Beseda slovenskih kulturnih delavcev o usodi Trsta in Primorske

IV.

5. Italijanski politiki, ki se danes borijo proti priključitvi Trsta in Julijske Krajine k Jugoslaviji, nimajo pravice pričakovati, da se njihovi jalovi razlogi ali njihove prazne obljube upoštevajo: molčali ali sodelovali so, ko se je krivica londonskega pakta in rapalske pogodbe s fašističnim režimom, ki je skozi 25 let tlačil slovansko ljudstvo, ga narodnostno, kulturno in gospodarsko zaslužnil ter sredi Evrope ustvaril eno izmed najgrozovitejših ječ, neznanstvo povečala. Molčali ali sodelovali so, ko se je med zadnjo okupacijo italijansko sovraštvo do Slovencev in Hrvatov razbesnelo, ko so tudi iz takozvane Ljubljanske pokrajine slovenske patriote, ki se niso mogli pobotati s okupacijo, delavce in študente, kmete in znanstvenike (tudi član Akademije znanosti je bil med njimi), v verigah in železnih kletkah vlačili kot največje zločince po Italiji ter jim v konfinaciji zadržali poslani denar. Molčali so, ko so italijanski vojaki s sadizmom in režanjem ljudožrevec streljali slovenske in hrvatske talce medtem ko so italijanski znanstveniki v svoji enciklopediji zatirjali lahkovernim ljudem, da je tudi zanje jemati talce prepovedano. Se danes govorijo, še klevetajo Jugoslavijo ter še branijo tiste, ki skušajo z nasiljem in vseni ogabnimi sredstvi zajeziti ljudsko voljo tako slovenskih kakor tudi poštenih italijanskih ljudskih mnžic, ki jim je zagotovljena v Jugoslaviji vse drugačna svoboda, nego bi bila Slovanom v Trstu in Julijski Krajini, kakor kažejo dogodki zadnjih časov izven Jugoslavije.

Akademija znanosti in umetnosti v Ljubljani obsoja kar najodločneje gnusna in moderne družbe nevredna sredstva politične agitacije, ki se tolerira proti Jugoslaviji v Trstu in Julijski Krajini, a goji obenem upanje, da se odločilni politični in znanstveni krogi ne bodo izneverili uvidnosti in čutu pravičnosti, ampak zavrgli možnost uzakonitve novih krivic in ustvaritve novega legla usodnih bodočih trenj ter pripomogli, da pride do veljave naš priporočil k zmagi zavezniških armad nad fašizmom in da se ustreže našim upravičenim zahtevam po združitvi Trsta in Julijske Krajine s Federativno ljudsko republiko Jugoslavijo.

V imenu univerze je govoril rektor Ivan Kral.

K zaključku je bila prečitana in z enodušnim viharom odobravanjem sprejeta naslednja

RESOLUCIJA

Kulturni delavci Slovenije, znanstveniki, umetniki, književniki, umetniške in znanstvene ustanove, zbrani 2. aprila 1946 na manifestacijskem zborovanju v Ljubljani, ugotavljamo, da imajo fašistični ostanki v Trstu vso svobodo rovarjenja proti demokratičnemu prebivalstvu in da pri svojem delu uživajo tudi podporo zavezniške vojaške uprave. Zato najodločneje protestiramo proti postopanju okupacijskih oblasti, ki ščitijo tiste, ki so bili največji sovražniki vseh svobodoljubnih narodov in proti katerim so zavezniški narodi dolga leta dajali največje žrtve.

Pred vsem svetom izpričujemo in ugotavljamo, da v Trstu in Julijski Krajini teptajo fašisti z vednostjo in odobravanjem okupacijskih oblasti samoodločba ljudstva, hoteč ga prisiliti k molku. Pred vsem svetom izpričujemo in ugotavljamo, da fašistični in profašistični elementi, podprti po reakcionarnih krogih v zavezniških deželah, pretepajo antifašiste, vrše teror nad ljudstvom, ki izraža edino le svojo voljo po priključitvi k Federativni ljudski republiki Jugoslaviji, da teptajo nacionalne embleme, sнемajo zastave, rušijo slavoloke ter vrše najgnusnejše napade na prebivalstvo, ki je dalo toliko krvi v boju proti fašistični Nemčiji in Italiji. Podžigalci fašističnih provokaterjev in hujskačev padajo v Trstu tisti ljudje, ki so krvavili za skupno zmago zaveznikov proti fašizmu in ki so odločno tudi še danes do kraja vztrajali v borbi za svoje svete nacionalne in demokratične pravice.

