Nekaj misli za volilni dan

Leta 1947 so republikanski politiki predlagali dopolnilo k ustavi Združenih držav, da noben ameriški predsednik ne sme služiti več kot dve službeni dobi. To se pravi, da se mora vsak predsednik po osmih letih na vladi umakniti v privatno življenje. Po štirih letih agitacije, leta 1951, je bilo dopolnilo osvojeno s strani predpisanega števila poedinih ameriških držav in je tako postalo polnomočen del naše zvezne ustave. To ustavno dopolnilo—dvaindvajseto po številu—je eden najmočnejših razlogov, zakaj bi razumni Amerikanci prihodnji tork dne 6. novembra morali izvoliti Adlaia E. Stevensona kot prihodnjega predsednika Združenih držav. Zakaj?

Ne glede na to, da je to nepotrebno malicijeno osnovnega zakona Amerike izhajalo iz neke onemogle jeze zoper že pokojnega predsednika Franklina D. Roosevelta, je neizpodbiten fakt to, da bo poslej vsak ameriški predsednik, ki bi hotel naslediti samemu sebi po dovršenju svojega službenega termina, od tistega momenta, ko bo preštet zadnji glas in bo proglašen za izvoljenega, za vse praktične svrhe postal—politični mrlič. Ameriško predsedništvo je položaj svoje vrste, ki je zrastle iz ustave, zakonov in zgodovine ameriške republike. Ameriški predsednik ni kralj ali monarh, kljub temu pa je tudi mnogo več, kot kak kronan vladar. Ameriški predsednik je najvišji državni glavar, je pa tudi voditelj stranke, ki ga je izbrala za svojega zastavonošo. Biti mora državnik, a posedati mora tudi sposobnosti praktičnega politika. Kadar se te dve lastnosti najdeta združeni v eni in isti osebi, takrat ima Amerika velikega predsednika, in njegovo ime postane stalna ljudska last, ne enega, temveč mnogih rodov. Thomas Jefferson, Abraham Lincoln, Franklin D. Roosevelt so bili taki možje izjemnih kvalifikacij, da imenujemo tri največje ameriške predsednike.

Z ustavnim dopolnilom, da noben ameriški predsednik ne sme služiti več kot dve službeni dobi, je politična funkcija predsednika—funkcija, katera je bistveno sestaven del nepisane oblasti, ki gre s predsedništvom—dobila smrtni udarec. Tega se zaveda tudi Eisenhower, ker on sam je ne dolgo tega odkrito priznal, da se ne strinja z njegovim smislom. Ameriške politične stranke so stranke po imenu, če pa jih malo od bližje pogledamo, vidimo, da so pravzaprav koalicija mnogih skupin in interesov, ki imajo z izjemno neke ohlapne politične tradicije malo skupnega. Kadar so volitve, se te koalicije strejejo in ustvarijo videz nekega edinstva. Občni zbori ali predsedniške konvencije, ki jih imamo vsaka štiri leta, so zrcalo, iz katerega odseva pravi karakter obeh velikih ameriških političnih strank. Bije se ljut boj pred konvencijo, premirje vlada do dneva volitev, potem pa se posamezne skupine vrnejo na svoja stara pota, in le predsednik, ki je politično močan, je zmožen brzdati elemente v okviru svoje stranke in jih prisiliti k delu.

Eisenhower je imel malo sreče s svojimi republikanci v kongresu celo v času svojega prvega termina, ko je bil on njihov edini up, da obdržijo eksekutivno zvezno vlado v svojih rokah. Zlasti na polju zunanje politike, ki je v naši dobi take vitalnosti, so morali demokrati zopet in zopet priskočiti Eisenhowerju na pomoč, da se ni ta politika še bolj zavozila, kakor se je sicer. Lahko si mislimo, kako se bodo republikanci v kongresu obnašali, če bodo vedeli, da je Eisenhower kot politik faktično doigral. To bo položaj, kot nalašč ustvarjen za neizmerno ambicioznega Richarda Nixona in njemu podobne oportuniste, ki bodo spodobni vsake politične pustolovščine, vse v cilju, da si pripravijo pot do kandidature za predsedništvo v letu 1960. Interesi ameriškega ljudstva, vloga Amerike v današnjem razburkanem svetu, vse to bo postavljeno na najnižjo stopnjo, pozabljeno in potisnjeno na stran. In Eisenhower bi bil brez moči, lutka, ki je doslužila svoj namen, torej ni več potrebna.

