Njegova neodlornost je bila dokazana in priznana še po dolgoletni agitaciji, kateri je sledila javnost širokem svetu.

— Okrajna relifna administracija v Clevelandu bo poslala v Washington posebne zastopnike, ki bodo apelirali na vlado, da koncem julija ne ukine direktne relife za več kot polovico brezposelnih, ki so danes tu na relifu.

Belgia priznala Sovjetsko unijo

Poganjana so se vršila tajno v Parizu. Priznanju sledijo trgovinska pogjanja.

PARIZ, 12. junija. — Belgijski in sovjetski poslanek sta danes izmenjala listine, s katerimi je Belgija priznala Sovjetsko Rusijo ter stopila z njo v redne diplomatske odnose.

Pogajanja za obnovitev diplomatskih odnosa so se vršila tajno in sicer v Parizu namesto v Bruslju, ker se je smatralo, da je francoska stolica kot nevtralno mesto najboljši prostor za zbljanje med obema deželama.

Kot se je zvedelo, se bodo tako začela pogjanja za sklep trgovinske pogodbe, ne da bi se čakalo na izmenjavo poslankov. Belgija bo zastopal tukajšnji poslanik baron de Gaiffier, Rusija pa Vladimír Potemkin.

Za poklicno vežbanje nezaposlene mladine

NEW YORK. — Predsednik Roosevelt je pred kratkim izdal naredbo, s katero je bil ustanovljen upravni urad za mladino (National Youth Administration). Naloga te federalne upravne organizacije je poskrbovati za industrijsko vežbanje, relifne službe in priložnosti za nadaljevanje vzgoje za več kot pol milijona mladih ljudi v tej deželi.

Pod tem programom bo približno 1,000,000 fantov in dekle v starosti čez 16 let, ki niso v stanu pohajati srednjo šolo (high school), ker nimajo denarja za vozino, obed in druge potrebsčine, dobivalo povprečno po \$6 na mesec.

Nezaposleni absolventi (graduates) srednje šole (high school) pod starostjo 25 let, ki želijo visokošolsko (college) izobražbo, bodo dobivali po \$15 na mesec. Te podpore bo deležnih približno 120,000 oseb.

Izbreni mladeniči in mladenke bodo izvezbani za javne službe (civil service). To nekak zacetek permanentne organizacije za javne službe, kakršne obstajajo v raznih evropskih državah, ali neposredni cilj je najti delo za mnoge vsečuščine absolventov v letu 1935. Mnogi izmed teh, ki niso v stanu dobiti privatno zaposlenje po dovršitvi vsečuščine, dobijo priliko za pohajanje post-graduatnih tečajev. "Work relief jobs" — odpomočne službe — se ponujajo kakim 150,000 mladim ljudem, in enako število dobri priliko za industrijsko izvezbanje.

Aubrey Williams, pomožni upravitelj Federal Emergency Relief Administration, bo nadzoroval to novo organizacijo — National Youth Administration, dočim bo Miss Josephine Roche, nekdanja ravnateljica F. L. I. S. in sedaj pomožna tajnica za kladnice, na čelu eksekutivnega odbora za to administracijo. Oddelek ("Youth Divisions") se ustanovi v vsaki državi pod vodstvom državnega posvetnega odbora (State Advisory Committee), obstoječega od zastopnikov delavcev, industrije, poljedelstva, šolstva in mladine. Predsednik Roosevelt je poudaril učenost, da bi tudi mladina imela kaj za reči, ko se nekaj storiti.

Mnogo se ugiba, kakšna politična orientacija bi nastala v mestni politiki in zlasti v demokratski stranki, ako Lausche postane kandidat. Nekateri so

PAVEL BREŽNIK

tedaj je zanimiva Ameriščanka napravila nanj monstrosen. Ker je znal Waldo le slovensko, se je pogovarjal z njim nemško, z Gašo angleško. Toda takrat je vsem misil na lepo vsoto, dobi, na plačanje dolgov in življeno v inozemstvu in dosti zanimal za novega štartnika Prežeka in njegovo hčerko. Sicer mu je bilo, da je prešel stari grad v Slovencu, ki ni bil ne grof, temveč navaden kmečan, toda uvidel je, da, je ta njegova edina rešitev, naj bi počel z dvema prezimima gradovoma? Saj sta tudi očetu le v breme.

uden in izčet od dolgotrajnega veselja se je tisto jemanil na Vrhovo. Sklenil je, e zaenkrat posveti gospodru in da si skuša najti začetek na Prežeku. Premišljeno in stao si je napravil svoj namen, da mu ni mudilo. Edvedoval in večerjal je na Vrhovo s svojim oskrbnikom. Za postrežbo obeh je bila na samu staru kuharica, ki je že nad deset let v grajski i. Ta jima je stregla tudi bedih. Bila je nekoliko nala in razen tega je razumejo nekaj nemških besed, da sta se oba brez skrbi posredovali vprito nje. Jedla sta si v tako zvani lovske. To je bil prijeten, domačec, kot jih je najti povsod radovih pa tudi po gostilni pri zasebnikih; z lesom na stene, na njih kot okrasne sružadi in nagačene ptičice in stoli kakor tudi omrežljane iz težke hrastovine.