Kulturni delavci Slovenije, znanstveniki, umetniki, književniki, manifestiramo svojo solidarnost z ljudstvom Trsta in Julijske Krajine, ki se bori pod najtežjimi pogoji za to, za kar se je borilo že od krivične rapalske pogodbe. Z vsem srcem stojimo strnjeno za tržaškim ljudstvom, ki

prav v teh dneh s svojo generalno stavko in z junaško stavko štiristo antifašistov v tržaškem zaporu Coroneo daje vsemu svetu ponoven dokaz, da ni sile, ki bi mogla zločiti v trpljenju in žrtvah prekaljeno ljudstvo.

Kulturni delavci Slovenije, znanstveniki, umetniki in književniki pozivamo znanstvenike, umetnike in književnike in vse kulturne delavce svobodoljubnega in naprednega sveta, naj podpro pravično borbo prebivalstva Trsta in Julijske Krajine, ki hoče le priključitev k Jugoslaviji, od katere je bilo krivično odtrgano, ter podpro naš protest proti pristranskemu in krivičnemu postopanju okupacijskih oblasti.

Cleveland prekoračil kvoto za mlad. bolnico; 40 tisoč dolarjev nabranih do sinoči!

(Nadaljevanje s 1. strani)

režije Frank, ki je darovala s čutom in ponosom — tisoč dolarjev. To je napravila Slovenka, ki je poslala njen klic preko širne Amerike, da ga je čula zadnja slovenska naselbina.

S tisočakom ji je sledil Slovenski Dom v Lorainu, klub društev Slovenskega narodnega doma na St. Clair Ave., Slovenski delavski dom na Waterloo Rd., Slovenski društveni dom v Euclidu in organizacija "Progresivnih Slovencev" v Clevelandu in Anton Jansa. Tako, da imamo v državi Ohio sedaj sedem ustanovnih članov.

Nato se je odprla uradna kampanja SANSovih podružnic v Clevelandu, Collinwoodu in Euclidu. Lepo število nabiralcev in nabiralcev je šlo na delo, od trgovine do trgovine, od hiše do hiše, od posameznika do raznih društev, skupin in sestankov.

Delalo se je s polno paro, od dneva do dneva, od meseca do meseca, tako da imamo nocoj pred nami rezultat tega ogromnega in težkega dela, ki v svojih številkah, katere govorijo v dolarjih, tudi nimamo primerne v slovenskih naselbinah v Ameriki.

Naš cilj je bil do 30. maja \$30,000, a končni cilj v tem letu bi bil pet deset tisoč dolarjev.

Naš prvi cilj je dosežen, še več kot dosežen. Sli smo preko tega cilja, daleč vnaprej.

Predno se je pričel ta nocojšnji koncert, so mi vse tri podružnice dale sledeče poročilo:

Od 1. januarja pa do 30. maja je podružnica št. 106 v Euclidu, Ohio, nabrala za otroško bolnišnico — \$6,000.

Podružnica v Collinwoodu je v istem času nabrala vsoto \$11,000.

Podružnica na St. Clairju je v istem času dobila vsoto \$20,000.

Organizacija Progresivne Slovencev pa je že odposlala svoj tisočak na glavni urad SANSa v Chicagu.

Skupna vsota vseh teh prispevkov je \$38,000.

Bratje in sestre, ali ni to višek naših pridnosti in zavednosti, da smo v petih mesecih nabrali tako veliko vsoto za otroško bolnišnico v Sloveniji. Kdo nam more še uporekati, da nismo storili svojo čisto narodno dolžnost vsi tisti, ki se v resnici zavedamo svoje krvi.