Da to ni prazna fantazija, nam je živa priča to, kar doživljamo ravno zadnje dni. Eisenhower ni bil gospodar v svoji lastni hiši niti v dobi svojega prvega termina. John Foster Dulles je hodil kot državni tajnik po svojih potih, Richard Nixon kot podpredsednik po svojih, senator Knowland in drugi vidni republikanci pa zopet čisto po svojih, kadarkoli je šlo za kako veliko odločitev glede odnosov Amerike do zunanjega sveta. Posledica je ta, da danes nihče ne ve, kaj je prav za prav ameriški zunanji politični program, da nam naši lastni prijatelji v svetu ne zaupajo, to pač, ker ne vedo, kje stojimo, pa se sredi politično agitacijskih gesel, kako da nam je Eisenhowerjeva administracija dala prosperiteto in mir, ki da sta zajamčeni za vse večne čase, znajdemo na robu bruhajočega ognja. (Dalej na 2. strani)

Volivci Euclida!

Prestal operacijo

Mr. Lawrence Schiberl iz 425 E. 156 St. je srečno prestal operacijo, kateri se je moral nadenoma podvreči v Euclid-Glenville bolnišnici. Nahaja se v sobi št. 506. Prijatelji ga lahko obiščejo, mi mu pa želimo skorajšnjega okrevanja.

Veselica v Slov. domu

Plesno veselico ima v soboto večer Slovenska moška zveza v Slov. domu na Holmes Ave. Za ples bo igral Joe Lužar orkester. SMZ se priporoča članstvu in prijateljem za poset. Postreglo se bo z raznimi okrepčili in zabavo bo prvovrstna.

NAŠ NAJVEČJI POTROŠEK

Ali si Amerikanec, Amerikan-ka pomagata sama, pa doma napravita, popravita, kar bi lahko napravila, na primer razna popravila pri hiši, pranje, likanje itd.? Izračunali so, da vsa ta dela raje oddamo drugim, pa jih moramo plačati. Vedno več ljudi dela za nas. Izračunali so namreč tudi to, da bomo v letošnjem letu za vse te postranske posluje, ki bi jih lahko napravili sami, plačali sto milijard dolarjev.

Formalna otvoritev

Jutri bo formalna otvoritev gostilne Birch Bar, katero sta Tony in Mary Petkovšek po 28 letih preselila na 961 Addison Rd. Serviralo se bo okusno večerjo in razno pijačo, v zabavo bo igrala dobra godba. Prijatelji se v obisk.

ŽENSKÉ VOLIVKE, KOGA BOSTE VOLILE!

Pred nami so slike ameriške preteklosti, ko so ženske prvoboriteljice, katere drugače imenujemo "sufražetke," začele za agitacijo, da se da ženskemu svetu volilna pravica. Po ameriških mestih so šle parade, pa so bile enofno oblečene, so nosile ameriško zastavo, na prsih pa napis od kod prihajajo. Od povsod: od Maine do Californije.

Sufražetke niso našle vsesplošnega odmeva med ameriškim žensstvom. Vse Amerikanke se za volitve niso zanimale. Sufražetke so imele celo v načrtu, da napravijo splošno ameriško žensko zvezo in če bi vse ženske pristopile k tej zvezi, to bi bila sila!

Sufražetke so le zmigale. Do leta 1920 je 36 ameriških držav sprejelo zakon, spremembo k ameriški ustavi, da dobi ženske volilno pravico. Takrat se je možki spol precej upiral tej ženski enakopravnosti.

Prvič so ženske volile pri volitvah dne 2. novembra 1920. Je bilo precej navdušenja. Gledamo na slike iz tistih dni, ko so šle ženske volivke na volišče, pa ker drugače ni kazalo, so naložile otroke v vozičke, pred voliščem je že kdo na nje pazil. S kakim navdušenjem gre enakopravni ženski svet na letošnje volitve dne 6. novembra in koga bo volil?

