AMPLIFYING THE VOICE OF THE ENGLISH SPEAKING MEMBERS

Current Thought.

LEADERS OF OUR UNION

Boys of today will be the men of tomorrow. Likewise will the young girls of today be the mothers of tomorrow. It is only through the propagation of the human species that the race of any nation continues to exist.

Youth plays an important part in the universe, for on him or her depends the future welfare of his race. For that reason youth of today is trained in the grammar schools the elementary subjects of life; in high school he is permitted to explore deeper the mysteries of life; in college he is still further trained to meet life as it comes, gaining experience.

In short, he or she is prepared for life, and by attending school enables one to grind the rough spots of ignorance and inexperience. By specializing in one particular line of work an individual becomes highly trained in his chosen field of endeavor. He is known as an authority on some particular subject.

If the fraternal organizations of today are going to continue to exist, let's say twenty or thirty years from now, they will have to depend on the youth of today. That is the reason why the South Slavonic Catholic Union has organized numerous English-conducted lodges devoted entirely in the interest of its youth. A juvenile department has also been organized, in order to acquaint the youth from childhood with the scope of the fraternal work maintained by our Union.

Youth of today must profit by the experience of the older members and profit by their example. Leadership must be cultivated by the English-conducted lodges of the S. S. C. U. that will eventually supplement the good work carried on at the present time.

Youth Should Assert Itself More

So it is up to us, the youth of the S. S. C. U., being members of the English-conducted lodges, to train ourselves in the scope of the fraternal work. Leaders must be trained that are capable of dominating a situation. Fearless leaders that have the interest of the lodges and the Union at heart. Leaders that are capable of holding the interest of members together and direct their energies through a common channel of accomplishments. Such is the task before the younger members of the English-conducted lodges.

That the English-conducted lodges of our S. S. C. U. have such leadership within their fold there is not the slightest doubt. Some of them have asserted themselves already, while others need but a little encouragement to bring them to the front. As time goes by such leaders will assert themselves more and more.

Nevertheless, more leaders of our lodges should assert themselves to the front. By doing so our Union will become even better known than it is today, with the scope of its fraternal work becoming imbued deeper in the hearts of the people.

MINIATURE GOLF

Why has the American public taken to miniature golf? Hard times are traditionally good times for the cheaper amusements. Baseball and the movies have had a good year. Men out of work, tired of tramping the streets, want some place to go; and a good many Americans who consider themselves destitute spend a quarter for a movie, or 50 cents for a round of miniature golf. After the slump of 1921 mah-jongg came to popularity and the bicycle overspread the land after the great panic of 1893.

There is another reason for the success of miniature golf. Millions of men play golf, but many that like to play golf cannot afford it. So when a group of men get together and discuss golf, the man that cannot afford to play golf remarks about so many strokes under par, referring to miniature golf.

While men with superior brains try to think our way out of the present business depression, others get along as best they can having a good time as cheaply as possible until things take a better turn. Hence the miniature golf craze. Other nations have done similar things. Herodotus says of the Lydians, "In the reign of Atys there was a terrible famine throughout their country. Then it was that they invented dice and knuckle bones, and ball games. And having invented these diversions—every other day they would play games all day long, so as not to have to hunt for something to eat; and on the intervening days they played no games but

ate instead. Thus they got along for eighteen years."

From this can be gathered that Lydians were resourceful people. Why didn't they work? Undoubtedly they did, until they noticed that under those weather conditions the hardest work brought them nothing. By engaging themselves in harmless recreations their minds were occupied until business picked up again.

Other inferior nations are full of revolutions and upheavals at a crisis of this sort. In America we do not become excited as easily, and perhaps the miniature golf craze is acting as a direct antidote.

FORD IN EUROPE

Mr. Henry Ford is paying double, triple, quadruple and even quintuple wages of his European workmen employed in his factories scattered through the larger countries of Europe. Of course, this gives the radical leaders of Europe room for argument, contending that European capitalists could easily afford to pay higher wages if it wasn't for their greed. When Mr. Ford first introduced mass production in Europe he was chided by many who reasoned that it could never succeed. But the American wages and methods have proved, and are proving, immensely successful in Europe. The almost prohibitive European tariff on automobiles has impelled Mr. Ford to set up his companies abroad.

According to statisticians the reason that Ford companies abroad are successful—the reason why they are making profits—is that they are employing the ideas worked out

Comments on Tourney Held in Chicago

Joliet, Ill.—National SSCU basketball and Illinois state bowling tournaments held on March 15 were a great success, with our SS. Peter and Paul Society A team taking first place in bowling, while Chisholm (Minn.) Jubileers took the national title in basketball.