Naj storijo še ostali to, kar smo storili mi po številu darovalcev.

Kot prvi podpredsednik SANS-a se toplo zahvaljujem vsem vodilnim silam vseh treh podružnic SANS-a, kakor tudi vodilnim silam v posameznih slovenskih naselbinah. S posebnim povdžkom izrekam iskreno zahvalo predsednici Progresivnih Slovencev, ki je bila načelnica vseh nabiralcev. Prosim vas, izrecite to zahvalo v imenu SANS-a na vseh vaših skupinah, kjer se boste sestali za nabiranje in nabiralkami.

In ker smo že prekoračili našo kvoto do današnjega dne, idimo naprej, da v tem letu dosežemo cilj \$50,000, da bo slovenski Cleveland z okolico prispeval eno tretjino določene vsote za otroško bolnišnico v Sloveniji.

Hvala vam lepa, pevcem Glasbene matice, Zarji in Planini, kakor tudi vam, ki ste prišli na nocojšnjo prireditev.

Izredna hvala vsem nabiralcem in nabiralkam.

UREDNIKOVA POŠTA

Piknik na izletniških prostorih SNPJ farme

Cleveland, O. — V nedeljo 2. junija se vrši piknik na izletniški farmi SNPJ. Odbor bo skušal posetnikom piknika postreči po najboljši možnosti, kar je mogoče v sedanjih razmerah. Do sedaj je bil še vsak piknik farme uspešen če smo upoštevali vojne razmere. Tako se tudi sedaj nadajamo, da nas posetite v velikem številu in tako pripomorete, da bo ta naš piknik v sezoni uspešen.

Predčasno je bilo večkrat poročano, da se bo letos pričelo s postavljanjem nove plesne dvorane na farmi SNPJ. Toda odbor je prišel do zaključka, da se to misel za enkrat opusti, ker se težko dobi gradbeni material, oziroma se ga sploh ne dobi. Tudi ni še zadostne finance v tem skladu. Ker je pa naša mladina hotela imeti vsaj začasno plesišče, je odbor sklenil, da se staro hišo na hribčku preuredi v plesišče.

Odbor je pričel takoj s tem delom in sedaj je dvorana že pripravljena in nas čaka, da pridemo tam plesati. Ta nedeljski piknik bo torej nekakšna odprta te naše plesne dvorane na hribčku. Pravijo, da je pod tako močno narejen, da popolnoma odgovarja vsaki teži in je vse lepo lično preurejeno. O vsem tem je najbolje, da se pride sami prepričati v nedeljo 2. junija.

Naša tajnica farme Mrs. Cecilija Šubelj prav z veseljem sprejema prispevke za v sklad nove dvorane. Ko imate kakšen dolar na razpolago, se kar nanno zmislite, ker ona bo z njenim prijaznim nasmehom sprejela.

Theresa Gorjanc, zapisničarka.

Drugi izkaz prispevkov podr. 106 SANS za mlad. bolnico

Euclid, O. — Euclidska naselbina je šla v tekoči kampanji za otroško bolnišnico v Sloveniji, že "Over the top". Njena kvota \$5,000 je prekoračena in vse kaže, da bo ob zaključku kampanje 30. maja "prišel" še en tisočak v blagajno. Živo srebro v toplomeru (copakomeru) v naših narodnih domovih se čudovito naglo dviga, kar znači, da je kampanja precej vroča in da so se naši na-

biralci potrudili do skrajnosti za to prepotrebno ustanovo v rodni domovini.

Kdor še ni prispeval za ta plemeniti namen, ta naj se takoj odloči. To velja zlasti za naše trgovce in druge imovitejše rojake, ki so se v splošnem slabob odrezali. Na drugi strani pa vsa čast našemu delavstvu in društvom, ki so se tako častno odzvala.

Apelira se na vse nabiralece, da takoj po kampanji vrnejo pole tajniku, da se uredijo računi.

Frank Cesen, tajnik podr. 106 SANS.

