' entertainment committee in action, directed by Ted Carnino, their President. They showed some fine ability while discussing plans for their dance to be held Friday, Jan. 2, at Frontenac. It's up to all the members to give Carnino full support, for he is working hard and with your support even more can be accomplished. • • •

The Reveliers' Column

Ambridge, Pa.—1931 is here! A year of great possibilities and should be one of memorable activities and of commendable progress in every department of the Society. Individual locals can best promote the welfare of the SNPJ by increasing their own membership, by displaying true fraternalism and by being socially active.

Some good news of the day is that Sis. Betty Obed is on the road to recovery.

The installation of the new Revelier officers will take place at the next meeting, Jan. 4, at 10:30 a.m. Each member must be present. It is the duty of the presiding officers to see that each meeting starts on time. Order should be observed; aimless bickering back and forth should be eliminated.

The members owe their support to those elected to offices; the officers have their obligations towards the members. To lighten the burdens of the secretary, pay your dues promptly.

Check and Double Check, thanks for your encouraging words. It would be a pleasure to meet the Badgers. Perhaps, some day.

The Slovanes responsible for the Slovane radio broadcast from Cleveland every Sunday should be complimented upon their venture. The program is interesting and quite a number of Ambridge folks listen in.

On Jan. 7 (usual time and place) the second half of the Reveliers' bowling league will begin. All bowlers take notice. The competition promises to be more keen in the second half.

It is rumored the Disgusted Reveliers will change their name to the Officers, as they are no longer disgusted with their bowling.

Our Pioneer Juvenile Slovane School had a record attendance last Saturday, right after the Xmas holiday. The children are attentive and a splendid atmosphere of friendship prevails. There will be no interruption of classes.

In each of the four preceding years we Pioneers have had the misfortune of losing one of our dear members, but fortunately 1930 was an exception; death has given us no setbacks this year. Incognito hopes that the end of another year (1931) will see all of us Pioneers together happy and healthy. And may all other English Speaking lodges record great gains.

We hope that our young folks and readers will all realize that hardships such as we have encountered during the past twelve months are not just a matter of course. When the system becomes so rotten that people must starve and freeze and trot the streets in search of work, with an overproduction of foodstuffs and other necessities than it's time that a change be made in the system. Socialism anticipates this change with your help, especially at election time.

At the beginning of the New Year it is our one desire to see the Pioneers grow and prosper. Without a question we Pioneers will secure many new members in 1931. If conditions improve at all, we should have 600 members at the end of the coming twelve months.

Help is coming from all sides for the unemployment dance, on Saturday, Jan. 10. A door prize has been promised thru Bro. Vuchich and Kosich. William Putz, Florist, will contribute carnations for the occasion. Miss Novak, secretary of the Federation, has had delivered just before Christmas eighteen big orders of groceries to eighteen needy Slovane families that have reported. Club No. 1 JSF has voted to contribute \$10 to the Federation Unemployment Fund. \$125.00 has been received to date.

Milwaukee, Wis.—Now that all the excitement surrounding the Christmas season has abated somewhat, we can come down to earth again.

Bro. Tony Hren and his folks have made a trip to Texas. We expect to have them back with us very shortly and are in hopes to be the recipients of a souvenir or two.

Now that we have a new Publicity Committee, we expect to have bigger and better articles published each week (if the Editor will accept them). Let's give the Pioneers some competition and have as many, and more, articles as they do. It doesn't take much time and effort to jot down a

few certain offices on committees for future affairs or doings;

4. To pay my dues regularly so as not to be in any danger of suspension;

5. To get as many new members as I can;

6. To make my behavior becoming that of a true Badger at all times, so that folks can point us out as examples and say: "I hope that my boy (or girl) will live to become a Badger such as this one we see now!"

7. Never to be "high-tail" or up-stage, but treat all my fellow-members with the true feeling of brotherhood; and

8. To be respectful of my superior officers at all times and take orders as they come.

We all have a normal amount of intelligence, and it will only take a slight amount of will-power to carry out these resolutions.

Since we Badgers are always up and around doing things, don't you think it would be a good idea to keep a diary of all our activities. We could mark down all the major and minor events of the year, and then at the end of the year, we could recall many happy memories by reading this diary. Suggest it at the next meeting.

