S. S. C. U. LODGES IN CHICAGO TAKE LEAD

Two weeks ago the New Era Supplement reported the organization of a Sports Club by the S. S. C. U. lodges in Chicago, Ill. Illini Stars, newly organized lodge, is represented. The purpose of this club is to promote sports. Details concerning it will be published in the future editions of our special organ.

It is gratifying to note that the S. S. C. U. lodges in Chicago have taken such an interest in athletics. Lodges of S. S. C. U. should take notice.

Chicago has taken the lead. Who will follow next? Waukegan can justly pride itself on the achievements of Comrades Lodge. Their basketball team is a championship team. Their bowling teams are of a high caliber. Their baseball team was an aggregation that any lodge could be proud of. Chicago can also pride itself in having the SS. Peter and Paul lodge make things interesting for any bowling team. Who else but that lodge, under the capable leadership of Bro. J. J. Jevitz Jr., will sprout up with a championship outfit in the near line of sport.

Indianapolis has its Samaritans, who recently went to Waukegan and mixed with the Comrades in a basketball and bowling tussle. Cleveland has the Collinwood Boosters, George Washingtons and Betsy Ross to represent the S. S. C. U. activities. And, by the way, our Boosters are making things very interesting for other lodges in the Inter-Lodge League, holding the place in bowling.

These are the leading performers of the S. S. C. U., and naturally are holding the limelight.

But how about the other lodges of S. S. C. U.? Pittsburgher lodge of Pittsburgh is breaking into the limelight. According to their publicity man, F. J. Sumic (writer of the column headed "Pittsburgher"), Pittsburgh is going to make S. S. C. U. lodges up and take notice. And judging by the success attained in the last dance held by the Pittsburgher Lodge, one may expect great things from them. And why? Because they are doing things thoroughly.

MORE ACTION

S. S. C. U. lodges that have been backward in the matter of organizing teams should bring up the idea of athletics at the next meeting and form plans for future activities. Select a committee that will make a thorough investigation of the status of the lodge and have the members of the committee investigate the possibility of undertaking a particular line of sport. And means do not postpone action anymore than is absolutely necessary. So many times lodges will be heartily in favor of a plan of activity, only to forget it entirely in the course of time, simply for lack of action.

The writer would like to hear from some of the following S. S. C. U. lodges: St. Stephen of Rice, Minn.; Arrowhead of Minn.; Cavaliers of Euclid, O.; St. John the Baptist of Minn.; Happy-Go-Lucky of Barberton, O.; Colorado Springs of Denver, Colo.; Western Stars of Rock Springs, Wyo.; Jefferson Collegians of Canonsburg, Pa., and the newly organized English-conducted lodge Washington of Morley, Ohio.

S. S. C. U. will be noted particularly for its activities in the future. There is not the slightest doubt that this can be accomplished. If only the members of our lodges will show co-operation and a deeper interest in the progress and future of our organization.

MANY ATTEND EXHIBITION

Thursday, March 20, was the night of Bozidar Jankovic art exhibition, held in the Cleveland National Home of Cleveland, O. Approximately 100 people visited the exhibition that lasted nine days.

Two hundred paintings were displayed and represented a variety of various parts of the world. Individual portraits that were priceless to the owner were shown, and so life-like did they appear that one almost expected the picture to contain life and blood.

Mr. Jankovic addressed the audience on the last night of the exhibition and expressed his appreciation to his admirers who cooperated with him. During the talk the artist stressed that his exhibition was made by a greater number of people than any of the exhibitions held in Ljubljana, Jugoslavia. He also pointed out the fact that an artist's life is a specialized one.

Many paintings were sold during the exhibition and thirty individual paintings were ordered beforehand. Yet it is interesting to note that the Slovenes do not fully appreciate the greatness of one of their

SOKICA

"Lira," Croatian Singing Society of Cleveland, O., presented Sokica, a five-act play, in the Little Theater of Cleveland Public Auditorium last Sunday, March 23. This drama constituted the ninth production of the Theater of Nations, made possible through an arrangement of the Plain Dealer (Cleveland daily newspaper) and the city of Cleveland.