I want to congratulate the bowlers and basketball champions, as well as other teams that participated. Special thanks are extended to Messrs. William B. Laurich and Andrew Spolar Sr. for the excellent manner in which the affair was handled and for offering us so much entertainment.

I wonder what happened to the Comrades Lodge of Waukegan, as their presence was sadly missed at the banquet. Perhaps the "crack" team had the blues for losing the match. I am wondering what the team will do with all the wearing apparel that was purchased in anticipation of the trip to Cleveland, to participate in the national SSCU bowling tournament, as was reported in the New Era. We would like to purchase those socks, suspenders and garters.

It sure is tough to lose, but here's hoping you better luck the next time we meet.

The closest match of the bowling tournament was between the Joliet second team and the Comrades' Boosters, the former winning by a margin of one point for the three-game series. Just the same, I think it is as good as a hundred pins.

At the last meeting held March 14 the chairman of the recreation committee announced a dance to be held some time during May in the Slovenian Hall. The exact date will be announced some time in the future.

Joliet SSCU No. 66 team of the Alamo League won two games and lost one to the Brewster; it thus places us in fourth place, having been tied for third place heretofore.

I also appreciate meeting Mr. L. M. Kolar, our editor of the New Era English section, as well as Mr. F. J. Kress, national athletic board chairman; Mr. Paul Bartel, our supreme president, and Mr. Rudolf Perdan, president of the Supreme Board of Trustees. Here's hoping we meet again.

in this country by Ford chemists, metallurgists, mechanical engineers, technicians of kind. When Europeans buy Ford cars they are paying money for these ideas. What Mr. Ford is doing is exporting not the product of American brawn, but the product of American brains.

Heretofore United States exported only material objects. But along comes Mr. Ford and exports ideas. Of course, this will prove profitable to all countries concerned as well as ourselves. Quite naturally, hostility of European manufacturers is aroused.

The percentage of car owners per capita in Europe is considerably less than of America. A class distinction still predominates. Only the higher class is supposed to be owners of automobiles. However, with Mr. Ford introducing mass production will enable a number of the supposed lower class to purchase automobiles, and thus class distinction will be somewhat lessened.

BRIEFS

Miss Jeanette Perdan, vocalist pianist, will appear in Waukegan, Ill., March 29, under the auspices of Comrades Lodge, No. 193, SSCU. On March 26 she is booked to appear in La Salle, Ill.

Pathfinder, No. 222, SSCU, is the name of the latest English-conducted lodge to be added to our Union. It is situated in Gowanda, N. Y. Anton Sternishia is president, Philip Palcic secretary and Ernest Palcic treasurer.

Chisholm (Minn.) Jubileers, No. 215, SSCU, national SSCU basketball lodge champions, received a grand reception from the Chisholm Boosters upon their arrival from Chicago, where they participated in the tournament.

Louis Nagoda, president of Export Majestic Lodge, No. 218, SSCU, met accidental death March 14, when an auto struck and dragged him about 100 feet on William Penn highway, between Export and White Valley, Pa.

Joe Vosmik, former Cleveland sandlot baseball player, is making an exceptionally good showing with the Cleveland Indians of the American League during the spring training held at New Orleans. Vosmik is 21 years of age.

Louis Zupancic is one of the stellar performers on the wrestling team of Western Reserve University of Cleveland that won the Ohio state collegiate title recently.

Relief for the Slovenian needy families of Cleveland, O., has been started in earnest and as a result about \$300 in cash has already been solicited. Mrs. Ann Rogelj of 6207 Schade Ave., was elected secretary in charge of distribution.

Frank Ilc Jr., Slovenian comedian and dancer, performed brilliantly on the stage and received rounds of applause Sunday, March 22, at the Slovenian National Home, performing between acts of "Vozel," a three-act comedy in Slovenian.

Rudolph Koza, backer of George Washington (SSCU) 1929-30 bowling team, was awarded a prize for shoe repairing at the Chicago Exposition in Shoe Industries.

Individual Averages

Collinwood Boosters, SSCU, No. 188, bowling team of Cleveland, O., has proved to be a thorn many a time to aspiring teams fighting for honors in the Inter-Lodge League. But not without reason, as the individuals comprising the quintet have bowled consistently good averages throughout the season. They are as follows:
Mike Krall 191.5
"Ham" Laurich 182.4
E. J. Elliott 178.7
F. Oberstar 177.6
Tony Laurich 175.8
Averages include games bowled or March 15.

