

ŠPIJONSKA ZAROTA V MADRIDU ODKRITA

Policija je polovila večje število fašističnih špijonov, ki so imeli v načrtu umore, ugrabitve in sabotažo

MADRID. — Madridska policija je včeraj naznanila, da je strla neko fašistično špijonsko organizacijo, ki je nameravala škodovati obrambi glavnega mesta z umori, ugrabitvami in sabotažami, zvečer pa je bila že večina teh špijonov pod ključem. Vodja špijonske organizacije, ki je delovala v mestu in imela pri tem pomoč raznih javnih uslužbencev, je neki Exuperio Munoz Gonzales, simpatičar upornega generala Francisca Franca. Prijetih je bilo več kot trideset članov špijonske organizacije, med katerimi je tudi več žensk in pet policajev.

Vladni uradniki pravijo, da je imela ta organizacija veliko zalogo municije in da je med drugim nameravala ugrabiti generala Jose Mija, vrhovnega poveljnika vladnih čet v osrednji Španiji.

Medtem se je včeraj nadaljeval srditi dvoboj med vladno in rebelno artilerijo, dočim javljajo poročila z guadalajarske fronte, da vladne čete krepko zadržujejo sovražnika pri Triguergu, 44 milj severovzhodno od mesta. Poročila dostavljajo, da se na tej fronti dalje vršijo siloviti boji, da pa se pozicije niso spremenile.

Iz Valencije je prišlo poročilo, da je bil ranjen in poslan v bolnišnico Robert Meriman iz Californije, poveljnik bataljona Abraham Lincolna, ki je del vladne mednarodne protifašistične brigade. Sovražna krogla mu je prevrnila pleča in šrapnela mu je raztrgala levico.

MADRID. — (Drugo poročilo.) — Sem prihajajo poročila, da je na pohodu močna inozemska armada 120 tisoč italijanskih in nemških vojakov, ki ima nalogo, da stre odpor vladnih čet na guadalajarski fronti, kjer republikanske sile branijo zadnjo zvezo Madrida z morjem.

Vojno ministrstvo je naznanilo, da so italijanski ujetniki povedali, da se nahaja v Španiji združena armada 80.000 Italijanov in 40.000 Nemcev, seveda izvežanih vojakov, ki se nahajajo pod skupno komando, ki ima "Mussolinijevo povelje, da konča civilno vojno".

LONDON. — Zastopniki 27 evropskih držav, članic nevtralnega odbora, so se sinoči sporazumeli o podrobnostih glavnega načrta, da se z blokado izolira Španija. Odbor je odredil, da se danes začne pomorska blokada Španije, ki jo bodo izvajale bojne ladje nevtralnih držav. Ta korak nima primere v dosedanjih evropskih zgodovini.

Španske žene v borbi proti fašizmu

Španske žene in dekleta se navdušeno borijo in žrtvujejo za svobodo. Mlada delavska boriteljica o bojih pri Irunu in drugod

Beograjska revija "Žena danas" je prinesla v svoji januarski izdaji zanimivo poročilo o razgovoru njenega dopisnika Vladimira Dedidžera, ki piše, kako se je seznanil z dvema mladima Španjolkama, ki sta bili na poti v bolnišnico ter se spustili v pogovor z njima. Do tega srečanja je sicer prišlo še lani v novembru, toda to, kar o njem piše V. D., ni nič izgubilo na zanimivosti in aktualnosti. Ena izmed omenjenih španskih mladenk, ki sta bili ranjeni v bojih pri Madridu, mu je pripovedovala:

"Midve sva bili šivilji v San Sebastianu... Ko so fašisti udarili, da nam odvzamejo še tisto malo svobode, ki smo jo dobili z volitvami dne 16. februarja (1936), sva se takoj javili našemu sindikatu. 'Ali se hočeta boriti?' so nam vprašali. 'Čas borbe je tu!' — 'Hočeva!' sva odgovorili.