Dancing and singing were ever present in Sokica. Rounds of applause were consistent as the audience was well pleased in the way the drama was executed, under the capable leadership of Mr. Steve Lucic.

Jimmie: Grandma, if you'll go to the races with me some day I'll bet on you.

Grandma: Bet on me! Why, Jimmie, what do you mean?

Jimmie: Papa says you can talk faster than a horse can trot.

The population of the world is now estimated at 1,900,000,000.

own kind. Genuine interest was lacking, but perhaps this is due to the fact that the Slovenes are slowly acquiring the finer things of life.

PITTSBURGER

(Continued from last issue)

At times I can feel the spirit of our organizer, late Bro. Richter (God bless his soul) hovering about at our meetings. And may it be that he is beside me here at my desk whispering all the good I bring out in this column.

Things more pleasant occupy our minds today as the memory of the dance is still fresh. Some of these self-styled collegians didn't like the slow-time music. They weren't informed, perhaps, that the collegiate style of dancing is in the slow drag. That doesn't matter, as the Student Tramps Orchestra were just it, and perhaps the best outfit that ever appeared in the Slovenian Auditorium.

I asked Dr. Boltey, the only Slovenian dentist we know of, just how he liked the music. He, being a loyal member of our lodge and having a keen sense for music, said that it wasn't flattery when he praised the orchestra and its selection. We'll hear a lot more about Dr. Boltey sooner or later.

Ladies and gentlemen, I have found the specimen of visible creature for which I looked high and low for. I unearthed (washed his face) an honest-to-goodness, vaseline-haired, dark-eyed, pearly toothed Romeo. A Romeo minus his velvet breeches and stocking shoes, and who is not lolling about his rose-scented Venetian gardens plucking an impossible guitar; but one who happens to be handicapped with a pair of balloony plus fours answering orders for gasoline and oils. He's a plucky Romeo and one who gets Juliet from the North and from the South, but disdainfully scans them all. His reason is obvious. He goes to school. Nuff said. Maybe Tony Gomp, a member of our lodge, could help us find this woman hater. In fact, if he slobbers he is spitting on the person. (Oh, pity the writer!)

Well, goodbye everybody. I hope no one takes things that were spoken too hard, as I wished to become a little more emphatic than I usually am. If these other publicity agents burst out upon me I won't be surprised, for my suspense has worn out—completely.

In condolence the lodge extends its sympathy toward the misfortune which befell Mr. and Mrs. Nicholas Stampehar. As downhearted as it was, yet it has its bright side, for now there are two more little angels in heaven. F. J. Sumic, No. 196. S. S. C. U.

INDOOR TEAMS

Collinwood Boosters, S. S. C. U., are planning on organizing an indoor baseball team in conjunction with the Inter-Lodge Indoor League. One similar to the one maintained last season.

John Koren is manager of the team. The boys are beginning to practice so as to be in shape when the opening gong rings and the beginning of the indoor league will blast with the fireworks. So far the members of the indoor team are as follows: J. Laurich, T. Laurich, J. Koren, Baraga and Krall. Incidentally this group comprises the star bowling team at present.

George Washingtons, S. S. C. U., are also going to have an indoor team entered in the league. Under the capable management of Frank Jaklich

BRIEFS

Louis Gornik of 1007 E. 72d Place, Cleveland, O., died last Friday, March 21, at his home. Asthma had been bothering Mr. Gornik for the past nineteen years. He is survived by his wife, Mrs. Mary Gornik, member of Lodge No. 137, S. S. C. U., and three daughters, Anna, Louise and Alice.

Chisholm High School will participate in the Minnesota high school tournament held at Minneapolis on March 27, 28 and 29. Chisholm will represent Region 2 by virtue of victories made over teams enrolled in this district. Coach Roels will take with him Hren, Rukavina, Bellkovich, Marn, Pechonik, Belluzzo, Enrico and Kelly. This is the second time that Chisholm will be represented in the state tournament in the history of the school.

