AUTOMATIC 3MS

TOMOS

AUTOMATIC 3MS

Small moped with one-cylinder two-stroke engine of 49 cm³. The vehicle is of up-to-date construction and design, distinguished by a two-speed automatic gearbox enabling a faultless, automatic, gear change. It is therefore suitable for uneven or hilly ground easily negotiating a one-in-five gradient. The TOMOS moped is simplicity itself to ride. All that needs to be done is kickstart the engine and twist the petrolgrip, the vehicle is then automatically in first gear-speeding up to around 18/20 km/h. Will automatically engage second gear. The TOMOS AUTOMATIC 3 MS is an economical, sturdy vehicle of good quality.

Automatics are available in the following colours:
- blue - red - metalized silver

Technical data:

One-cylinder, two stroke, air-cooled engine	
Stroke capacity	49 cm ³
Engine power	1,5 kW at 5500 r.p.m.
Compression ratio	8,5 : 1
Power transmission	two-speed automatic gearbox
Frame	welded steel-sheet
Tyre size	20 x 2,25"
Starting	kick starter
Maximum speed	30 m.p.h.
Fuel tank capacity	4 litres/mixture petrol/oil at 2 per cent
Fuel consumption	2 litres/100 km apx.
Gradient	one-in-five
Vehicle weight, fuel excluded	47 kg
Carrying capacity	105 kg

Subject to alterations and improvements in design and equipment.