Orožja nismo imeli, ker se je nahajalo v vojašnici v rokah upornikov. Izvršili smo napad na vojašnico ter se polastili orožja, toda po napadu nas je bilo polovico manj... V pol ure sem se naučila ravnati s puško... Nato smo se odpeljali v Irun, od tam pa na bojišče pri Penjas de (Dalje na 2. str.)

"JAJČJA VOJNA"

CADIZ, O. — Včeraj se je med tremi tukanjskimi trgovinami vnela huda "jajčja vojna". Prva je ponudila jajca na prodaj (na drobno) po 22c tucat, kar je cena na debelo. Druga trgovina je nato naznanila, da plačuje jajca farmarjem po 23c, prodaja pa po 22c. Tretja trgovina pa je začela plačevati jajca farmarjem po 23c, prodajati pa po 21c.

Usodno igranje s strelnim orožjem

Nepazljivo staršev, ki posejajo samokrese in drugo strelno orožje, a se ne pobrigajo, da bi ga tako spravili, da bi otroci ne mogli priti do njega, povzročajo vedno nove tragedije. Tako je te dni ponovno prišlo do take žaloigre v Clevelandu. Dva dekleta, 11-letni Emerson Webster in 14-letni Joseph Flannigan sta se igrala. Pri tem sta iztaknila revolver Websterjevega očeta, ki je policaj. In dekleta sta vsak nekaj časa merila s samokresom drug na drugega. In se je naposled zgodilo, kar se je moralo zgoditi: ko je imel samokres v roki Websterjev fant, se je sprožil in krogla je zadela Flanniganovega fanta v srce. Seveda je bil takoj mrtev.

Avtne licence

Nove licenčne tablice za avtomobile so zdaj na razpolago v številnih prostorih v Clevelandu in priporočljivo je, da se vsak avtomobilist požiuri, da mu ne bo treba zadnje dneve čakati ure in ure v vrsti, ko je naval najhujši. Zadnji dan za nabavo tablice bo 31. marca. Po tem dnevu bodo morali imeti vsi avtomobilisti nove tablice.

Učiteljica bo tožila šolski odbor

Euclidski učiteljica Marjorie Isenhardt Sinti, ki je bila odpuščena iz službe, ker se je tajno poročila z Joe Sinti, bo najbrž tožila euclidski šolski odbor, ki je odločil, da 23letna učiteljica ne dobi svoje službe nazaj, razen, ako tako odredi sodišče. Njen "greh" je bil, ker se je poročila, ne da bi o tem vnaprej obvestila šolski odbor, kakor zahtevajo pravila.

Nocoj praznuje društvo Sava, št. 86 SSPZ, 25-letnico obstanka z zabavo in prizidku S. N. Doma. Vhod je na St. Clair ave. To društvo je aktivno na kulturnem in društvenem polju, toda redko prireja veselice. Pričakuje se, da se bo za 25letnico zbralo veliko število prijateljev.

Pečjakov koncert

Kakor smo že poročali, se bo nocoj vršil v Delavskem domu na Waterloo rd. koncert našega mladega tenorista Louisa Pečjaka, ki ga bo spremljala na klavir naša mlada pianistka Alice Artlova, vmes pa bo nastopil tudi moški pevski zbor Allerton pod vodstvom Griffitha Jonesa. Pečjak ima na programu slovenske in angleške pesmi, med prvimi kompozicijami Louisa Semeta "Sivomak" in Ivan Zormanovo "Brezi." Koncert se bo prišel ob pol devetih zvečer in vstopnice so po 55c, 83c in \$1.

Naša publika je prijazno vabljena, da poseti ta koncert. Da je Pečjak dober pevec, je večini izmed nas že znano, da vsak pevec potrebuje tudi moralne in gnotne opore od strani svoje publike, smo pa že zadnjič ponovno povedali, pred Belletovim koncertom. Torej glejmo, da se bomo dobro odrezali tudi to pot, da bo Pečjak potem z večjim veseljem udeleževal v petju!