"Govori se, da hočejo zgraditi veliko tovarno za sladkor in pričeti z delom že prihodnjemu počitku. Ponovno so bili že inženjerji Škodovih tovarn iz Prage na Prežeku. Zgraditi hočejo poleg tovarne za sladkor tudi električno centralo, ki bo dobavljala za to tovarno gonično silo pa tudi razsvetljavo za okolico. Staro Dornik je bil s svojim inženjerjem, ki je obenem njegov osobni tajnik, v tej zadavi že ponovno v Beogradu in Zagrebu."

"Vraga, dober nos ima: vsekakor hoče ustanoviti tovarno za sladkor, ki bi bila izven kartela. Predvsem je to zelo socialno, ker bo s prodajo cenejšega sladkorja, o čemer ni dvoma, vsemu prebivalstvu pocenil neobhodno potreben del vsakdanje hrane. To je v istini prav ameriški demokratska ideja."

"Služila bo tudi vsa okolica, ki bo začela saditi sladkorno pose, "je pripomnil oskrbnik.

"Ni dvoma, da bo to podjetje neslo lep denar. Sladkor se bo vedno prodajal, tudi če bo gospodarska stiska še tako velika. Prepričan sem, da bo ameriški industrijec to svoje podjetje vzorno opremil in vodil. Kot mi je na dan grofovega prijatelja iz inozemstva. Z oskrbnika baš povečjala, puščala motke in pila vino. Oskrbniki je bil sicer čemer en in zážaben možak, je bil zadorden, da se je posestnik vrnil, se mu je tako obetaša družina dolge zimiske večere. Sile bil petindvajset let star od grofa, toda razumel dobro, ker se grof ni vmenil v gospodarske posle. Osnik pa je bil star vdovec in navajen na svoje vsakdanje, da bi bil nesrečen, če bi bil zmanjkalo.

"A prihodnjo pomlad bi vam nekaj predlogov glede potreba," je dejal grofu in mu rezal sliki svoje načrte o sprehabah, teda Waldo mu je odzivel:

"Tistova še za danes gospodarske zadeve, saj imava vso zared seboj, da se o njih pozrjava. Poveste mi rajši kaj vseh gospodarjih na Prežeku."

Tem vam ne bom mogel dovedati. Vsekakor so ti Američani prinesli prokleto dostijev s seboj. Popolnoma so ovili poslopje, uvedli elektriko, napravili okoli gradu kras park, ga obdali z visoko žičnijo, zgradili so nova gospodarska poslopja in celo polno cesto od gradu pa tja do vne ceste. In to je moralno lepe debarce!"

"Ali so Višnjarjevi še vedno gradu?"

"Da, samo stari oče je umrl, nekaj sprememb ni. Dornik je so pametno storil, da so karjeve obdržali, kajti ti jim delali tako, kot so nam."

"Ali ste kaj videli posestnik?"

je njegova hčerka pravila, so v Ameriki imeli tri tovarne za sladkor."

"Samo tam so ga menda pridobivali iz sladkornega trsa." "Brez dvoma, toda raznika med obema načinoma pridobivanja menda ne bo velika. Ali je prostor za tovarno že določen?"

"Menda ob Krki poleg ceste, ki vodi iz Šent Jerneja preko nje, kajti tam je Dornik kupil veliko zemljišče."

"To so res zanimive novice. Sedaj mi pa še povejte, dragi moj, kaj veste o mladi Američanki."

Oskrbnik se je nasmejnil in dejal:

"Krasno dekle, gospod grof! Prava velikomestna dama: sama vozi svoj avto, jaše kot najboljši huzarski oficir, poleg tega pa baje vodi vse gospodinjstvo. Pri kmetih je zelo priljubljena. Z vsakim se razgovarja, otroke vozi okoli s svojim avtomobilom in je zelo radodarna, revežen vedno pomaga."

"Potem razumem, da je priljubljena"

Tisti večer je imel grof Waldo dovolj pogovora. Kmalu se je poslovil in odšel v svojo sobo. Bila mu je pusta in prazna. Najbolj žalostno je bilo, da ni imel elektrike, na katero se je bil tako zelo navadil. Stopil je pred veliko zrcalo, toda petrolejka je tako slabo razsvetljevala sobo, da se ni dosti videl. Zdaj se mu je, da ima star, izpit obraz, in nejevoljen je postavil luč na nočno omaro in se začel slažiti. Bil je še truden od vozne in kmalu je zaspal.

Naslednji dan se je pozno zbudil. Since mu je že sijalo v sobo. In spet je stopil pred ogledalo in se pozorno motril.

"Čež teden dni bom že boljše izgledal," si je dejal sam pri sebi. "In potem bodo šli gospod grof na lov na lepega dekleta in na žvenketajoče dolarje." Nasmejal se je tako veselo, da je bil kar židan volje.