Dva dogodka za volitve: Upori na Madžarskem, na Poljskem, vojna ob Sueškem prekopu

AMERIKANKE KOT VOLIVKE LAHKO ODLOČIJO VOLITVE

WASHINGTON, 1. novembra—Tako v vodstvu demokratske, kakor republikanske stranke dajo misliti dogodki na Madžarskem in na Poljskem, posebno pa še ob Sueškem prekopu in na Srednjem vzhodu sploh, kako se bodo dali volilno-politično izkoristiti, kako gledajo volilci in volivke na te dogodke. Ena od glavnih republikanskih parol je bila ta, da je v svetu ohranjeni mir. Zasluga pa da gre Eisenhowerju in Dullesu. Miru v svetu v resnici ni; ta okolnost zna vplivati na ženski volilni svet, kateremu gre v prvi vrsti za mir. Kako gledajo na položaj? Ženske in mladina sta bila tista elementa, ki sta Eisenhowerju veliko pripomogla k zmagi leta 1952, ko je bil obljubil, da bo napravil mir na Koreji. Danes glede Srednjega vzhoda in Egipta Eisenhower le trdi, da Amerika nima nobenih vojaških obveznosti. In če jih bo morala sprejeti?

Ženske volivke znajo odločiti na izid volitev. Prvič so Amerikanke volile leta 1920. Takrat se je volitev ženskih upravičen udeležilo komaj 25 odstotkov.

Pri volitvah leta 1952 so ženske volivke močno posegle v volilno gibanje in v volitve same. Račun je tale:

Amerikanke, stare nad 21 let, po številu presegajo moške, ki so stari nad 21 let. Teh Amerikank je 53 milijonov, Amerikan-cev, starih nad 21 let, pa le 48.500.000. Če bi šli danes na volišče samo moški volivci, bi bil izid volitev, ko gre za oba pred-

sedniška kandidata, Stevensona in Eisenhowerja, precej blizu. Če bi volile samo ženske volivke, bi se te odločile v večjem številu za Eisenhowerja, kot za Stevensona. Tako trdijo republikanci. Zakaj naj bodo ženske za Eisenhowerja?

Prvič jim ugaja njegovo družinsko življenje. Drugič, da drži, da je Eisenhower dal Ameriki prosperiteto, katero čutijo ameriške gospodinjice. Dalje, da je v svetu ohranjen mir.

So pa danes tudi v republikanskih vrstah taki, ki nad temi trditvami zmagujejo z glavo. Prosperiteta, zaposlenost sta relativno podana. Toda ameriške gospodinjice čutijo, da denar v hišo sicer pride, se pa tudi hitro izda. Amerika še nikdar ni živela v taki draginji, kot jo ima danes pod Eisenhowerjem. Stroški preživljanja skačejo mesečno od rekorda do rekorda.

Mir v svetu? Kje pa je?! V Egiptu je prava vojna. Vojna se širi tudi na Srednjem vzhodu med judovsko državo Izrael in arabskimi sosedi. Tudi to je v zraku, tudi o tem se sprašujejo Amerikanci, pa tudi ameriške gospodinjice, kar nedvomno pričajo radijski razgovori in pogovori: kaj pa, če iz malega naraste veliko? Tudi prva in druga svetovna vojna nista bili takji svetovni.

In volilna udeležba?

Pri volitvah leta 1952 14.680.000 registriranih volivcev in volivk ni šlo na volišče. Veliko volilno apatijo so kazali volivci v Californiji, Illinoisu, Missouriju, New Yorku, Texasu in v Wisconsinu, tudi v državi Ohio. V Ohio je bilo 1.299.000 volivcev in volivk, ki niso šli volit.

Razne politične propagande v Washingtonu skušajo svet prepričati, da bo volilna udeležba pri letošnjih volitvah 60—70 odstotkov.

In volilne zlorabe? Tudi na te moramo biti pripravljeni. Justično tajništvo v Washingtonu je že poslalo v Kentucky posebno komisijo in to na zahtevo republikancev, češ, da so se pri volitvah leta 1952 vršile v Kentucky volilne zlorabe na škodo kandidata Eisenhowerja.