Relifne nakaznice

Mestni relifni odbor je danes podal zagotovilo, da bodo relifniki dobili nakaznice za živila in kurivo najkasneje dva dni pozneje običajno (v torek). To zagotovilo je bilo dano na podlagi obljube gov. Daveya, da bo "storil vse, kar bo v njegovi moči, da pripravi državno postavodajo v ponedeljek k temu, da takoj sprejme za prvo silo apropiacije v vsoti \$2,000,000."

Pobojnika izohana?

Clevelandski polic. kap. John Savage je danes napovedal, da bosta pobojnika, ki sta napadla in pretepla unijskega voditelja Abrahama Katovskya, v kratkem v rokah policije. Savage pravi, da se ve, kdo sta in da bosta prijeta, čim bo preiskava zaključena.

Unijske čevlje

Louis Majer, 7508 St. Clair Ave., je dobil čevlje docela unijskega izdelka, katere dobite po nizki ceni.

Kultura

"Slavčki"

Sklep zadnje seje "Slavčkov" je bil, da se vršijo seje poslej vsak tretji ponedeljek v mesecu. Prihodnja seja bo v ponedeljek 15. marca in sicer ob šestih zvečer za mladino, ob osmih pa za starše. Starši so prošeni, da se te seje udeležijo, ker bo treba izvoliti zastopnike za skupne zbornice; obenem pa bo podano poročilo o zadnji skupni seji.

Čajanka in tombola

Narodne čitalnice
Jutri zvečer se bo vršila v prizidku Narodnega doma na St. Clairju čajanka in tombola Narodne čitalnice S.N.D. (Včeraj se nam je vrnila neljuba pomota, da se je napačno glasilo, da se prireditev vrši 21. marca, kar naj čitatelji prijazno upoštevajo.) Ker je Narodna čitalnica ena izmed najvažnejših naših kulturnih ustanov, brez katere bi bili v kulturnem pogledu precej na slabšem, kakor smo tako, apeliramo na našo javnost, da v čim večjem številu poseti to društveno prireditev in s tem pomaga čitalnici moralno in finančno. Čajanka se bo pričela ob pol osmih zvečer in vhod bo z Addison rd.

Vesti iz življenja ameriških Slovencev

CHICAGO. — Na svojevrsten način je sedeč zastavkal jolietški elektrarski kontraktor Fr. Peterlin, ko je 8. marca z avtom obtičal v globokem blatu ulice May. Peterlin je izjavil, da je zadnja leta potrošil že 62 dolarjev zato, da so ga izvlekli z avtom vred iz blata kotanjastih jolietških ulic in da ima zdaj tega dovolj do grla. Svoji ženi je sporočil, naj mu prinaša hrano, da ne bo lačen "na stavki." Ker je ulica, v kateri je obtičal Peterlinov avto, ozka, je Peterlin spravljal jolietško policijo v zadrego, ker je njegov avto zaprl ulico in ustavil promet.

General Motors in U.A.W. sta dosegli sporazum

Pogodba, ki ne vključuje minimalne mezde in 30urnega delovnega tedna, bo danes predložena v odobritev delegatom krajevnih unij U. A. W.

Stavka pri Chryslerju se nadaljuje in kompanija bo danes zahtevala sodno prepoved proti stavkarjem

DETROIT. — Začasni sporazum med korporacijo General Motors in unijo avtnih delavcev U. A. W., ki je bil sklenjen dne 11. februarja, je bil sinoči nadomeščen z novim sporazumom, ki bo danes predložen konferenci delegatov krajevnih unij U. A. W., da ga odobrijo ali zavrnejo. Sporazum ne bo podpisan, dokler ga ne odobrijo unijski delegati.