Čudna vloga Hooverja kot "eksperta" za svetovno prehrano

(Nadaljevanje s 1. strani)

Hooverja na to potovanje, resnica pa je, da je ideja nastala v Hooverjevi glavi. V krogih administracije je očitno zdaj prevladala trdna odločnost, da mora Hoover po tem potovanju v južno Ameriko nazaj v pokoj.

Optimistična poročila o položaju so netočna

Zavozljano vprašanje vse-spolne lakote, problem, ki je bil resno zavežen že prej, je postalo po objavi Hooverjevega poročila še bolj predmet prerakanja. Njegovo poročilo je optimistično, češ, položaj je mnogo boljši kot smo slišali. Toda komaj par dni pozneje je prišel ogorčen odgovor. Skupina "Food for Freedom", na čelu katere se nahaja Mrs. Dwight Morrow, je ovrgla vse, kar poroča Hoover, trdeč, da je nekdanji predsednik le

"delil lakoto" in le tako prišel do svojih zaključkov.

Povrh vsega drugega se je veliki inženir v svojo nesrečo zapletel v nekatere računске pomote—poročal je, da je zmanjšal primanjkljaj pšenice do 1. septembra od 11 milijonov ton na 3,600,000. Izračunal pa je to število tako, da je dobave za april štel dvakrat—mala pomoč, ki pomeni 3,000,000 ton. Poleg tega je odkril neke dodatne zaloge pšenice, tudi 3,000,000 tan, ki pa obstoje le v njegovi domišljiji.

Hrana kot politično orožje Hooverjeva iznajdba.

Hoover zahteva naj stradajoča ljudstva zmanjšajo svoj odmerek, da ne bi zmanjkalo pšenice. Toda kljub njegovim zmotnim številkam je iz njegovega lastnega računa razvidno, da zaloge niso zadostne niti za to zmanjšano zahtevo. Skupina "Food for Freedom" radi tega očita Hooverju, da je otežkočil pregled svetovnega položaja.

Ameriški državni departmet je — bodisi namerno ali slučajno — zakuril v tej peči še s tem, da je objavil nekaj dozdaj še neznanh zapiskov pariške mirovne konference iz leta 1919, ki se tičejo vloge, katero je igral Herbert Hoover v razdeljevanju hrane po prvi svetovni vojni. Kot da je bil namen opomniti javnost na to, da je Hoover iznajditelj za misli, da je hrana orožje politike.

Odgovornost za Hooverjevo delovanje pada na ramena tajnika Andersona, o katerem trde nekateri zlobni jeziki, da je največja polomija Trumanove administracije.

Poljedelski tajnik Anderson odgovoren za fiasco

Jako razširjena je v Washingtonu trditev, da so polomije Trumanove administracije posledica tega, kar nosi ime "vladanje zakonodajcev." Znano je, da so zakonodajci v splošnem

slabi upravni uradniki, češ, da so bili vedno vajeni delati le z maloštevilnim uradništvom. Tako vsaj trdi ta teorija. Čim jih slučaj nanese na velike administrativne pozicije, izgube svojo sigurnost, ker morajo voditi posle uradov z neštevilo nastavljenec.

Poljedelski tajnik Anderson je bil prej, predno je postal član vlade, kongresman in je štel celo med najspodobnejše. Toda naj bo temu kakor hoče, njegove zmore v departmetu za poljedelstvo, v kolikor se tiče zadev svetovne krize prehrane, so vsi kakor več kot le administrativnega značaja.

V blag spomin

ob prvi obletnici kar je umrl prerane smrti naš
ljubljeni sin in dragi brat.

JOHN DACAR

Zatisnil je svoje mile oči dne 1. junija 1945
v cvetočih mladostnih letih, star šele 25 let.
Blagopokojnik je bil rojen 17. decembra 1919
leta, v vasi Gradišče, fara Šmartno pri Kamniku
na Gorenjskem.

Eno leto bo poteklo jutri, odkar Te je kruta
smrt izrgala iz naše srede, ter si odšel v najlepši
mladeniški dobi v deželo smrti, odkoder ni povratka.