Tako je nekoga dne zjutraj ob sedmih odjedil grof Waldo proti Gorjancem. Skrbno je bil obrnut, počesan in blečen. Dve uri je

Four Teams Still in Thick of Comm. League Race; Twilights Show Power

In the only indoor St. Clair Community League contest of the week, the Twilight Ballrooms defeated the Silver Bars, 4 to 1, Tuesday night, at East 62nd field. The Silver Bars easily played their best game of the year surrendering only in the last half of the ninth inning, when Al "Lefty" Golobic, who is the league's sensation at this stage of the race, blasted a home run with two teammates on the bags to produce three runs and break a one-all deadlock. In addition to providing the necessary batting punch, Golobic also pitched a good game, striking out thirteen and granting but seven blows. Pitcher Dzieskowi of the Kimmers, who pitches a splendid game for the Cleveland Oaks, in the Sunday morning W. O. W. league, performed very capably, giving up six hits. Two hits went to Kallister and Ed. Kurent.

The Bee Bees drew to a one and a half game margin out of first place, by taking a forfeit victory over the National Terminals, in what was to have been a scheduled game for Monday night. The Crucible-Kollander game was postponed until a further date.

With the league's two round schedule more than half spent, the standings show four teams still very much in the race. The Crucibles hold the top by a half game margin at present but the fine showing of the Twilights in the last few games makes them the best all-around team in the circuit. The Kollander Agents and the Bee Bees trail in the order named.

Change in Standings

Due to the withdrawal of the Cleveland Social Club earlier in the campaign each club should have been awarded an additional victory, by virtue of forfeit. In last week's standings the Twilight Ballrooms were already credited with a victory over the Social Club in as much as they had defeated them Thursday, May 23, 27-4, at Gordon park. The Socials had also won a forfeit victory over the Silver Bars which was registered as a Silver Bar loss in last week's standings but which should have been changed into a victory due to the dropping out of the Socials from the league. Managers of these teams have already received letters to that effect.

The pictures will then be displayed in the windows of the Enakopravnost, 6231 St. Clair avenue.

Any manager desiring more information on the project should call HE 5811 or see the English Editor.

Our Next Mayor?

In a front page, eight-column story, The Cleveland Press, Thursday, asked Municipal Judge Frank J. Lausche to be candidate for mayor of Cleveland. Sketching his career, and pointing out the fact that the Slovene judge has a clean and honest record in public life, the Press believes that he is the only man who can save the city from the political octopus which has gripped it under Mayor Davis and Ray T. Miller.

The judge promised to issue a statement about his stand in the matter in about two days.

Enakopravnost, always stressing the importance of independent political action for the immigrant citizen, will whole-heartedly support Judge Frank J. Lausche, should he decide to run.

Orazem Gives Two Hits As Orels Win

Tony Orazem, who played short stop for the Orels during the years they were winning championships, furnished the outstanding accomplishment of the current Inter-Lodge indoor race, when he set down the Russians with two hits to permit the Orels to wade to a 13 to 1 triumph, Wednesday night, at Gordon park. In 1930 when the Orels first joined the league's fold, Tony started out as the team's hurler but in the ensuing years he did more valuable service at short. With a shortage of good pitchers this year, he took his pitching arm out of retirement and so far this season he has been winging them in championship fashion.

Besides hurling a splendid game, Tony found his batting eye to slam out two triples and two singles to pace the Orels in their 21 hit barrage. Norm Locker and Frank Brancale garnered three hits each while Johnny Petrini, a newcomer to the team, poled out a long home run. The defeat was the third in the row for the hapless Russian club and the third victory for the Orels as they concluded the initial round.

Perry Hi Graduate

Rose Gerlica, daughter of Mr. and Mrs. Frank Gerlica, Perry, Ohio, who graduated last month from Perry High School is making plans to enter college in September.

The Comrade indoor ball club of the Inter-Lodge League is backed by Jimmy Slapnik Jr. who runs a flower shop on St. Clair avenue between 66th and 67th. It's bad news to hear that Cy Perkins, one of the Inter-Lodge League's umpires, had to undergo an appendicitis operation last week— Mickey Cesnovar, who enjoyed a brief stay with the Beaumont Club of the Texas League early in the season, has signed up with the Lyon Tailors for the class "A" race— Heine Lauric, who played short on the Alabama fresh nine this year and later hooked up with a Dixie League team at the close of school, is back taking care of the shortstop duties for the Quaker Sugars— Lauric performed for the same team last season— In last Sunday's game, Heine accepted six strikes faultlessly and blasted out a single while his team was losing an 8 to 2 verdict to the Bartunek Clothes—

Skufca, Collinwood Biker, Leads Team

In Win; Four Slovenes Race At May Co.

It was a grinning, but determined young man, Charley Skufca, who led the Collinwood High School bicycle team to victory recently in the News Gold Bar bike race at the Stadium.

For two hours the slender Slovene lad rode with a style that would have given credit to Torchy Peden, old man of bike racers. And it was well that he did, for when the totals were tabulated, Collinwood won over West Tech by only five points.