Saying It With Comrades

Jeanette Perdan to Appear at Waukegan on March 29

Waukegan, Ill.—JEANETTE PERDAN CONCERT—AND DANCE. Under the auspices of the Comrades Lodge, No. 193, SSCU, a concert and dance will be held at the Slovenian National Home on Sunday, March 29. Miss Perdan will make her initial appearance at the local auditorium on Sunday at 2 p. m. sharp. Following her performance, a dance will be held on the lower floor and will last until the wee hours of the morning. Miss Jeanette Perdan, a member of the SSCU, is a soprano from Cleveland, O., and the only Slovenian-American who graduated from the Baldwin-Wallace Conservatory of Music. She has given vocal and piano concerts over the radio in English and Slovenian languages at different times. As this is her first appearance in Waukegan we are sure that you will enjoy seeing her. Admission for concert and dance will be 50 cents; admission for dancing only will be 25 cents. Refreshments and eats will be served at all hours. Proceeds will go for athletic activities. Members and their friends are cordially invited to attend the gala program.

In the Mother of God Church League the Comrade Girls lost two games to the league leaders, St. Ann's No. 2. Mary Petrovic topped the Comrades with a splendid 415 series, with games of 168, 122 and 125. Capt. Mary "Darling" Rode was next with 354. Ogrin led the winners with 445.

The St. Rocus Secret Five and the Comrade Boosters bowling teams will clash in the near future in the third of a three-game series; both quintets won a game in the previous two match tilts and are confident in taking the deciding tilt. This contest will cap the climax of the Comrades' bowling activities for the season. Baseball is just around the corner and the boys are very anxious to don their uniforms.

Oh, say, Athletic Board, attention! How about a baseball tournament? Who will be the SSCU 1931 baseball champions? Let's have your opinions.

SPORTING BITS

BASEBALL SEASON IS APPROACHING

Plans for the coming baseball season will be discussed at the meeting of the SSCU national athletic board to be held April 19 at Cleveland, O. Procedures whereby state, sectional and national champions of our Union will be decided are to be outlined. All lodges interested in baseball are urgently requested to submit ideas on the matter. Address all correspondence to either Louis M. Kolar, 6117 St. Clair Ave., Cleveland, O., or F. J. Kress, 204 — 57th St., Pittsburgh, Pa. Managers and captains are especially invited, although any member is privileged to offer ideas. All correspondence must be forwarded so that it will reach the offices of the two members mentioned before not later than April 12.

Both hard baseball and playground baseball will be considered. Information such as the number of lodges organizing teams in different localities will form the basis for the program to be outlined by the SSCU national athletic board.

It is very important that all lodges designate their willingness to participate in the coming baseball elimination contests. But first the team must be organized. Hence it is emphasized again that all lodges planning to sponsor a baseball team should divulge that information immediately.

It will be the aim of the athletic board to accommodate all SSCU units. And the more co-operation received from different lodges the more able will the athletic board be to meet the demands.

A plan similar to the one followed in determining the national basketball lodge champion may be adopted. First the state champions are to be determined, followed by contests with different state champions to determine the sectional winners, and finally a contest whereby sectional champions are to play for the national title.

Pennsylvania will have a number of hard baseball teams organized, as will Ohio and Illinois. Minnesota, Illinois and Ohio, and possibly one other state, will organize playground teams. The basis for this assumption is taken from the baseball teams organized during the year 1930.

Of course, prizes will be awarded. It would be a splendid idea to have members offer suggestions as to what type of prizes would be most appropriate to award the championship teams.

Svojeiga moža sem izgubila pred tremi leti, in zdaj mi je prenesti še izgubo drugega sina Louisa.

Najlepša hvala naj bo izrečena našim prijateljem in znancem za tolažbo in pomoč v žalostnih urah. Dalje naj bo izrečena prisrčna zahvala tudi društvom št. 57 JSKJ, št. 218 JSKJ in št. 218 SSPZ za krasne vence, istotako tudi lepa hvala za vence družini Zupančičevi, ter stricu Jacobu iz Pittsburgha in drugim sorodnikom. Prav lepa hvala tudi vsem, ki so dali svoje avtomobile na razpolago za pogreb.

Za pokojnikom žaluje mati, žena, štiriletna hčerka in dveletni sinček, pet sester in trije bratje. Naj mu bo lahka ameriška gruda! Uršula Nagoda, mati.