Sporazum predstavlja kompromis. Pogodba pa ne vsebuje določb o splošni minimalni mezdi in 30urnem delovnem tednu, ki ju je unija prvotno zahtevala. Ostalo bo pri 40urnem delovnem tednu in osemurnem delovniku in delavci bodo dobili plačan čas in pol za nadurno delo. Z ozirom na minimalne mezde pravi pogodba, da "o vprašanju lokalne mezdne lestvice... odloča lokalna uprava vsake posamezne tovarne". Opustitev sistema plačevanja mezde od količine izvršenega dela (piece-work) ni direktno omenjeno v sporazumu, ki o tem pravi, da se "mezdni sistem lahko sprejme, spremeni ali modifikira v soglasju z željami delavcev". Pogodba nadalje določa ponovno zaslišanje vseh delavcev, ki smatrajo, da so bili po krivici odpušteni in v slučaju ponovne upositve se jih vrne na njihovo prejšnje delo ob enaki mezdi kot so jo dobivali poprej. Starostne pravice (seniority) se prično po šestmesečni upositvi, toda sporazum določa, da bo dolgotrajna službovanja podrejenega pomena napram drugim kvalifikacijam, a se jo bo primerno upoštevalo". Z ozirom na priznanje unije U. A. W. je bila potrjena mirovna določba, da korporacija priznava unijo kot kolektivno zastopnico za njene člane in ga se šest mesecev ne bo pogajala z nobeno drugo delavsko skupino v 17 tovarnah, v katerih so delavci stavkali, brez dovoljenja generalnega ravnanja. Vprašanje hitrosti produkcije je bilo rešeno z določbo, da se bo odredilo "časovna proučevanja na podlagi oziiranja na upravičene zahteve, kvaliteto dela, uspešnost obratovanja in zmogljivost povprečnega delavca".

Glavna določba za slučaj delavskih pritožb določa priziv, ki gre lahko od krajevnega tovarniškega ravnanja pred posle vodečega podpredsednika korporacije in najvišjega uradnika unije. "Ako se ta dva ne moreta zadovoljivo sporazumeti, se zalaga izroči v razsoditev nepristranskega razsodnika, za katerega se zedinata obe stranki." Medtem ko je korp. General Motors tako sklenila sporazum (Dalje na 2. str.)

Prijatelji narave trdijo, da je lakota to zanesljiv vremenski prerok. Kadar je vroče in sušno, se rastlina prijeten sladkor me lepo, razširja ta rastlina prijeten sladkor v svoj, v spremenljivem vremenu pa se vonj kote spremeni v neprijeten duh, ki naravnost zbada v nos. Tudi zajčja detelja zaznava spremembo vremena s tem da zapre svoje liste, kar se zgodi več ur pred vremenskim preobratom, zlasti pred dežjem. Na gorah pazijo hobotlazi, kadar so v skrbah za vreme, poslušajo na srebrno bodljivo, ki jim rabi za barometar. Zjutraj široko odprti listi te rastline napovedujejo lepo vreme, če se cveti zaprejo, pa slabo vreme, da bo nevihta.

Carica Katarina

Zgodovinski roman

Kaj? Ti se nameravaš vrniti v samostan? — Oh, ne, ostani, edina moja, življenje moje! — Raje pobegniva!

Ne smem, ljubljani, — ne smem! — zaključila Rosvita vsa v solzah. Že radi tebe ne morem! Ti si tuje v tej državi, — samostan je zelo ugleden, — zasledovali bi naju in če bi naju ujele, sva izgubljena!

Naj propadem, — samo da si ti moja!

Ko se je Rosvita še branila, jo je začel ponovno poljubljati, dokler mu ni ona naposled zasopetala:

Naj bo, ne bom izvršila predstojniškega ukaza do jutri zjutraj! — To noč bom ostala pri tebi!

168. POGLAVJE

Prepovedana ljubezen.

Drugo jutro se je Rosvita vrnila v samostan. S seboj pa je odnesla prepričanje, da ni več vredna in dostojna obleke, ki jo je doslej nosila.