Mary Govednik, Mayme Turja, Marie Scorch, Estreh Winquist and Armada Waris represented Chisholm High School in the annual state swimming meet held in Virginia, Minn., last Thursday and Friday, March 20 and 21.

Frank Lozar, Post No. 248, American Legion, Ely, Minn., has enrolled 158 members and reached its quota.

Joliet High School Symphony Orchestra of Joliet, Ill., won the championship of the state in a contest held at the Smith Memorial Hall, Urbana, Ill. By virtue of this victory Joliet wins the right to represent Illinois in the national orchestra contest to be held May 21 in Lincoln, Neb.

Peoria Manual won the Illinois high school basketball championship by defeating Bloomington, 38 to 25, in a game played at the University of Illinois gymnasium.

Walter Eckersall, famous football player and sports writer of Chicago, Ill., died from heart disease Monday, March 24.

RUSSIA

The government of the United States refuses to recognize the soviet government of Russia because the latter government has repudiated loans made by this country to former Russian governments.

Jollier: Do you like the movies?

Grouch: Yes, they give my wife a place to go every evening and I can sit around home and read in peace.

(Lefty) the Washingtons are going to have a well balanced team.

More and more the S. S. C. U. lodges are asserting themselves in Cleveland, as shown in their participation of sports. Bowling and baseball for boys and basketball for girls. This is indeed encouraging. But our lodges are just making a start and promise to increase their activities in the future.

And why not? Why should the S. S. C. U. in Cleveland take a back seat in sports? Hence, watch out for future results as S. S. C. U. lodges in Cleveland are asserting themselves and will spread their activities all over the map.

TOURING TO THE PACIFIC COAST

(By Joseph Mantel)

(Continued From Last Edition)

We now stopped in a small village called Lordsburg. So far this place proved to be the most hospitable. A fine bed and good food was to be had for a nominal price. We found out the reason for the lack of water in some of the places that we just passed. One thousand feet of ground has to be drilled before water can be had, and, of course, such an arrangement proved to be too expensive for many.

On Feb. 21 we left Lordsburg and crossed over the mountains. We now reach the state of Arizona and enter Bowie Valley. At the end of this valley we drove through a country of short palms and plenty of green grass, reminding us of a city park.

On our way we got to a small canyon; it was just beautiful to look at. Huge sized boulders were seen in all directions and high mountains tinted with different colors such as blue, green, red and gray; some of these mountains are of solid rock. After we leave this place we see a big mountain covered with snow. There is a small valley between the mountains and the rivers contained in these valleys are almost dry. About all that can be seen is fine sand brought down by heavy storms.

We now arrived at Tucson, an industrial city, manufacturing copper, gold and cotton products. The winter tourist business is perhaps the most profitable in this city, and it is supposed that the tourists passing through keep up the growth of the town.

While passing along the road we noticed cactus growth of every description. We now pass a valley that is very active in farming, cattle and sheep raising. On one side we saw thousands of sheep and on the other side thousands of cattle. Farms thru here are all irrigated.

We now arrive at Gila Bend, which is one of the oldest cities in America. On Feb. 22 we crossed the Arizona border into California, across the Colorado River, and now up the Yuma Mountains. The roads in California are certainly fine. Now we reach the sandy country, where dunes bob up like small mountains.

Secretary Rom cut down a small palm tree and expected to carry it along. But when informed that a fine of \$25 is imposed on anyone caught smuggling plants across the border Rom decided to leave the tree behind. Just then we crossed a bridge and noticed a sign which read: "Stop, U. S. Inspection." We realized that we had just saved \$25.

We are now driving into the Imperial Valley, the hottest place in the United States. It is 200 feet below sea level and has a temperature of 120 degrees in the shade. At one time this valley was part of the ocean, but now it is simply dried out. This valley is heavily irrigated for alfalfa growth. Seven crops are produced annually.

Ahead of us we noticed a large lemon, but upon coming closer we noticed that it was a hut constructed of wood, 6 feet high, 6 feet long and 6 feet wide, with the side cut out just large enough to permit the passage of a person.