Naša srca pa so žalosna, vsaj smo Te vsi ljubili.
Spominjali se Te bomo z ljubeznijo do konca naših
dni.

O, kako je hiša prazna, Rudečih vrtnic bomo zbrali
kar Te ni med nami, sin, jih povezali v šopek le,
zaman Te kliče oče-mati, to naj Ti kaže in naznani,
ostal je nate le spomin, da nam spomin je nate svet.

Žalujejo ostali:

v poročilu komisije kot doku-
ment št. 87.

Tudi Draža Mihajlović je po-
stal desperaten. Njegovi ljudje
so postajali milosrdni. Dne 20.
januarja 1943 je pisal polkovni-
ku Baji Stanišiću, v katerem je
rekel:

"Obveščen sem, da v teritoriji
stare Črne gore, posebno v
okraju Nikšić, prevladuje duh
Kerensizma za uničenje komu-
nistov in zelenih srajc.

"Na primer ne dolgo nazaj so
četniki ujeli dva člana Baletiče-
ve rodbine v Rigjanih, dva ne-
varna komunisti. Enega izmed
teh so spustili še isti večer, dru-
gega pa iztrgali iz rok naciona-
lističnih četnikov komunisti iz
Stube.

"Krstó Minić, rojen v Pješ-
vacu, ječar četniške jetnišnice
pri Nikšiću, je dovolil meseca
julija letos petim komunistom,
ki so bili obsojeni na smrt, da so
zapustili ječo in je z njimi po-
begnil. Vsi ti komunisti so imeli
biti ustreljeni drugo jutro. Je-
čar Minić je bil kasneje ujet, to-
da še danes je med živimi, med-
tem ko ljudsko sodišče in kro-

žek izlajalcev in njihovih zago-
vornikov pravita: Za take slu-
čaje ni nobene določbe v odre-
dih. Čakati mora konca vojne in
potem biti sojen v normalnih
razmerah.

"Dne 6. novembra je bilo pet-
najst zločincev izpuščenih iz čet-
niške jetnišnice v Straševici.
Oprostili so jih nekdanji komu-
nisti, današnji nacionalisti. Mož-
no je, da tudi v tem slučaju ne
bo nihče smatral odgovorne-

Sava Kosanovic Interview

By Arthur Gaeth

Paris, April 28, (ONA)—Sava Kosanovic, who established a Yugoslav Partisan headquarters in New York City in 1942, is returning to the United States as ambassador to Washington. His ideas today, this reporter understands, are the same as those he expressed recently in Belgrade, when he gave an interview as Minister of Information. He will make a strong plea in the United States for the Yugoslav claims on Venezia Giulia. On this question he told this writer:

"Our Trieste claims need understanding in America. Much has been said about the ethnological structure of the Julian Marche, but when you subtract 25 years of forced Italian settlement and Fascist pressure you find that the great majority of the people are Slavs. During the war, every ninth Yugoslav perished—59,000 were killed in the third of the country that was occupied by the Italians."

Kosanovic called Ante Pavelich, whose separatist movement was financed almost entirely by Mussolini, "the bloodiest Quisling in Europe" and said that unless the Yugoslavs obtain at least "the feeling of reparations" from Italy, there will be continued troubles. He added: "We aim to halt Italian expansion into the Balkans. Trieste belongs to its hinterland, which is Slav."

Told that observers were surprised at Yugoslavia's return to normal conditions with a minimum of unrest, Kosanovich said:

"For most Americans it would be difficult to understand what difficulties we had to overcome. Not only was the entire machinery of state destroyed by the Nazis but the country was chopped into seven zones of occupation. Forty enemy divisions overran Yugoslavia and played havoc with transport, industrial equipment, farm machinery, livestock and other property. Homes were destroyed wholesale and individual property was confiscated."

He bristled when asked about his government's alleged persecution of Catholic clergy.

"There is no persecution," he said. "We have religious freedom. But we have had to act against certain clergymen who proved they were enemies of the state." He charged that some members of the Franciscan order allied themselves with Pavelich and fought with the Ustashi terrorists against Yugoslav patriots. "In 1941," he said, "68 Orthodox priests and many members of their families were killed by the Ustasias."