Toda njen namen je bil, da odide iz samostana in da osreči moža, ki ga je ljubila.

Dogovorila se je s svojim ljubljencem, da bo predstojnici odkritosrečno priznala svojo ljubezen. Mladi zdravnik ni niti trenutek dvomil o tem, da bo častita mati brez daljnega dovolila njen izstop iz samostana.

Nikakor ne bi smel biti namena te pobožne hiše, da s silo zadrži nekoga med svojim domom.

Rosviti je sicer bilo tesno pri

sreči, ko je pomislila na to, da bo morala predstojnici vse priznati, da ji bo povedala, da je sprejela njegov poljub in da je pripravljena postati njegova žena. — Toda vedela je, da ji ničesar drugega ne preostane, če ji je leželo na tem, da mirno odide iz samostana.

Rosvita je obljubila Viljemu, da bo ostala v samostanu samo osem dni, da bo uredila vse svoje stvari.

Sicer pa je pričakovala, da jo bo v samostanu radostno sprejeli, da jo bodo odlikovali radi njene požrtvovalnosti. S svojo požrtvovalnostjo ni počutila samo samostana, temveč je storila tudi mestu Moskvi veliko uslugo.

Ko se je po dolgem poljubljaju poslovila od Viljema, je odšla iz kolibice. V očeh so se ji svetile solze, ko je od njega odhajala. On je še dolgo stal na hišnem pragu in gledal za njo.

Oh, kako je bila srečna na onem prostoru, katerega so se vsi ljudje izogibali! — Ali bo kdaj v svojem življenju tako srečna?

Ravno se je dani, ko je odhajala. Hitela je, da bi čim prej dospela v samostan, po možnosti še pred jutranjo sveto mašo.

Korakala je po obali Moskve. Ni pa še hodila niti dvesto korakov, ko naenkrat stopita iz gozda dva mlada človeka. Prvi je bil v temni postavi pred njo.

To sta bili dve redovnici iz njenega samostana, ki ju je Ros-

vita dobro poznala. Obe sestri pozdravita in gresta z Rosvito proti samostanu.

Rosvita je hotela začeti z njima pogovor, dobivala pa je popolnoma kratke odgovore. Spraševala je o vsem, kar jo je zanimalo, toda sestri sta mesto odgovora le zmajali z rameni.

Nista jo niti pogledali in ko ju je hotela Rosvita prijeti za roko, sta skrili roke pod svojo kuto.

Kako sta neumni, — pomisli Rosvita, — še vedno se bojita gozbovosti.

Naposled so dospeli v samostan.

Sestra Rosvita, — reče ena izmed spremljevalk, — predstojnica nama je ukazala, da vas takoj odvedeta k njej.

Clairwoods Eliminate Serbs in I-L Semi-Final 30 to 28

NEW FACES IN CHAMP SERIES SET AFTER SERB ABDICATION

The Serbians took a nap during the first half of their semi-final game with the SDZ Clairwoods Wednesday evening and before they could recover found themselves the losers 30 to 28 and out of the championship. It happened just like that, and stunned Serbian followers could hardly believe that the champ standbys were out, so completely out that nothing could bring them back.

The Serbians couldn't keep up the fast pace set by the Clairwoods in the first half and found themselves trailing 19 to 9 at the end of the half stanza. Jenc was their biggest thorn, making four clean baskets. Flaisman with two and Golobic, Jalen and Peck with one apiece helped the cause. The Clairwoods had the Serbs completely bottled up, so that only Justin, Kubilus and Godnik could sneak through for buckets.

A rejuvenated Serbian crew came out for the second half and played their darndest to recover the points lost — and came darn close to winning the game. Clairwoods registered eleven points and the Serbs 19 in the second half. The Serbs started by closing up Jenc so he couldn't score a point. Meanwhile, every man on the Serbian team went out and scored at least two points. Flaisman, Jalen and Golobic kept the Clairwoods in the running by their timely shots.