Vrednost volilnih napovedi

V Ameriki je polno pisarn, ki napovedujejo volilne izide. Isto ameriško časopisje, ki je po večini v republikanskih rokah, isto ameriški magazini, nad katerimi je gospodar republikanec. Seveda napovedujejo zmago Eisenhowerja, dopustijo pa zmago demokratov pri volitvah v krajev-

na zastopstva in v kongres v Washingtonu.

V zbornici poslancev naj bi imeli demokratje v bodoče le 229, sedaj jih imajo 232, v senatu pa enako 49 senatorjev. Republikanci naj bi dobili v zbornici poslancev 206 sedežev, sedaj jih imajo 203. Razmerje v senatu bi ostalo nespremenjeno, 49 demokratov in 47 republikancev.

Na to napoved naletimo povsod, da bo v Ohio zmagal Frank Lausche nad Georgeom Benderjem.

Koliko so vredne te napovedi? Leta 1948 sta si stala nasproti kot predsedniška kandidata Harry Truman in Thomas Dewey. Napoved Gallupa in drugih takih pisarn, je bila točno tale: Dewey bo dobil 49.5% oddanih glasov, Harry Truman 44.5% in Henry Wallace 4%. Znano je, da so vse te napovedi obvisle v zraku in da je zmagal Truman nad Deweyom.

Tudi to se bere, da, če letošnje napovedi ne bodo držale, posebno, ko gre za osebo Eisenhowerja, bodo volilne napovedi teh uradov in pisarn izgubile vsako vrednost in na nje v bodoče ne bo dal nihče—počenega groša.

Naslednik Eisenhowerja

V Washingtonu je prišlo do tekme, kdo naj vodi republikansko stranko, če Eisenhower propade. Prvič je značilno, da s to možnostjo sploh računajo, drugič, kdo naj v bodoče vodi republikance. Pojavljajo se tale imena: sedanji podpredsednik Richard Nixon, ki je odločen, da bo pri volitvah leta 1960 predsedniški kandidat. V ospredje sili Joe Martin, ki je načelnik republikanskih poslancev, pa tudi senator William Knowland. Leonard Hall, ki je predsednik izvršilnega odbora republikanske stranke, sploh ne pride v poštev. Pri volitvah leta 1960 naj bi tekmovala med seboj Richard Nixon in William Knowland, prav tako, kakor sta tekmovala leta 1952 pokojni senator Robert Taft in Eisenhower, kdo bo dobil predsedniško kandidaturu. Eisenhower, bodisi da zmaga ali da propade, gre takoj po volitvah v Avgusto v Georgijo, kjer bo počival in igral golf.

Delavske unije so si znale pri-

avtomatično zvišajo mezde, če
narašča draginja in se višajo
stroški preživljanja, pa so pri-

S to pravico so si delavske

Danes je v Združenih državah

PECON'S BAND ON GODFREY SHOW NOV. 5th

Another milestone in the musical careers of Johnny Pecon and Lou Trebar will be reached when the pair, along with their orchestra, will be presented by Arthur Godfrey Monday evening, Nov. 5th. Paul Nakel of WJMO will serve as talent scout. Long acknowledged as Cleveland's best polka combo, the appearance of the national hookup show, will afford an opportunity to be viewed by their many fans in the more distant parts of the country.

The talented radio, television and recording artists, are veterans of more than 25 years in the entertainment field and can be remembered for their radio performances on nationality programs that originated on Cleveland station WJAY in the early 1930's. Their versatility in music is best displayed through the interpretations of the gay old timers, Janez and Lojze, immensely enjoyed by the more mature set.

Your fans salute you, Johnny and Lou, you are a credit to the Slovenes and your most beloved profession, music.

IMMIGRATION AND NATURALIZATION

Question: I would like to bring my brother to the United States as an immigrant. Because my brother and I were illegitimate children, I have been told that he is not entitled to a quota preference, even though I am an American citizen. Since the regular quota is oversubscribed, it will be a long time before my brother can immigrate unless he is able to qualify for a quota preference. Is there anything I can do?