In Milwaukee's campaign to relieve the situation of a many of the city's poor, the Badgers also had a part. Several poor families were fed by a large basket of food which were given them by the Badgers. Let's keep up the good work as long as we can and remember the old motto: "Do to others as you would have them do to you."

We have a sick member that would like visitors. She is Albine Stister, 2025 56th ave., West Allis. Cheer her up so that she'll recover quickly and be with us again. We wish her a speedy recovery.

The Dance Committee for the January 25 is working hard at obtaining ads. If any other members know of people that would give us an ad, please don't be shy and backward about asking them for a good-sized advertisement. Let's all plug for this coming dance and play, whether we're on the committee or not. It's YOUR duty as much as the committee's to make this affair as big a success as we can. "If at first you don't succeed, try, try, and try again"—and you'll see that it'll work.

Kay D. Zavertnik has recovered sufficiently to go back to her home at Clarendon Hills. We know she'll miss the old home town, so we hope she'll come back again soon; because she says she misses the cheery atmosphere of Badgerdom.

The first meeting of the New Year will be held on Friday, January 9, 1931. If you have read some of the above resolutions, you'll note what the first one reads, and if you have made that resolution, here's your first opportunity to stick to it. We kindly request that ALL Badgers be present at this first meeting, and help make the attendance 100%. Let's give the new officers a great, big helping hand and do everything we can to make our lodge the very acme of perfection.

From last week's Prosvesa we also note that most of the "old reliables" have been reelected into important posts of their respective lodges. They deserve the vote of confidence.

We hope to see all of you young folks at the unemployment dance Saturday, Jan. 10, 1931, at the SNPJ Hall and our popular musicians under Johnny Kochvar will render their best.

How much of the \$127,000,000 tax refund did any of you receive from our government? I'll bet you unemployed workers can vacation some more now—Yes, the U. S. Steel Co. received \$15,000,000 refund and hundreds of others rich individuals received thousands of dollars they didn't need. Can you imagine any large corporation overpaying on their incomes? Or any rich individuals? No sirree, Incognito knows that rich people make deductions for many, many things that you and me could never see, much less have. And the government is kind to them. To us workers, out of work—what have they done—talk—that's all. Don't you believe we need a change in the government?

PIONEER SPORTS

Chicago.—The Pioneer girls played their second game of the basketball season, Sunday, Dec. 21, at Franklin Park. Their opponents, a Jewish aggregation, called Zusses, held them to a 14-14 score. The score at the end of the regulation play was 13-13, one overtime period was played, and then by agreement the game was called. Although the score was tie the Pioneer girls outclassed their opponents in every department of game. The inability of the Pioneers to score their free tosses was costly, only two of the eleven free tosses being good.

There were no individual stars; they worked as one team, and gave proof of turning into a first class team. Alice Artach who is in charge of the girls was the high scorer making three baskets, while Captain A. Zaverink was right behind with five points, two baskets and a free toss. Michaleck who was the running mate forward for Artach played a good defensive game and scored one free toss. The Pioneer girls were handicapped by having only five players at the gym. Toward the end of the game some of the girls showed signs of fatigue.

The Pioneers started the scoring. Alice Artach scored the first basket and as the quarter ended a basket was scored by one of the opponents making the score 2-2. Baskets by Artach and A. Zaverink and a free toss by Michaleck brought the Pioneer total to 7; the half ended 7-4. The game in the second quarter was a seesaw affair, first one team and then the other was in the lead. The Zusses took the lead by scoring two baskets in rapid succession giving them a 8-7 lead. Then A. Zaverink scored another basket, putting the Pioneers in the lead, 9-8, with about a minute to play. The Zusses scored a basket putting them again in the lead 10-9.

In the fourth period the opponents brought the score to 12-9 before Eva could score a basket for the Pioneers making the score 12-11. The "Irish" made good a free toss putting them ahead 13-11; Artach saved the day for the Pioneers scoring a basket as the forth period ended leaving the score 13-13. Three minutes over time was played, the Pioneers scoring first on a free toss by A. Zaverink with about twenty seconds to play. Eva fouled one of the opponents who made good her free toss as the game ended. Although M. Zaverink did not score she played a great game at guard with her sister. The Pioneer girls need the support of the public; only about 10 Pioneer rooters being present.

