## IMENSKO KAZALO

V imenskem kazalu so vsa imena, ki so bila navedena v celotnem gradivu desetih letnikov (knjig) naših Dokumentov. Upoštevali nismo imen v seznamih vlog in režij posameznih gledaliških ustvarjalcev ter v najrazličnejših repertoarnih in knjižno-bibliografskih pregledih. Ime neimenovanega dramatika navajamo le tedaj, kadar je v člankih ali razpravah naslov njegovega dela, opuščamo pa ga, kadar je v njih zgolj ime tega ali onega lika. Imena zgodovinskih oseb (npr. kraljev) so vključena v kazalo le, če so v neposredni zvezi z gledališkim dogodkom.

Transliteracija je opravljena skladno z bibliotekarskimi načeli.

Rimske številke I—X označujejo knjige (letnike). Ker imajo te po eno ali več številke (vseh številke je 24), navajamo njihov sestav: I (1—5), II (6—9), III (10), IV (11—12), V (13—14), VI (15—16), VII (17—18), VIII (19—20), IX (21—22) in X (23—24).

Upamo, da bomo v bližnji prihodnosti lahko dodali še stvarno kazalo in kazalo fotografij.

#### **L'Index de noms des Documents du Musée du théâtre slovène 1964—1974**

Le premier est index alphabétique de noms cités dans tout le matériel des Documents publié dans dix ans. Ils n'ont pas été pris en considération les noms cités dans les répertoires, dans les aperçus de bibliographie littéraire et dans les index des rôles ou des mises en scènes. Le nom d'auteur dramatique est cité dans le cas où le titre de son ouvrage apparaît dans les traités ou les articles mais il est omis si ce n'est qu'un rôle qui en est mentionné. Les noms des personnages historiques (les rois, p. ex.) ne sont inclus à l'index que s'ils sont en rapport direct avec un événement théâtral. Nous espérons bien de pouvoir dans le futur prochain y ajouter un index de matière et de photographies.

Le deuxième index, plutôt court, est celui de nom des auteurs des traités, des articles, des lettres et de divers index.