The preliminary was also a torrid battle — the game deciding who would wear the West Side crown. While the game wasn't official and had no connection with the league, it held plenty of interest. The SDZ Socas won over the SDZ Brooklyn Slovenes, 33 to 17. There wasn't argument there. The Brooklyn, not in competition this year, couldn't match up to the well-oiled Socas crew. Chesnik with eight points, Oblak with four, Stibil with four and Godek with one were the scorers for the Brooklynites. Matis didn't score any for the Socas, but Koss, the other high-powered scoring machine of the league, scored 11 points.

The Clairwoods elimination of the Serbs gives Inter-Lodge fans an interesting championship series. The championship series open Wednesday March 24 at the St. Clair Bath House. Both contestants for the title are new in the championship limelight, although both have been struggling for years to get there. It should be a torrid battle every second of the game and there will be no concession from either team. The two teams have been struggling too long to slip by a chance to wear the coveted crown of Inter-Lodge kings.

But the St. Josephs can't feel so very much elated in meeting face to face with the Clairwoods. After the season closed they had hoped that they would see no more of the Clairwood bad boys this year. The Joes kept in first place practically all season, and would have had undisputed title to it had not the Clairwoods gummed up the works by beating them on two occasions. Why the SDZ crew should be such a riddle to the Joes, no one knows, but everyone knows that the Kay Jays could not beat them this year.

Well they will have two out of three games to find out what that enigma is.

Good preliminary games will be scheduled for the early part of the evening.

The vaudeville program which will be presented between the games will be as impressive and interesting as the basketball championship. It will be St. Joseph's night and the boys have a program that will be hard to beat in neighborhood entertainment.

The championship series will open with a parade and dedication, as the St. Joseph's band in colorful blue and gold uniforms will play the national anthem. Officials of the lodges, community leaders and league officials will be present to take part in the dedication.

The entertainment is top notch, consisting of neighborhood talent that has already won recognition on stage and radio.

Johnny Pecon's complete orchestra will be on hand to accompany the singers. His or-

chestra is considered one of the most popular at neighborhood dances. His arrangements of popular songs are original and talked of at dances. His sister Nettie Pecon, songstress popular with the band, will give several selections. The Three Sisters, Harmony trio heard regularly over WGAR, are set to entertain in their low-voiced harmony so popular to radio fans.

The top place of the evening will be taken by the most promising Slovene lass who is already high up in radio ranks and promises to go still higher. Judy Dell, SNPJ Loyalties member, and the hill-billy pepper-upper singing with the Hick-See-Nuts over station WGAR, will be there dressed in real virginia mountain clothes. She will be accompanied by Johnny Jiberna, guitarist who is a favorite in the better west side movie houses.

The program will be carried through an amplifying system installed for the occasion by Rudy Perme.

The thrill-a-second basketball game between the KSKJ-St. Josephs and SDZ Clairwoods and the well arranged program is another notch in that brilliant record of the league which has as its slogan "Up to Inter-Lodge Standards."

Admission will be 10 cents.

No Games Wednesday!

The Inter-Lodge championship series originally scheduled to get under way Wednesday evening, Mar. 17, have been postponed to the following Wednesday, Mar. 24. The games will continue thereafter in a two out of three series. Games will be played at the St. Clair Bath House. Admission is 10 cents.

Louis Pecjak Will Give Concert Tonite

An interesting program has been arranged by Louis Pecjak, young Slovene tenor, for his first concert to be given tonight at the Workman's Home, Waterloo road.

The Allerton Male Chorus, directed by Griffith Jones, will be guest artists.

Mr. Pecjak is well known in Slovene circles. He is young, ambitious and possesses a fine voice. He should have the support of every lover of good music.

Comrades Announce Editors' Symposium

The SNPJ Comrades are taking the lead in offering all citizens of Slovene extraction an invitation to attend what promises to be the most significant cultural event of the winter season in their metropolis.