(In general, the Serbs are Orthodox; the Croats and Slovenes are Roman Catholic; the southernmost populations, bordering Albania and Greece, are largely Mohammedan.)

Kosanovich said the program of the Pavelich regime called for killing a third of the Serbs, expelling one third and "re-christening" the remainder.

In conclusion, Kosanovich said that Belgrade contemplates giving Trieste and the Julian Marche the status of "A Federated Republic, with local autonomy within the general structure of the Yugoslav state so that racialism will not be a problem. As for the harbor itself, we are willing to set up an international board of control, with Austria, Czechoslovakia, Hungary and Yugoslavia participating."

During the course of Don Boyd's term in the office of President our club has made much progress for its future and welfare. Proof of his leadership and talent for management, was evident at the dance held during his term in office. His untiring efforts will go by unnoticed, and unappreciated by many. He will be remembered by those who had the privilege to work with him.

Say Joe Sustarsic, where are the nylons you were supposed to produce? Hm?

Victor Luzar showed up at the meeting in a new suit. You must have your quota of suits for this year, don't you Vic?

Tony Sustarsic made a grand entrance Sunday. Could be you wanted us to see your new bow tie, Tony? Those colors match your suit, nicely.

Openings With The U. S. Army

The U. S. Army is hunting for men who want to join the army and serve as recruiters right here in Cleveland.

A shortage of personnel is hampering the local station in filling its quota of recruits, according to Lt. Col. F. A. McCulloch, who is in charge of the Cleveland station.

Men with at least six months' previous experience in the army are eligible for initial assignments to recruiting jobs. Recruiter prospects also must enlist for three years.

In addition to drawing base pay and allowance for dependents recruiters receive an allowance of \$105 each month for food and shelter, according to Col. McCulloch. Recruiting thus becomes a well-paying job.

To qualify as recruiters, men must be able to meet the public and to present intelligently the army's need for a strong peace, it was pointed out.

The present recruiting campaign is scheduled to last until July 1, 1946. There is no indication, however, that the army will stop recruiting then. A complete program to obtain men for the army always has been carried on during peacetime.

There will be approximately 18 jobs open in Cleveland. Interviews will be conducted at the recruiting office at 1268 Ontario Street, Cleveland, Ohio.

UNRRA TEMPERERS LIVE-STOCK PROGRAM TO MEET LOCAL CONDITIONS

Washington—Nearly 45,000 draft animals, more than 8,850 dairy cows, and more than 250 bulls shipped by UNRRA have now been received in Yugoslavia, Greece, Czechoslovakia and Poland. While none of these animals are to be eaten, they do represent an immediate increase in food for the recipient countries. The draft animals will be used for ploughing; the dairy cows, many of them already with calf, will also provide milk and butter; and the bulls are for use in UNRRA's artificial insemination program.

When allocating these animals among its people, the government of the receiving country has had to take the local feed situation into account. Fodder is not available in all sections, and the feed shortage is spotty. In order to get a mule, a community had to show that there was feed enough on hand to carry it through the winter.

No meat animals are being sent; the UNRRA program does not call for them. A few boars for breeding were included in the original program, but because hogs compete with human beings for the food they eat, none will be sent until there is local grain over and above human needs to support them.

Now that spring is turning the pasture lands green again UNRRA's program of livestock shipments will be stepped up. Losses in transit so far have less than one-half of one per cent, in contrast to the usual commercial shipping loss of 10 per cent.

SANC No. 39 Meeting

The Slovene American Nat'l Council will hold its regular monthly meeting this evening at 8 p.m. in the Slovene Nat'l Home St. Clair Ave. All lodge representatives are requested to attend to hear the report of the current campaign for the Yugoslav hospital fund.

Army and Navy News

What does safety mean to you? Does it mean no empty places at the table? Fewer crippled children? Less hardship from reduced income? More peace of mind and happiness for everyone—everywhere? If it means any of these things to anyone of us, we'll probably want to support the Greater Cleveland Safety Council's and the National Safety Council's Green Cross for Safety Campaign and help cross out accident.