SPORTING BITS

GIRLS' BASKETBALL TEAM HAS PLUCK

FALETIC AND RICHTAR ARE CAPABLE COACHES

Girls of the George Washington, S. S. C. U., basketball team displayed a strong fighting spirit in the game played Wednesday, March 19, in the Inter-Frat League contest held in Cleveland, O. Although our girls lost to the K. S. K. J. Flashes by a score of 25 to 3, they showed enough grit and determination to make any lodge envious. At that, they made a better record than was predicted by outside sources; namely, a 15 to 1 bet on the Flashes. In fact, the results showed that it was approximately 8 to 1 ratio.

Anna Garvas and Elizabeth Duranko of the S. S. C. U. dribbled the ball time and again to their basket, only to miss it by inches. Anna Jaklich, Augusta Terbovec and Julia Bouha, although lacking team work, played a nice defensive game. The other members of the squad are Angela Hlabe, Stella Maykszak, Jean Mola, Fannie Jeric, Rose Janezic and Elizabeth McCarthy.

Coach Frank Faletic and Assistant Coach Sammy Richter have developed a nice working combination in the short time allotted to them. It must be kept in mind that our girls were not prepared when the league opened officially. The team was formed in a comparatively short time and practice sessions were lacking.

When a team has enough courage to go out and perform for their lodge in the manner that the George Washington's girls have, one must admit that they possess pluck. However, our girls will not be caught napping again when the next season opens, as they will have a number of seasoned performers on their squad.

Sokols maintained their supremacy in the league by taking the long count of a 12 to 11 score from St. Ann's, S. D. Z. An overtime period had to be played before the contest was decided. Plenty of action was in evidence throughout the game, as the score kept zigzagging back and forth. Mary Doljak of the St. Ann's was undoubtedly the star of the evening, acting as pivot throughout the game. She is the outstanding performer of the Inter-Frat League and none can equal her when it comes to display of class.

CHAMPS SPLIT

Palucius, Savage and Little Star

Waukegan, Ill.—Champion Comrades Lodge basketball team was defeated by the strong high school heavyweights, district champs of Waukegan, by a score of 30 to 19. The game was played at the Hattie Barwell Gym.

Morstadt and Taylor were the luminaries for the opponents, scoring three field goals apiece. Lavy Palucius and Savage were the big guns for the Comrades, the former dropping in five field goals and one gratis shot, and the latter dropping in three field goals and one free throw.

In the other tussle our champions defeated the North Chicago A. C. by a score of 21 to 19. Capt. Joe Little was the star, with six field goals. Jerab was high for the losers, with two field goals and one free throw.

Next Saturday our Comrade winners of the Mother of God Church League will meet the strong K. S. K. J. St. Joe's in the final league game of the season. A party will honor our champs and gold watch charms will be presented.

Last Sunday our Comrades pin five were drubbed by the Libertyville five by a score of 2705 to 2618. Oh, well, so it goes; the best team will lose. Better luck next time.

John Petrovic, Comrades, S. S. C. U.

KEEP IT UP

Evidently the S. S. C. U. boys of Cleveland, O., have overcome the effects of spring fever as evidenced by the bowling results made in last Sunday's contest in the Inter-Lodge League. George Washingtons made it three from the Betsy Ross, both teams being members of S. S. C. U. A high score of 946 was made in the last game by the Washingtons. However, in justice to Betsy Ross, mention must be made of the fact that only three members were present of the regular team, two bowling as blinds.

Perhaps the Betsy Ross absentees were still trying to overcome the effects of spring fever and decided to roam through the wilds and enjoy the spring weather. For it must be known that in Cleveland we were very fortunate in having beautiful spring weather.

Below are the scores:

Collinwood Boosters, S. S. C. U., took three from the Progressives, S. N. P. J. J. Laurich, manager and captain of the bowling team, led in the onslaught. In the last game a series of strikes were made by him, which all but took the heart out of the opponents. Our Boosters are steadily climbing up the ladder in the Inter-Lodge League, and who knows but that they might end up in first place by the end of the season.