Answer: A recent government decision has held that the illegitimate children of a common mother are entitled to the same fourth preference status that applies to ordinary brothers and sisters. This ruling, however, does not apply to illegitimate children who claim a brother or sister relationship through a common father. Therefore, if your brother and yourself are the children of the same mother, you may confer fourth preference status upon him. It is immaterial whether you had a common father.

NOVAK FOR HOUSE OF REPRESENTATIVES

Anthony F. Novak, our good neighbor and friend is seeking to be re-elected to the Ohio House of Representatives. Tony Novak has represented this community in Columbus during the last session of the Legislature with forthright honesty and a sincere desire to serve all of us in a fair and impartial manner.

Novak is a young man, capable, and able to give to this community the vitality and energy that belongs to youth.

His record reveals conscientious devotion to his job. He has a perfect record for attendance with the committee on taxation on which he served as secretary and sought to protect this community from bearing an undue share of the tax burden.

Tony Novak truly represents this community, born and raised in Cleveland he has lived his entire life on St. Clair Avenue, except for the time that he spent with the United States Army on overseas duty. Tony attended school in Cleveland and conducts his accounting business from 6218 St. Clair Ave. where his family operated a bakery for many years.

The Novak family is not new to you, Tony, his wife, his mother and father all have participated in the activities and life of our community.

The background and heritage that is Tony Novak's makes him eminently qualified to represent us in the Ohio Legislature.

Promises and promises is the stock in trade of politicians. Tony Novak does not have to promise, he can point with pride to the time already spent in the Legislature, he can say "look at the record, see what I did when I served previously, and in the future I will render to this community the same kind of service that I have in the past."

The people of Cuyahoga county can ask no more of any public servant. We heartily recommend to you for re-election to the Ohio State House of Representatives Anthony F. Novak.

An X in front of the name Anthony F. Novak will return to Columbus our faithful servant. Vote November 6, vote for X ANTHONY F. NOVAK.

CALLOUS

(Fifth in a series of six articles)
The foot is a wonderful and intricate part of the body which must have freedom of movement to function properly. When this ability to compensate for changing positions during locomotion is lost—callous will form.

What is a callous? A callous is the thickening of the outer layers of the skin any place on the sole of the foot.

What causes callousities? Callouses are formed only on areas of excessive pressure and friction. This cause (pressure and friction) may be due to long hours of standing or walking, improper footwear, overweight, lack of fat padding, arthritis, etc.—but most always callous is due to imbalance of the feet.

What is foot imbalance? Imbalance is a condition involving the entire foot wherein its structures are not in their proper position to support the body weight. This may be due to poor body posture, pelvic tilt, weak or rotating ankles, improper position or length of one or more metatarsal bones, contracted toes, etc.

Common complications of callous Due to rotating ankles the heels form callous which may crack or fissure. At the metatarsal heads localized pressure often causes a corn which irritates the sensitive nerve endings. Sometimes pressure is great enough to cause capillary bleeding into the callous. From an inward tilting of the foot annoying callous is found along the side of the great toe where the bone is close to the surface. These, and others, can all be further complicated by extreme inflammation or infection.

Why callousities burn Since callous is composed of layers of dead cells they in themselves do not burn. The uncomfortable sensation of burning especially at the ball of the foot, is due to

congestion and swelling below the callous. Further the underlying bursal sac may also become inflamed. When the irritation is severe enough to aggravate these deeper structures extreme forefoot discomfort is felt.

Shoes and callous Improperly fitted or shaped shoes, which either constrict the foot or allow it to slide, can cause callous. Constant contact with hard walking surfaces, as from a thin soled shoe, can be a contributing factor. Wearing high heels, except for dress, throws excessive weight on the forefoot. A correct shoe can be a great aid to the foot and callous problem but once the functional damage has been done "corrective" shoes will rarely do what their advertisers claim.

What to do about callous Visit a chiropodist. He is best qualified to furnish immediate relief. By modern, scientific methods (which may include X-Ray studies) your chiropodist can properly DIAGNOSE the cause of your foot trouble. Callousities can be made painless by a proper plan of treatment and result in better foot and body comfort.
