REVERENDISSIMIS  
IN  
CHRISTO,  
NOBILIBVS, DOCTISSIMIS  
ET AMPLISSIMIS DOMINIS, DD. PRÆSV-  
LIBVS, CELEBERRIMI ARCHIDVCATVS INFE-  
RIORIS AVSTRIÆ PRIMARIO ORDINVM STATVI, &c.  
Dominis suis benignissimis ac reuerenter  
colendis.

FELICITATEM.

Vsicam, singulare generis humani bonum, REVERENDIS-  
SIMI AC AMPLISSIMI PRÆSVLES, eo dignitatis ac ex-  
cellentiae loco, vel ipsa rerum omnium procreatrix Natura  
collocavit, vt eam passim, velut insigne quoddam artificij  
sui ornamentum ostentare, magnificèque jactare videatur.  
Nam si cœlum animo cogitationeque conscendo; sequitur  
lumen illud Italicæ Philosophiæ Pythagoras, atque cum o-  
mnibus auditorum suorum legionibus vociferatur, auditũ  
sibimet suauissimum quendam cœlestiũ orbium perennes  
illos gyros conficientium, harmoniam atque concentum. Et si fortassis non tam phi-  
losophantium hæc esse pronunciat, quam dormientium somnia judicem; statim au-  
res animi mei feriunt voces illæ Apocalyplicæ, voces, inquam, Citharædorum ( Diui  
Ioannis verba recito ) citharizantium in Citharis suis: & cantabant canticum ante  
sedem. Et verò quid in illa, quam præstolamur, æternitate faciemus aliud, quam vt  
perpetuas Deo nostro laudes linguis immortalibus concinamus? Quid quod viri  
quidam tum pietate, tum doctrina insignes fœlix aliquod futuræ beatitatis omen, at-  
que præsagium esse censuerunt, si quis sacro concentu delectaretur? Grauius jam i-  
gitur & verius illud Pindari censebo: Quemcunque non amat Iupiter, vocem auer-  
satur Pieridum. Sed mentem in terras transfero, tantumq; Naturæ thesaurum per-  
quiro. Et quid, inquam, perquiro? Non est in arcis, mille seris cohibentibus, reclusus;

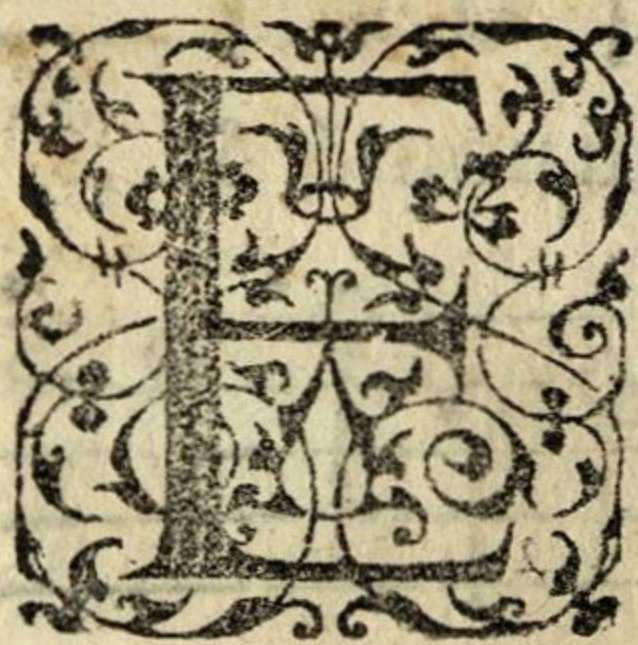

non in tenebris, contra latronum iniurias reconditus. Quocumque me conuerto, in Musica vel vocem, vel amorem impingo. De hominibus enim quid dicam? An non vniuersi, an non singuli Musica mirificè oblectantur? Parui in cunis, magni in folio, sacri in fano, docti in subsellijs, aggreſtes in pratis, omnes deniq; vbique. Traetat Alexander ea manu plectrum, qua ſceptrum Perſicum torquet. Epaminondas ea dextra tibiam pulſat, qua in prælio enſes ac tela vibrat. Socrates à libris ad fides, à philoſophia tranſit ad Muſicam. Ex innumerabilibus paucos dixi, quia breuiſſimus eſſe volo, & id hoc ſcriptionis genus requirit. Peruaſit hic amor Muſices animantes vniuerſas: aues, naturæ magiſtra cantu, vocisq; meliſſimis illis flexionibus homines, ipſos laceſſunt, & prouocant ad Muſicam. Cerui muſicis vocibus detinentur, immanes Elephanti nulla arte melius quam Muſica manſueſcunt. Et quid multa? Aquæ quædam, quod omnem admirabilitatē excedit, muſicis flexionibus ſubſultant. Ergo quam naturæ ductu probant, amant expetunt vniuerſa, ego ſolus improbem, dereſter? Depoſuiſſe naturam videri poſſim, ſi id faciam: barbarum Scythorum Principem Atheam hic affectus decet, qui cum Iſimendam præclarè tibijs canentem audiuiſſet: Per ventum, dixit acinacem, maluiſſe hinnitum equi audiuiſſe: dictum verè Scythicum. Itaque laudo, complector Muſicam; ac, vt fatear, etiam ardeo. Ecce amoris mei, quod in oculis mortalium colloco, qualecunque tandem monumentum; Sacroſanctum dico Magnæ Virginis canticum, ad meos modulos aduocatum. Quò enim materia illuſtrior, diuinior? Vobis PRÆSVLES AMPLISSIMI hoc opusculum conſecratum volui; vt ſi fortaliſſis aut offerentiſſis tenuitas, aut artiſcij exilitas ad amplitudinem veſtram iter præcluderet; materiæ ſaltem cum meis modulis copulatæ maietas; & ille veſter ſacratioris Muſicæ ſingularis amor viam aperiret. Accipietis ergò Præſules Reuerendiſſ. nec non Domini D. gratiſſ. hoc modicum obſequij ac reuerentiæ argumentum, & me, totumque D. Benedicti cœtum, ſub eodem vobiſcum cœleſtis Imperatoris vexillo militantem, ea qua conſueuiſtis beneuolentia conſtringetis. Garſten Kal. Martij Anno Domini M. DC. XV.