The Pioneer boys also have promise of a good team this season; they are practicing every Sunday afternoon at 2 at Franklin Park, 14th street and Kildare ave. All members interested should come out for practice. The boys practicing are James Jachino, John Peterzell, John Artach, Jerry Dvorak, Jack Groser, Joe Savoic, Louis Kianenik, Joe and Ed Hudale.

REVELLERS' BOWLING LEAGUE

Ambridge, Pa.—The first half of the Revellers' Bowling League came to a close on Wednesday, December 17, 1930. The Jackateers led by Captain Katherine Rasky coped the crown for the first time. This gives them the privilege of playing the winner of the second half at the close of the season for the championship of the Revellers' League. Incidentally, it will be interesting to know that the players on the championship team will receive medals in recognition of their achievement. The players on the Jackateers' team are: Capt. Katherine Rasky, Betty Obod, Joseph Rosenberger, Rudolph Peitz, Edward Rosenberger, Arthur Sikorski, and Frank Posega. If the above seven can overwhelm the winner of the second half, they will have the honor of displaying the medals. Congratulations, Jackateers! The Jackateers took the lead in the early part of the season and were never headed by any of the other teams, although they encountered some very stiff opposition.

An active part in bowling was taken by about 30 members of the league. Each team consisted of seven players, five young men and two young women. The games were played every Wednesday evening at the Labenz Alleye.

There was also an Athletic Board composed of seven members, whose purpose was to settle any meager affairs which might arise in the League. Meetings were held every two weeks to discuss the progress of the League and ways in which to make it better.

The second half will begin on January 7, 1931, with the Officers (formerly Disputed Revellers) meeting the Jackateers, while the Rollers will match wits with the Kaisers. Note: The same procedure used during the first half will be followed during the second half.

"SPORTS"

Waukegan, Ill., Dec. 20.—Fast stepping local SNPJ basketeers made it five in a row. Although not exerted to the limit every local player who participated made at least one point.

Kovach, Troha and Zupanic were the high lights on the offense, while Kauchnick and Podbois displayed remarkable field play. Caldwell and Geske were the only ones of the visitors who had any success toward finding the hoop. Score at half: SNPJ 17, N. S. Arrows 10.—Reporter.

BASKETBALL

Chicago.—The Pioneer Boys' Basketball team opened its season with an impressive victory over the Lakewood team, the team that held the Franklin Park team to a one point victory the Sunday before. The Park team won the Park championship last year. Godina with the help of others piled up a 54-22 score; Gene "only" scored 21 in the second half. Jim Jackino, the star of last year's team, was missing from the line-up. John Peterzell played a nice game both on defense and offense, scoring 4 basket and a free toss. Groser also scored nine points playing at center during the first quarter the shifting to guard.

The Pioneers' starting line-up was E. Hudale and Artach at forward, Groser at center, Peterzell and J. Hudale at guard. The Pioneers took an early 4-0 lead on two baskets by Peterzell, with baskets by E. Hudale, J. Hudale, Groser and a free toss by Artach brought the Pioneer total to thirteen while Lakewood scored three baskets and a free toss leaving the score 13-7. With Godina at center, Groser shifted to guard, Dvorak and E. Hudale at forward, and Peterzell at the other guard, the Pioneers could not get started, scoring only five points, but holding Lakewood to four. Groser sunk two baskets and Peterzell a free toss.

Again changing their line-up, having Dvorak and Sajovec, at forward Godina, at center J. Hudale and Groser at guard, the Pioneers began functioning better, Godina getting "hot," sinking five baskets for a total of ten points. Dvorak scored a basket as did Groser, with Peterzell and Ed Hudale back in the game teaming with Artach, Dvorak and Godina, the Pioneers scored twenty-one points, Godina scoring eleven of them on five baskets and a free toss. Ed Hudale found his basket eye sinking three baskets, Peterzell and Dvorak also sinking baskets.

Next Sunday the boys play the "Age of Clubs" at Franklin Park, the game starting at 3 p. m. The Park is at 14th street and Kildare ave. Rooters are invited, so come out and root for your team. Next Sunday Jackino will be in the line-up strengthening them some. Games with SNPJ will be scheduled later. The boys plan to go to Detroit, Cleveland, Springfield, La Salle, Kenosha and other towns having lodge teams.