This will be a symposium participated in by three editors of locally published newspapers and their supplements. The men who will participate are: Vatro J. Grill, editor of the newly established newspaper "Napredok," official organ of the SSPZ; Anthony J. Klanec, editor of the SDZ supplement published in the daily "Ameriška Domovina"; Frank Sodnikar, editor of the Saturday supplement published in the daily "Enakopravnost". These three men have been in intimate contact with the various fraternal and cultural organizations in our community for periods ranging from ten to twenty years. They have seen the beginnings of our fraternal organizations; have seen the start of the English-speaking lodge movement; have been active in these and the various sports and cultural organizations in our community, and will now come together in a group to give us the benefit of their experiences and observations as seen from the clearing house of a community's affairs—the editor's chair.

Their general topic will concern, roughly, the beginnings, development, decay, and the present status of these purely Slovene expressions of fraternalism and culture. It will be a splendid opportunity for young as well as old to get the matured opinions, views, and prognostications of these men who have been struggling to maintain and to perpetuate Slovene culture in all its forms. Their influence has been great heretofore; it promises to be still greater in the future with all intelligent Slovene young men and women.

Anyone interested in attending this symposium may do so by coming to room No. 1 of the new building in the St. Clair Slovene National Home at 9 p. m., Tuesday, March 16. Admission will be free.

John J. Alich, Chairman Entertainment Committee.

Still on Roster

Still listed on the roster of Boston Gold Sox is Johnny Babich, Serbian who formerly played with the Chicago Nationals. He was a member of the Bees last year, but was used only in relief roles and ended the season with the unique record of no games won and none lost.

Best Spellers

Among the fifty pupils of John Hay high school who have been declared the best spellers in the school are Ann Gurovich, Marie Urbanovic, Anne Kravic, Caroline Latkovich and Helen Simonic.

JUST TO JUSTIFY

Frank Mlakar some weeks ago wrote in this sheet a lengthy article on the problem of the Young Slovene. The article created much discussion. It raised so much excitement because it treated the much-discussed "problem" of the young Slovene with an attitude to which not many are accustomed. In this, it accomplished something important—it made the younger element interested in itself and started many to thinking why they are supposed to be "problems."

Mr. Mlakar is a young man, secretary to writer Louis Adamic. He has been around and among Slovenes very little, outside of his home life. This weighs against him when one questions if he is informed enough to write about the "problem."

We agree with Mlakar in his assertion that it is a false pride to hold up one's head because some one of his nationality has become a great writer, artist or judge. Mr. Mlakar is wrong, however, in drawing from this the conclusion that one should forget his nationality to the point that he must admit only that he is in America and act mysterious about from where he or his parents emigrated. One can't shake off nationality characteristics and background that easily. It is with him even if he can't speak the language or point out his parents' birthplace on the globe.

America belongs to the laboring class, but Mr. Mlakar is wrong in asserting that one should forget everything else. In advocating this he is killing the means to the end he is propagating. Labor consciousness will be accomplished only thru "clannish" (if you want to call it that) groups such as nationalities. This is being exploited today by the CIO in its national drive to unionize all workers. America is largely composed of foreign groups—and most of America was built by them. It was the fraternal organizations, newspapers and lodges that educated people in living in the new country, had them naturalized and developed them socially, economically and politically.

We wouldn't slur the ambitions and progressiveness of our people because they are professionals and merchants, in other words, because some of them raised themselves above the labor gangs. It was economically necessary for immigrants to have merchants, doctors and teachers. And we wouldn't condemn a parent who struggled and saved to send his son to college and perhaps a better place in life. If anything, that is commendable.

Almost two months ago talk was started to have the city buy the old church on the corner of Varian and Addison and convert it into a recreational center. We hoped the idea would go through, but pointed out that the city may raise some good objections. Councilman Novak and others claimed otherwise; they said it would be very easy to get the city to buy the property. Many weeks have passed since then and nothing more is said about it. Were we right?