Telenews Theatre

A complete film picturization of the paralyzing effect the recent railroad strike had upon the nation and President Truman's fiery address to Congress as the railroad strike ended, receives top billing on the new program at the Telenews Theatre this week.

As the forthcoming Joe Louis-Billy Conn fight draws near, boxing fans are reminded of the sensational 1941 bout in which Louis defeated Conn in 13 rounds Action highlights of the entire fight, including slow motion views of the knockout, will be shown on the new program at the Telenews Theatre this week.

Unbelievable battle highlights of the Marines' bloody advance from Tarawa to Okinawa, are vividly shown in an exclusive Telenews production titled, "The Marines at War". The battle for Tarawa, bloodiest invasion in history, Jap terror at Saipan, the actual battle for Iwo Jima filmed from a tank in the midst of battle are some of the scenes shown in the film.

Engaged

Mr. and Mrs. Anton Brencic, 17724 Delevan Road announced the engagement of their daughter Miss Ann Brencic to Mr. Robert T. Fox, son of Mr. and Mrs. Fred G. Fox, 266 East 156th Street.

Congratulations!

April showers may bring flowers—but don't let rainy weather foul you up, Mr. Motorist! Naturally, you can't see as well through a downpour of rain—nobody can. And Greater Cleveland Safety Council and National Safety Council records show that in one out of every five fatal traffic accidents, the driver's vision was obscured. So, better stay on the safe side of the weather. Take it slow and easy—and get there. Keep safety and yourself alive—perpetuate the Green Cross Drive!

UNRRA Mission In Yugoslavia

Belgrade, Yugoslavia — During the war nearly two million Yugoslav men, women and children lost their lives—that is more than ten per cent of Yugoslavia's pre-war population. Fifteen million Yugoslavs have survived the four years of bitter resistance, but many of them are maimed and mutilated. In July, 1945, Sir Harold Gillies, famous New Zealand plastic surgeon, visited Yugoslavia to conclude final arrangements with UNRRA and the Yugoslav Government for the establishment of a plastic surgery center. On November 4th a plastic surgery team arrived in Belgrade, comprising a plastic surgeon and an anaesthetist, both pupils of Sir Harold Gillies, a dentist, a dental mechanic, two nurses, a secretary and two orderlies. During the last two and a half months they performed over one hundred operations and are also training Yugoslav surgeons in the latest plastic methods. They are planning to stay six months. Their patients include Partisan soldiers as well as civilians, amongst them a little girl who was badly injured in a mine explosion. On January 14, Marshal Josip Broz Tito, head of the Yugoslav Government, together with Ralph Skrine Stevenson, British Ambassador in Belgrade, visited the "Hospital of the Merchant Youth," where the plastic unit is working. Marshal Tito watched with keen interest clinical demonstrations given by Dr. James Cuthbert, of South Africa, who is heading the team, and spent an hour and a half visiting all the wards. He spoke with Dr. Cuthbert and Dr. K. W. C. Sinclair-Loutit, Director of Health, UNRRA Yugoslav Mission, expressing his gratitude for this important relief work, and said: "This work is most important from a moral viewpoint as it enables our civilians and soldiers who were maimed at birth or by an accident, or mutilated in the liberation struggle, to regain a normal place in a peacetime community."

Here the dressing has been removed from the patient's face whose entire lower jaw had been shot off. From left to right are: Colonel Stanojic, Chief Consulting Doctor of the Yugoslav Army; Dr. Sremic (grey-haired) National Minister of Health; "Jelice" (girl in white overall) a medical student who acted as interpreter; behind her to the right (reading the paper that is in the Marshal's hand) Dr. K. W. C. Sinclair-Loutit, Director of Health, UNRRA Yugoslav Mission, next to him (blue cape) General Koca Popovic, Chief of General Staff; Marshal; between the Marshal and Dr. Cuthbert (only face visible) Wilford E. Johnson, Acting Chief of Mission, UNRRA Yugoslavia (Mr. Johnson wearing glasses); and Dr. Cuthbert (white overall).
